## **MARKET UPDATE**

---

Copper Strike Limited (ASX: CSE) (Copper Strike, the Company) notes media reports in relation to a non-executive director, Mr Harry Hatch. Those reports state that the Australian Taxation Office has frozen the shares in Copper Strike in which Mr Hatch has an interest as a substantial shareholder as well as most other assets held by him. This relates to a tax issue involving Mr Hatch and the Australian Taxation Office.

To the best of Copper Strike's knowledge this is unrelated to Copper Strike itself and is a personal issue of Mr Hatch's.

Mr Hatch continues to retain his interest in his Copper Strike shares.

Copper Strike will update the market of any material developments in this regard.
