Revenue milestone exceeded

FDV will increase its equity interest in Hoppler, through the triggered milestone payment, from 20.59% to 37.21% for a cash payment of US\$900,000. The milestone payment has been achieved on the basis of Hoppler achieving a US\$500,000 revenue target over a 12 month period from October 2017 to October 2018, as agreed in the initial investment in October 2017. Hoppler has experienced strong operational performance since FDV's investment as shown in the key metrics below. The US\$900,000 milestone payment will be transferred in two tranches; US\$500,000 to be paid this quarter and US\$400,000 to be paid in April 2019.

The payment for the vendor shares will be made in this quarter to coincide with the first tranche of the milestone payment. Once complete, the combined transactions will increase FDV's equity stake in Hoppler to 40.23%.
