- (c) Each N Covered Bond will only be transferable, in accordance with the N Covered Bond Conditions, by way of assignment in the form of a duly completed and executed N Covered Bond Assignment Agreement executed by the transferor and the transferee relating to such N Covered Bond, in which the relevant transferee agrees to be bound by the N Covered Bond Agreement relating to such N Covered Bond. Subject to the foregoing, the claims and rights under the N Covered Bond and the N Covered Bond Agreement and title to the certificate representing the N Covered Bond will pass upon the entry of the new N Covered Bondholder in the N Covered Bond Register in respect thereof in accordance with the provisions of the Principal Agency Agreement and this document.

- 11.2 The Covered Bond Guarantor must, as principal obligor:

- (a) following the occurrence of an Issuer Event of Default and the service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer (copied to the Covered Bond Guarantor) and a Notice to Pay on the Covered Bond Guarantor (copied to the Trust Manager and the Security Trustee), pay or procure to be paid on each Scheduled Payment Date (or on such later date provided for in Clause 12.2 (in the manner described in Clause 12)) irrevocably and unconditionally to or to the order of the Bond Trustee (for the benefit of the Covered Bondholders), an amount equal to those Guaranteed Amounts which have become Due for Payment in accordance with the terms of this Bond Trust Deed (or which would have become Due for Payment but for any variation, release or discharge of the Guaranteed Amounts), but which have not been paid by the Issuer to the relevant Covered Bondholder and/or Couponholders on the relevant date for payment provided that no Notice to Pay will

be so served on the Covered Bond Guarantor until an Issuer Acceleration Notice has been served by the Bond Trustee on the Issuer; and

- (b) following the occurrence of a Covered Bond Guarantor Event of Default and the service by the Bond Trustee of a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor (copied to the Trust Manager and the Security Trustee), in respect of the Covered Bonds of each Series which have become immediately due and repayable (or which would have become Due for Payment but for any variation, release or discharge of the Guaranteed Amounts), pay or procure to be paid to or to the order of the Bond Trustee (for the benefit of itself and the Covered Bondholders) in the manner described in Clause 12, the Guaranteed Amounts.

Notwithstanding any provision of any Programme Document (including without limitation this Bond Trust Deed) to the contrary, the Covered Bond Guarantor will only be required to make a payment, or procure a payment to be made, under the Covered Bond Guarantee to the extent that the Covered Bond Guarantor is required to make such payment in accordance with the Guarantee Priority of Payments.

11.3 In relation to the Covered Bonds of each Series, the Covered Bond Guarantee:

- (a) is a continuing guarantee;
- (b) extends to the ultimate balance of the Guaranteed Amounts due to be paid or which would have been due to be paid by the Issuer on the relevant Scheduled Payment Dates in accordance with the terms of this Bond Trust Deed, the Covered Bonds or the Coupons, regardless of any intermediate payment or discharge in whole or in part of any Guaranteed Amounts due to be paid on the relevant Scheduled Payment Date;
- (c) will not be discharged except by complete performance of the obligations in this Bond Trust Deed, is additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person (whether from the Covered Bond Guarantor or otherwise);
- (d) will remain in force until all moneys payable by the Covered Bond Guarantor pursuant to the terms of the Covered Bond Guarantee have been paid; and
- (e) is a guarantee of payment not collection.

11.4 The Covered Bond Guarantor will not in respect of any payment due to be made pursuant to this Bond Trust Deed be released from its obligations under or pursuant to this Bond Trust Deed in any circumstances (notwithstanding anything which but for this provision would release the Covered Bond Guarantor or would affect its liability under or pursuant to this Bond Trust Deed in respect of such payment) except upon the receipt by or for the account of the Bond Trustee of the full amount of such payment from the Issuer and the Covered Bond Guarantor, as applicable, in the currency, at the place and in the manner provided for in this Bond Trust Deed provided that (except in the case of Excess Proceeds) every payment of principal, premium or interest in respect of the Covered Bonds and/or Coupons made to the Principal Paying Agent or, in the case of the N Covered Bonds, the N Covered Bond Paying Agent or, in the case of A\$ Registered Covered Bonds, to the A\$ Registrar will be in satisfaction *pro tanto* of the liability of the Covered Bond Guarantor under this Bond Trust Deed and will be deemed for the purpose of this Clause 11.4 to have been paid to the order of the Bond Trustee, except to the extent that the subsequent payment thereof to the Covered Bondholders or the Couponholders in accordance with the Conditions is not made.

- 11.5 If any payment (whether in respect of the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee or any security for those obligations or otherwise) or arrangement is made in whole or in part on the faith of any payment, security or other disposition received by the Bond Trustee, the Principal Paying Agent, the N Covered Bond Paying Agent, the A\$ Registrar or any Covered Bondholder or Couponholder and such payment, security or other disposition (as the case may be) is avoided or set aside in whole or in part under any laws relating to the bankruptcy, sequestration, liquidation, insolvency, administration, corporate reorganisation or other such similar event of the Issuer or the Covered Bond Guarantor, such payment or arrangement will not be considered as having discharged the relevant liability of the Covered Bond Guarantor under the Covered Bond Guarantee (or any corresponding obligation of the Issuer) in respect thereof and that liability or obligation will continue or be reinstated as if the payment or arrangement had not occurred and the Covered Bond Guarantor will indemnify the Bond Trustee, the Principal Paying Agent, the N Covered Bond Paying Agent, the A\$ Registrar and the Covered Bondholders and/or Couponholders (as the case may be) in respect thereof.
- 11.6 Without prejudice to the generality of the foregoing provisions of this Clause 11, the Covered Bond Guarantor agrees that its obligations under this Bond Trust Deed (including in respect of the Covered Bond Guarantee) will be as if it were principal debtor and not merely as surety or guarantor and will be direct, absolute and (to the extent that such obligations extend to the Covered Bond Guarantee, following service of an Issuer Acceleration Notice and Notice to Pay or a Covered Bond Guarantee Acceleration Notice) unconditional obligations of the Covered Bond Guarantor, secured as provided in the Security Deed and subject as provided in Clause 36, irrespective of, and unaffected by, any invalidity, irregularity, illegality or unenforceability of, or defect in, any provisions of this Bond Trust Deed or any other Programme Document, or the absence of any action to enforce the same or the waiver, modification or consent by the Bond Trustee, any of the Covered Bondholders or Couponholders in respect of any provisions of the same or the obtaining of any judgment or decree against the Issuer or any action to enforce the same or any other circumstances which might otherwise constitute a legal or equitable discharge or defence of a guarantor. Accordingly, the validity of the Covered Bond Guarantee will not be affected by any invalidity, irregularity or unenforceability of all or any of the obligations of the Issuer under this Bond Trust Deed or any other Programme Document and the Covered Bond Guarantee will not be discharged nor will the liability of the Covered Bond Guarantor under this Bond Trust Deed be affected by any act, thing or omission or means whatsoever whereby its liability would not have been discharged if it had been the principal debtor.
- 11.7 The liability of the Covered Bond Guarantor under the Covered Bond Guarantee will not be lessened, affected, impaired or discharged by:
- (a) any time, waiver or indulgence granted to the Issuer by the Bond Trustee, any of the Covered Bondholders or Couponholders;
  - (b) any dealings or transactions between the Issuer and the Bond Trustee, any of the Covered Bondholders or Couponholders whether or not the Covered Bond Guarantor is a party to or cognisant of the same;
  - (c) the dissolution of the Issuer or any change in the status, functions, control or ownership of the Issuer or any consolidation, merger, conveyance or transfer by the Issuer;
  - (d) any composition or arrangement between the Issuer and its creditors or the release or variation of the obligations of the Issuer pursuant to such composition or arrangement;

- (e) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, the Issuer or any other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;
- (f) any incapacity or lack of powers, authority or legal personality of the Issuer or any other person;
- (g) any variation (however fundamental) or replacement of this Bond Trust Deed, the Covered Bonds or the Coupons;
- (h) any other guarantee or security now or subsequently held by any Secured Creditor, and the Covered Bond Guarantee is in addition to any such guarantee or security; or
- (i) any postponement, discharge, reduction, non-provability or other similar circumstance affecting any obligation of the Issuer under this Bond Trust Deed or any other Programme Document resulting from any insolvency, liquidation or dissolution proceedings or from any law, regulation or order so that each such obligation will for the purposes of the Covered Bond Guarantor's obligations under the Covered Bond Guarantee be construed as if there were no such circumstance.

11.8 Subject to its obligation to deliver a Notice to Pay to the Covered Bond Guarantor in respect of the Covered Bond Guarantee, the Bond Trustee may determine from time to time whether or not it will enforce the Covered Bond Guarantee, which it is entitled to enforce without making any demand or taking any proceedings against the Issuer. Subject to the provisions of this Clause 11 with regard to the service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor hereby waives any right to require proceedings first against the Issuer with respect to this Bond Trust Deed, the Covered Bonds or Coupons, diligence, presentment, demand of payment, filing of claims with a court in the event of dissolution, liquidation, merger or bankruptcy of the Issuer, protest or notice and all demands whatsoever.

11.9 To the extent that the Covered Bond Guarantor makes, or there is made on its behalf, a payment under the Covered Bond Guarantee the Issuer will on such payment being made become indebted to the Covered Bond Guarantor for an amount equal to such payment in accordance with the Intercompany Note Subscription Agreement and the Demand Note Subscription Agreement. Until all amounts which may be or become payable by the Issuer under this Bond Trust Deed, the Covered Bonds or Coupons have been irrevocably paid in full, the Covered Bond Guarantor hereby waives irrevocably and unconditionally:

- (a) all rights of subrogation, indemnity, contribution or otherwise (arising under common law, equity, statute or otherwise whatsoever) which it might otherwise have against the Issuer by virtue of any payment made by the Covered Bond Guarantor pursuant to the Covered Bond Guarantee; and
- (b) all rights to claim, rank, prove or vote as creditor of the Issuer or its estate in competition with the Bond Trustee (on behalf of the Covered Bondholders) or to claim a right of set-off,

subject always to the rights of the Covered Bond Guarantor to set-off amounts owing by the Issuer to the Covered Bond Guarantor in respect of amounts paid by the Covered Bond Guarantor under the Covered Bond Guarantee against any amounts repayable by the Covered Bond Guarantor to the

Issuer under the terms of the Intercompany Note Subscription Agreement and the Demand Note Subscription Agreement, which will remain unaffected.

If notwithstanding the foregoing, upon the bankruptcy, insolvency, administration or liquidation of the Issuer, any payment or distribution of assets of the Issuer of any kind or character, whether in cash, property or securities, has been received by the Covered Bond Guarantor or if the Covered Bond Guarantor is able to exercise any set-off rights against the Issuer (other than under the Intercompany Note Subscription Agreement or the Demand Note Subscription Agreement) before payment in full of all amounts payable under this Bond Trust Deed have been made to the Bond Trustee and/or the Covered Bondholders and the Couponholders, such payment and/or an amount equal to the amount so set-off will be received by the Covered Bond Guarantor and will be held by the Covered Bond Guarantor on trust to pay the same over immediately to the Bond Trustee for application in or towards the payment of all amounts which are due and payable, but which remain unpaid, by the Covered Bond Guarantor under this Bond Trust Deed.

- 11.10 Any amounts from time to time received by the Bond Trustee under the Covered Bond Guarantee will be applied by the Bond Trustee in accordance with the provisions of Clause 15.1 provided that any Excess Proceeds received by the Bond Trustee will be applied by the Bond Trustee in accordance with the provisions of Clause 15.2.
- 11.11 As a separate, independent, alternative and primary obligation, the Covered Bond Guarantor unconditionally and irrevocably agrees that (following the service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer and the service by the Bond Trustee of a Notice to Pay on the Covered Bond Guarantor) should any amount which, although expressed to be a Guaranteed Amount, for any reason (including any provisions of this Bond Trust Deed or the Programme Documents being or becoming void, voidable or unenforceable for any reason and whether or not now existing and whether or not now known or becoming known to the Issuer, the Covered Bond Guarantor, the Bond Trustee or any Covered Bondholder) is not recoverable from the Covered Bond Guarantor on the basis of a guarantee such amount will nevertheless be recoverable from the Covered Bond Guarantor on the basis of a full indemnity and will be paid by it to the Bond Trustee on demand provided that the Covered Bond Guarantor's obligation hereunder will in no circumstances exceed the relevant Guaranteed Amount.

## **12. PAYMENTS UNDER THE COVERED BOND GUARANTEE**

- 12.1 Where the Issuer has determined on an Interest Payment Date or such other date in respect of which any principal or interest in relation to the Covered Bonds is due and payable by the Issuer (other than pursuant to Condition 9 (Events of Default and Enforcement) of the Programme Conditions (the **Due Date**)) that it will not have sufficient funds to meet the amount of such interest and/or principal due and payable on such Interest Payment Date or Due Date (the difference being the **Shortfall**), it must notify the Bond Trustee in writing (copied to the Covered Bond Guarantor and the Trust Manager), no later than close of business on the fifth Business Day before such Interest Payment Date or Due Date of the Shortfall amount in relation to the Covered Bonds which is due and payable by the Issuer. In addition, where the Covered Bond Guarantor is required to make a payment of a Guaranteed Amount in respect of a Final Redemption Amount payable on the Final Maturity Date of the Covered Bond, to the extent that the Covered Bond Guarantor has insufficient moneys available after payment of higher ranking amounts and taking into account amounts ranking *pari passu* therewith in the Guarantee Priority of Payments to pay such Guaranteed Amounts, it will make partial payment of such Guaranteed Amounts in accordance with the Guarantee Priority of Payments.

If any such withholding or deduction is required, the Covered Bond Guarantor will pay the Guaranteed Amounts net of such withholding or deduction and will account to the appropriate Tax Authority for the amount required to be withheld or deducted. In addition, any amounts to be paid on the Covered Bonds will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**), or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding. obliged to pay any additional amount to the Bond Trustee or any holder of Covered Bonds and/or Coupons in respect of the amount of withholding or deduction described in this Clause 8.5.

- 12.6 The Issuer will not be discharged from its obligations under the Covered Bonds or Coupons and this Bond Trust Deed by any payment made by the Covered Bond Guarantor under the Covered Bond Guarantee provided that this Clause 12.6 will operate only for the purpose of the subrogation rights of the Covered Bond Guarantor contemplated by Clause 11.
- 12.7 Except in relation to Excess Proceeds, any payment made by the Covered Bond Guarantor to the Covered Bondholders or the Couponholders in respect of the Covered Bonds or Coupons may be made in accordance with the Conditions and the Agency Agreements, and any payments so made will be a good discharge *pro tanto* of the relative covenant by the Covered Bond Guarantor contained in Clause 11 or Clause 12 (as the case may be) save to the extent that there is default in the subsequent payment thereof in accordance with this Bond Trust Deed to the relevant Covered Bondholders or Couponholders (as the case may be).

### **13. NON-PAYMENT**

- 13.1 Proof that as regards any specified Covered Bond or Coupon, the Issuer or, as the case may be, the Covered Bond Guarantor has made default in paying any amount due in respect of such Covered Bond or Coupon will (unless the contrary be proved) be sufficient evidence that the same default has been made as regards all other Covered Bonds or Coupons (as the case may be) in respect of which the relevant amount is due and payable.
- 13.2 References in the provisos in Clauses 6.4(c) and 6.4(d) and any provisions of any trust deed supplemental to this Bond Trust Deed corresponding to the provisos in Clauses 6.4(c) and 6.4(d) and to the rates aforesaid will, in the event of the Covered Bonds having become due and repayable, with effect from the expiry of the Interest Period during which such Covered Bonds become due and repayable, be construed as references to rates of interest calculated *mutatis mutandis* in accordance with the Conditions except that no notices need be published in respect thereof.

### **14. PROCEEDINGS, ACTION AND INDEMNIFICATION**

- 14.1 The Bond Trustee may:
- (a) at any time after the occurrence of an Issuer Event of Default and the service of an Issuer Acceleration Notice (in the case of the Issuer) or, if earlier, following the occurrence of a Covered Bond Guarantor Event of Default and the service of a Covered Bond Guarantee Acceleration Notice (in the case of the Covered Bond Guarantor), at its discretion and without further notice, take such proceedings or other action or step as it may think fit against or in relation to the Issuer or, as the case may be, the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Bond Trust Deed, the Covered Bonds and the Coupons or any other Programme Document; and
  - (b) at any time after the service of a Covered Bond Guarantee Acceleration Notice, give a direction or instruction to the Security Trustee to take such actions, steps or proceedings against the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Deed or any other Programme Document and may, at any time after the Security has become enforceable, direct and instruct the Security Trustee to take such steps as it may think fit to enforce the Security. Following the service of a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor, the

Bond Trustee must provide a copy of such notice to the Trust Manager and the Security Trustee.

14.2 The Bond Trustee will not be bound to take, or give any direction to the Security Trustee to take, any such proceedings, steps or actions in relation to this Bond Trust Deed, the Covered Bond Guarantee, the Covered Bonds the Coupons or any other Programme Document as referred to in Clause 14.1 or give any notice pursuant to Condition 9 (Events of Default and Enforcement) of the relevant Conditions unless:

- (a) directed to do so by an Extraordinary Resolution of the Covered Bondholders of all Series, then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate); or
- (b) requested to do so in writing by the holders of not less than twenty-five per cent. of the Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate),

and in either case then only if it will be indemnified and/or secured and/or prefunded to its satisfaction.

14.3 Subject as provided above and in clause 12.5 of the Security Deed, the Bond Trustee will not be bound to take, or to give any direction to the Security Trustee to take, any other action under or in connection with this Bond Trust Deed, the Covered Bonds or the Coupons or any other Programme Document unless:

- (a) directed to do so by Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series (as determined in accordance with the provisions of paragraph 24 of Schedule 4); or
- (b) requested to do so in writing by the holders of not less than twenty-five per cent. of the Principal Amount Outstanding of the Covered Bonds then outstanding of the relevant one or more Series (as determined in accordance with the provisions of paragraph 24 of Schedule 4),

and in either case then only if it will be indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

14.4 Only the Bond Trustee may enforce the provisions of this Bond Trust Deed. No Covered Bondholder or Couponholder will be entitled to proceed directly against the Issuer or the Covered Bond Guarantor to enforce the performance of any of the provisions of this Bond Trust Deed or to directly enforce the provisions of any other Programme Document unless the Bond Trustee having become bound as aforesaid to so proceed fails to do so within a reasonable time and such failure is continuing, in which event any Covered Bondholder or Couponholder may, on giving an indemnity and/or prefunding and/or security satisfactory to the Bond Trustee, in the name of the Bond Trustee (but not otherwise) himself institute such proceedings and/or prove in the winding up, administration or liquidation of the Issuer or the Covered Bond Guarantor to the same extent and in the same jurisdiction (but not further or otherwise than the Bond Trustee would have been entitled to do so in respect of the Covered Bonds and Coupons and/or this Bond Trust Deed).

- 14.5 In exercising any of its powers, trusts authorities and discretions the Bond Trustee must only have regard to the interests of the Covered Bondholders of all Series equally and will not have regard to the interests of any other Secured Creditor.

**15. APPLICATION OF MONEYS AND EXCESS PROCEEDS**

- 15.1 Prior to the service of a Notice to Pay, all moneys received by the Bond Trustee under this Bond Trust Deed from the Issuer pursuant to Clause 6.4 in respect of a payment of principal or interest to the Covered Bondholders and, after service of a Notice to Pay, all moneys received by the Bond Trustee under this Bond Trust Deed from the Covered Bond Guarantor pursuant to Clause 7 in respect of a payment of Guaranteed Amounts to the Covered Bondholders will, unless and to the extent attributable to a particular Series of the Covered Bonds, be apportioned *pari passu* and rateably between each Series of the Covered Bonds, and to the extent attributable to a particular Series of the Covered Bonds or which are apportioned to such Series as aforesaid, must be applied:
- (a) first, to the extent not already paid or provided for under the Pre-Acceleration Revenue Priority of Payments or the Guarantee Priority of Payments, as applicable, in payment or satisfaction of all amounts then due and unpaid under Clause 20 to the Bond Trustee and/or any Appointee;
  - (b) second, in or towards payment *pari passu* and rateably of all principal and interest then due and unpaid in respect of the Covered Bonds of that Series;
  - (c) third, in or towards payment *pari passu* and rateably of all principal and interest then due and unpaid in respect of the Covered Bonds of each other Series; and
  - (d) fourth, in payment of the balance (if any) to the Issuer (to the extent received from the Issuer) or the Covered Bond Guarantor (to the extent received from the Covered Bond Guarantor).
- 15.2 Following the occurrence of an Issuer Event of Default and the delivery of an Issuer Acceleration Notice and Notice to Pay, any Excess Proceeds will be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor, as soon as practicable, and will be held by the Covered Bond Guarantor in the GIC Account and the Excess Proceeds will thereafter form part of the Charged Property and will be used by the Covered Bond Guarantor in the same manner as all other moneys from time to time standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed. Any Excess Proceeds received by the Bond Trustee and held by it or under its control will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons (as applicable and to the extent of the amount so received and subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Covered Bond Guarantor) (but will be deemed not to have so discharged the Issuer's obligations for the purposes of subrogation rights of the Covered Bond Guarantor contemplated by Clause 11.9). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and Notice to Pay or if earlier, service of a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable and the receipt by, or on behalf of, the Bond Trustee of any Excess Proceeds will not reduce or discharge any such obligations.
- 15.3 By subscribing for Covered Bond(s), each Covered Bondholder will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor in the manner as described above.

- 15.4 For the avoidance of doubt, any payments by the Covered Bond Guarantor to the Covered Bondholders out of the Excess Proceeds, will reduce the Guaranteed Amounts *pro tanto*.

## **16. NOTICE OF PAYMENTS**

The Bond Trustee (at the expense and cost of the Covered Bond Guarantor) must give notice to the relevant Covered Bondholders in accordance with Condition 13 (Notices) of the Programme Conditions (in the case of Covered Bonds which are not N Covered Bonds) and/or in accordance with Condition 13 (Notices) of the N Covered Bond Conditions (in the case of N Covered Bonds) of the day fixed for any payment to them under Clause 15.1. The accumulated investments must be applied under Clause 15. All interest and other income deriving from such investments must be applied first in payment or satisfaction of all amounts then due and unpaid under Clause 20 to the Bond Trustee and/or any Appointee and otherwise held for the benefit of and paid to the Covered Bondholders of such Series or the related Couponholders, as the case may be.
- 17.2 Except in relation to any Excess Proceeds, any moneys which under the trusts of this Bond Trust Deed may be invested by the Bond Trustee may be invested in the name or under the control of the Bond Trustee in any investments or other assets in any part of the world whether or not they produce income or by placing the same on deposit in the name or under the control of the Bond Trustee at such bank or other financial institution and in such currency as the Bond Trustee may think fit. If that bank or institution is the Bond Trustee or a Subsidiary, holding or associated company of the Bond Trustee, it need only account for an amount of interest equal to the amount of interest which would, at then current rates, be payable by it on such a deposit to an independent customer. The Bond Trustee may at any time vary any such investments for or into other investments or convert any moneys so deposited into any other currency and will not be responsible for any loss resulting from any such investments or deposits, whether due to depreciation in value, fluctuations in exchange rates or otherwise.
- 17.3 Notwithstanding anything in this Bond Trust Deed to the contrary, the Bond Trustee may not do, or be authorised or required to do, anything which might constitute a regulated activity for the purpose of the FSMA, unless it is authorised under the FSMA to do so.

In respect of any of the duties and/or responsibilities to be performed by the Bond Trustee, the Bond Trustee will have the discretion at any time (i) to delegate any of the functions which fall to be performed by an authorised person under the FSMA to any agent or person which has the necessary authorisations and licences and (ii) to apply for authorisation under the FSMA and perform any or all such functions itself if, in its absolute discretion, it considers it necessary, desirable or appropriate to do so.

## **18. PARTIAL PAYMENTS**

- 20.9 Unless otherwise specifically stated in any discharge of this Bond Trust Deed the provisions of this Clause 20 will continue in full force and effect notwithstanding such discharge.

## **21. SUPPLEMENT TO TRUSTEE ACTS**

Section 1 of the Trustee Act 2000 will not apply to the duties of the Bond Trustee in relation to the trusts constituted by this Bond Trust Deed. Where there are any inconsistencies between the Trustee Acts and the provisions of this Bond Trust Deed, the provisions of this Bond Trust Deed will, to the extent allowed by law, prevail and, in the case of any such inconsistency with the Trustee Act 2000 (UK), the provisions of this Bond Trust Deed will constitute a restriction or exclusion for the purposes of that Act. The Bond Trustee will have all the powers conferred upon trustees by the Trustee Acts and by way of supplement thereto it is expressly declared as follows:

- (a) The Bond Trustee may in relation to this Bond Trust Deed and the other Programme Documents rely and/or act on the advice or report or certificate or opinion of, or any information obtained from, any auditor, lawyer, valuer, accountant, surveyor, banker, professional adviser, broker, financial adviser, auctioneer or other expert whether obtained by the Issuer, the Covered Bond Guarantor, a Paying Agent, the Security Trustee, the Bond Trustee or otherwise and whether or not addressed to the Bond Trustee notwithstanding that such advice, report, certificate, opinion, information, or any engagement letter or any other document entered into by the Bond Trustee and the relevant person in connection therewith, contains any monetary or other limit on the liability of the relevant person and the Bond Trustee will not be responsible for any Liability occasioned by so acting or relying.
- (b) Any such advice, report, opinion, certificate, information, engagement letter or other document may be sent or obtained by letter, email or facsimile transmission and the Bond

Trustee will not be liable for acting on any advice, report, opinion, certificate, information, engagement letter or other document purporting to be conveyed by any such letter, email or facsimile transmission although the same may contain some error or may not be authentic.

- (c) The Bond Trustee may call for and will be at liberty to accept as sufficient evidence of any fact or matter or the expediency of any transaction or thing:
  - (i) in the circumstances contemplated by:
    - (A) Condition 6(k) of the Programme Conditions, a certificate signed by two Authorised Signatories of the Issuer; and
    - (B) Clause 25.4, a certificate signed by two Authorised Signatories of the Trust Manager; and
  - (ii) in all circumstances other than those contemplated by Condition 6(k) of the Programme Conditions, a certificate signed by an Authorised Signatory of the Issuer, of the Trust Manager, of the Covered Bond Guarantor or each Swap Provider

and, in each case, the Bond Trustee will not be bound in any such case to call for further evidence or be responsible for any Liability that may be occasioned by it or any other person acting on such certificate.

- (d) The Bond Trustee will be at liberty to hold this Bond Trust Deed and any other documents relating thereto or to deposit them in any part of the world with any banker or banking company or company whose business includes undertaking the safe custody of documents or lawyer or firm of lawyers considered by the Bond Trustee to be of good repute and the Bond Trustee will not be responsible for or required to insure against any Liability incurred in connection with any such holding or deposit and may pay all sums required to be paid on account of or in respect of any such deposit.
- (e) The Bond Trustee will not be responsible for the receipt or application of the proceeds of the issue of any of the Covered Bonds by the Issuer, the exchange of any Global Covered Bond for another Global Covered Bond or Definitive Covered Bonds or the delivery of any Global Covered Bond or Definitive Covered Bonds to the person(s) entitled to it or them.
- (f) The Bond Trustee will not be bound to give notice to any person of the execution of any documents comprised or referred to in this Bond Trust Deed or to take any steps to ascertain whether any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default or any breach of the Asset Coverage Test, Pre-Maturity Test or Amortisation Test has occurred and, until it has actual knowledge or express notice pursuant to this Bond Trust Deed to the contrary, the Bond Trustee will be entitled to assume that no Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default, Potential Covered Bond Guarantor Event of Default, breach of the Asset Coverage Test, Pre-Maturity Test or Amortisation Test has occurred and that any of the Issuer and the Covered Bond Guarantor and each of the other parties to the Programme Documents (other than the Bond Trustee) is observing and performing all its obligations under this Bond Trust Deed and the other Programme Documents.
- (g) Save as expressly otherwise provided in this Bond Trust Deed, the Bond Trustee has absolute and uncontrolled discretion as to the exercise or non-exercise of its trusts, powers,

authorities and discretions under this Bond Trust Deed (the exercise or non-exercise of which as between the Bond Trustee and the Covered Bondholders and the Couponholders will be conclusive and binding on the Covered Bondholders and the Couponholders) and will not be responsible for any Liability which may result from their exercise or non-exercise and in particular the Bond Trustee will not be bound to act at the request or direction of the Covered Bondholders or otherwise under any provision of this Bond Trust Deed or to take at such request or direction or otherwise any other action under any provision of this Bond Trust Deed, without prejudice to the generality of Clause 10, unless it will first be indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may render itself liable or which it may incur by so doing.

- (h) The Bond Trustee will not be liable to any person by reason of having acted upon any Extraordinary Resolution in writing or any Extraordinary Resolution or other resolution purporting to have been passed at any meeting of Covered Bondholders of all or any Series in respect whereof minutes have been made and signed or any direction or request of the Covered Bondholders of all or any Series even though subsequent to its acting it may be found that there was some defect in the constitution of the meeting or the passing of the resolution, (in the case of an Extraordinary Resolution in writing) that not all such Covered Bondholders had signed the Extraordinary Resolution or (in the case of a direction or request) it was not signed by the requisite number of Covered Bondholders or that for any reason the resolution, direction or request was not valid or binding upon such Covered Bondholders and the relative Couponholders.
- (i) The Bond Trustee will not be liable to any person by reason of having accepted as valid or not having rejected any Covered Bond or Coupon purporting to be such and subsequently found to be forged or not authentic.
- (j) Any consent or approval given by the Bond Trustee for the purposes of this Bond Trust Deed may be given on such terms and subject to such conditions (if any) as the Bond Trustee thinks fit and notwithstanding anything to the contrary in this Bond Trust Deed may be given retrospectively.
- (k) The Bond Trustee will not (unless and to the extent required to do so by law or ordered so to do by a court of competent jurisdiction, provided that nothing in this paragraph will permit a person to disclose any information of the kind referred to in section 275(1) of the PPSA unless section 275(7) of the PPSA applies) be required to disclose to any Covered Bondholder, Couponholder or any other Secured Creditor any information (including information of a confidential, financial or price sensitive nature) made available to the Bond Trustee by the Issuer, the Covered Bond Guarantor or any other person in connection with this Bond Trust Deed and no Covered Bondholder, Couponholder or other Secured Creditor will be entitled to take any action to obtain from the Bond Trustee any such information.
- (l) Where it is necessary or desirable for any purpose in connection with this Bond Trust Deed to convert any sum from one currency to another it will (unless otherwise provided by this Bond Trust Deed or required by law) be converted at such rate or rates, in accordance with such method and as at such date for the determination of such rate of exchange, as may be agreed by the Bond Trustee in consultation with the Issuer or the Covered Bond Guarantor (acting at the direction of the Trust Manager), as the case may be, and any rate, method and date so agreed will be binding on the Issuer, the Covered Bond Guarantor, the Trust Manager, the Covered Bondholders and the Couponholders.

- (m) The Bond Trustee may certify whether or not any of the conditions, events and acts set out in Condition 9(a)(iii), (iv), (v), (vi), (viii) or (ix) inclusive (Events of Default and Enforcement - Issuer Events of Default) of the Programme Conditions and Condition 9 (b)(ii) (Events of Default and Enforcement - Covered Bond Guarantor Events of Default) of the Programme Conditions (each of which conditions, events and acts will, unless in any case the Bond Trustee in its absolute discretion will otherwise determine, for all the purposes of this Bond Trust Deed be deemed to include the circumstances resulting therein and the consequences resulting therefrom) is in its opinion materially prejudicial to the interests of the Covered Bondholders of any Series and any such certificate will be conclusive and binding upon the Issuer, the Covered Bond Guarantor, the Trust Manager, the Covered Bondholders and the Couponholders.
- (n) The Bond Trustee as between itself and the Covered Bondholders and the Couponholders may determine all questions and doubts arising in relation to any of the provisions of this Bond Trust Deed. Every such determination, whether or not relating in whole or in part to the acts or proceedings of the Bond Trustee, will be conclusive and will bind the Bond Trustee and the Covered Bondholders and the Couponholders.
- (o) In connection with the exercise by it of any of its trusts, powers, authorities or discretions under this Bond Trust Deed (including any modification, waiver, authorisation or determination), the Bond Trustee will have regard to the interests of the Covered Bondholders of each Series as a class (but must not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, will not have regard to the consequences of any such exercise for individual Covered Bondholders and Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee will not be entitled to require, nor will any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the Covered Bond Guarantor, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders and/or Couponholders, except to the extent already provided for in Condition 7 (Taxation) of the relevant Conditions and/or in any undertaking or covenant given in addition thereto or in substitution therefor under this Bond Trust Deed.
- (p) Any trustee of the trusts established under this Bond Trust Deed being a lawyer, accountant, broker or other person engaged in any profession or business will be entitled to charge and be paid all usual and proper professional and other charges for business transacted and acts done by him or his firm in connection with the trusts of this Bond Trust Deed or any other of the Programme Documents to which the Bond Trustee is a party and also any properly incurred charges in addition to disbursements for all other work and business done and all time spent by such person or any relevant firm in connection with matters arising in connection with this Bond Trust Deed including any matters which might or should have been attended to in person by a trustee not being a lawyer, accountant, banker or other professional person.
- (q) The Bond Trustee may whenever it thinks fit delegate by power of attorney or otherwise to any person or persons or fluctuating body of persons (whether being a joint trustee of the trusts established under this Bond Trust Deed or not) all or any of its trusts, powers, authorities and discretions under this Bond Trust Deed. Such delegation may be made upon such terms (including power to sub-delegate) and subject to such conditions and regulations as the Bond Trustee may in the interests of the Covered Bondholders think fit. Provided the

Bond Trustee has exercised reasonable care in the selection of any such delegate, the Bond Trustee will not be under any obligation to supervise the proceedings or acts of any such delegate or sub-delegate or be in any way responsible for any Liability incurred by reason of any misconduct or default on the part of any such delegate or sub-delegate. The Bond Trustee must within a reasonable time after any such delegation or any renewal, extension or termination thereof give notice thereof to the Issuer.

- (r) The Bond Trustee may in the conduct of the trusts established under this Bond Trust Deed instead of acting personally employ and pay an agent (whether being a lawyer or other professional person) to transact or conduct, or concur in transacting or conducting, any business and to do, or concur in doing, all acts required to be done in connection with this Bond Trust Deed (including the receipt and payment of money). Provided the Bond Trustee has exercised reasonable care in the selection of any such agent, the Bond Trustee will not be in any way responsible for any Liability incurred by reason of any misconduct or default on the part of any such agent or be bound to supervise the proceedings or acts of any such agent.
- (s) The Bond Trustee will not be responsible to any person for failing to request, require or receive any legal opinion relating to the Covered Bonds or for checking or commenting upon the content of any such legal opinion and will not be responsible for any Liability incurred thereby.
- (t) The Bond Trustee will not be responsible for the execution, delivery, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence of this Bond Trust Deed and the Programme Documents or any other document relating or expressed to be supplemental thereto and will not be liable for any failure to obtain any licence, consent or other authority for the execution, delivery, legality, effectiveness, adequacy, genuineness, validity, performance, enforceability or admissibility in evidence of this Bond Trust Deed and the Programme Documents or any other document relating or expressed to be supplemental thereto.
- (u) The Bond Trustee will not be bound to take any action in connection with this Bond Trust Deed or any obligations arising pursuant thereto, including, without prejudice to the generality of the foregoing, forming any opinion or employing any financial adviser, where it is not reasonably satisfied that the Issuer and/or the Covered Bond Guarantor (acting at the direction of the Trust Manager) will be able to indemnify it against all Liabilities which may be incurred in connection with such action and may demand prior to taking any such action that there be paid to it in advance such sums as it reasonably considers (without prejudice to any further demand) will be sufficient so to indemnify it and on such demand being made the Issuer (and following an Issuer Event of Default and the service of an Issuer Acceleration Notice on the Issuer and a Notice to Pay on the Covered Bond Guarantor or, if earlier, following a Covered Bond Guarantor Event of Default and the service of a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor, the Covered Bond Guarantor) will be obliged to make payment of all such sums in full.
- (v) No provision of this Bond Trust Deed will require the Bond Trustee to do anything which may, in its opinion, (i) be illegal or contrary to applicable law or regulation or (ii) cause it to expend or risk its own funds or otherwise incur any Liability in the performance of any of its duties or in the exercise of any of its rights, powers or discretions, if it has reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or Liability is not assured to it.

- (w) The Bond Trustee may appoint and pay any person to act as a custodian or nominee on any terms in relation to such assets of the trusts constituted by this Bond Trust Deed as the Bond Trustee may determine, including for the purpose of depositing with a custodian this Bond Trust Deed or any document relating to the trusts constituted by this Bond Trust Deed. Provided the Bond Trustee exercised reasonable care in the selection of such custodian or nominee, the Bond Trustee will not be responsible for any Liability incurred by reason of the misconduct, omission or default on the part of any such person appointed by it hereunder or be bound to supervise the proceedings or acts of such person. The Bond Trustee is not obliged to appoint a custodian if the Bond Trustee invests in securities payable to bearer.
- (x) Any corporation into which the Bond Trustee will be merged or with which it will be consolidated or any company resulting from any such merger or consolidation and any corporation to which the Bond Trustee will sell or otherwise transfer all or substantially all of its assets or any corporation to which the Bond Trustee will sell or otherwise transfer all or substantially all of its corporate trust business will be a party hereto and will be the Bond Trustee under this Bond Trust Deed without executing or filing any paper or document or any further act on the part of the parties thereto.
- (y) Unless expressly notified to the contrary, the Bond Trustee will be entitled to assume without enquiry (other than requesting a certificate pursuant to Clause 19.1(t)) that no Covered Bonds are held by, for the benefit of, or on behalf of, the Issuer, the Covered Bond Guarantor, any Subsidiary of any of them or any holding company of any of them or any other Subsidiary of any such holding company, in each case as beneficial owner.
- (z) The Bond Trustee will have no responsibility whatsoever to the Issuer, the Covered Bond Guarantor, any Covered Bondholder or Couponholder or any other person for the maintenance of or failure to maintain any rating of any of the Covered Bonds by any Rating Agency.
- (aa) The Bond Trustee will not be responsible for, or for investigating any matter which is the subject of, any recital, statement, representation, warranty or covenant of any person contained in this Bond Trust Deed, or any other agreement or document relating to the transactions contemplated in this Bond Trust Deed or under such other agreement or document.
- (bb) The Bond Trustee will not be liable or responsible for any Liabilities or inconvenience which may result from anything done or omitted to be done by it in accordance with the provisions of this Bond Trust Deed.
- (cc) The Bond Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Mortgage Loans or Related Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Bond Trustee. The Bond Trustee will not be responsible for: (i) supervising the performance by the Issuer or any other party to the Programme Documents of their respective obligations under the Programme Documents and the Bond Trustee will be entitled to assume, until they each have received written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Programme Documents under the Programme Documents; (iii) monitoring the Mortgage Loans, including whether the Mortgage Loan Portfolio is in compliance with the Asset Coverage Test or the Amortisation Test or whether the Issuer is in compliance with the Pre-Maturity

Test; or (iv) monitoring whether a Mortgage Loan is a Qualifying Mortgage Loan. The Bond Trustee will not be liable to any Covered Bondholder or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent chargee in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Programme Documents.

- (dd) Where under any Programme Document, the Bond Trustee is required to consider whether any event or the exercise by it of any of its powers, authorities or discretions is or will be materially prejudicial to the interests of the Covered Bondholders of one or more Series, the Bond Trustee will be entitled to call for and rely and act upon the advice or opinion of any reputable financial or other adviser (whether or not such financial adviser will be a Secured Creditor or otherwise party to any Programme Document) and if relied upon by the Bond Trustee will be binding on the Covered Bondholders and Couponholders of all Series and the Bond Trustee will not incur any Liability by reason of so acting or relying.
- (ee) The Bond Trustee will not be bound to take any step or action in connection with this Bond Trust Deed or the Covered Bonds or obligations arising pursuant thereto, including, without prejudice to the generality of the foregoing, forming an opinion or employing any financial adviser, where it is not reasonably satisfied that it is indemnified and/or secured and/or prefunded against all its liabilities and costs incurred in connection with such step or action and may demand prior to taking any such step or action that there be paid to it in advance such sums as it reasonably considers (without prejudice to any further demand) will be sufficient so to indemnify, secure or prefund it.
- (ff) In exercising or performing any of its discretions, rights, powers, trusts or duties under or in relation to this Bond Trust Deed or any other Programme Document (including any consent, approval, modification, waiver, authorisation or determination referred to in Clauses 24 and 25), the Bond Trustee may have regard to and rely, without liability on any Rating Affirmation Notice and whether or not any such notice is addressed to, or provides that it may be relied on by, the Bond Trustee and irrespective of the method by which such confirmation is conveyed.

In the event that the Bond Trustee is:

- (i) requested by the Security Trustee; or
- (ii) required by the holders of the Covered Bonds,

to provide the Security Trustee with instructions, the Bond Trustee will do so (save where expressly provided otherwise):

- (iii) in the case of paragraph (i) above only, in its absolute discretion subject to and in accordance with this Bond Trust Deed; or
- (iv) in the case of both paragraph (i) or (ii) above, if so requested in writing by the holders of not less than 25 per cent. in aggregate of the Principal Amount Outstanding of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or directed by an Extraordinary Resolution of the holders of the Covered Bonds then outstanding (with the Covered Bonds of

all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian dollars, converted into Australian dollars at the relevant Covered Bond Swap Rate),

subject in each case to the Bond Trustee being indemnified and/or secured and/or prefunded to its satisfaction prior to giving any instructions to the Security Trustee. The Bond Trustee will be entitled to request the Covered Bondholders (voting as aforesaid) to direct it in relation to any matter in relation to which the Security Trustee has requested instructions. The Bond Trustee has no obligation to monitor the performance of the Security Trustee and has no liability to any person for the performance or non-performance of the Security Trustee. In no circumstance will the Bond Trustee be required to indemnify, secure or prefund the Security Trustee.

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee is of the opinion that the interests of the Covered Bondholders of any one or more Series would be materially prejudiced thereby, the Bond Trustee will not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders of the relevant Series by Extraordinary Resolution or by a direction in writing of such Covered Bondholders of at least 25 per cent. of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding or as otherwise required under the Programme Documents.

- (gg) Notwithstanding any provision of this Bond Trust Deed or any other Programme Document, the Bond Trustee will have no responsibility for the adequacy or sufficiency of, or any deterioration in the value, of the Mortgage Loan Portfolio or a Mortgage Loan and its Related Security comprised in the Mortgage Loan Portfolio, neither will it be obliged to monitor the performance of a Mortgage Loan and its Related Security or be responsible for monitoring whether or not the best price has been achieved for the sale of a Mortgage Loan (including a Selected Mortgage Loan) and the Related Security (and any other related rights under the same) by or on behalf of the Covered Bond Guarantor or otherwise pursuant to the Programme Documents or whether or not any such sale has been effected on terms commercially available in the market or effected in a timely manner. The Bond Trustee will not be liable to any Transaction Party or Secured Creditor, including the Covered Bondholders, or any other person for any loss occasioned thereby.
- (hh) The Bond Trustee will be entitled to rely on any certificate as to any matter certified therein given by a person reasonably believed by the Bond Trustee to have the requisite knowledge to give the same.
- (ii) Notwithstanding any other provision of any Programme Document, any references in this Bond Trust Deed or in any other Programme Document to the Bond Trustee directing or instructing the Security Trustee are taken to be references to the Bond Trustee providing such directions or instructions in accordance with the terms of this Bond Trust Deed and in doing so the Bond Trustee will have the benefit of any protections set out in this Bond Trust Deed.

## **22. BOND TRUSTEE'S LIABILITY**

Nothing in this Bond Trust Deed will in any case in which the Bond Trustee has failed to show the degree of care and diligence required of it as trustee having regard to the provisions of this Bond Trust Deed conferring on it any trusts, powers, authorities or discretions relieve or indemnify the Bond Trustee against any liabilities which by virtue of any rule of law would otherwise attach to it in

respect of any gross negligence or wilful default which it may have committed in relation to its duties under this Bond Trust Deed.

## **23. BOND TRUSTEE CONTRACTING WITH THE ISSUER AND THE COVERED BOND GUARANTOR**

Neither the Bond Trustee nor any director or officer or holding company, Subsidiary or associated company of a corporation acting as a trustee under this Bond Trust Deed will by reason of its or his fiduciary position be in any way precluded from:

- (a) entering into or being interested in any contract or financial or other transaction or arrangement with the Issuer or the Covered Bond Guarantor or any of their respective Subsidiaries and affiliates (including any contract, transaction or arrangement of a banking or insurance nature or any contract, transaction or arrangement in relation to the making of loans or the provision of financial facilities or financial advice to, or the purchase, placing or underwriting of or the subscribing or procuring subscriptions for or otherwise acquiring, holding or dealing with, or acting as paying agent in respect of, the Covered Bonds or any other covered bonds, bonds, stocks, shares, debenture stock, debentures or other securities of, the Issuer, the Covered Bond Guarantor or any of their respective Subsidiaries or affiliates); or
- (b) accepting or holding the trusteeship of any other trust deed constituting or securing any other securities issued by or guaranteed by, or relating to the Issuer or the Covered Bond Guarantor or any of their respective Subsidiaries or affiliates, or any other office of profit under the Issuer or the Covered Bond Guarantor or any of their respective Subsidiaries or affiliates,

and will be entitled to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such contract, transaction or arrangement as is referred to in this Clause 23(a) above or, as the case may be, any such trusteeship or office of profit as is referred to in this Clause 23(b) above without regard to the interests of, or consequences for the Covered Bondholders or Couponholders and notwithstanding that the same may be contrary or prejudicial to the interests of the Covered Bondholders and will not be responsible for any Liability occasioned to the Covered Bondholders, Couponholders or any other person thereby and will be entitled to retain and will not be in any way liable to account for any profit made or share of brokerage or commission or remuneration or other amount or benefit received thereby or in connection therewith.

Where any holding company, Subsidiary or associated company of the Bond Trustee or any director or officer of the Bond Trustee acting other than in his capacity as such a director or officer has any information, the Bond Trustee will not thereby be deemed also to have knowledge of such information and, unless it has actual knowledge of such information, will not be responsible for any loss suffered by Covered Bondholders resulting from the Bond Trustee's failing to take such information into account in acting or refraining from acting under or in relation to this Bond Trust Deed.

## **24. WAIVER, AUTHORISATION AND DETERMINATION**

- 24.1 The Bond Trustee may without the consent of any of the Covered Bondholders of any Series, the related Couponholders or any other Secured Creditor and without prejudice to its rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time but only if and insofar as in its opinion the interests of the Covered Bondholders of

any Series will not be materially prejudiced thereby, waive or authorise or direct the Security Trustee to waive or authorise any breach or proposed breach by the Issuer and/or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in this Bond Trust Deed or the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of this Bond Trust Deed provided always that the Bond Trustee will not exercise any powers conferred on it by this Clause 24 in contravention of any express direction given by Extraordinary Resolution or by a request under Condition 9 (Events of Default and Enforcement) of the Programme Conditions but so that no such direction or request will affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Bond Trustee may determine, will be binding on the Covered Bondholders, the related Couponholders and, if, but only if, the Bond Trustee will so require by writing to the Issuer or the Trust Manager, will be notified by the Issuer or the Trust Manager (as the case may be) to the Covered Bondholders in accordance with Condition 13 (Notices) of the relevant Conditions relating to notices and communications as soon as practicable thereafter.

- 24.2 Subject as provided below, the Bond Trustee will be bound to waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in this Bond Trust Deed or the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of this Bond Trust Deed if it is: (i) in the case of any such waiver or authorisation, (a) so directed by Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series with the Covered Bonds of all such Series taken together as a single Series (as determined in accordance with the provisions of paragraph 24 of Schedule 4 and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (b) requested to do so in writing by the holders of not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series as determined in accordance with paragraph 24 of Schedule 4 and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (ii), in the case of any such determination, (a) so directed by an Extraordinary Resolution (of the Covered Bondholders of all Series then outstanding with the Covered Bonds of all Series as a single Series and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (b) requested to do so in writing by the holders of not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars as aforesaid), and at all times then only if it is indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

## **25. MODIFICATION**

- 25.1 Subject to Clause 25.3, the Bond Trustee may (and in the case of any modification contemplated by Clause 25.1(c) the Bond Trustee must), without the consent or sanction of any of the Covered Bondholders of any Series, the related Couponholders and without the consent or sanction of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document) at any time and from time to time concur with the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) and any other party, and/or direct the Security Trustee to concur with

the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) or any other party in making:

- (a) any modification (other than in relation to a Series Reserved Matter) to the Covered Bonds of one or more Series, the related Coupons or any Programme Document provided that in the opinion of the Bond Trustee such modification is not materially prejudicial to the interests of the Covered Bondholders of any Series;
- (b) any modification to the Covered Bonds of any one or more Series, the related Coupons or any Programme Document which is, in the opinion of the Bond Trustee, of a formal, minor or technical nature or is in the opinion of the Bond Trustee made to correct a manifest error or to comply with mandatory provisions of law (and for this purpose the Bond Trustee may disregard whether any such modification relates to a Series Reserved Matter); or
- (c) any modification contemplated by Clause 25.4.

In forming an opinion as to whether the relevant modification is of a formal, minor or technical nature or is being made to correct a manifest error or to comply with mandatory provisions of law or is contemplated by Clause 25.4, the Bond Trustee may have regard to any evidence which the Bond Trustee considers reasonable to rely on including (without any obligation to rely on any of the following):

- (d) a certificate from the Issuer:
  - (i) stating the intention of the parties to the relevant Programme Documents;
  - (ii) confirming that nothing has been said to, or by, any initial or subsequent investors or any other parties which is in any way inconsistent with the stated intention; and/or
  - (iii) stating that the relevant modification to the relevant Programme Documents is required to reflect such intention; and
- (e) a Rating Affirmation Notice issued by the Issuer.

Any such modification may be made on such terms and subject to such conditions (if any) as the Bond Trustee may determine, will be binding upon the Covered Bondholders and the Couponholders and, unless the Bond Trustee otherwise agrees, must be notified by the Issuer or the Trust Manager (as the case may be) to the Covered Bondholders in accordance with Condition 13 (Notices) of the relevant Conditions relating to notices and communications and to the Rating Agencies as soon as practicable thereafter.

- 25.2 Subject to Clause 25.3, the Bond Trustee will be bound to concur with the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) and any other party in making any of the above-mentioned modifications and/or direct the Security Trustee to make any of the above mentioned modifications if it is (a) so directed by an Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series with the Covered Bonds of all such Series taken together as a single Series (as determined in accordance with the provisions of paragraph 24 of Schedule 4 and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (b) requested to do so in writing by Covered Bondholders holding not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series as determined in accordance with the provisions of paragraph 24 of Schedule 4 and, if applicable, converted into Australian

Dollars at the relevant Covered Bond Swap Rate) then outstanding and at all times then only if it is first indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

- 25.3 Notwithstanding any of Clauses 25.1, 25.2 and 25.4, the Bond Trustee will not be obliged to agree to any modification which, in the sole opinion of the Bond Trustee would have the effect of (a) exposing the Bond Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee in the Programme Documents and/or the Conditions.
- 25.4 The Bond Trustee will be obliged to concur in and to effect any modifications to the Programme Documents that are requested by the Covered Bond Guarantor or the Trust Manager to:
- (a) accommodate the accession of a new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme, subject to the provisions of Clause 25.1, provided that:
    - (i) each of the Swap Providers have certified to the Bond Trustee and the Security Trustee that they consent to such modification of those documents to which they are a party (such consent not to be unreasonably withheld);
    - (ii) two Authorised Signatories of the Trust Manager have certified to the Bond Trustee and the Security Trustee in writing that such modifications are required in order to accommodate the addition of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme; and
    - (iii) two Authorised Signatories of the Trust Manager have certified to the Bond Trustee and the Security Trustee that all other conditions precedent to the accession of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme set out in the Programme Documents have been satisfied at the time of the accession;
  - (b) take into account any changes in the covered bonds ratings criteria of the Rating Agencies where, absent such modifications, the rating assigned by the relevant Rating Agency to one or more Series of Covered Bonds may be subject to a downgrade, qualification or withdrawal, subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Issuer each certifying to the Bond Trustee and the Security Trustee that such modifications are required for the purpose of preventing the relevant downgrade, qualification or withdrawal;
  - (c) allow a Swap Provider to transfer securities as Swap Collateral under a relevant Swap Agreement Credit Support Document, including to appoint a custodian to hold such securities in a custody account pursuant to a custody agreement; or
  - (d) ensure compliance of the Programme or the Issuer, as applicable, with, or ensure that the Issuer may benefit from (including if a Regulatory Event occurred or was likely to occur), any existing, amended or new legislation, regulation, directive, prudential standard or prudential guidance note of any regulatory body (including the Australian Prudential Regulation Authority) in relation to covered bonds subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Trust Manager each certifying to the Bond Trustee and the Security Trustee that such

modifications are required in order to comply with or benefit from such legislation, regulation, directive, prudential standard or prudential guidance note, as the case may be.

Any modification under this Clause is effective even if such modification is or may be, prejudicial or materially prejudicial to the interests of the Covered Bondholders of any Series.

The Bond Trustee will not be obliged to concur in relation to any modification being made pursuant to this Clause 25.4 until such time as any certificates required to be delivered to the Bond Trustee under this Clause 25.4 have actually been received by the Bond Trustee.

## **26. SUBSTITUTION**

26.1 The Bond Trustee may without the consent or sanction of the Covered Bondholders or Couponholders at any time agree to the substitution in place of the Issuer (or of the previous substitute under this Clause 26.1) as the principal debtor under the Covered Bonds, Coupons and this Bond Trust Deed of any Subsidiary of the Issuer (such substituted company being hereinafter called the **New Company**) provided that a trust deed is executed or some other written form of undertaking is given by the New Company to the Bond Trustee in form and manner satisfactory to the Bond Trustee, agreeing to be bound by the provisions of this Bond Trust Deed (with any consequential amendments which the Bond Trustee may deem appropriate) as fully as if the New Company had been named in this Bond Trust Deed as the principal debtor in respect of the Covered Bonds in place of the Issuer (or of the previous substitute under this Clause 26.1).

26.2 The following further conditions will apply to Clause 26.1 above:

- (a) the Issuer and the New Company must comply with such other requirements as the Bond Trustee may direct in the interests of the Covered Bondholders;

- (f) the Issuer and the New Company must execute such other deeds, documents and instruments (if any), and comply with such other requirements, as the Bond Trustee may require for the purpose of ensuring that the substitution is effective.

Any such trust deed or undertaking will, if so expressed, operate to release the Issuer or the previous substitute as aforesaid from all of its obligations as principal debtor under this Bond Trust Deed. Not later than 14 days after the execution of such documents and compliance with such requirements, the New Company will give notice thereof in a form previously approved by the Bond Trustee to the Covered Bondholders in the manner provided in Condition 13 (Notices) of the relevant Conditions relating to notices and communications.. Upon the execution of such documents and compliance with such requirements, the New Company will be deemed to be named in this Bond Trust Deed as the principal debtor in place of the Issuer (or in place of the previous substitute under this Clause 22.2) under this Bond Trust Deed and this Bond Trust Deed will be deemed to be modified in such manner as will be necessary to give effect to the above provisions and, without limitation, references in this Bond Trust Deed to the Issuer will, unless the context otherwise requires, be deemed to be or include references to the New Company.

26.3 In connection with any scheme of amalgamation or reconstruction of the Issuer not involving the bankruptcy or insolvency of the Issuer and (a) where the Issuer does not survive the amalgamation or reconstruction or (b) where all or substantially all of the assets and business of the Issuer will be disposed of to, or succeeded to, by another entity (whether by operation of law or otherwise), the Bond Trustee will, if requested by the Issuer, be obliged, without the consent or sanction of the Covered Bondholders, the Couponholders, at any time to agree to the substitution in place of the Issuer (or of the previous substitute under this Clause 26.3) as the principal debtor under this Bond Trust Deed of any other company (the **Substituted Debtor**) being the entity with and into which the Issuer amalgamates or the entity to which all or substantially all of the business and assets of the Issuer is transferred or succeeded to pursuant to such scheme of amalgamation or reconstruction (whether by operation of law or otherwise) provided that:

- (a) a supplemental trust deed is executed or some other form of undertaking is given by the Substituted Debtor in form and manner satisfactory to the Bond Trustee, agreeing to be bound by the provisions of this Bond Trust Deed with any consequential amendments which the Bond Trustee may deem appropriate as fully as if the Substituted Debtor had been named in this Bond Trust Deed as the principal debtor in place of the Issuer (or of the previous substitute under this Clause 26.3);
- (b) the Substituted Debtor acquires or succeeds to pursuant to such scheme of amalgamation or reconstruction all or substantially all of the assets and business of the Issuer;
- (c) where the Substituted Debtor is incorporated, domiciled or resident in, or subject generally to the taxing jurisdiction of, a territory other than or in addition to Australia, undertakings or

covenants are given by the Substituted Debtor in terms corresponding to the provisions of Condition 7 (Taxation) of the relevant Conditions with the substitution for (or, as the case may be, the addition to) the references to Australia of references to that other or additional territory in which the Substituted Debtor is incorporated, domiciled or resident or to whose taxing jurisdiction it is subject and (where applicable) Condition 6(b) (Redemption and Purchase - Redemption for Taxation Reasons) of the Programme Conditions and Condition 6.3 (Redemption – Redemption for Taxation Reasons) of the N Covered Bond Conditions will be modified accordingly;

- (d) two directors of the Substituted Debtor (or other officers acceptable to the Bond Trustee) certify that the Substituted Debtor is solvent both at the time at which the relevant transaction is proposed to be effected and immediately thereafter (which certificate the Bond Trustee may rely on absolutely without liability to any person);

- (g) the Issuer and the Trust Manager, will deliver to the Bond Trustee legal opinions obtained from lawyers of international repute in (a) England and Wales and (b) the jurisdiction of incorporation of the Substituted Debtor in form and substance satisfactory to the Bond Trustee.

Any such supplemental trust deed or undertaking will, if so expressed, operate to release the Issuer or the previous substitute as stated above from all of its obligations as principal debtor under this Bond Trust Deed. Not later than 14 days after the execution of such documents and compliance with such requirements, the Substituted Debtor will give notice thereof in a form previously approved by the Bond Trustee to the Covered Bondholders in the manner provided in Condition 13 (Notices) of the relevant Conditions . Upon the execution of such documents and compliance with such requirements, the Substituted Debtor will be deemed to be named in this Bond Trust Deed as the principal debtor in place of the Issuer (or in place of the previous substitute under this Clause 26.3) under this Bond Trust Deed and this Bond Trust Deed will be deemed to be modified in such manner as will be necessary to give effect to the above provisions and, without limitation, references in this Bond Trust Deed to the Issuer will, unless the context otherwise requires, be deemed to be or include references to the Substituted Debtor.

## **27. BREACH**

Any breach of or failure to comply by the Issuer and/or the Covered Bond Guarantor with any such terms and conditions as are referred to in Clauses 24 or 25 or 26 will constitute a default by the Issuer or the Covered Bond Guarantor in the performance or observance of a covenant or provision binding on it under or pursuant to this Bond Trust Deed.

## **28. HOLDER OF BEARER DEFINITIVE COVERED BOND ASSUMED TO BE COUPONHOLDER**

Wherever in this Bond Trust Deed the Bond Trustee is required or entitled to exercise a power, trust, authority or discretion under this Bond Trust Deed, except as ordered by a court of competent

jurisdiction or as required by applicable law, the Bond Trustee will, notwithstanding that it may have express notice to the contrary, assume that each holder of a Bearer Definitive Covered Bond is the holder of all Coupons appertaining to such Bearer Definitive Covered Bond.

## **29. NO NOTICE TO COUPONHOLDERS**

None of the Bond Trustee, the Trust Manager, the Covered Bond Guarantor or the Issuer will be required to give any notice to the Couponholders for any purpose under this Bond Trust Deed and the Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Covered Bonds in accordance with Condition 13 (Notices) of the Programme Conditions.

## **30. EXCHANGE RATE INDEMNITY**

- 30.1 If a judgment or order is rendered by a court of any particular jurisdiction for the payment of any amounts owing to the Bond Trustee or the Covered Bondholders or Couponholders under this Bond Trust Deed, the Covered Bonds or the Coupons, or under a judgment or order of a court of any other jurisdiction in respect thereof or for the payment of damages in respect of either thereof, and any such judgment or order is expressed in a currency (the **Judgment Currency**) other than the currency of the relevant Covered Bonds (the **Contractual Currency**), the Issuer and the Covered Bond Guarantor must indemnify and hold the Bond Trustee and the Covered Bondholders and Couponholders harmless against any deficiency arising or resulting from any variation in rates of exchange between the Judgment Currency and the Contractual Currency occurring between: (a) the date on which any amount expressed in the Contractual Currency is converted, for the purposes of making or filing any claim resulting in any such judgment or order, into an equivalent amount in the Judgment Currency; and (b) the date or dates of payment of such amount (or part thereof), or of discharge of such first-mentioned judgment or order (or part thereof), as appropriate.
- 30.2 The above indemnities will constitute separate and independent obligations of the Issuer and the Covered Bond Guarantor from their other obligations under this Bond Trust Deed, will give rise to separate and independent causes of action, will apply irrespective of any indulgence granted by the Bond Trustee or the Covered Bondholders or Couponholders from time to time and will continue in full force and effect notwithstanding any judgment. Any such deficiency as aforesaid will be deemed to constitute a loss suffered by the Bond Trustee and the Covered Bondholders and Couponholders, and no proof or evidence of any actual loss will be required by the Issuer, the Covered Bond Guarantor or its or their liquidator(s).
- 30.3 In the case of Clause 30.1 above, if (upon such payment or discharge as is therein referred to) the Covered Bondholders or Couponholders would on conversion to the Contractual Currency receive an amount in excess of the sum due in the Contractual Currency, the Covered Bondholders or, as the case may be, the Couponholders will hold such excess to the order of the Issuer or the Covered Bond Guarantor, as the case may be.

## **31. NEW BOND TRUSTEE**

The power to appoint a new bond trustee of this Bond Trust Deed will, subject to Clause 33, be vested solely in the Issuer and the Covered Bond Guarantor (acting on the direction of the Trust Manager) jointly but no person will be appointed who has not previously been approved by an Extraordinary Resolution of the Covered Bondholders of all Series taken together as a single Series. One or more persons may hold office as bond trustee or bond trustees of this Bond Trust Deed but such bond trustee or bond trustees will be or include a Trust Corporation. Whenever there are more than two bond trustees of this Bond Trust Deed the majority of such bond trustees must be

competent to execute and exercise all the duties, powers, trusts, authorities and discretions vested in the Bond Trustee by this Bond Trust Deed provided that a Trust Corporation will be included in such majority. Any appointment of a new bond trustee of this Bond Trust Deed must as soon as practicable thereafter be notified by the Issuer to the Rating Agencies, the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar, the N Covered Bond Registrar, the Security Trustee and the Covered Bondholders in accordance with Condition 13 (Notices) of the relevant Conditions.

### **32. SEPARATE AND CO-TRUSTEES**

Notwithstanding the provisions of Clause 31 above, the Bond Trustee may, upon giving reasonable prior written notice to the Issuer, the Covered Bond Guarantor and the Trust Manager (but without the consent of the Issuer, the Covered Bond Guarantor, the Trust Manager, the Covered Bondholders or Couponholders), appoint any person established or resident in any jurisdiction (whether a Trust Corporation or not) to act either as a separate bond trustee or as a co-bond trustee jointly with the Bond Trustee:

- (a) if the Bond Trustee considers such appointment to be in the interests of the Covered Bondholders;
- (b) for the purposes of conforming to any legal requirements, restrictions or conditions in any jurisdiction in which any particular act or acts is or are to be performed; or
- (c) for the purposes of obtaining a judgment in any jurisdiction or the enforcement in any jurisdiction of either a judgment already obtained or any of the provisions of this Bond Trust Deed against the Issuer or the Covered Bond Guarantor.

Each of the Issuer and the Covered Bond Guarantor irrevocably appoints the Bond Trustee to be its attorney in its name and on its behalf to execute any such instrument of appointment. Such a person will (subject always to the provisions of this Bond Trust Deed) have such trusts, powers, authorities and discretions (not exceeding those conferred on the Bond Trustee by this Bond Trust Deed) and such duties and obligations as will be conferred or imposed by the instrument of appointment. The Bond Trustee will have power in like manner to remove any such person. Such remuneration as the Bond Trustee may pay to any such person, together with any attributable Liabilities incurred by it in performing its function as such separate bond trustee or co-bond trustee, will for the purposes of this Bond Trust Deed be treated as Liabilities incurred by the Bond Trustee.

### **33. BOND TRUSTEE'S RETIREMENT AND REMOVAL**

A bond trustee of this Bond Trust Deed may retire at any time on giving not less than three months' prior written notice to the Issuer, the Covered Bond Guarantor, the Trust Manager and the Security Trustee without giving any reason and without being responsible for any Liabilities incurred by reason of such retirement. The Covered Bondholders may by Extraordinary Resolution of the Covered Bondholders of all Series taken together as a single Series remove any bond trustee or bond trustees for the time being of this Bond Trust Deed. Each of the Issuer and the Trust Manager undertakes that in the event of the only bond trustee of this Bond Trust Deed which is a Trust Corporation giving notice under this Clause 33 or being removed by Extraordinary Resolution it will use all reasonable endeavours to procure that a new bond trustee of this Bond Trust Deed being a Trust Corporation is appointed by the Covered Bondholders in accordance with Clause 31 as soon as reasonably practicable thereafter. The retirement or removal of any such bond trustee will not become effective until a successor bond trustee being a Trust Corporation is appointed. If, in such circumstances, no appointment of such new bond trustee has become effective within 60 days of the

date of such notice or Extraordinary Resolution, the Bond Trustee will be entitled to appoint a Trust Corporation as bond trustee of this Bond Trust Deed, but no such appointment will take effect unless previously approved by an Extraordinary Resolution.

#### **34. BOND TRUSTEE'S POWERS TO BE ADDITIONAL**

The powers conferred upon the Bond Trustee by this Bond Trust Deed will be in addition to any powers which may from time to time be vested in the Bond Trustee by the general law or as a holder of any of the Covered Bonds or Coupons.

However, the Principal Amount Outstanding of the Covered Bonds registered as transferred must equal the Principal Amount Outstanding of the Covered Bonds expressed to be transferred in the transfer form.

For so long as any of the A\$ Registered Covered Bonds are lodged in the Austraclear System, beneficial interests in A\$ Registered Covered Bonds will be transferable only in accordance with the Austraclear Regulations.

**(d) *Registration of transfer upon partial redemption***

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other applicable jurisdiction.

Upon the transfer, exchange or replacement of Legended Covered Bonds, or upon specific request for removal of the Legend therein, the Registrar or the Transfer Agent will deliver only Legended Covered Bonds or refuse to remove the Legend therein, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

#### (a) Status of the Covered Bonds

The Covered Bonds and any relative Coupons constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference or priority among themselves and *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer (other than any obligation preferred by mandatory provisions of applicable law).

*Section 13A(3) of the Australian Banking Act 1959 of Australia (the **Australian Banking Act**) provides that if an authorised deposit taking institution (ADI) (of which the Issuer is one) becomes unable to meet its obligations or suspends payment, the assets of the ADI in Australia are to be available to meet the ADI's liabilities in the following order:*

- (i) first, the ADI's liabilities (if any) to the Australian Prudential Regulation Authority (**APRA**) in respect of the rights APRA has against the ADI to be paid amounts equal to the amount which the holder of a protected account is entitled to receive from APRA under Division 2AA of Part II of the Australian Banking Act (the **Financial Claims Scheme**);*
- (ii) second, the ADI's debts (if any) to APRA in respect of APRA's costs incurred in relation to the exercise of its powers and the performance of its functions relating to the ADI in connection with the Financial Claims Scheme;*
- (iii) third, the ADI's liabilities (if any) in Australia in relation to protected accounts that accountholders keep with the ADI;*
- (iv) fourth, the ADI's debts (if any) to the Reserve Bank of Australia (the **RBA**);*

*Section 16 of the Australian Banking Act provides that in a winding up of an ADI the costs (including costs in the nature of remuneration and expenses) of APRA of being in control of the*

*ADI's business or of having an administrator in control of the ADI's business will, subject to section 13A(3) of the Australian Banking Act, have priority over all other unsecured debts.*

*The Issuer's indebtedness under the Covered Bonds will not be a protected account for the purposes of the Financial Claims Scheme in Division 2AA of Part II of the Australian Banking Act and will not be a deposit liability of the Issuer for the purposes of the Australian Banking Act and is not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction. For the purposes of section 13A(3) of the Australian Banking Act the Issuer's indebtedness under the Covered Bonds will rank as another liability under paragraph (vi) above. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are direct, absolute and (following service of an Issuer Acceleration Notice and Notice to Pay or a Covered Bond Guarantee Acceleration Notice), unconditional obligations of the Covered Bond Guarantor, which are secured as provided in the Security Deed and limited recourse to the Covered Bond Guarantor as described in Condition 17.

Any payment made by the Covered Bond Guarantor under the Covered Bond Guarantee will (unless such obligation has been discharged as a result of the payment of Excess Proceeds to the Bond Trustee pursuant to Condition 9) discharge *pro tanto* the obligations of the Issuer in respect of such payment under the Covered Bonds and Coupons except where such payment has been declared void, voidable or otherwise recoverable in whole or in part and recovered from the Bond Trustee or the Covered Bondholders.

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the **Interest Commencement Date** at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year up to (and including) the Final Maturity Date. If a Notice to Pay is served on the Covered Bond Guarantor, the Covered Bond Guarantor will pay Guaranteed Amounts in equivalent amounts to those described in the preceding sentence under the Covered Bond Guarantee in respect of the Covered Bonds on the Original Due for Payment Dates or, if applicable, the Extended Due for Payment Date.

If the Covered Bonds are in definitive form, except as provided in the Applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the fixed coupon amount specified in the Final

Terms (the **Fixed Coupon Amount**). Payments of interest on any Interest Payment Date will, if so specified in the Applicable Final Terms, amount to the broken amount so specified in the relevant Final Terms (the **Broken Amount**).

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Covered Bonds in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the Applicable Final Terms, interest will be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Covered Bonds which are A\$ Registered Covered Bonds, the Principal Amount Outstanding of the A\$ Registered Covered Bond;
- (ii) in the case of Fixed Rate Covered Bonds which are represented by a Global Covered Bond, the aggregate outstanding nominal amount of the Fixed Rate Covered Bonds represented by such Global Covered Bond; or
- (iii) in the case of Fixed Rate Covered Bonds in definitive form, the Calculation Amount;

and in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Covered Bond in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

**Day Count Fraction** means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if **Actual/Actual (ICMA)** is specified in the Applicable Final Terms:
  - (A) in the case of Covered Bonds where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the Applicable Final Terms) that would occur in one calendar year; or
  - (B) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
    - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (ii) if **30/360** is specified in the Applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if **RBA Bond Basis or Australian Bond Basis** is specified in the Applicable Final Terms:
  - (A) for amounts paid and/or calculated in respect of Interest Payment Dates, one divided by the number of Interest Payment Dates in a year; and
  - (B) for amounts paid and/or calculated in respect of dates other than Interest Payment Dates, Actual/Actual (ICMA).

In these Conditions:

**Determination Period** means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

**Original Due for Payment Date** means, in respect of the payment of Guaranteed Amounts, prior to the occurrence of a Covered Bond Guarantor Event of Default and following the delivery of a Notice to Pay on the Covered Bond Guarantor, the date on which the Scheduled Payment Date in respect of such Guaranteed Amounts occurs or, if later, the day which is two Business Days following the date of service of a Notice to Pay on the Covered Bond Guarantor in respect of such Guaranteed Amounts or, if the Applicable Final Terms specify that an Extended Due for Payment Date is applicable to the relevant Series of Covered Bonds, the Scheduled Payment Date falling on the Final Maturity Date of such Series of Covered Bonds as if such date had been the Extended Due for Payment Date.

**Principal Amount Outstanding** means in respect of a Covered Bond on any day the principal amount of that Covered Bond on the relevant Issue Date thereof less principal amounts received by the relevant Covered Bondholder in respect thereof on or prior to that day.

**sub-unit** means, with respect to any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to Euro, Euro 0.01.

**(b) Interest on Floating Rate Covered Bonds**

**(i) Interest Payment Dates**

Each Floating Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the Applicable Final Terms; or

- (B) if no Specified Interest Payment Date(s) is/are specified in the Applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the Applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, the expression **Interest Period** will mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the Applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (C) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the **Floating Rate Convention**, such Interest Payment Date: (i) in the case of (x) above, will be the last day that is a Business Day in the relevant month and the provisions of (B) below will apply *mutatis mutandis*; or (ii) in the case of (y) above, will be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date will be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date will be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (D) the **Following Business Day Convention**, such Interest Payment Date will be postponed to the next day which is a Business Day; or
- (E) the **Modified Following Business Day Convention**, such Interest Payment Date will be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date will be brought forward to the immediately preceding Business Day; or
- (F) the **Preceding Business Day Convention**, such Interest Payment Date will be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Sydney and, if the Covered Bonds are not A\$ Registered Covered Bonds, in London and any Additional Business Centre specified in the Applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) and

which if the Specified Currency is Australian Dollars will be Sydney or (2) in relation to any Covered Bonds denominated or payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System or any successor thereto (the **TARGET2 System**) is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Covered Bonds will be determined in the manner specified in the Applicable Final Terms.

(A) *ISDA Determination for Floating Rate Covered Bonds*

Where “ISDA Determination” is specified in the Applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (ii), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent or, in respect of the A\$ Registered Covered Bonds, the Calculation Agent or other person specified in the Applicable Final Terms under an interest rate swap transaction if the Principal Paying Agent or, in respect of the A\$ Registered Covered Bonds, the Calculation Agent or that other person were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds (the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the Applicable Final Terms;
- (2) the Designated Maturity is the period specified in the Applicable Final Terms; and
- (3) the relevant Reset Date is either: (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (**LIBOR**), the Euro-zone inter-bank offered rate (**EURIBOR**), the Hong Kong inter-bank offered rate (**HIBOR**), the Toronto inter-bank offered rate (**BA-CDOR**) or the Australian Bank Bill Swap Rate (**BBSW**) for a currency, the first day of that Interest Period or (ii) ) if the applicable Floating Rate Option is based on the Singapore inter-bank offered rate (**SIBOR**) the second Singapore business day prior to the start of each Interest Period or (iii) if the applicable Floating Rate Option is based on the New Zealand inter-bank offered rate (**BKBM**), the first day of that Interest Period or (iv) if the applicable Floating Rate Option is based on the Oslo inter-bank offered rate (**NIBOR**) the second Oslo business day prior to the start of each Interest Period; or (v) in any other case, as specified in the Applicable Final Terms.

Unless otherwise stated in the Applicable Final Terms the Minimum Rate of Interest will be deemed to be zero.

For the purposes of this sub-Paragraph (b) Floating Rate, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Covered Bonds*

Where “Screen Rate Determination” is specified in the Applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or, in the case of A\$ Registered Covered Bonds only, rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which either (i) in the case of A\$ Registered Covered Bonds, appears or appear, as the case may be, on the Relevant Screen Page as at 10.15 a.m. (Sydney time) in the case of BBSW on the Interest Determination Date in question plus or minus the Margin (if any), all as determined by the Calculation Agent, or (ii) otherwise, appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR, or Hong Kong time, in the case of HIBOR, or Singapore time, in the case of SIBOR) or as at 10.00 a.m. Toronto time in the case of BA-CDOR or as at 10.45 a.m. Auckland time in the case of BKBM or as at 12.00 a.m. Oslo time in the case of NIBOR on the Interest Determination Date in question plus or minus the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) will be disregarded by the Calculation Agent or the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

For the purposes of these Conditions:

**Interest Determination Date** shall mean the date specified as such in the Final Terms or if none is so specified:

- (i) if the Reference Rate is LIBOR (other than Sterling or Euro LIBOR), the second London business day prior to the start of each Interest Period;
- (ii) if the Reference Rate is Sterling LIBOR, HIBOR, BA-CDOR or BBSW, the first day of each Interest Period;
- (iii) if the Reference Rate is EURIBOR, the second day on which the TARGET2 System is open prior to the start of each Interest Period;
- (iv) if the Reference Rate is SIBOR, the second Singapore business day prior to the start of each Interest Period;
- (v) if the Reference Rate is BKBM, the first day of each Interest Period; or
- (vi) if the Reference Rate is NIBOR, the second Oslo business day prior to the start of each Interest Period.

**Reference Rate** shall mean (i) LIBOR, (ii) EURIBOR, (iii) HIBOR, (iv) BA-CDOR, (v) BBSW, (vi) SIBOR, (vii) BKBM or (viii) NIBOR, in each case for the relevant period, as specified in the applicable Final Terms.

**Relevant Financial Centre** shall mean London, in the case of a determination of LIBOR, Brussels, in the case of a determination of EURIBOR, Hong Kong, in the case of a determination of HIBOR, Toronto, in the case of a determination of BA-CDOR, Sydney, in the case of a determination of BBSW, Singapore, in the case of a determination of SIBOR, Auckland, in the case of a determination of BKBM and Oslo, in the case of a determination of NIBOR as specified in the applicable Final Terms.

The Principal Agency Agreement contains provisions for determining the Rate of Interest pursuant to this subparagraph in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

In the case of A\$ Registered Covered Bonds, in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the rate calculated by the Calculation Agent as the average of the Reference Rates quoted by four leading banks in Sydney to leading banks in Sydney at or about 10.15 a.m. (Sydney time) on the Interest Determination Date for a period equivalent to the Interest Period or, if the Calculation Agent is unable to obtain at least two quotes in accordance with the foregoing, the rate the Calculation Agent calculates as the average of the rates per annum (being the nearest equivalent to the Reference Rate) quoted by two or more leading banks in Sydney selected by the Calculation Agent to leading banks in the Sydney at or about 10.30 a.m. (Sydney time) on the Interest Determination Date for a period equivalent to the Interest Period.

If the Reference Rate from time to time in respect of Floating Rate Covered Bonds is specified in the Applicable Final Terms as being other than BBSW, LIBOR, EURIBOR, HIBOR, BA-CDOR, SIBOR, BKBM or NIBOR, the Rate of Interest in respect of such Covered Bonds will be determined as provided in the Applicable Final Terms.

*(C) BBSW Determination for Floating Rate Covered Bonds*

Where "BBSW Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be the rate for prime bank eligible securities (expressed as a percentage rate per annum), having a tenor closest to the relevant Interest Period, which is designated as the "AVG MID" (the **BBSW Rate**) on the BBSW Page (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) at or about the BBSW Publication Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

If the BBSW Page is not available, or if the BBSW Rate does not appear on the BBSW Page by 10.30 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BBSW Publication Time in the Relevant Financial Centre), the Rate of Interest shall be determined in good faith by the Principal Paying Agent on the Interest

Determination Date, after consultation with the Issuer, having regard to comparable indices then available.

If the Principal Paying Agent is unable to determine the Rate of Interest in accordance with the preceding paragraph, the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 4(b)(ii)(C):

**BBSW Page** means the Reuters Screen “BBSW” Page, or such other page on the Reuters Monitor Money Rates Service (or a successor service) as may replace such page for the purpose of displaying the Australian Bank Bill Swap Rate;

**BBSW Publication Time** means 10.15 a.m. (or such other time at which the BBSW Rate customarily appears on the BBSW Page);

**Interest Determination Date** shall mean the date specified as such in the Final Terms or if none is so specified, the first day of each Interest Period; and

**Relevant Financial Centre** shall mean Sydney, as specified in the applicable Final Terms.

(D) *BKBM Determination for Floating Rate Covered Bonds*

Where "BKBM Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be the “Bank Bill Reference Rate (FRA)” (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) administered by the New Zealand Financial Markets Association (or any other person that takes over the administration of that rate), having a tenor closest to the relevant Interest Period (the **BKBM Rate**), as set forth on the display page designated on the BKBM Page at or about the BKBM Publication Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

If the BKBM Page is not available, or if the BKBM Rate does not appear on the BKBM Page by 11.00 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BKBM Publication Time in the Relevant Financial Centre), the Rate of Interest shall be determined in good faith by the Principal Paying Agent on the Interest Determination Date after consultation with the Issuer, having regard to the rates otherwise bid and offered at or around 11.00am in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BKBM Publication Time in the Relevant Financial Centre) on the Interest Determination Date by participants in the BKBM trading window for New Zealand bank bills having a tenor closest to the relevant Interest Period.

If the Principal Paying Agent is unable to determine the Rate of Interest in accordance with the preceding paragraph, the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period,

the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 4(b)(ii)(D):

**BKBM Page** means the Reuters Screen “BKBM” Page, or such other page on the Reuters Monitor Money Rates Service (or a successor service) as may replace such page for the purpose of displaying the New Zealand Bank Bill reference rate;

**BKBM Publication Time** means 10.45 a.m. (or such other time at which the BKBM Rate customarily appears on the BKBM Page);

**Interest Determination Date** shall mean the date specified as such in the Final Terms or if none is so specified, the first day of each Interest Period; and

**Relevant Financial Centre** shall mean Auckland and Wellington, as specified in the applicable Final Terms.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the Applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period will be such Minimum Rate of Interest.

If the Applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period will be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Principal Paying Agent and the Calculation Agent, in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent and the Calculation Agent, in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, will calculate the amount of interest payable on the Floating Rate Covered Bonds (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount will be calculated by applying the Rate of Interest to:

- (A) in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, the Principal Amount Outstanding of the A\$ Registered Covered Bond;
- (B) in the case of Floating Rate Covered Bonds which are represented by a Global Covered Bond, the aggregate outstanding nominal amount of the Covered Bonds represented by such Global Covered Bond; or
- (C) in the case of Floating Rate Covered Bonds in definitive form, the Calculation Amount,

and, in each case multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Covered Bond in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

If "Interest Amounts Non-Adjusted" is specified in the Applicable Final Terms then notwithstanding the bringing forward or postponement (as applicable) of an Interest Payment Date as a result of the application of the Business Day Convention set out in the Applicable Final Terms, the Interest Amount in respect of the relevant Interest Period and each subsequent Interest Period will be calculated as stated above on the basis of the original Interest Payment Dates without adjustment in accordance with the applicable Business Day Convention.

**Day Count Fraction** means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if **Actual/Actual** or **Actual/Actual (ISDA)** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if **Actual/365 (Fixed)** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if **Actual/365 (Sterling)** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if **Actual/360** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (E) if **30/360, 360/360** or **Bond Basis** is specified in the Applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (F) if **30E/360** or **Eurobond Basis** is specified in the Applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30; and

- (G) if **30E/360 (ISDA)** is specified in the Applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day of the Interest Period, unless (i) that day is the last day of February but not the Final Maturity Date (or, as the case may be, the Extended Due for Payment Date) or (ii) such number would be 31, in which case D2 will be 30.

(v) *Linear Interpolation*

Where "Linear Interpolation" is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where "Screen Rate Determination" is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where "ISDA Determination" is specified as applicable in the applicable Final Terms) or the relevant BBSW Rate (where "BBSW Determination" is specified as applicable in the applicable Final Terms) or the relevant BKBM Rate (where "BKBM Determination" is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(vi) *Notification of Rate of Interest and Interest Amounts*

The Principal Paying Agent and the Calculation Agent, in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Bond Trustee and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Covered Bonds are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth Business Day (as defined in Condition 4(b)(i)), except in the case of the Luxembourg Stock Exchange will be notified no later than the first Business Day of the relevant Interest Period, thereafter by the Principal Paying Agent or the Calculation Agent. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such

amendment or alternative arrangements will be promptly notified to the Bond Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Covered Bonds are for the time being listed or by which they have been admitted to listing and to the Covered Bondholders in accordance with Condition 13.

*(vii) Determination or Calculation by Bond Trustee*

If for any reason at any relevant time after the Issue Date, the Principal Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Paying Agent or the Calculation Agent defaults in its obligation to calculate any Interest Amount in accordance with subparagraph (ii) above or as otherwise specified in the Applicable Final Terms, as the case may be, and in each case in accordance with paragraph (iv) above, the Bond Trustee may determine (or appoint an agent to determine) the Rate of Interest at such rate as, in its absolute discretion (having such regard as it thinks fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the Applicable Final Terms), it deems fair and reasonable in all the circumstances or, as the case may be, the Bond Trustee may calculate (or appoint an agent to calculate) the Interest Amount(s) in such manner as it deems fair and reasonable. In making any such determination or calculation, the Bond Trustee may appoint and rely on a determination or calculation by a calculation agent (which must be an investment bank or other suitable entity of international repute). Each such determination or calculation will be deemed to have been made by the Principal Paying Agent or the Calculation Agent, as the case may be.

*(viii) Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Principal Paying Agent or the Calculation Agent or the Bond Trustee will (in the absence of wilful default, fraud or manifest error or proven error) be binding on the Issuer, the Covered Bond Guarantor, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Bond Trustee and all the Covered Bondholders and Couponholders and (in the absence of wilful default or fraud or proven error) no liability to the Issuer the Covered Bond Guarantor, the Covered Bondholders or the Couponholders will attach to the Principal Paying Agent or the Calculation Agent or the Bond Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

**(c) *Accrual of interest***

Interest (if any) will cease to accrue on each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused or default is otherwise made in the payment thereof, in which event interest will continue to accrue as provided in the Bond Trust Deed.

**5. *Payments***

**(a) *Method of payment***

Subject as provided below:

- (i) payments in a Specified Currency other than Euro will be made by credit or electronic transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian Dollars will be Sydney); and
- (ii) payments in Euro will be made by credit or electronic transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment but without prejudice to the provisions of Condition 7. For the avoidance of doubt, any amounts to be paid on the Covered Bonds will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Internal Revenue Code (the **Code**), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding. References to Specified Currency will include any successor currency under applicable law.

**(b) *Presentation of Bearer Definitive Covered Bonds and Coupons***

Payments of principal and interest (if any) in respect of Bearer Definitive Covered Bonds will (subject as provided below) be made in the manner provided in Condition 5(a) above only against presentation and surrender of Bearer Definitive Covered Bonds or Coupons, as the case may be, at any specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Covered Bonds in definitive bearer form (other than Long Maturity Covered Bonds) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression will include Coupons falling to be issued on exchange of matured Talons), failing which an amount equal to the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the total amount due) will be deducted from the amount due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon amounts in respect of any Fixed Rate Covered Bond in definitive bearer form becoming due and repayable by the Issuer (in the absence of a Notice to Pay) or the Covered Bond Guarantor under the Covered Bond Guarantee prior to its Final Maturity Date (or, as the case may be, Extended Due for Payment Date), all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Covered Bond or Long Maturity Covered Bond in definitive bearer form, all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) will become void and no payment or, as the case may be, exchange for further Coupons will be made in respect thereof. A **Long Maturity Covered Bond** is a Fixed Rate Covered

Bond (other than a Fixed Rate Covered Bond which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Covered Bond will cease to be a Long Maturity Covered Bond on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the Principal Amount Outstanding of such Covered Bond. If the date for redemption of any Bearer Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date will be payable only against surrender of the relevant Bearer Definitive Covered Bond.

**(c) *Payments in respect of Bearer Global Covered Bonds***

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Bearer Global Covered Bond will (subject as provided below) be made in the manner specified above in relation to Bearer Definitive Covered Bonds and otherwise in the manner specified in the relevant Global Covered Bond (against presentation or surrender, as the case may be, of such Global Covered Bond at the specified office of any Paying Agent outside the United States). On the occasion of each payment, a record of such payment made on such Bearer Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Covered Bond by the Paying Agent and such record will be *prima facie* evidence that the payment in question has been made.

**(d) *Payments in respect of Registered Covered Bonds***

Payments of principal in respect of each Registered Covered Bond (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Covered Bond at the specified office of the relevant Registrar or the Paying Agents. Such payments will be made by electronic transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register of holders of the Registered Covered Bonds maintained by the relevant Registrar at the close of business on the third Business Day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Covered Bonds held by a holder is less than US\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, will be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than Euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian Dollars will be Sydney) and (in the case of a payment in Euro) any bank which processes payments in Euro.

Payments of interest in respect of each Registered Covered Bond (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail to the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register at the close of business on (i) in the case of Global Covered Bonds in registered form, the Business Day prior to the relevant due date and (ii) in the case of Registered Definitive Covered Bonds, the Business Day falling 15 days prior to the relevant due date (the **Record Date**) at the holder's address shown in the Register on the Record Date and at the holder's risk. Upon application of the holder to the specified office of the relevant Registrar not less than three Business Days before the due date for any payment of interest in respect of a Registered Covered Bond, the payment may be made by electronic transfer on the due date in the manner

provided in the preceding paragraph. Any such application for electronic transfer will be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Covered Bonds which become payable to the holder who has made the initial application until such time as the relevant Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Covered Bond on redemption will be made in the same manner as payment of the principal in respect of such Registered Covered Bond.

Holders of Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses will be charged to such holders by the relevant Registrar in respect of any payments of principal or interest in respect of the Registered Covered Bonds.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Covered Bond in respect of Covered Bonds denominated in a Specified Currency other than U.S. dollars will be paid by electronic transfer by the Paying Agent to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Principal Agency Agreement.

None of the Issuer, the Covered Bond Guarantor, the Bond Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

**(e) *Payments in respect of A\$ Registered Covered Bonds***

Payments of principal in respect of each A\$ Registered Covered Bond will be made to the person who is the holder of the A\$ Registered Covered Bond at 10.00 am in the place where the A\$ Register in relation to the A\$ Registered Covered Bonds is maintained on the due date.

Payments of interest in respect of each A\$ Registered Covered Bond will be made to the person who is the holder of the A\$ Registered Covered Bond at 4.00 pm in the place where the A\$ Register in relation to the A\$ Registered Covered Bonds is maintained on the A\$ Record Date.

Payment of the interest due in respect of each A\$ Registered Covered Bond on the redemption will be made in the same manner as payment of principal in respect of each A\$ Registered Covered Bond.

If the A\$ Registered Covered Bond is lodged in the Austraclear System, payments in respect of the A\$ Registered Covered Bonds will be by transfer to the relevant account of the holder of the beneficial interest in the A\$ Registered Covered Bond in accordance with the Austraclear Regulations.

If the A\$ Registered Covered Bond is not lodged in the Austraclear System, payments in respect of the A\$ Registered Covered Bonds will be made by crediting on the relevant due date, the amount due to the account previously notified by the holder of the A\$ Registered Covered Bond to the Issuer and the A\$ Registrar. If the holder of the A\$ Registered Covered Bond has not notified the Issuer and the A\$ Registrar of an account to which payments to it must be made by close of business in the place where the A\$ Register is maintained on the A\$ Record Date, the payments will be made by a cheque in Australian Dollars and mailed by uninsured prepaid ordinary mail on the AU Business Day immediately before the relevant due date to the holder (or the first named of joint holders) of the

A\$ Registered Covered Bond at the holder's address shown in the A\$ Register on the A\$ Record Date and at the holder's risk.

No payment of interest in respect of an A\$ Registered Covered Bond will be made to an address in the United States or transferred to an account maintained by the holder of the A\$ Registered Covered Bond in the United States.

Holders of A\$ Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any A\$ Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses will be charged to such holders by the A\$ Registrar in respect of any payments of principal or interest in respect of the A\$ Registered Covered Bonds.

None of the Issuer, the Covered Bond Guarantor or the Bond Trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the A\$ Registered Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

**(f) *General provisions applicable to payments***

The holder of a Global Covered Bond (or, as provided in the Bond Trust Deed, the Bond Trustee) will be the only person entitled to receive payments in respect of Covered Bonds represented by such Global Covered Bond and the Issuer or, as the case may be, the Covered Bond Guarantor will be discharged by payment to, or to the order of, the holder of such Global Covered Bond (or the Bond Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of DTC, Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Covered Bonds represented by such Global Covered Bond must look solely to DTC, Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or the Covered Bond Guarantor to, or to the order of, the holder of such Global Covered Bond (or the Bond Trustee, as the case may be). No person other than the holder of the relevant Global Covered Bond (or, as provided in the Bond Trust Deed, the Bond Trustee) will have any claim against the Issuer or the Covered Bond Guarantor in respect of any payments due on that Global Covered Bond.

Notwithstanding the foregoing provisions of this Condition, payments of principal and/or interest in U.S. dollars in respect of the Bearer Covered Bonds will only be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of interest on the Bearer Covered Bonds in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Trust Manager, adverse tax consequences to the Issuer or the Covered Bond Guarantor.

**(g) *Payment Day***

If the date for payment of any amount in respect of any Covered Bond or Coupon is not a Payment Day (as defined below), the holder thereof will not be entitled to payment of the relevant amount due until the next following Payment Day and will not be entitled to any interest or other sum in respect of any such delay. In this Condition (unless otherwise specified in the Applicable Final Terms), **Payment Day** means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
  - (A) the relevant place of presentation;
  - (B) Sydney and, in the case of Covered Bonds that are not A\$ Registered Covered Bonds, London; and
  - (C) any Additional Financial Centre specified in the Applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the places specified in Condition 5(g)(i) and which, if the Specified Currency is Australian Dollars, will be Sydney) or (2) in relation to any sum payable in Euro, a day on which the TARGET 2 System is open; and
- (iii) in the case of any payment in respect of a Registered Global Covered Bond denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Covered Bond) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

**(h) *Interpretation of principal and interest***

Any reference in these Conditions to principal in respect of the Covered Bonds will be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertakings or covenants given in addition thereto, or in substitution therefor, pursuant to the Bond Trust Deed;
- (ii) the Final Redemption Amount of the Covered Bonds;
- (iii) the Early Redemption Amount of the Covered Bonds;
- (iv) the Optional Redemption Amount(s) (if any) of the Covered Bonds;
- (v) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 6(f));

- (vi) any premium and any other amounts (other than interest) which may be payable under or in respect of the Covered Bonds; and
- (vii) any Excess Proceeds which may be payable by the Bond Trustee under or in respect of the Covered Bonds.

Any reference in these Conditions to interest in respect of the Covered Bonds will be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or under any undertakings given in addition thereto, or in substitution therefor, pursuant to the Bond Trust Deed.

**(i) *Redenomination***

Where redenomination is specified in the Applicable Final Terms as being applicable, the Issuer may, without the consent of the Covered Bondholders and the Couponholders, on giving prior written notice to the Bond Trustee, the Security Trustee, the Principal Paying Agent, the Registrar (in the case of Registered Covered Bonds), Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Covered Bondholders in accordance with Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Covered Bonds will be redenominated in Euro. In relation to any Covered Bonds where the Applicable Final Terms provides for a minimum Specified Denomination in the Specified Currency which is equivalent to at least Euro 100,000 and which are admitted to trading on a regulated market in the European Economic Area, it will be a term of any such redenomination that the holder of any Covered Bonds held through Euroclear and/or Clearstream, Luxembourg and/or DTC must have credited to its securities account with the relevant clearing system a minimum balance of Covered Bonds of at least Euro 100,000.

The election will have effect as follows:

- (i) the Covered Bonds will be deemed to be redenominated in Euro in the denomination of Euro 0.01 with a nominal amount for each Covered Bond equal to the nominal amount of that Covered Bond in the Specified Currency, converted into Euro at the Established Rate, provided that, if the Issuer determines, in consultation with the Principal Paying Agent and the Bond Trustee, that the then market practice in respect of the redenomination in Euro of internationally offered securities is different from the provisions specified above, such provisions will be deemed to be amended so as to comply with such market practice and the Issuer will promptly notify the Covered Bondholders, the competent listing authority, stock exchange and/or market (if any) on or by which the Covered Bonds may be listed and/or admitted to trading and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Covered Bonds will be calculated by reference to the aggregate nominal amount of Covered Bonds presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment will be rounded down to the nearest Euro 0.01;
- (iii) if Definitive Covered Bonds are required to be issued after the Redenomination Date, they will be issued at the expense of the Issuer in the denominations of Euro 100,000 and/or such higher amounts as the Principal Paying Agent may determine and notify to the Covered Bondholders and any remaining amounts less than Euro 100,000 will be redeemed by the Issuer and paid to the Covered Bondholders in Euro in accordance with Condition 6;

- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Covered Bonds) will become void with effect from the date on which the Issuer gives notice (the **Exchange Notice**) that replacement Euro-denominated Covered Bonds and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Covered Bonds and Coupons so issued will also become void on that date although those Covered Bonds and Coupons will continue to constitute valid exchange obligations of the Issuer. New Euro-denominated Covered Bonds and Coupons will be issued in exchange for Covered Bonds and Coupons denominated in the Specified Currency in such manner as the Principal Paying Agent may specify and as will be notified to the Covered Bondholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Covered Bonds;
- (v) after the Redenomination Date, all payments in respect of the Covered Bonds and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in Euro as though references in the Covered Bonds to the Specified Currency were to Euro. Payments will be made in Euro by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque;
- (vi) if the Covered Bonds are Fixed Rate Covered Bonds and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:
  - (A) in the case of Covered Bonds represented by a Global Covered Bond, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Covered Bonds represented by such Global Covered Bonds; and
  - (B) in the case of Definitive Covered Bonds, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Covered Bond in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding;
- (vii) if the Covered Bonds are Floating Rate Covered Bonds or Variable Interest Covered Bonds, the Applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (viii) such other changes will be made to this Condition (and the Programme Documents) as the Issuer may decide, after consultation with the Principal Paying Agent and the Bond Trustee, and as may be specified in the notice, to conform it to conventions then applicable to instruments denominated in Euro.

**(j) Definitions**

In these Conditions, the following expressions have the following meanings:

**Established Rate** means the rate for the conversion of the relevant Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into Euro established by the Council of the European Union pursuant to Article 123 of the Treaty.

**Euro** means the lawful currency for the time being of the member states of the European Union that adopt the single currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty.

**Rate of Interest** means the rate of interest payable from time to time in respect of a Series of Covered Bonds, as determined in, or as determined in the manner specified in, the Applicable Final Terms.

**Redenomination Date** means (in the case of interest bearing Covered Bonds) any date for payment of interest under the Covered Bonds or (in the case of Zero Coupon Covered Bonds) any date, in each case specified by the Issuer in the notice given to the Covered Bondholders pursuant to Condition 5(i)(i) and which falls on or after the date on which the country of the relevant Specified Currency first participates in the third stage of European economic and monetary union.

**Treaty** means the Treaty on the functioning of the European Community, as amended.

**6. Redemption and Purchase**

**(a) Final redemption**

Unless previously redeemed in full or purchased and cancelled as specified below, each Covered Bond will be redeemed by the Issuer at par (the **Final Redemption Amount**) in the relevant Specified Currency on the Final Maturity Date.

Without prejudice to Condition 9, if an Extended Due for Payment Date is specified as "applicable" in the Final Terms for a Series of Covered Bonds and the Issuer has failed to pay the Final Redemption Amount on the Final Maturity Date specified in the Final Terms (or after expiry of the grace period set out in Condition 9(a)(i)) and, following the service of a Notice to Pay on the Covered Bond Guarantor by no later than the date falling one Business Day prior to the Extension Determination Date, the Trust Manager determines that the Covered Bond Guarantor has insufficient moneys available under the Guarantee Priority of Payments to pay the Guaranteed Amounts corresponding to the Final Redemption Amount in full in respect of the relevant Series of Covered Bonds on the date falling on the earlier of (a) the date which falls two Business Days after service of such Notice to Pay on the Covered Bond Guarantor or, if later, the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9(a)(i)) under the terms of the Covered Bond Guarantee and (b) the Extension Determination Date, then (subject as provided below) payment of the unpaid amount by the Covered Bond Guarantor under the Covered Bond Guarantee will be deferred until the Extended Due for Payment Date, provided that the Covered Bond Guarantor (at the direction of the Trust Manager) may pay any amount representing the Final Redemption Amount on the relevant Final Maturity Date and any amount representing the Final Redemption Amount due and remaining unpaid on the earlier of (a) and (b) above may also be paid by the Covered Bond Guarantor (at the direction of the Trust Manager) on any Interest Payment Date thereafter up to (and including) the Extended Due for Payment Date. The Issuer will confirm

to the Principal Paying Agent or the A\$ Registrar (in the case of A\$ Registered Covered Bonds) as soon as reasonably practicable and in any event at least four Business Days prior to the Final Maturity Date of a Series of Covered Bonds whether (x) payment will be made in full of the Final Redemption Amount in respect of a Series of Covered Bonds on that Final Maturity Date or (y) payment will not be made in full of the Final Redemption Amount in respect of a Series of Covered Bonds on that Final Maturity Date. Any failure by the Issuer to notify the Principal Paying Agent or the Calculation Agent (as the case may be) will not affect the validity or effectiveness of the extension.

The Trust Manager will notify the relevant Covered Bondholders (in accordance with Condition 13), the Rating Agencies, the Bond Trustee, the Security Trustee, the Principal Paying Agent and the relevant Registrar or the A\$ Registrar (in the case of Registered Covered Bonds or A\$ Registered Covered Bonds, as applicable) as soon as reasonably practicable and in any event at least one Business Day prior to the dates specified in (a) and (b) of the preceding paragraph of any determination by the Trust Manager of the inability of the Covered Bond Guarantor to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of a Series of Covered Bonds pursuant to the Covered Bond Guarantee. Any failure by the Trust Manager to notify such parties will not affect the validity or effectiveness of the extension nor give rise to any rights in any such party. In such circumstances, the Trust Manager must direct the Covered Bond Guarantor to, and upon receiving such direction the Covered Bond Guarantor must, on the earlier of (a) the date falling two Business Days after the service of a Notice to Pay on the Covered Bond Guarantor or if later the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9(a)(i)) and (b) the Extension Determination Date, under the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) *rateably* in part payment of an amount equal to the Final Redemption Amount of each Covered Bond of the relevant Series of Covered Bonds and will pay Guaranteed Amounts constituting the Scheduled Interest in respect of each such Covered Bond on such date. The obligation of the Covered Bond Guarantor to pay any amounts in respect of the balance of the Final Redemption Amount not so paid will be deferred as described above. Such failure to pay by the Covered Bond Guarantor will not constitute a Covered Bond Guarantor Event of Default.

Any discharge of the obligations of the Issuer as a result of the payment of Excess Proceeds to the Bond Trustee will be disregarded for the purposes of determining the amounts to be paid by the Covered Bond Guarantor under the Covered Bond Guarantee in connection with this Condition 6(a).

For the purposes of these Conditions:

**Extended Due for Payment Date** means, in relation to any Series of Covered Bonds, the date, if any, specified as such in the Applicable Final Terms to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Final Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on the dates specified in Condition 6(a) above.

**Extension Determination Date** means, in respect of a Series of Covered Bonds, the date falling two Business Days after the expiry of seven days starting on (and including) the Final Maturity Date of such Series of Covered Bonds.

**Guarantee Priority of Payments** means the guarantee priority of payments relating to the allocation and distribution of all Available Revenue Receipts and Available Principal Receipts following service of a Notice to Pay on the Covered Bond Guarantor, but prior to service of a Covered Bond

Guarantee Acceleration Notice on the Covered Bond Guarantor in accordance with clause 17.5 of the Establishment Deed.

**Rating Agency** means any one of Moody's Investors Service Pty Limited and Fitch Australia Pty Limited (together, the **Rating Agencies**) or their successors, to the extent they provide ratings in respect of the Covered Bonds.

**(b) *Redemption for taxation reasons***

The Covered Bonds may be redeemed at the option of the Issuer in whole, or in part, at any time (if this Covered Bond is not a Floating Rate Covered Bond) or on any Interest Payment Date (if this Covered Bond is a Floating Rate Covered Bond), on giving not less than 30 nor more than 60 days' notice to the Bond Trustee and, in accordance with Condition 13, the Covered Bondholders (which notice will be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that, on the occasion of the next Interest Payment Date, the Issuer is or will be required to pay additional amounts as provided or referred to in Condition 7. Covered Bonds redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

**(c) *Redemption at the option of the Issuer (Issuer Call)***

If Issuer Call is specified in the Applicable Final Terms, the Issuer may, having (unless otherwise specified, in the Applicable Final Terms) given not less than 30 nor more than 60 days' notice to the Bond Trustee, (other than in the case of the redemption of Registered Covered Bonds) the Principal Paying Agent, (in the case of the redemption of Registered Covered Bonds or A\$ Registered Covered Bonds) the relevant Registrar or the A\$ Registrar (as applicable) and, in accordance with Condition 13, the Covered Bondholders (which notice will be irrevocable) redeem all or some only (as specified in the Applicable Final Terms) of the Covered Bonds then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the Applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Upon expiry of such notice, the Issuer will be bound to redeem the Covered Bonds accordingly. In the event of a redemption of some only of the Covered Bonds, such redemption must be for an amount being the Minimum Redemption Amount (as specified in the Applicable Final Terms) or a Maximum Redemption Amount (as specified in the Applicable Final Terms). In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the **Redeemed Covered Bonds**) will be selected:

- (i) in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, individually by lot;
- (ii) in the case of Redeemed Covered Bonds represented by a Global Covered Bond, in accordance with the rules of DTC, Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of DTC, Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) (or any alternative or additional clearing system as may be specified in the Final Terms); and
- (iii) in the case of Redeemed Covered Bonds which are A\$ Registered Covered Bonds, on the basis that the Redeemed Covered Bonds must be a multiple of their Specified Denominations,

in each case, not more than 60 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, a list of the serial numbers of such Redeemed Covered Bonds will be published in accordance with Condition 13 not less than 30 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds will bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Dates, provided that such first mentioned nominal amount will, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond will be equal to the balance of the Redeemed Covered Bonds. No exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 6(c) and notice to that effect will be given by the Issuer to the Covered Bondholders in accordance with Condition 13 at least 30 days prior to the Selection Date.

**(d) *Redemption at the option of the Covered Bondholders (Investor Put)***

If Investor Put is specified in the Applicable Final Terms, upon the holder of any Covered Bond giving the Issuer not less than 30 nor more than 60 days' written notice as specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the Applicable Final Terms, such Covered Bond on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date

To exercise the right to require redemption of a Covered Bond the holder thereof must, if the Covered Bond is in definitive form and held outside Euroclear and Clearstream, Luxembourg or DTC, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 6(d) accompanied by this Covered Bond. If this Covered Bond is represented by a Global Covered Bond held through Euroclear or Clearstream, Luxembourg or DTC to exercise the right to require redemption of this Covered Bond the holder of this Covered Bond must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or DTC, (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or DTC, or any common depository, for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg or DTC from time to time and, if this Covered Bond is represented by a Global Covered Bond, at the same time present or procure the presentation of the relevant Global Covered Bond to the Agent for notation accordingly. If this Covered Bond is an A\$ Registered Covered Bond lodged in the Austraclear System, to exercise the right to require redemption of this Covered Bond the holder of the beneficial interest in this Covered Bond must, within the notice period, give notice to the A\$ Registrar of such exercise in accordance with the Austraclear Regulations. If this Covered Bond is an A\$ Registered Covered Bond held outside of the Austraclear System, to exercise a right to require redemption of this Covered Bondholder must, within the notice period, give notice to the Issuer and the A\$ Registrar of such exercise in a form acceptable to the A\$ Registrar together with any evidence the A\$ Registrar may require to establish title of the Covered Bondholder to the relevant Covered Bond.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg, the Austraclear System or DTC, given by a holder of any Covered Bond pursuant to this Condition 6(d) will be irrevocable except where, prior to the due date of redemption, an Issuer Event of Default or a Covered Bond Guarantor Event of Default has occurred and is continuing and the Bond Trustee has declared the Covered Bonds to be due and payable pursuant to Condition 9, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 6(d) and instead request or direct the Bond Trustee to declare such Covered Bond forthwith due and payable pursuant to Condition 9.

**(e) *Redemption due to illegality***

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice as specified in the applicable Final Terms to the Bond Trustee, the Principal Paying Agents, the Registrars and, in accordance with Condition 13, all the Covered Bondholders (which notice will be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that it has, or will before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Intercompany Note Subscriber and/or the Demand Note Subscriber to subscribe for or continue to fund any Intercompany Note and/or the Demand Note held by the Intercompany Note Subscriber or the Demand Note Subscriber, as the case may be, issued by the Covered Bond Guarantor pursuant to the Intercompany Note Subscription Agreement or the Demand Note Subscription Agreement, as the case may be, as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 6(e) will be redeemed at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

**(f) *Early Redemption Amounts***

For the purpose of Conditions 6(b) and 6(e) above and 6(j) below and Condition 9, each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of a Covered Bond (other than a Zero Coupon Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Covered Bond is denominated, at the amount specified in, the Applicable Final Terms or, if no such amount is so specified in the Applicable Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Covered Bond, at an amount (the **Amortised Face Amount**) equal to the sum of:
  - (a) the Reference Price; and
  - (b) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, it will be made (i) in the case of a Zero Coupon Covered Bond payable in a Specified Currency other than Euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (ii) in the case of a Zero Coupon Covered Bond payable in Euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non leap year divided by 365) or (iii) on such other calculation basis as may be specified in the Applicable Final Terms.

**(g) [Reserved]**

**(h) Purchases**

The Issuer or any of its subsidiaries or the Covered Bond Guarantor (acting at the direction of the Trust Manager) may at any time purchase or otherwise acquire Covered Bonds (provided that, in the case of Bearer Definitive Covered Bonds, Coupons and Talons appertaining thereto are attached thereto or surrendered therewith) at any price and in any manner. If purchases are made by tender, tenders must be available to all the Covered Bondholders alike. Such Covered Bonds may be held, reissued, resold or, in respect of Covered Bonds other than A\$ Registered Covered Bonds, at the option of the Issuer or the relevant subsidiary, surrendered to the relevant Registrar and/or the relevant Paying Agent, for cancellation (except that any Covered Bonds (other than A\$ Registered Covered Bonds) purchased or otherwise acquired by the Covered Bond Guarantor must immediately be surrendered to the relevant Registrar and/or to any Paying Agent for cancellation).

**(i) Cancellation**

All Covered Bonds (other than A\$ Registered Covered Bonds) which are redeemed in full will forthwith be cancelled (together with, in the case of Bearer Definitive Covered Bonds, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Covered Bonds so cancelled and any Covered Bonds purchased and surrendered for cancellation pursuant to Condition 6(h) above and cancelled (together with, in the case of Bearer Definitive Covered Bonds, Coupons and Talons cancelled therewith) will be forwarded to the Principal Paying Agent and cannot be held, reissued or resold.

**(j) Late payment on Zero Coupon Covered Bonds**

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such Zero Coupon Covered Bond pursuant to Condition 6(a), (b), (c), (d) or (e) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused or default is otherwise made in the payment thereof, the amount due and repayable in respect of such Zero Coupon Covered Bond will be the amount calculated as provided in Condition 6(f)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Covered Bond have been paid; and
- (ii) the date on which the full amount of the moneys payable in respect of such Zero Coupon Covered Bonds has been received by the Principal Paying Agent (other than in the case of A\$ Registered Covered Bonds), the Bond Trustee, the relevant Registrar or, in the case of A\$ Registered Covered Bonds, the A\$ Registrar or the relevant Covered Bondholder and

notice to that effect has been given to the Covered Bondholders either in accordance with Condition 13 or individually.

**(k) Certification on redemption under Condition 6(b) and 6(e)**

Prior to the publication of any notice of redemption pursuant to Condition 6(b) or (e), the Issuer will deliver to the Bond Trustee a certificate signed by two Authorised Signatories (as defined in the Definitions Schedule) of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Bond Trustee will be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it will be conclusive and binding on all holders of the Covered Bonds and Couponholders.

**7. Taxation**

All payments of principal and interest (if any) in respect of the Covered Bonds and Coupons by or on behalf of the Issuer and all payments of Guaranteed Amounts by or on behalf of the Covered Bond Guarantor, as the case may be, must be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Australia or any political sub-division thereof or by any authority therein or thereof having power to tax unless such withholding or deduction is required by law or regulation or administrative practice of any jurisdiction.

If the Applicable Final Terms indicate that tax-gross up by the Issuer in accordance with this Condition 7 is applicable, in the event of such a withholding or deduction being made by the Issuer in respect of a payment made by it, the Issuer will pay such additional amounts as will be necessary in order that the net amounts received by the Covered Bondholders or Couponholders after such withholding or deduction will equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Covered Bonds or Coupons, as the case may be, in the absence of such withholding or deduction; except that the foregoing obligation to pay additional amounts will not apply to any such tax, assessment, governmental charge or duty:

- (a) which is payable otherwise than by deduction or withholding from payments of principal of and interest on such Covered Bond or Coupon;
- (b) which is payable by reason of the Covered Bondholder or Couponholder or beneficial owner (or any one of them in case of principal or interest derived by two or more persons jointly) having, or having had, some personal or business connection with Australia (other than mere ownership of or receipt of payment under the Covered Bonds or Coupons or the fact that payments are, or for the purposes of taxation are deemed to be, from sources in, or secured in Australia);
- (c) which is payable solely by reason of the Covered Bondholder's or Couponholder's or beneficial owner's failure to comply with any certification, identification or other reporting requirement concerning nationality, residence, identity, connection with taxing jurisdiction of the Covered Bondholder or Couponholder or other beneficial owner of such Covered Bond;
- (d) which is payable by reason of a change in law that becomes effective more than thirty days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(g));

- (e) which is an estate, inheritance, gift, sales, transfer, personal property, stamp duty or similar tax, assessment or other charge;
- (f) which is payable by reason of the Covered Bondholder or Couponholder or beneficial owner of such Covered Bond or Coupon being an associate of the Issuer or the Covered Bond Guarantor for the purposes of section 128F of the Tax Act;
- (g) which is imposed or withheld as a consequence of a determination having been made under Part IVA of the Tax Act (or any modification or equivalent thereof) by the Commissioner of Taxation of the Commonwealth of Australia that withholding tax is payable in respect of a payment in circumstances where the payment would not have been subject to withholding tax in the absence of the scheme which was the subject of that determination;
- (h) with respect to any payment of principal of or interest (including original issue discount) on the Covered Bonds and Coupons by the Issuer to any Covered Bondholder or Couponholder who is a fiduciary or partnership or other than the sole beneficial owner of any such payment to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or any other beneficial owner would not have been entitled to the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of such Covered Bonds and Coupons; or
- (i) any combination of (a) through (h) above.

For the avoidance of doubt, any amounts to be paid on the Covered Bonds and Coupons will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding.

If the Applicable Final Terms indicate that tax gross-up by the Issuer in accordance with this Condition 7 is not applicable or do not indicate that Condition 7 is applicable, if any payments of principal and interest (if any) in respect of the Covered Bonds and Coupons by or on behalf of the Issuer are or become subject to any withholding or deduction, on account of any taxes, duties or other charges of whatever nature, imposed or levied by or on behalf of Australia or by any other authority having power to tax, the Issuer will not be obliged to pay any additional amount as a consequence. For purposes of the preceding sentence and the next paragraph, any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code shall be deemed a tax imposed by the United States.

If any payments made by the Covered Bond Guarantor under the Covered Bond Guarantee are or become subject to any withholding or deduction, on account of any taxes, duties or other charges of whatever nature, imposed or levied by or on behalf of Australia or by any other authority having power to tax, the Covered Bond Guarantor will not be obliged to pay any additional amount as a consequence. For purposes of the preceding sentence and the next paragraph, any withholding imposed pursuant to Sections 1471 through 1474 of the Code, and any regulations thereunder, agreements entered into pursuant thereto, or official interpretations thereof, shall be deemed a tax imposed by the United States.

As used herein the **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Bond Trustee or the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

## 8. **Prescription**

The Covered Bonds (other than A\$ Registered Covered Bonds), whether in bearer or registered form and Coupons will become void unless presented for payment within ten years (in the case of principal) and five years (in the case of interest) in each case from the Relevant Date (as defined in Condition 7) therefor, subject in each case to the provisions of Condition 5.

There will not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 or Condition 5 or any Talon which would be void pursuant to Condition 5.

## 9. **Events of Default and Enforcement**

### (a) ***Issuer Events of Default***

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose or the purpose of any Extraordinary Resolution (as defined in Condition 14) referred to in this Condition 9(a) means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Bond Trust Deed) then outstanding, as if they were a single Series (with the Principal Amount Outstanding of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of the Covered Bondholders will, (but in the case of the happening of any of the events mentioned in subparagraph (iii), (iv), (v), (vi), (viii) or (ix) inclusive below, only if the Bond Trustee will have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series) (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction) give notice (an **Issuer Acceleration Notice**) in writing to the Issuer (copied to the Covered Bond Guarantor) that as against the Issuer (but not, for the avoidance of doubt, as against the Covered Bond Guarantor under the Covered Bond Guarantee) each Covered Bond of each Series is, and each such Covered Bond will, unless such event will have been cured by the Issuer prior to the Issuer's receipt of the notice in writing from the Bond Trustee, thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Bond Trust Deed if any of the following events (each an **Issuer Event of Default**) will occur and be continuing:

- (i) default by the Issuer in any payment when due of principal on the Covered Bonds or any of them and the default continues for a period of seven days;
- (ii) default by the Issuer in payment when due of any instalment of interest on the Covered Bonds or any of them and the default continues for a period of 30 days;
- (iii) a failure by the Issuer to perform or observe any of its other obligations under the Conditions or the Bond Trust Deed and the failure continues for the period of 30 days next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied;

- (iv) a distress or execution or other legal process is levied or enforced upon or sued out or put in force against any part of the property, assets or revenues of the Issuer and such distress or execution or other legal process, as the case may be, is not discharged or stayed within 14 days of having been so levied, enforced or sued out;
- (v) an encumbrancer takes possession or a receiver or administrator is appointed of the whole or any part of the undertaking, property, assets or revenues of the Issuer (other than in respect of moneys borrowed or raised on a non-recourse basis);
- (vi) the Issuer (a) becomes insolvent or is unable to pay its debts as they mature; or (b) applies for or consents to or suffers the appointment of a liquidator or receiver or administrator of the Issuer or of the whole or any part of the undertaking, property, assets or revenues of the Issuer (other than in respect of moneys borrowed or raised on a non-recourse basis); or (c) takes any proceeding under any law for a readjustment or deferment of its obligations or any part thereof or makes or enters into a general assignment or any arrangement or composition with or for the benefit of creditors;
- (vii) other than under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency either an order is made for the winding-up of the Issuer or an effective resolution is passed by shareholders or members for the winding-up of the Issuer;
- (viii) a moratorium will be agreed or declared in respect of any indebtedness of the Issuer or any governmental authority or agency will have condemned, seized or compulsorily purchased or expropriated all or in the opinion of the Bond Trustee a substantial part of the assets of or capital of the Issuer; or
- (ix) (a) the Issuer ceases to carry on banking business in Australia or the Issuer's authority under the Australian Banking Act or any amendment or re-enactment thereof to carry on banking business in Australia is revoked; or (b) the Issuer enters into any arrangement or agreement for any sale or disposal of the whole of its business by amalgamation or otherwise other than, in the case of (b) only, (A) under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency which results in a substitution of the principal debtor under the Covered Bonds and Coupons pursuant to Condition 14; or (B) with the consent of the Covered Bondholders by Extraordinary Resolution;
- (x) if an Asset Coverage Test Breach Notice has been served and has not been revoked (in accordance with the terms of the Programme Documents) on the next following Calculation Date after service of such Asset Coverage Test Breach Notice on the Covered Bond Guarantor; or
- (xi) if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached during the Pre-Maturity Test Period and the Covered Bond Guarantor has not taken the required actions set out in clause 14.4 of the Establishment Deed following that breach by the earlier to occur of:
  - (i) ten AU Business Days from the date that the Seller is notified of that breach; and
  - (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds.

Notwithstanding any other provision of this Condition 9(a) (other than Condition 9(a)(vii)), no Issuer Event of Default in respect of the Covered Bonds shall occur solely on account of any failure by the

Issuer to perform or observe any of its obligations in relation to, or the agreement or declaration of any moratorium with respect to, or the taking of any proceeding in respect of, any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital (as defined by APRA from time to time).

Upon the Covered Bonds becoming immediately due and repayable against the Issuer pursuant to this Condition 9(a), the Bond Trustee will forthwith serve a notice to pay (the **Notice to Pay**) on the Covered Bond Guarantor (copied to the Trust Manager) pursuant to the Covered Bond Guarantee and the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts when the same will become Due for Payment in accordance with the terms of the Covered Bond Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may or must take such proceedings or other action or step against the Issuer in accordance with Condition 9(c).

The Bond Trust Deed provides that all moneys received by the Bond Trustee following the occurrence of an Issuer Event of Default and the delivery of an Issuer Acceleration Notice and Notice to Pay, from the Issuer or any receiver, manager, liquidator, administrator, controller, statutory manager or other similar official appointed in relation to the Issuer following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice and a Notice to Pay (the **Excess Proceeds**), must be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor, as soon as practicable, and must be held by the Covered Bond Guarantor in the GIC Account and the Excess Proceeds must thereafter form part of the Charged Property and must be used by the Covered Bond Guarantor in the same manner as all other moneys from time to time standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons (as applicable and to the extent of the amount so received and subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Covered Bond Guarantor) (but will be deemed not to have done so for the purposes of subrogation rights of the Covered Bond Guarantor contemplated by the Bond Trust Deed). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and a Notice to Pay or if earlier, Service of a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable and the receipt by or on behalf of the Bond Trustee of any Excess Proceeds will not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each Covered Bondholder will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor for application in the manner as described above.

**(b) Covered Bond Guarantor Events of Default**

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose and the purpose of any Extraordinary Resolution referred to in this Condition 9(b) means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Bond Trust Deed) then outstanding as if they were a single Series (with the Principal Amount Outstanding of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of all the Covered Bondholders will, (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction), but in the case of the happening of any of the events described in

paragraph (ii) below, only if the Bond Trustee will have certified in writing to the Issuer and the Covered Bond Guarantor that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series, give notice (the **Covered Bond Guarantee Acceleration Notice**) in writing to the Issuer and to the Covered Bond Guarantor (copied to the Trust Manager), that (x) each Covered Bond of each Series is, and each Covered Bond of each Series will as against the Issuer (if not already due and repayable against it following the service of an Issuer Acceleration Notice in accordance with Condition 9(a)), thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest and (y) all amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee will thereupon immediately become due and payable at the Guaranteed Amount corresponding to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest, in each case as provided in the Bond Trust Deed and thereafter the Security will become enforceable if any of the following events (each a **Covered Bond Guarantor Event of Default**) will occur and be continuing:

- (i) default is made by the Covered Bond Guarantor for a period of 14 days or more in the payment of any Guaranteed Amounts when Due for Payment in respect of the Covered Bonds of any Series except in the case of the payments of a Guaranteed Amount when Due for Payment under Condition 6(a) where the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts which are Due for Payment on the dates specified therein; or
- (ii) default is made by the Covered Bond Guarantor in the performance or observance of any other obligation, condition or provision binding on it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Bond Trust Deed, the Security Deed or any other Programme Document to which the Covered Bond Guarantor is a party (other than the Programme Agreement or any Subscription Agreement) and, except where such default is or the effects of such default are, in the opinion of the Bond Trustee, not capable of remedy when no such continuation and notice as is hereinafter mentioned will be required, such default continues for 30 days (or such longer period as the Bond Trustee may permit) after written notice thereof has been given by the Bond Trustee to the Covered Bond Guarantor requiring the same to be remedied; or
- (iii) an Insolvency Event occurs in respect of the Covered Bond Guarantor in its personal capacity (but not in its capacity as trustee of any trust) and the Covered Bond Guarantor is not replaced as trustee of the Trust by the Trust Manager in accordance with the Establishment Deed within 60 days of the Insolvency Event occurring; or
- (iv) a failure to satisfy the Amortisation Test (as set out in the Establishment Deed) on any Calculation Date following an Issuer Event of Default; or
- (v) the Covered Bond Guarantee is not, or is claimed by the Covered Bond Guarantor not to be, in full force and effect.

Following the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor each of the Bond Trustee and the Security Trustee may or must take such proceedings or steps in accordance with the first and third paragraphs, respectively, of Condition 9(c) and the Covered Bondholders will have a claim against the Covered Bond Guarantor, under the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 7) as provided in the Bond Trust Deed in respect of each Covered Bond.

**(c) Enforcement**

The Bond Trustee may at any time, at its discretion and without further notice, following service of an Issuer Acceleration Notice (in the case of the Issuer) or, if earlier, following service of a Covered Bond Guarantee Acceleration Notice (in the case of the Covered Bond Guarantor) take such proceedings or other action or step as it may think fit against or in relation to the Issuer and/or the Covered Bond Guarantor, as the case may be, and/or any other person as it may think fit to enforce the provisions of the Bond Trust Deed, the Covered Bonds and the Coupons or any other Programme Document, but it will not be bound to take any such enforcement proceedings or other action or step in relation to the Bond Trust Deed, the Covered Bonds or the Coupons or any other Programme Document unless (i) it has been so directed by an Extraordinary Resolution of the Covered Bondholders of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate as stated above) or so requested in writing by the holders of not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate as stated above) and (ii) it has been indemnified and/or secured and/or prefunded to its satisfaction.

In exercising any of its powers, trusts, authorities and discretions the Bond Trustee will only have regard to the interests of the Covered Bondholders of all Series equally and will not have regard to the interests of any other Secured Creditors.

The Bond Trustee may at any time, following service of a Covered Bond Guarantee Acceleration Notice at its discretion and without further notice, direct or instruct the Security Trustee to take such steps or proceedings against the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Deed or any other Programme Document and may, at any time after the Security has become enforceable, direct and instruct the Security Trustee to take such steps as it may think fit to enforce the Security.

In the event that the Bond Trustee is:

- (i) requested by the Security Trustee; or
- (ii) required by the holders of the Covered Bonds,

to provide the Security Trustee with instructions, the Bond Trustee will do so (save where expressly provided otherwise):

- (A) in the case of paragraph (a) above only, in its absolute discretion subject to and in accordance with the Bond Trust Deed; or
- (B) in the case of both paragraph (a) or (b) above, if so requested in writing by the holders of not less than 25 per cent. in aggregate of the Principal Amount Outstanding of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or directed by an Extraordinary Resolution of the holders of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Covered Bond Swap Rate),

subject in each case to the Bond Trustee being indemnified and/or secured and/or prefunded to its satisfaction prior to giving any instructions to the Security Trustee. The Bond Trustee will be entitled to request the Covered Bondholders (voting as aforesaid) to direct it in relation to any matter in relation to which the Security Trustee has requested instructions. The Bond Trustee has no obligation to monitor the performance of the Security Trustee and has no liability to any person for the performance or non-performance of the Security Trustee. In no circumstance will the Bond Trustee be required to indemnify, secure or prefund the Security Trustee.

In exercising any of its powers, trusts, authorities and discretions under this paragraph each of the Bond Trustee and the Security Trustee will only have regard to the interests of the Covered Bondholders of all Series equally and will not have regard to the interests of any other Secured Creditors.

No Covered Bondholder or Couponholder will be entitled to proceed directly against the Issuer or the Covered Bond Guarantor or to take any action with respect to the Bond Trust Deed, the Covered Bonds, the Coupons, the Security or to directly enforce the provisions of any other Programme Document, unless the Bond Trustee or the Security Trustee, as applicable, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing in which event any Covered Bondholder or Couponholder may, on giving an indemnity and/or prefunding and/or security satisfactory to the Bond Trustee, in the name of the Bond Trustee (but not otherwise) himself institute such proceedings and/or prove in the winding-up, administration or liquidation of the Issuer or the Covered Bond Guarantor to the same extent and in the same jurisdiction (but not further or otherwise than the Bond Trustee would have been entitled to do so in respect of the Covered Bonds and Coupons and/or the Bond Trust Deed).

#### **10. Replacement of Covered Bonds, Coupons and Talons**

Should any Covered Bond (other than any A\$ Registered Covered Bond), Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent in London (in the case of Bearer Covered Bonds or Coupons) or the specified office of the relevant Registrar or Transfer Agent (in the case of Registered Covered Bonds), or any other place approved by the Bond Trustee of which notice has been published in accordance with Condition 13 upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Covered Bonds (other than A\$ Registered Covered Bonds), Coupons or Talons must be surrendered before replacements will be issued.

#### **11. Principal Paying Agent, Paying Agents, Registrar, A\$ Registrar, Transfer Agent and Exchange Agent**

The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Registrar, the A\$ Registrar, the initial Transfer Agent, the initial Exchange Agent and their initial specified offices are set out below.

In the event of the appointed office of any such bank being unable or unwilling to continue to act as the Principal Paying Agent, or failing duly to determine the Rate of Interest, if applicable, or to calculate the Interest Amounts for any Interest Period, the Issuer will appoint the London office of such other bank as may be approved by the Bond Trustee to act as such in its place. The Principal Paying Agent may not resign its duties or be removed from office without a successor having been appointed as stated above.

In the event of the appointed A\$ Registrar being unable or unwilling to continue to act as the A\$ Registrar, or failing duly to comply with the A\$ Registry Agreement, the Issuer will appoint such other registrar and/or paying agent as may be approved by the Bond Trustee to act as such in its place. The A\$ Registrar may not resign its duties or be removed from office without a successor having been appointed as stated above.

The Issuer is entitled, with the prior written approval of the Bond Trustee (not to be unreasonably withheld), to vary or terminate the appointment of any Paying Agent, Registrar or A\$ Registrar and/or appoint additional or other Paying Agents, Registrars or A\$ Registrars and/or approve any change in the specified office through which any Paying Agent, Registrar or A\$ Registrar acts, provided that:

- (a) there will at all times be a Principal Paying Agent, a Registrar and, so long as any A\$ Registered Covered Bonds are outstanding, an A\$ Registrar;
- (b) so long as any of the Covered Bonds are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Covered Bonds) and a Transfer Agent (in the case of Registered Covered Bonds) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or as the case may be, other relevant authority;
- (c) so long as any of the Registered Global Covered Bonds payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be an Exchange Agent; and
- (d) the Issuer will ensure that it appoints a Paying Agent in a Member State of the European Union (other than the United Kingdom) in the event that it is required to withhold or deduct tax on payments made in the United Kingdom.

In addition, the Issuer will, when necessary appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(f). Notice of any such variation, termination, appointment or change will be given by the Issuer to the Covered Bondholders as soon as reasonably practicable in accordance with Condition 13.

In acting under the Agency Agreements, the Agents act solely as agents of the Issuer and the Covered Bond Guarantor (to the extent applicable) and do not assume any obligation to, or relationship of agency or trust with, any Covered Bondholders or Couponholders. Each Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

## **12. Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Bearer Covered Bond to which it appertains) a further Talon, subject to the provisions of Condition 8.

Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers or where published in such newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Bond Trustee approves.

For so long as the A\$ Registered Covered Bonds are lodged in the Austraclear System there may be substituted for such, publication in the *Australian Financial Review* or *The Australian* or mailing the delivery of the relevant notice to Austraclear for communication by it to the holders of beneficial interests in the A\$ Registered Covered Bonds and, in addition, for so long as any A\$ Registered Covered Bonds are listed on a stock exchange or admitted to trading by any other relevant authority and the rules of that stock exchange, or as the case may be, other relevant authority so require, such notice or notices will be published in a daily newspaper of general circulation in the place or places required by those rules. #### **14. Meetings of Covered Bondholders, Modification, Waiver and Substitution**

Covered Bondholders, Couponholders and other Secured Creditors should note that the Issuer, the Covered Bond Guarantor and (other than in relation to A\$ Registered Covered Bonds) the Principal Paying Agent may without their consent or the consent of the Bond Trustee or the Security Trustee agree to modify any provision of any Final Terms which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with any mandatory provisions of law.

The Bond Trust Deed contains provisions for convening meetings of the Covered Bondholders of any Series to consider any matter affecting their interests, including the modification of these Conditions or the provisions of the Bond Trust Deed. The quorum at any such meeting in respect of the Covered Bonds of any Series for passing an Extraordinary Resolution (other than in respect of a Series Reserved Matter) is one or more persons holding or representing not less than a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing the Covered Bondholders of such Series whatever the Principal Amount Outstanding of the Covered Bonds of such Series so held or represented, except that at any meeting the business of which includes any Series Reserved Matter, the quorum for any such meeting will be one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding or at any adjourned meeting, the business of which includes any Series Reserved Matter, the quorum will be one or more persons holding or representing not less than one third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. The expression Extraordinary Resolution when used in these Conditions means: (a) a resolution passed at a meeting of the Covered Bondholders duly convened and held in accordance with the Bond Trust Deed by a majority consisting of not less than three-fourths of the persons voting thereat upon a show of hands or if a poll is duly demanded by a majority consisting of not less than three fourths of the votes cast on such poll; or (b) a resolution in writing signed by or on behalf of Covered Bondholders holding not less than three-fourths in Principal Amount Outstanding of the Covered Bonds then outstanding, which resolution in writing may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Covered Bondholders; or (c) a resolution passed by way of electronic consents given by holders through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the Covered Bondholders of not less than three-fourths in Principal Amount Outstanding for the time being outstanding of the Covered Bonds (of the relevant Series or all Series, as applicable). An Extraordinary Resolution passed at any meeting of the Covered Bondholders of a Series will, subject as provided below, be binding on all the Covered Bondholders of such Series, whether or not they are present at the meeting, and on all

Couponholders in respect of such Series of Covered Bonds. Pursuant to the Bond Trust Deed, the Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the respective interests of such Covered Bondholders, in which event the provisions of this paragraph will apply thereto *mutatis mutandis*.

Notwithstanding the provisions of the immediately preceding paragraph, any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9(a) or to give a Covered Bond Guarantee Acceleration Notice pursuant to Condition 9(b) or to direct the Bond Trustee or the Security Trustee or to direct the Bond Trustee to direct the Security Trustee to take any enforcement action or to direct the Bond Trustee to determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed (each a **Programme Resolution**) and will only be capable of being passed at a single meeting of the Covered Bondholders of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Covered Bond Guarantor or the Bond Trustee or by the Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series will be binding on all the Covered Bondholders of all Series, whether or not they are present at the meeting, and on all related Couponholders.

In connection with any meeting of the holders of Covered Bonds of more than one Series where such Covered Bonds are not denominated in Australian Dollars, the Principal Amount Outstanding of the Covered Bonds of any Series not denominated in Australian Dollars must be converted into Australian Dollars at the relevant Covered Bond Swap Rate.

The Bond Trustee may (and in the case of any modification contemplated by clause 21.1(c) of the Bond Trust Deed, the Bond Trustee must), without the consent or sanction of any of the Covered Bondholders of any Series, the related Couponholders and without the consent or sanction of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document), at any time and from time to time, concur with the Issuer, the Covered Bond Guarantor (acting on the directions of the Trust Manager) or any other party and/or direct the Security Trustee to concur with the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) or any other party in making:

- (a) any modification (other than in relation to a Series Reserved Matter) to the Covered Bonds of one or more Series, the related Coupons or any Programme Document which in the opinion of the Bond Trustee is not materially prejudicial to the interests of the Covered Bondholders of any Series;
- (b) any modification to the Covered Bonds of one or more Series, the related Coupons or any Programme Document which is in the opinion of the Bond Trustee of a formal, minor or technical nature, or in the opinion of the Bond Trustee is made to correct a manifest error or to comply with mandatory provisions of law (and for this purpose the Bond Trustee may disregard whether any such modification relates to a Series Reserved Matter); or
- (c) any modification contemplated by clause 21.4 of the Bond Trust Deed.

In forming an opinion as to whether a modification is of a formal, minor or technical nature or is being made to correct a manifest error or to comply with mandatory provisions of law or is contemplated by clause 21.4 of the Bond Trust Deed, the Bond Trustee may have regard to any evidence it considers reasonable to rely on including (without any obligation to rely on any of the following) (i) a certificate from the Issuer (a) stating the intention of the parties to the relevant Programme Documents; (b) stating that such modification is required to reflect such intention; and (c) confirming that nothing has been said to, or by, initial or subsequent investors or other parties which is any way inconsistent with the stated intention; and (ii) a Rating Affirmation Notice.

Notwithstanding the above the Bond Trustee will not be obliged to agree to any amendment, which, in the sole opinion of the Bond Trustee, would have the effect of (i) exposing the Bond Trustee, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee, in the Bond Trust Deed, the other Programme Documents and/or the Conditions.

The Bond Trustee may without the consent or sanction of any of the Covered Bondholders of any Series, the related Couponholders and without the consent of any other Secured Creditor and without prejudice to its rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time but only if in so far as in its opinion the interests of the Covered Bondholders of any Series will not be materially prejudiced thereby, waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in the Bond Trust Deed, the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed, PROVIDED ALWAYS THAT the Bond Trustee must not exercise any powers conferred on it in contravention of any express direction given by Extraordinary Resolution or by a request under Condition 9(a) or (b) but so that no such direction or request will affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Bond Trustee may determine, will be binding on the Covered Bondholders, the related Couponholders and, if, but only if, the Bond Trustee requires, must be notified by the Issuer or the Covered Bond Guarantor (acting at the direction of the Trust Manager) (as the case may be) to the Covered Bondholders in accordance with Condition 13 as soon as practicable thereafter.

Subject to as provided below, the Bond Trustee will be bound to waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in the Bond Trust Deed, the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed if it is: (i) in the case of such waiver or authorisation, (a) so directed by an Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series in the circumstances provided in the Bond Trust Deed and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate); or (b) requested to do so in writing by the holders of not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series in the circumstances provided in the Bond Trust Deed and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate); or (ii), in the case of any such determination, (a) so directed by an Extraordinary Resolution of

the Covered Bondholders of all Series then outstanding with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (b) requested to do so in writing by the holders of not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars as stated above), and at all times then only if it is indemnified and/or secured and/or pre-funded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

The Security Trustee may, without the consent of the Covered Bondholders and/or Couponholders of any Series and without the consent of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document) and without prejudice to their rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time, but only if (for so long as any Covered Bonds are outstanding) it is instructed by the Bond Trustee in accordance with the Bond Trust Deed or (if no Covered Bonds are outstanding) it is instructed by the Majority Secured Creditors, authorise or waive any breach or proposed breach of any of the covenants or provisions contained in the Covered Bonds of any Series, the Security Deed or any Programme Document or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Security Deed. Any such authorisation or waiver or modification will be binding on the Covered Bondholders and/or Couponholders and the other Secured Creditors and, unless the Bond Trustee and the Security Trustee otherwise agree, will be notified by the Issuer or the Covered Bond Guarantor (or the Trust Manager on its behalf) (as the case may be) to the Covered Bondholders in accordance with Condition 13 and each Rating Agency as soon as practicable thereafter.

Any such modification, waiver, authorisation or determination will be binding on all the Covered Bondholders of all Series of Covered Bonds for the time being outstanding, the related Couponholders and the other Secured Creditors, and unless the Bond Trustee otherwise agrees, any such modification must be notified by the Issuer, to the Covered Bondholders of all Series of Covered Bonds in accordance with Condition 13 and to the Rating Agencies as soon as practicable thereafter.

Where in connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Bond Trustee and the Security Trustee are required to have regard to the general interests of the Covered Bondholders of each Series as a class (but must not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, must not have regard to the consequences of any such exercise for individual Covered Bondholders, the related Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee and the Security Trustee will not be entitled to require, nor will any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders and/or Couponholders, except to the extent already provided for in Condition 7 and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 7 pursuant to the Bond Trust Deed.

Notwithstanding any other provision of any Programme Document but subject to clause 21.3 of the Bond Trust Deed, the Bond Trustee will be obliged to concur in and effect any modifications to the

Programme Documents that are requested by the Covered Bond Guarantor or the Trust Manager to:

- (a) accommodate the accession of a new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme provided that (i) each of the Swap Providers have certified to the Bond Trustee and the Security Trustee that they consent to such modification of those documents to which they are a party (such consent not to be unreasonably withheld); (ii) two Authorised Signatories of the Trust Manager have certified to the Bond Trustee and the Security Trustee in writing that such modifications are required in order to accommodate the addition of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme; and (iii) two Authorised Signatories of the Trust Manager have certified to the Security Trustee and the Bond Trustee that all other conditions precedent to the accession of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, or new Cover Pool Monitor or new Agent to the Programme set out in the Programme Documents have been satisfied at the time of the accession; (b) take into account any changes in the covered bonds ratings criteria of the Rating Agencies where, absent such modifications, the rating assigned by the relevant Rating Agency to one or more Series of Covered Bonds may be subject to a downgrade, qualification or withdrawal, subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Issuer each certifying to the Bond Trustee and the Security Trustee that such modifications are required for this purposes of preventing the relevant downgrade, qualification or withdrawal; (c) allow a Swap Provider to transfer securities as Swap Collateral under a relevant Swap Agreement Credit Support Document, including to appoint a custodian to hold such securities in a custody account pursuant to a custody agreement; or (d) ensure compliance of the Programme or the Issuer (as applicable) with, or ensure that the Issuer may benefit from (including if a Regulatory Event occurred or was likely to occur), any existing, amended or new legislation, regulation, directive, prudential standard or prudential guidance note of any regulatory body (including the Australian Prudential Regulation Authority) in relation to covered bonds subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Trust Manager each certifying to the Bond Trustee and the Security Trustee that such modifications are required in order to comply with or benefit from such legislation, regulation, directive, prudential standard or prudential guidance note.

### **Substitution**

The Bond Trust Deed provides that the Bond Trustee may, without the consent or sanction of the Covered Bondholders or Couponholders agree, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Covered Bonds, Coupons and the Bond Trust Deed of another company, being a subsidiary of the Issuer subject to (a) the Bond Trustee being satisfied that the interests of the Covered Bondholders will not be materially prejudiced by the substitution and (b) certain other conditions set out in the Bond Trust Deed being complied with.

The Bond Trust Deed provides that in connection with any scheme of amalgamation or reconstruction of the Issuer not involving the bankruptcy or insolvency of the Issuer and (A) where the Issuer does not survive the amalgamation or reconstruction or (B) where all or substantially all of the assets and business of the Issuer will be disposed of to, or succeeded to, by another entity (whether by operation of law or otherwise), the Bond Trustee will, if requested by the Issuer, be obliged, without the consent or sanction of the Covered Bondholders or Couponholders, at any time to agree to the substitution in the place of the Issuer (or of the previous substitute) as principal debtor under the Bond Trust Deed (the **Substituted Debtor**) being the entity with and into which the Issuer amalgamates or the entity to which all or substantially all of the business and assets of the Issuer is

transferred, or succeeded to, pursuant to such scheme of amalgamation or reconstruction (whether by operation of law or otherwise), subject to, *inter alia*:

- (a) the Substituted Debtor entering into a supplemental trust deed or some other form of undertaking in form and manner satisfactory to the Bond Trustee agreeing to be bound by the Bond Trust Deed with any consequential amendments which the Bond Trustee may deem appropriate as fully as if the Substituted Debtor had been named in the Bond Trust Deed as principal debtor or guarantor in place of the Issuer;
- (b) the Substituted Debtor acquiring or succeeding to pursuant to such scheme of amalgamation or reconstruction all or substantially all of the assets and business of the Issuer; and
- (c) confirmations being received by the Bond Trustee from each Rating Agency that the substitution will not adversely affect the current rating of the Covered Bonds.

Any such supplemental trust deed or undertaking will, if so expressed, operate to release the Issuer or the previous substitute as stated above from all of its obligations as principal debtor under the Bond Trust Deed.

Any substitution pursuant to this Condition 14 will be binding on the Covered Bondholders and the Couponholders and, unless the Bond Trustee agrees otherwise, will be notified by the Issuer to the Covered Bondholders not later than 14 days after any such substitution in accordance with Condition 13.

It will be a condition of any substitution pursuant to this Condition 14 that the Covered Bond Guarantee will remain in place or be modified to apply *mutatis mutandis* and continue in full force and effect in relation to any Substituted Debtor.

For the purposes of this Condition 14:

**Potential Issuer Event of Default** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;

**Potential Covered Bond Guarantor Event of Default** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute a Covered Bond Guarantor Event of Default; and

**Series Reserved Matter** in relation to Covered Bonds of a Series means: (i) reduction or cancellation of the amount payable or, where applicable, modification of the method of calculating the amount payable or modification of the date of payment or, where applicable, modification of the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds; (ii) alteration of the currency in which payments under the Covered Bonds and Coupons are to be made, other than pursuant to Condition 5(i); (iii) alteration of the quorum or majority required to pass an Extraordinary Resolution; (iv) any amendment to the Covered Bond Guarantee or the Security Deed; (v) except in accordance with Condition 6(i) or the provision relating to substitution in this Condition 14, the sanctioning of any scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into, or the cancellation of the Covered Bonds in consideration of, shares, stock, Covered Bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other

company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, Covered Bonds, debentures, debenture stock and/or other obligations and/or securities as stated above and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the Covered Bondholders to execute an instrument of transfer of the Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively; and (vi) alteration of the proviso to paragraph 5 or paragraph 6 of Schedule 4 to the Bond Trust Deed or the alteration of this definition.

**15. Indemnification of the Bond Trustee and the Security Trustee and the Bond Trustee and Security Trustee contracting with the Issuer and/or the Covered Bond Guarantor**

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee is of the opinion that the interests of the Covered Bondholders of any one or more series would be materially prejudiced thereby, the Bond Trustee will not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders of the relevant Series by Extraordinary Resolution or by a direction in writing of such Covered Bondholders of at least 25 per cent. of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding or as otherwise required under the Programme Documents.

The Bond Trust Deed and the Security Deed contain provisions for the indemnification of the Bond Trustee and the Security Trustee and for their relief from responsibility, including provisions relieving them from taking any action unless indemnified and/or secured and/or prefunded to their satisfaction.

The Bond Trust Deed and the Security Deed also contain provisions pursuant to which each of the Bond Trustee and Security Trustee, respectively, is entitled, *inter alia*: (i) to enter into business transactions with the Issuer, the Covered Bond Guarantor and/or any of their respective Subsidiaries and affiliates and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Covered Bond Guarantor and/or any of their respective Subsidiaries and affiliates; (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Covered Bondholders or Couponholders or the other Secured Creditors and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Bond Trustee will not be responsible for any loss, expense or liability which may be suffered as a result of any Mortgage Loans or Related Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons whether or not on behalf of the Bond Trustee. The Bond Trustee will not be responsible for: (i) supervising the performance by the Issuer or any other party to the Programme Documents of their respective obligations under the Programme Documents and the Bond Trustee will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Programme Documents under the Programme Documents; (iii) monitoring the Mortgage Loan Portfolio, including whether the Mortgage Loan Portfolio is in compliance with the Asset Coverage Test, the Pre-Maturity Test or the Amortisation Test; or (iv) monitoring whether Mortgage Loans and Related Security satisfy the Eligibility Criteria. The Bond Trustee will not be liable to any Covered Bondholder or other Secured Creditor for any failure to make or to cause to be made on its behalf the searches, investigations and enquiries which would normally be made by a prudent secured creditor

in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Programme Documents.

The Security Trustee will not be responsible: (i) for any liability whatsoever for acting in accordance with any resolution of the Covered Bondholders; (ii) for the notification of the happening or continuance of a Covered Bond Guarantor Event of Default to the Secured Creditors; (iii) for any examination or enquiry into, nor be liable for any defect or failure in, the title of the Covered Bond Guarantor to any Charged Property; (iv) under any liability whatsoever for any failure to take action in respect of a breach by the Covered Bond Guarantor of its duties as trustee of the Trust or in respect of a Covered Bond Guarantor Event of Default of which it is not actually aware; (v) for the form or contents of any Programme Document and will not be liable as a result of or in connection with any inadequacy, invalidity or unenforceability of any provision of any Programme Documents except insofar that it applies to the Security Trustee or to any representation and warranty given by the Security Trustee; and (vi) for supervising or monitoring the performance by the Issuer or any other party to the Programme Documents of their respective obligations under the Programme Documents and the Security Trustee will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties.

The Bond Trustee may refrain from taking any action or exercising any right, power, authority or discretion vested in it relating to the transactions contemplated in the Programme Documents until it has been indemnified and/or secured and/or prefunded to its satisfaction against any and all actions, charges, claims, costs, damages, demands, expenses, liabilities, losses and proceedings which might be sustained by it as a result and will not be required to do anything which may cause it to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties or in the exercise of any of its rights, powers, authorities or discretions if it has reasonable grounds for believing that repayment of such funds or adequate indemnity, security or prefunding against such liability is not assured to it.

The Security Trustee may refrain from taking steps (other than the steps in relation to the enforcement of the Security) under the Security Deed or any of the other Programme Documents or exercise any of its powers, rights, trusts, authorities, duties, functions or discretions (including to require anything to be done, form any opinion or view, make any determination or give any notice, consent, waiver or approval) under or pursuant to the Security Deed or any other Programme Document to which the Security Trustee is a party without first taking instructions from the Bond Trustee (so long as there are any Covered Bonds outstanding) (provided that the Security Trustee is not required to seek instructions from the Bond Trustee in relation to the release of Security (as set out in the Security Deed) or any investments in Authorised Investments) or (if there are no Covered Bonds outstanding) the Majority Secured Creditors; and the Security Trustee has been indemnified and/or secured to its satisfaction as aforesaid and provided always that the Security Trustee will not be bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled.

## **16. Further Issues**

The Issuer will be at liberty from time to time without the consent of the Covered Bondholders or the Couponholders to create and issue further Covered Bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same will be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

## **17. Non-petition and limited recourse**

Only the Security Trustee (acting on the directions of (for so long as there any Covered Bonds outstanding) the Bond Trustee or (where no Covered Bonds are outstanding) the Majority Secured Creditors) may pursue the remedies available under the general law or under the Security Deed to enforce the Security and no Transaction Party will be entitled to proceed directly against the Covered Bond Guarantor to enforce the Security. In particular, each Transaction Party (other than the Security Trustee, and in respect of certain rights, the Bond Trustee) has agreed with the Covered Bond Guarantor and the Security Trustee that, except to the extent provided for in the Programme Documents, it will not: (i) take any steps for the purpose of recovering any Secured Obligations; or (ii) enforcing any rights arising out of the Programme Documents against the Covered Bond Guarantor or procuring the winding up of the Trust, unless the Security Trustee, once bound to take any steps or proceedings to enforce the Security pursuant to the Security Deed, fails to do so within a reasonable time and such failure is continuing, in which case such Secured Creditors will be entitled to take such steps or proceedings as it deems necessary (other than presentation of a petition for the winding-up of the Trust).

The Covered Bond Guarantor enters into the Programme Documents only in its capacity as trustee of the Trust and in no other capacity. A liability arising under or in connection with the Programme Documents is limited to and can be enforced against the Covered Bond Guarantor only to the extent to which it can be satisfied out of the property of the Trust out of which the Covered Bond Guarantor is actually indemnified for the liability. This limitation of the Covered Bond Guarantor's liability applies despite any other provision of the Programme Documents and extends to all liabilities and obligations of the Covered Bond Guarantor in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to the Programme Documents.

The parties other than the Covered Bond Guarantor may not sue the Covered Bond Guarantor in any capacity other than as trustee of the Trust, including seek the appointment of a receiver (except in relation to property of the Trust), a liquidator, an administrator or any similar person to the Covered Bond Guarantor or prove in any liquidation, administration or arrangement of or affecting the Covered Bond Guarantor (except in relation to property of the Trust).

The provisions of this Condition 17 will not apply to any obligation or liability of the Covered Bond Guarantor to the extent that it is not satisfied because under the Programme Documents or by operation of law there is a reduction in the extent of the Covered Bond Guarantor's indemnification out of the assets of the Trust, as a result of the Covered Bond Guarantor's fraud, negligence or wilful default.

It is acknowledged that the parties are each responsible under the Programme Documents for performing a variety of obligations relating to the Trust. No act or omission of the Covered Bond Guarantor (including any related failure to satisfy its obligations or breach of representation or warranty under the Programme Documents) will be considered fraud, negligence or wilful default of the Covered Bond Guarantor for the purpose of the preceding paragraph to the extent to which the act or omission was caused or contributed to by any failure by any party or any other person to fulfil its obligations relating to the Trust or by any other act or omission of any party, the Servicer, the Seller, the Cover Pool Monitor or any other person.

No attorney, agent, receiver or receiver and manager appointed in accordance with the Programme Documents has authority to act on behalf of the Covered Bond Guarantor in a way which exposes the Covered Bond Guarantor to any personal liability and no act or omission of any such person will be considered fraud, negligence or wilful default of the Covered Bond Guarantor for the purpose of the preceding paragraph.

The Covered Bond Guarantor is not obliged to do or refrain from doing anything under the Programme Documents (including incur any liability) unless the Covered Bond Guarantor's liability is limited in the same manner as set out above.

Notwithstanding any other provisions of the Programme Documents, each party to the Programme Documents (other than the Security Trustee) agrees with and acknowledges to the Security Trustee that the Security Trustee enters into each Programme Document to which it is a party only in its capacity as trustee of the Security Trust and in no other capacity and that the Security Trustee will have no liability under or in connection with the Programme Documents (whether to the Secured Creditors, the Covered Bond Guarantor or any other person) other than to the extent to which the liability is able to be satisfied out of the property of the Security Trust from which the Security Trustee is actually indemnified for the liability. This limitation will not apply to a liability of the Security Trustee to the extent that it is not satisfied because, under the Programme Documents or by operation of law, there is a reduction in the extent of the Security Trustee's indemnification as a result of the Security Trustee's fraud, negligence or wilful default. Nothing in this Condition 17 or any similar provision in any other Programme Document limits or adversely affects the powers of the Security Trustee, any receiver or attorney in respect of the Charge or the Charged Property, in relation to the Trust.

To the extent permitted by law, no recourse under any obligation, covenant, or agreement of any person contained in the Programme Documents may be had against any shareholder, officer, agent or director of such person as such, by the enforcement of any assessment or by any legal proceeding, by virtue of any statute or otherwise; it being expressly agreed and understood that the Programme Documents are corporate obligations of each person expressed to be a party thereto and no personal liability will attach to or be incurred by the shareholders, officers, agents or directors of such person as such, or any of them, under or by reason of any of the obligations, covenants or agreements of such person contained in the Programme Documents, or implied therefrom, and that any and all personal liability for breaches by such person of any of such obligations, covenants or agreements, either under any applicable law or by statute or constitution, of every such shareholder, officer, agent or director is expressly waived by each person expressed to be a party thereto as a condition of and consideration for execution of the Programme Documents.

#### **18. Contracts (Rights of Third Parties) Act 1999**

No person will have any right to enforce any term or condition of this Covered Bond under the Contracts (Rights of Third Parties) Act 1999.

#### **19. Governing Law**

The Bond Trust Deed (including the Covered Bond Guarantee), the Principal Agency Agreement, the Covered Bonds (other than any A\$ Registered Covered Bonds) and the Coupons and any non-contractual obligations arising out of or in connection with them are governed by, and will be construed in accordance with, English law unless specifically stated to the contrary (in this regard, the covenant to pay made by the Issuer to the Bond Trustee in respect of the A\$ Registered Covered Bonds in the Bond Trust Deed, the provisions relating to the maintenance of the Register in respect of the A\$ Registered Covered Bonds in the Bond Trust Deed and the provisions relating to the limitation of liability of the Covered Bond Guarantor in the Bond Trust Deed, the Principal Agency Agreement and the Covered Bonds are governed by, and will be construed in accordance with, the laws applying in the State of New South Wales, Australia). The A\$ Registry Agreement and the A\$ Registered Covered Bonds are governed by, and will be construed in accordance with the laws applying in the State of New South Wales, Australia unless specifically stated to the contrary.

**(the Covered Bond Guarantor)**

This Covered Bond is a **Temporary Bearer Global Covered Bond** in respect of a duly authorised issue of Covered Bonds of the Issuer (the **Covered Bonds**) of the Principal Amount Outstanding, Specified Currency(ies) and Specified Denomination(s) as are specified in the Final Terms applicable to the Covered Bonds (the **Final Terms**), a copy of which is annexed hereto. References herein to the Conditions will be to the Terms and Conditions of the Covered Bonds as set out in Schedule 1 (Terms and Conditions of the Covered Bonds) to the Bond Trust Deed (as defined below) as supplemented, replaced and modified by the Final Terms but, in the event of any conflict between the provisions of the said Conditions and the information in the Final Terms, the Final Terms will prevail.

Words and expressions defined in the Conditions will bear the same meanings when used in this Temporary Bearer Global Covered Bond.

This Temporary Bearer Global Covered Bond is issued subject to, and with the benefit of, the Conditions and a bond trust deed (such bond trust deed as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated [●] 2011 and made between the Issuer, the Covered Bond Guarantor and Deutsche Trustee Company Limited (the **Bond Trustee**).

For value received, the Issuer, subject as hereinafter provided and subject to and in accordance with the Conditions and the Bond Trust Deed, promises to pay to the bearer hereof on each Instalment Date (if the Covered Bonds are repayable in instalments) and on the Final Maturity Date and/or on such earlier date(s) as all or any of the Covered Bonds represented by this Temporary Bearer Global Covered Bond may become due and repayable in accordance with the Conditions and the Bond Trust Deed, the amount payable under the Conditions in respect of such Covered Bonds on each such date and to pay interest (if any) on the Principal Amount Outstanding of the Covered Bonds from time to time represented by this Temporary Bearer Global Covered Bond calculated and payable as provided in the Conditions and the Bond Trust Deed together with any other sums payable under the Conditions and the Bond Trust Deed, upon presentation and, at maturity, surrender of this Temporary Bearer Global Covered Bond to or to the order of the Principal Paying Agent or any of the other Paying Agents located outside the United States and its territories and possessions (except as provided in the Conditions) from time to time appointed by the Issuer in respect of the Covered Bonds.

The nominal amount of the Covered Bonds represented by this Temporary Bearer Global Covered Bond will be the amount stated in the Final Terms or, if lower, the nominal amount most recently entered by or on behalf of the Issuer in the relevant column in Part II, III or IV of Schedule One or Schedule Two (*Exchanges*).

On any redemption or payment of an instalment or interest being made in respect of, or purchase and cancellation of, any of the Covered Bonds represented by this Temporary Bearer Global Covered Bond, the Issuer must procure that details of such redemption, payment, purchase and cancellation (as the case may be)

are entered by or on behalf of the Issuer in Schedule 1 hereto and the relevant space in Schedule 1 hereto recording any such redemption, payment, purchase and cancellation (as the case may be) must be signed by or on behalf of the Issuer. Upon any such redemption, payment of an instalment, purchase and cancellation the Principal Amount Outstanding of this Temporary Bearer Global Covered Bond and the Covered Bonds represented by this Temporary Bearer Global Covered Bond will be reduced by the Principal Amount Outstanding of such Covered Bonds so redeemed or purchased and cancelled or the amount of such instalment.

Payments due in respect of Covered Bonds for the time being represented by this Temporary Bearer Global Covered Bond must be made to the bearer of this Temporary Bearer Global Covered Bond and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries referred to above will not affect such discharge.

Payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will only be made to the bearer hereof to the extent that there is presented to the Principal Paying Agent by a relevant Clearing System a certificate to the effect that it has received from or in respect of a person entitled to a particular principal amount of the Covered Bonds represented by this Temporary Bearer Global Covered Bond (as shown by its records) as certificate of non-US beneficial ownership in the form required by it. The bearer of this Temporary Bearer Global Covered Bond will not (unless upon due presentation of this Temporary Bearer Global Covered Bond for exchange, delivery of the appropriate number of Bearer Definitive Covered Bonds (together, if applicable, with the Coupons and Talons appertaining thereto in or substantially in the forms set out in Part 1, Part 3, Part 4 and Part 5 of Schedule 2 (*Forms of Global and Definitive Covered Bonds, Coupons and Talons*) to the Bond Trust Deed) or, as the case may be, issue and delivery (or, as the case may be, endorsement) of the Permanent Bearer Global Covered Bond is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment hereon due on or after the Exchange Date.

On or after the date (the **Exchange Date**) which is 40 days after the Issue Date, this Temporary Bearer Global Covered Bond may be exchanged (free of charge) in whole or in part for, as specified in the Final Terms, either (a) security printed Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons (on the basis that all the appropriate details have been included on the face of such Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons and the relevant information supplementing, replacing or modifying the Conditions appearing in the Final Terms has been endorsed or attached to such Bearer Definitive Covered Bonds) or (b) a Permanent Bearer Global Covered Bond which is in or substantially in the form set out in Part 2 of Schedule 2 (Form of Permanent Bearer Global Covered Bond) to the Bond Trust Deed (together with the Final Terms attached thereto), in each case upon notice being given by a relevant Clearing System acting on the instruction of any holder of an interest in this Temporary Bearer Global Covered Bond and subject, in the case of Bearer Definitive Covered Bonds, to such notice period as is specified in the Final Terms.

If Bearer Definitive Covered Bonds and (if applicable) Coupon and/or Talons have already been issued in exchange for all the Covered Bonds represented for the time being by the Permanent Bearer Global Covered Bond, then this Temporary Bearer Global Covered Bond may only thereafter be exchanged for Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons pursuant to the terms hereof.

This Temporary Bearer Global Covered Bond may be exchanged by the bearer hereof on any Business Day in London. The Issuer must procure that Bearer Definitive Covered Bonds or (as the case may be) the interests in the Permanent Bearer Global Covered Bond will be (in the case of Bearer Definitive Covered Bonds) issue and delivered in exchange for only that portion of this Temporary Bearer Global Covered Bond in respect of which there will have been presented to the Principal Paying Agent by a relevant Clearing System a certificate to the effect that it has received from or in respect of a person entitled to a beneficial interest in particular nominal amount of the Covered Bonds represented by this Temporary Bearer Global

Covered Bond (as shown by its records) a certificate of non-US beneficial ownership in the form required by it.

On an exchange of the whole of this Temporary Bearer Global Covered Bond, this Temporary Bearer Global Covered Bond must be surrendered to or to the order of the Principal Paying Agent. On an exchange of part only of this Temporary Bearer Global Covered Bond, the Issuer must procure that on an exchange of part only of this Temporary Bearer Global Covered Bond, details of such exchange will be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such exchange must be signed by or on behalf of the Issuer, whereupon the nominal amount of this Temporary Bearer Global Covered Bond and the Covered Bonds represented by this Temporary Bearer Global Covered Bond will be reduced by the Principal Amount Outstanding of this Temporary Bearer Global Covered Bond so exchanged. On any exchange of this Temporary Bearer Global Covered Bond for a Permanent Bearer Global Covered Bond, details of such exchange must be entered by or on behalf of the Issuer in Schedule 2 to the Permanent Bearer Global Covered Bond and the relevant space in Schedule 2 thereto recording such exchange must be signed by or on behalf of the Issuer.

Until the exchange of the whole of this Temporary Bearer Global Covered Bond as aforesaid, the bearer hereof will (subject as provided in the next paragraph) in all respects (except as otherwise provided herein) be entitled to the same benefits as if he were the bearer of Bearer Definitive Covered Bonds and the relative Coupons and/or Talons (if any) in the form(s) set out in Parts 3, 4, 5 and 6 (as applicable) of Schedule 2 (Forms of Global and Definitive Covered Bonds, Coupons and Talons) to the Bond Trust Deed.

Each person (other than Euroclear Bank S.A./N.V. (**Euroclear**) or Clearstream Banking, société anonyme (**Clearstream, Luxembourg** and together with Euroclear, the **relevant Clearing Systems**)) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of the Covered Bonds represented by this Temporary Bearer Global Covered Bond (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Covered Bonds standing to the account of any person will be conclusive and binding for all purposes save in the case of manifest error) will be treated by the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, the Principal Paying Agent and any other Paying Agent as the holder of such principal amount of such Covered Bonds for all purposes other than with respect to the payment of principal and interest on such principal amount of such Covered Bonds, the right to which must be vested, as against the Issuer, solely in the bearer of this Temporary Bearer Global Covered Bond in accordance with and subject to the terms of this Temporary Bearer Global Covered Bond and the Bond Trust Deed.

This Temporary Bearer Global Covered Bond and any non-contractual obligations arising out of or in connection with it are governed by, and must be construed in accordance with, English law.

A person who is not a party to this Temporary Bearer Global Covered Bond has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Temporary Bearer Global Covered Bond, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

Words and expressions defined in the Conditions shall bear the same meanings when used in this Permanent Bearer Global Covered Bond.

This Permanent Bearer Global Covered Bond is issued subject to, and with the benefit of, the Conditions and a bond trust deed (such bond trust deed as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated [●] and made between the Issuer, the Covered Bond Guarantor and Deutsche Trustee Company Limited (the **Bond Trustee**).

For value received, the Issuer, subject as hereinafter provided and subject to and in accordance with the Conditions and the Bond Trust Deed, promises (i) to pay to the bearer hereof on each Instalment Date (if the Covered Bonds are repayable in instalments) and on the Final Maturity Date and/or on such earlier date(s) as all or any of the Covered Bonds represented by this Permanent Bearer Global Covered Bond may become due and repayable in accordance with the Conditions and the Bond Trust Deed, the amount payable under the Conditions in respect of such Covered Bonds on each such date and to pay interest (if any) on the Principal Amount Outstanding of the Covered Bonds from time to time represented by this Permanent Bearer Global Covered Bond calculated and payable as provided in the Conditions and the Bond Trust Deed together with any other sums payable under the Conditions and the Bond Trust Deed, upon presentation and (ii) to perform all of its obligations to deliver Asset Amounts under the Conditions on such date(s) as such Asset Amounts become deliverable and, at maturity, surrender of this Permanent Bearer Global Covered Bond to or to the order of the Principal Paying Agent or any of the other Paying Agents located outside the United States, its territories and possessions (except as provided in the Conditions) from time to time appointed by the Issuer in respect of the Covered Bonds.

The Principal Amount Outstanding of the Covered Bonds represented by this Permanent Bearer Global Covered Bond shall be the amount stated in the Final Terms or, if lower, the Principal Amount Outstanding most recently entered by or on behalf of the Issuer in the relevant column in Part II, III, or IV of Schedule One hereto or in Schedule Two hereto.

On any redemption of, or payment of an instalment or interest being made in respect of, or purchase and cancellation of, any of the Covered Bonds represented by this Permanent Bearer Global Covered Bond the Issuer shall procure that details of such redemption, payment, or purchase and cancellation (as the case may be) shall be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such redemption, payment, or purchase and cancellation (as the case may be) shall be signed by or on behalf of the Issuer, whereupon the Principal Amount Outstanding of this Permanent Bearer Global Covered Bond and the Covered Bonds represented by this Permanent Bearer Global Covered Bond shall be reduced by the nominal amount of such Covered Bonds so redeemed or purchased and cancelled or the amount of such instalment so paid.

Payments due in respect of Covered Bonds for the time being represented by this Permanent Bearer Global Covered Bond shall be made to the bearer of this Permanent Bearer Global Covered Bond and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries referred to above shall not affect such discharge.

If the Covered Bonds represented by this Permanent Bearer Global Covered Bond were, on issue, represented by a Temporary Bearer Global Covered Bond then on any exchange of such Temporary Bearer Global Covered Bond for this Permanent Bearer Global Covered Bond or any part hereof, the Issuer shall procure that details of such exchange shall be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such exchange shall be signed by or on behalf of the Issuer, whereupon the Principal Amount Outstanding of this Permanent Bearer Global Covered Bond and the Covered Bonds represented by this Bearer Global Covered Bond shall be increased by the nominal amount of the Temporary Bearer Global Covered Bond so exchanged.

This Permanent Bearer Global Covered Bond may be exchanged (free of charge) in whole, but not in part, for Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons in or substantially in the forms set out in Part 3 (*Form of Bearer Definitive Covered Bond*), Part 4 (*Form of Coupon*) and Part 5 (*Form of Talon*) of Schedule 2 (*Forms of Global and Definitive Covered Bonds, Coupons and Talons*) to the Bond Trust Deed (on the basis that all the appropriate details have been included on the face of such Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons and the relevant information supplementing, replacing or modifying the Conditions appearing in the Final Terms has been endorsed on or attached to such Bearer Definitive Covered Bonds) either, as specified in the applicable Final Terms:

- (b) upon not less than 60 days' written notice being given to the Principal Paying Agent by Euroclear Bank S.A./N.V. (**Euroclear**) and/or Clearstream Banking, société anonyme (**Clearstream, Luxembourg** and together with Euroclear, the **relevant Clearing Systems**) (acting on the instructions of any holder of an interest in this Permanent Bearer Global Covered Bond); or
- (c) upon the occurrence of an Exchange Event.

An **Exchange Event** means the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, whether statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available.

If this Permanent Bearer Global Covered Bond is exchangeable following the occurrence of an Exchange Event:

- (d) the Issuer will promptly give notice to Covered Bondholders in accordance with Condition 13 (Notices) upon the occurrence of such Exchange Event; and

- (e) Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in this Permanent Bearer Global Covered Bond) or the Bond Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (c) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange.

Any such exchange shall occur on a date specified in the notice not more than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The first notice requesting exchange in accordance with the above provisions shall give rise to the issue of Bearer Definitive Covered Bonds for the Principal Amount Outstanding of Covered Bonds represented by this Permanent Bearer Global Covered Bond.

Any such exchange as aforesaid will be made upon presentation of this Permanent Bearer Global Covered Bond by the bearer hereof on any Business Day in London at the office of the Principal Paying Agent specified above.

The aggregate Principal Amount Outstanding of Bearer Definitive Covered Bonds issued upon an exchange of this Permanent Bearer Global Covered Bond will be equal to the aggregate Principal Amount Outstanding of this Permanent Bearer Global Covered Bond. Upon exchange of this Permanent Bearer Global Covered Bond for Bearer Definitive Covered Bonds, the Principal Paying Agent shall cancel it or procure that it is cancelled.

Until the exchange of the whole of this Permanent Bearer Global Covered Bond as aforesaid, the bearer hereof shall (subject as provided in the next paragraph) in all respects be entitled to the same benefits as if he were the bearer of Bearer Definitive Covered Bonds and the relative Coupons and/or Talons (if any) in the form(s) set out in Part 3 (*Form of Bearer Definitive Covered Bond*), Part 4 (*Form of Coupon*) and Part 5 (*Form of Talon*) (as applicable) of Schedule 2 (*Forms of Global and Definitive Covered Bonds, Coupons and Talons*) to the Bond Trust Deed.

Each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of the Covered Bonds represented by this Permanent Bearer Global Covered Bond (each an **Accountholder**) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, the Principal Paying Agent and any other Paying Agent as the holder of such principal amount of such Covered Bonds for all purposes other than with respect to the payment of principal and interest on such principal amount of such Covered Bonds, the right to which shall be vested, as against the Issuer and the Covered Bond Guarantor, solely in the bearer of this Permanent Bearer Global Covered Bond in accordance with and subject to the terms of this Permanent Bearer Global Covered Bond and the Bond Trust Deed. Each Accountholder must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment or delivery made to the bearer of this Permanent Bearer Global Covered Bond.

This Permanent Bearer Global Covered Bond and any non-contractual obligations arising out of or in connection with it shall be governed by, and shall be construed in accordance with, English law.

A person who is not a party to this Permanent Bearer Global Covered Bond has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Permanent Bearer Global Covered Bond, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

This Permanent Bearer Global Covered Bond shall not be valid unless authenticated by [●] as Principal Paying Agent.

IN WITNESS whereof the Issuer has caused this Permanent Bearer Global Covered Bond to be signed manually or in facsimile by a person duly authorised on its behalf.

This Covered Bond is a **Registered Global Covered Bond** in respect of a duly authorised issue of Covered Bonds of the Issuer (the **Covered Bonds**) of the Principal Amount Outstanding, Specified Currency(ies) and Specified Denomination(s) as are specified in the Final Terms applicable to the Covered Bonds (the **Final Terms**), a copy of which is annexed hereto. References herein to the Conditions shall be to the Conditions of the Covered Bonds as set out in Schedule 1 (*Terms and Conditions of the Covered Bonds*) to the Bond Trust Deed (as defined below) as supplemented, replaced and modified by the Final Terms but, in the event of any conflict between the provisions of the said Conditions and the information in the Final Terms, the Final Terms will prevail.

Words and expressions defined in the Conditions shall bear the same meanings when used in this Registered Global Covered Bond.

This Registered Global Covered Bond is issued subject to, and with the benefit of, the Conditions and a bond trust deed (as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated [●] 2011 and made between the Issuer, the Covered Bond Guarantor and Deutsche Trustee Company Limited (the **Bond Trustee**).

The Issuer, subject to and in accordance with the Conditions and the Bond Trust Deed, agrees to pay to such registered holder on the Final Maturity Date and/or on such earlier date(s) as all or any of the Covered Bonds represented by this Registered Global Covered Bond may become due and repayable in accordance with the Conditions and the Bond Trust Deed, the amount payable under the Conditions in respect of such Covered Bonds on each such date and to pay interest (if any) on the Principal Amount Outstanding of the Covered Bonds from time to time represented by this Registered Global Covered Bond calculated and payable as provided in the Conditions and the Bond Trust Deed together with any other sums payable under the Conditions and the Bond Trust Deed, upon presentation and, at maturity, surrender of this Registered Global Covered Bond at the specified office of the Registrar at [●] or such other specified office as may be specified in the Final Terms. Upon any such redemption or purchase and cancellation the Principal Amount Outstanding of this Registered Global Covered Bond and the Covered Bonds held by the registered holder hereof shall be reduced by the Principal Amount Outstanding of such Covered Bonds so redeemed or purchased and cancelled. The Principal Amount Outstanding of this Registered Global Covered Bond and of the Covered Bonds held by the registered holder hereof following any such redemption or purchase and cancellation as aforesaid or any transfer or exchange as referred to below shall be the Principal Amount

Outstanding most recently entered in the relevant column in Part II or III of Schedule One hereto or in Schedule Two hereto.

This Registered Global Covered Bond may be exchanged (free of charge) in whole, but not in part, for Registered Definitive Covered Bonds without Coupons or Talons attached only upon the occurrence of an Exchange Event.

An "**Exchange Event**" means:

- (f) in the case of Covered Bonds registered in the name of the Depository Trust Company at its office at 55 Water Street, New York, NY 10041, United States of America (**DTC**) or its nominee, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Covered Bonds and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act; or

- (ii) Euroclear and/or Clearstream, Luxembourg and/or DTC (acting on the instructions of any holder of an interest in this Registered Global Covered Bond) or the Bond Trustee may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (g) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Covered Bonds represented by this Registered Global Covered Bond are transferable only in accordance with, and subject to, the provisions hereof and of the applicable Principal Agency Agreement (as amended, supplemented, restated and/or novated from time to time) and the rules and operating procedures of Euroclear and/or Clearstream, Luxembourg and/or DTC.

On any exchange or transfer pursuant to which either (i) Covered Bonds represented by this Registered Global Covered Bond are no longer to be so represented or (ii) Covered Bonds not so represented are to be so represented, details of such exchange or transfer shall be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such transfer shall be signed by or on behalf of the Issuer, whereupon the Principal Amount Outstanding of this Registered Global Covered Bond and the Covered Bonds held by the registered holder hereof shall be increased or reduced (as the case may be) by the Principal Amount Outstanding so exchanged or transferred.

4. At least 21 days' notice (exclusive of the day on which the notice is given and the day on which the meeting is to be held) specifying the place, day and hour of meeting must be given to the holders of the relevant Covered Bonds prior to any meeting of such holders in the manner provided by Condition 13 (Notices) of the relevant Conditions.   - (e) except in accordance with Condition 6(i) (Redemption and Purchase – Cancellation) of the Programme Conditions (in the case of Covered Bonds which are not N Covered Bonds) and/or in accordance with Condition 6.6 (Redemption – Cancellation of N Covered Bond upon Redemption or Purchase) of the N Covered Bond Conditions (in the case of N Covered Bonds) or the provision relating to substitution in Condition 14 of the Programme Conditions, the sanctioning of any scheme or proposal as is described in paragraph 19(j) below; and

Notwithstanding the foregoing, the quorum at any such meeting for passing a Programme Resolution will be one or more persons present holding or representing in the aggregate at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding.
7. If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any such meeting a quorum is not present for the transaction of any

particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will if convened upon the requisition of Covered Bondholders be dissolved. In any other case it will stand adjourned to the same day in the next week (or if such day is a public holiday the next succeeding business day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it will stand adjourned for such period, being not less than 13 clear days nor more than 42 clear days, and to such place as may be appointed by the Chairman either at or subsequent to such meeting and approved by the Bond Trustee). If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will be dissolved. At any adjourned meeting one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives (whatever the Principal Amount Outstanding of the Covered Bonds then outstanding so held or represented by them) of the relevant Series will (subject as provided below) form a quorum and will have power to pass any Extraordinary Resolution, or other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the requisite quorum been present provided that at any adjourned meeting the quorum for the transaction of business comprising any of the matters specified in the proviso to paragraph 6 above will be one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds for the time being outstanding.

Subject as aforesaid it will not be necessary to give any notice of an adjourned meeting.
9. Every question submitted to a meeting must be decided in the first instance by a show of hands and in case of equality of votes the Chairman will both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Covered Bondholder or as a holder of a voting certificate or as a proxy or as a representative.
10. At any meeting unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairman, the Issuer, the Covered Bond Guarantor, the Bond Trustee or any person present holding a Definitive Covered Bond or a voting certificate or being a proxy or representative (whatever the Principal Amount Outstanding of the Covered Bonds so held or represented by him) a declaration by the Chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority will be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
11. Subject to paragraph 13 below, if at any such meeting a poll is so demanded it must be taken in such manner and subject as hereinafter provided either at once or after an adjournment as the Chairman directs and the result of such poll will be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll will not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
12. The Chairman may with the consent of (and must if directed by) any such meeting adjourn the same from time to time and from place to place but no business will be transacted at any adjourned

meeting except business which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.

13. Any poll demanded at any such meeting on the election of the Chairman or on any question of adjournment must be taken at the meeting without adjournment.

No person will be entitled to vote at any meeting in respect of Covered Bonds held by, for the benefit of, or on behalf of, the Issuer or the Covered Bond Guarantor, any Subsidiary of the Issuer or the Covered Bond Guarantor, any holding company of the Issuer or the Covered Bond Guarantor or any other Subsidiary of any such holding company. Nothing herein will prevent any of the proxies named in any block voting instruction or form of proxy or any representative from being a director, officer or representative of or otherwise connected with the Issuer or the Covered Bond Guarantor.
15. Subject as provided in paragraph 14 hereof at any meeting:
  - (a) on a show of hands every person who is present in person and produces a Bearer Definitive Covered Bond or voting certificate or is a holder of an A\$ Registered Covered Bond or a Registered Definitive Covered Bond or is a proxy or representative will have one vote; and
  - (b) on a poll every person who is so present will have one vote in respect of each A\$1 or such other amount as the Bond Trustee may in its absolute discretion stipulate (or, in the case of meetings of holders of Covered Bonds denominated in another currency, such amount in such other currency as the Bond Trustee in its absolute discretion may stipulate) in the Principal Amount Outstanding of the Bearer Definitive Covered Bonds so produced or represented by the voting certificate so produced or in respect of which he is a proxy or representative or in respect of which (being an A\$ Registered Covered Bonds or Registered Definitive Covered Bond) he is the registered holder.

Each block voting instruction together (if so requested by the Bond Trustee) with proof satisfactory to the Bond Trustee of its due execution on behalf of the relevant Paying Agent and each form of proxy must be deposited by the relevant Paying Agent or (as the case may be) by the Registrar or the Transfer Agent at such place as the Bond Trustee will approve not less than 24 hours before the time appointed for holding the meeting or adjourned meeting at which the proxies named in the block voting instruction or form of proxy propose to vote and in default the block voting instruction or

form of proxy will not be treated as valid unless the Chairman of the meeting decides otherwise before such meeting or adjourned meeting proceeds to business. A copy of each block voting instruction and form of proxy must (if the Bond Trustee so requires) be deposited with the Bond Trustee before the commencement of the meeting or adjourned meeting but the Bond Trustee will not thereby be obliged to investigate or be concerned with the validity of or the authority of the proxies named in any such block voting instruction or form of proxy.

18. Any vote given in accordance with the terms of a block voting instruction or form of proxy will be valid notwithstanding the previous revocation or amendment of the block voting instruction or form of proxy or of any of the relevant Covered Bondholders' instructions pursuant to which it was executed provided that no intimation in writing of such revocation or amendment will have been received from the relevant Paying Agent or in the case of an A\$ Registered Covered Bonds or a Registered Covered Bond from the holder thereof by the Issuer at its registered office (or such other place as may have been required or approved by the Bond Trustee for the purpose) by the time being 24 hours and 48 hours respectively before the time appointed for holding the meeting or adjourned meeting at which the block voting instruction or form of proxy is to be used.

The following tables show the range of current loan to value ratios, or LVR, which express the Current Principal Balance of a Mortgage Loan as at the Cut Off Date divided by the value of the Property securing that Mortgage Loan at the same date. The Seller has not revalued any of the Properties since the date of the origination of the related Mortgage Loan, [other than in respect of a Property of a related Borrower that has remortgaged its property or to which the Seller has made a Further Advance].

## 7. TAXATION

7.1 *Payments by and on behalf of the Issuer.*

All payments of principal and interest in respect of this N Covered Bond by or on behalf of the Issuer must be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Australia or any political sub-division thereof or by any authority therein or thereof having power to tax unless such withholding or deduction is required by law or regulation or administrative practice of any jurisdiction. In the event of such a withholding or deduction being made by the Issuer in respect of a payment made by it, the Issuer will pay such additional amounts as will be necessary in order that the net amounts received by the N Covered Bondholders after such withholding or deduction will equal the respective amounts of principal and interest which would otherwise have been receivable in respect of this N Covered Bond in the absence of such withholding or deduction; except that the foregoing obligation to pay additional amounts will not apply to any such tax, assessment, governmental charge or duty:

- (a) which is payable otherwise than by deduction or withholding from payments of principal of and interest on this N Covered Bond; or
- (b) which is payable by reason of the N Covered Bondholder or beneficial owner (or any one of them in case of principal or interest derived by two or more persons jointly) having, or having

had, some personal or business connection with Australia (other than mere ownership of or receipt of payment under this N Covered Bonds or the fact that payments are, or for the purposes of taxation are deemed to be, from sources in, or secured in Australia);

- (c) which is payable solely by reason of the N Covered Bondholder's or beneficial owner's failure to comply with any certification, identification or other reporting requirement concerning nationality, residence, identity, connection with taxing jurisdiction of the N Covered Bondholder, or other beneficial owner of this N Covered Bond;
- (d) which is payable by reason of a change in law that becomes effective more than thirty days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day;
- (e) which is an estate, inheritance, gift, sales, transfer, personal property, stamp duty or similar tax, assessment or other charge;
- (f) which is payable by reason of the N Covered Bondholder or beneficial owner of this N Covered Bond being an associate of the Issuer or the Covered Bond Guarantor for the purposes of section 128F of the Tax Act;
- (g) which is imposed or withheld as a consequence of a determination having been made under Part IVA of the Tax Act (or any modification or equivalent thereof) by the Commissioner of Taxation of the Commonwealth of Australia that withholding tax is payable in respect of a payment in circumstances where the payment would not have been subject to withholding tax in the absence of the scheme which was the subject of that determination;
- (h) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (i) which is payable on this N Covered Bonds presented for payment by or on behalf of an N Covered Bondholder who would have been able to avoid such withholding or deduction by presenting this N Covered Bond, to another N Covered Bond Paying Agent in a member state of the European Union;
- (j) with respect to any payment of principal of or interest (including original issue discount) on this N Covered Bond by the Issuer to any N Covered Bondholder, who is a fiduciary or partnership or other than the sole beneficial owner of any such payment to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or any other beneficial owner would not have been entitled to the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of this N Covered Bond; or
- (k) any combination of (a) through (j) above.

For the avoidance of doubt, any amounts to be paid on the N Covered Bonds will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding.

As used herein:

**Relevant Date** means the date on which such payment in respect of this N Covered Bond first becomes due and payable, except that, if the full amount of the monies payable on such date has not been received by the Bond Trustee, the N Covered Bond Registrar or the N Covered Bond Paying Agent on or prior to such date, it means the date on which such monies shall have been so received and notice to that effect has been given to the holder of this N Covered Bond in accordance with Condition 13 (*Notices*) of these N Covered Bond Conditions.

#### 7.2 *Payments by and on behalf of the Covered Bond Guarantor.*

Under the terms of the Covered Bond Guarantee, if any withholding or deduction is required by the Covered Bond Guarantor in respect of a payment of a Guaranteed Amount to be made by it, the Covered Bond Guarantor must pay the Guaranteed Amounts net of such withholding or deduction and must account to the appropriate Tax Authority for the amount required to be withheld or deducted. The Covered Bond Guarantor will not be obliged to pay any additional amount to the Bond Trustee or any N Covered Bondholder in respect of the amount of such withholding or deduction. For purposes of the preceding sentence, any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code shall be deemed a tax imposed by the United States.

### 9. **EVENTS OF DEFAULT AND ENFORCEMENT**

In accordance with the Bond Trust Deed and as provided in the N Covered Bond Agreement, upon the occurrence of an Issuer Event of Default and/or a Covered Bond Guarantor Event of Default, any acceleration and enforcement of this N Covered Bond will be effected by the Bond Trustee or, as the case may be, the Security Trustee at its discretion or being instructed by the holders of Covered Bonds under the Programme. The Issuer Events of Default, the Covered Bond Guarantor Events of Default, their respective consequences and the instruction of the Bond Trustee and the Security Trustee by the holders of Covered Bonds at programme level are described below for information purposes only.

#### (a) *Issuer Events of Default.*

As more specifically set out in condition 9(a) of the Programme Conditions, the following events constitute an Issuer Event of Default:

- (i) default by the Issuer in any payment when due of principal on any of the Covered Bonds and the default continues for a period of seven days;

- (iv) a distress or execution or other legal process is levied or enforced upon or sued out or put in force against any part of the property, assets or revenues of the Issuer and such distress or

execution or other legal process, as the case may be, is not discharged or stayed within 14 days of having been so levied, enforced or sued out;

- (x) breach of an asset coverage test as further set out in condition 9(a)(x) of the Programme Conditions; or
- (xi) breach of a pre-maturity test as further set out in condition 9(a)(xi) of the Programme Conditions.

(b) *Consequences of an Issuer Event of Default.*

As further set out in the Bond Trust Deed, in case of an Issuer Event of Default, the Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate principal amount outstanding of all Covered Bonds under the Programme or if so directed by a Programme Resolution (as defined in paragraph (d) below and as further described in the Bond Trust Deed) will (but in the case of the occurrence of any of the events mentioned in subparagraph (iii), (iv), (v), (vi), (viii) or (ix) above, only if the Bond Trustee will have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the holders of Covered Bonds of any series), serve an Issuer Acceleration Notice on the Issuer and a Notice to Pay on the Covered Bond Guarantor.

As a consequence of the service of an Issuer Acceleration Notice on the Issuer and a Notice to Pay on the Covered Bond Guarantor:

- (A) all Covered Bonds outstanding will be accelerated (but, for the avoidance of doubt, not the obligation of the Covered Bond Guarantor under the Covered Bond Guarantee) and any moneys received by the Bond Trustee from the Issuer (or any administrator, administrative receiver, receiver, liquidator, trustee in sequestration, bank administrator, bank liquidator or other similar official appointed in relation to the Issuer) will be paid by the Bond Trustee to the Covered Bond Guarantor; and

- (B) the Covered Bond Guarantor will be required to pay to the holders of Covered Bonds the Guaranteed Amounts owed by it under the Covered Bond Guarantee.

Payments made by the Covered Bond Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the Guarantee Priority of Payments which is set out in clause 17.5 of the establishment deed relating to the Programme (the **Establishment Deed**) and described under "Cashflows — Guarantee Priority of Payments" in the prospectus relating to the Programme.

As more specifically set out in condition 9(b) of the Programme Conditions, the following events constitute a Covered Bond Guarantor Event of Default:

- (v) the Covered Bond Guarantee is not, or is claimed by the Covered Bond Guarantor not to be, in full force and effect.

In case of an Covered Bond Guarantor Event of Default, the Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate principal amount outstanding of all Covered Bonds under the Programme or if so directed by a Programme Resolution (as indicated under (f) below and as further described in the Bond Trust Deed) will (but in the case of the happening of any of the events mentioned under (ii) above, only if the Bond Trustee will have certified in writing to the Issuer and the Covered Bond Guarantor that such event is, in its opinion, materially prejudicial to the interests of the holders of Covered Bonds of any series), serve a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor.

As a consequence of the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor:

- (A) the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee will accelerate and the Bond Trustee will then have a claim against the Covered Bond Guarantor for an amount equal to the respective early redemption amount in respect of each Covered Bond (including this N Covered Bond) together with accrued interest; and
- (B) the Security Trustee will be entitled to enforce the security granted to it under the Programme.

Payments made by the Security Trustee will be made subject to, and in accordance with, the Post-Enforcement Priority of Payments which is set out in clause 8.2 of the Security Deed relating to the Programme and described under "Cashflows — Post-Enforcement Priority of Payments" in the prospectus relating to the Programme.

following a Covered Bond Guarantor Event of Default and any direction to the Bond Trustee or Security Trustee to take any enforcement action must be passed at a single meeting of the holders of all Covered Bonds then outstanding under the Programme (such resolution being a **Programme Resolution**). No holder of Covered Bonds (including any N Covered Bondholder) will be entitled to proceed directly against the Issuer or the Covered Bond Guarantor or to take any action with regard to the Bond Trust Deed, the Covered Bonds or the security, unless the Bond Trustee or the Security Trustee, as applicable, has become bound to so proceed, fails to do so within a reasonable time and such failure is continuing.

At least 21 days' notice (exclusive of the day on which the notice is given and the day on which the meeting is to be held) specifying the place, day and hour of meeting must be given to the holders of the relevant Covered Bonds prior to any meeting of such holders in the manner provided by Condition 13 (Notices) of the relevant Conditions. Such notice, which must be in the English language, must state generally the nature of the business to be transacted at the meeting thereby convened but (except for an Extraordinary Resolution) it will not be necessary to specify in such notice the terms of any resolution to be proposed. Such notice must include statements, if applicable, to the effect that: (a) Bearer Covered Bonds may, not less than 48 hours before the time fixed for the meeting, be deposited with Paying Agents or (to their satisfaction) held to their order or under their control or blocked in an account with a clearing system for the purpose of obtaining voting certificates or appointing proxies; and (b) the holders of Registered Covered Bonds and A\$ Registered Covered Bonds may appoint proxies by executing and delivering a form of proxy in the English language to the specified office of the Registrar or, in the case of the A\$ Registered Covered Bonds, the A\$ Registrar not less than 48 hours before the time fixed for the meeting or, in the case of corporations, may appoint representatives by resolution of their directors or other governing body. A copy of the notice must be sent to the Bond Trustee (unless the meeting is convened by the Bond Trustee), and to the Issuer (unless the meeting is convened by the Issuer) and to the Covered Bond Guarantor (unless the meeting is convened by the Covered Bond Guarantor).
- 104. A person (who may but need not be a Covered Bondholder) nominated in writing by the Bond Trustee will be entitled to take the chair at the relevant meeting or adjourned meeting but if no such nomination is made or if at any meeting or adjourned meeting the person nominated is not be present within 15 minutes after the time appointed for holding the meeting or adjourned meeting the Covered Bondholders present must choose one of their number to be Chairman, failing which the Issuer may appoint a Chairman. The Chairman of an adjourned meeting need not be the same person as was Chairman of the meeting from which the adjournment took place.

105. At any such meeting one or more persons present holding Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than one twentieth of the Principal Amount Outstanding of the Covered Bonds of the relevant Series for the time being outstanding will (except for the purpose of passing an Extraordinary Resolution or a Programme Resolution) form a quorum for the transaction of business and no business (other than the choosing of a Chairman) will be transacted at any meeting unless the requisite quorum be present at the commencement of the relevant business. The quorum at any such meeting for passing an Extraordinary Resolution (subject as provided below) will be one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate a clear majority in Principal Amount Outstanding of the Covered Bonds of the relevant Series for the time being outstanding provided that at any meeting the business of which includes any of the following matters (each of which will, subject only to Clause 24.1, only be capable of being effected after having been approved by Extraordinary Resolution) namely:
- (a) reduction or cancellation of the amount payable or, where applicable, modification of the method of calculating the amount payable or modification of the date of payment or, where applicable, modification of the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds;
  - (b) alteration of the currency in which payments under the Covered Bonds and Coupons are to be made other than pursuant to Condition 5(i) of the Programme Conditions;
  - (c) alteration of the quorum or the majority required to pass an Extraordinary Resolution;
  - (d) any amendment to the Covered Bond Guarantee or the Security Deed (other than any amendment that Bond Trustee determines is not materially prejudicial to the interests of the Covered Bondholders of any Series or any amendment which is of a formal, minor or technical nature or is in the opinion of the Bond Trustee made to correct a manifest error or proven error or to comply with mandatory provisions of law);
  - (e) except in accordance with Condition 6(i) (Redemption and Purchase – Cancellation) of the Programme Conditions (in the case of Covered Bonds which are not N Covered Bonds) and/or in accordance with Condition 6.6 (Redemption – Cancellation of N Covered Bond upon Redemption or Purchase) of the N Covered Bond Conditions (in the case of N Covered Bonds) or the provision relating to substitution in Condition 14 of the Programme Conditions, the sanctioning of any scheme or proposal as is described in paragraph 18(j) below; and
  - (f) alteration of this proviso or the proviso to paragraph 7 above or the alteration of the definition of Series Reserved Matter in Condition 14 of the relevant Conditions,
- (each a **Series Reserved Matter**), the quorum will be one or more persons present holding Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than two thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. Notwithstanding the foregoing, the quorum at any such meeting for passing a Programme Resolution will be one or more persons present holding or representing in the aggregate at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding.
106. If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any such meeting a quorum is not present for the transaction of any

particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will if convened upon the requisition of Covered Bondholders be dissolved. In any other case it will stand adjourned to the same day in the next week (or if such day is a public holiday the next succeeding business day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it will stand adjourned for such period, being not less than 13 clear days nor more than 42 clear days, and to such place as may be appointed by the Chairman either at or subsequent to such meeting and approved by the Bond Trustee). If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will be dissolved. At any adjourned meeting one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives (whatever the Principal Amount Outstanding of the Covered Bonds then outstanding so held or represented by them) of the relevant Series will (subject as provided below) form a quorum and will have power to pass any Extraordinary Resolution, or other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the requisite quorum been present provided that at any adjourned meeting the quorum for the transaction of business comprising any of the matters specified in the proviso to paragraph 6 above will be one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds for the time being outstanding.

107. Notice of any adjourned meeting at which an Extraordinary Resolution is to be submitted must be given in the same manner as notice of an original meeting but as if 10 were substituted for 21 in paragraph 4 above and such notice must state the relevant quorum. Subject as aforesaid it will not be necessary to give any notice of an adjourned meeting.
108. Every question submitted to a meeting must be decided in the first instance by a show of hands and in case of equality of votes the Chairman will both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Covered Bondholder or as a holder of a voting certificate or as a proxy or as a representative.
109. At any meeting unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairman, the Issuer, the Covered Bond Guarantor, the Bond Trustee or any person present holding a Definitive Covered Bond or a voting certificate or being a proxy or representative (whatever the Principal Amount Outstanding of the Covered Bonds so held or represented by him) a declaration by the Chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority will be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
110. Subject to paragraph 12 below if at any such meeting a poll is so demanded it must be taken in such manner and subject as hereinafter provided either at once or after an adjournment as the Chairman directs and the result of such poll will be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll will not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
111. The Chairman may with the consent of (and must if directed by) any such meeting adjourn the same from time to time and from place to place but no business will be transacted at any adjourned

meeting except business which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.

112. Any poll demanded at any such meeting on the election of the Chairman or on any question of adjournment must be taken at the meeting without adjournment.
113. The Bond Trustee and its lawyers and any director, officer or employee of a corporation being a bond trustee of this Bond Trust Deed and any director or officer of the Issuer or the Covered Bond Guarantor, as the case may be, and its or their lawyers and any other person authorised so to do by the Bond Trustee may attend and speak at any meeting. Save as aforesaid, but without prejudice to the proviso to the definition of outstanding in the Definitions Schedule, no person will be entitled to attend and speak nor will any person be entitled to vote at any meeting of Covered Bondholders or join with others in requesting the convening of such a meeting or to exercise the rights conferred on Covered Bondholders by Condition 9 unless he either produces the Bearer Definitive Covered Bond or Bearer Definitive Covered Bonds of which he is the holder or a voting certificate or is a proxy or a representative or is the holder of an A\$ Registered Covered Bond, a Registered Definitive Covered Bond or Registered Definitive Covered Bonds. No person will be entitled to vote at any meeting in respect of Covered Bonds held by, for the benefit of, or on behalf of, the Issuer or the Covered Bond Guarantor, any Subsidiary of the Issuer or the Covered Bond Guarantor, any holding company of the Issuer or the Covered Bond Guarantor or any other Subsidiary of any such holding company. Nothing herein will prevent any of the proxies named in any block voting instruction or form of proxy or any representative from being a director, officer or representative of or otherwise connected with the Issuer or the Covered Bond Guarantor.
114. Subject as provided in paragraph 14 hereof at any meeting:
  - (a) on a show of hands every person who is present in person and produces a Bearer Definitive Covered Bond or voting certificate or is a holder of an A\$ Registered Covered Bond or a Registered Definitive Covered Bond or is a proxy or representative will have one vote; and
  - (b) on a poll every person who is so present will have one vote in respect of each A\$1 or such other amount as the Bond Trustee may in its absolute discretion stipulate (or, in the case of meetings of holders of Covered Bonds denominated in another currency, such amount in such other currency as the Bond Trustee in its absolute discretion may stipulate) in the Principal Amount Outstanding of the Bearer Definitive Covered Bonds so produced or represented by the voting certificate so produced or in respect of which he is a proxy or representative or in respect of which (being an A\$ Registered Covered Bonds or Registered Definitive Covered Bond) he is the registered holder.

Without prejudice to the obligations of the proxies named in any block voting instruction or form of proxy any person entitled to more than one vote need not use all his votes or cast all the votes to which he is entitled in the same way.

115. The proxies named in any block voting instruction or form of proxy and representatives need not be Covered Bondholders.
116. Each block voting instruction together (if so requested by the Bond Trustee) with proof satisfactory to the Bond Trustee of its due execution on behalf of the relevant Paying Agent and each form of proxy must be deposited by the relevant Paying Agent or (as the case may be) by the Registrar or the Transfer Agent at such place as the Bond Trustee will approve not less than 24 hours before the time appointed for holding the meeting or adjourned meeting at which the proxies named in the block voting instruction or form of proxy propose to vote and in default the block voting instruction or

form of proxy will not be treated as valid unless the Chairman of the meeting decides otherwise before such meeting or adjourned meeting proceeds to business. A copy of each block voting instruction and form of proxy must (if the Bond Trustee so requires) be deposited with the Bond Trustee before the commencement of the meeting or adjourned meeting but the Bond Trustee will not thereby be obliged to investigate or be concerned with the validity of or the authority of the proxies named in any such block voting instruction or form of proxy.

117. Any vote given in accordance with the terms of a block voting instruction or form of proxy will be valid notwithstanding the previous revocation or amendment of the block voting instruction or form of proxy or of any of the relevant Covered Bondholders' instructions pursuant to which it was executed provided that no intimation in writing of such revocation or amendment will have been received from the relevant Paying Agent or in the case of an A\$ Registered Covered Bonds or a Registered Covered Bond from the holder thereof by the Issuer at its registered office (or such other place as may have been required or approved by the Bond Trustee for the purpose) by the time being 24 hours and 48 hours respectively before the time appointed for holding the meeting or adjourned meeting at which the block voting instruction or form of proxy is to be used.
118. A meeting of the Covered Bondholders will in addition to the powers hereinbefore given have the following powers exercisable only by Extraordinary Resolution (subject to the provisions relating to quorum contained in paragraphs 6 and 7 above) namely:
  - (a) Power to sanction any compromise or arrangement proposed to be made between the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, any Appointee and the Covered Bondholders and Couponholders or any of them.
  - (b) Power to sanction any abrogation, modification, compromise or arrangement in respect of the rights of the Bond Trustee, any Appointee, the Covered Bondholders, Couponholders, the Issuer or the Covered Bond Guarantor or against any other or others of them or against any of their property whether such rights arise under this Bond Trust Deed or otherwise.
  - (c) Power to assent to any modification of the provisions of this Bond Trust Deed which are proposed by the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any Covered Bondholder.
  - (d) Power to sanction any consent or approval or direction to be given by the Bond Trustee or the Security Trustee under or in relation to any of the Programme Documents.
  - (e) Power to give any authority or sanction which under the provisions of this Bond Trust Deed is required to be given by Extraordinary Resolution.
  - (f) Power to appoint any persons (whether Covered Bondholders or not) as a committee or committees to represent the interests of the Covered Bondholders and to confer upon such committee or committees any powers or discretions which the Covered Bondholders could themselves exercise by Extraordinary Resolution.
  - (g) Power to approve of a person to be appointed a trustee, and power to remove any trustee or trustees, for the time being of the trusts established under this Bond Trust Deed.
  - (h) Power to discharge or exonerate the Bond Trustee and/or any Appointee from all liability in respect of any act or omission for which the Bond Trustee and/or such Appointee may have become responsible under this Bond Trust Deed.

- (i) Power to authorise the Bond Trustee and/or any Appointee to concur in and execute and do all such deeds, instruments, acts and things as may be necessary to carry out and give effect to any Extraordinary Resolution.
  - (j) Power to sanction any scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into or the cancellation of the Covered Bonds in consideration of shares, stock, covered bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, covered bonds, debentures, debenture stock and/or other obligations and/or securities as aforesaid and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the Covered Bondholders to execute an instrument of transfer of the A\$ Registered Covered Bonds or Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively.
  - (k) Power to approve the substitution of any entity for the Issuer or the Covered Bond Guarantor (or any previous substitute) as principal debtor or guarantor under this Bond Trust Deed.
119. Any resolution (i) passed at a meeting of the Covered Bondholders in respect of one or more Series duly convened and held in accordance with this Bond Trust Deed, (ii) passed as a resolution in writing in accordance with this Bond Trust Deed or (iii) passed by way of electronic consents given by holders through the relevant clearing system(s) in accordance with this Bond Trust Deed will be binding upon all the Covered Bondholders in respect of the relevant Series whether present or not present at any meeting and whether or not voting on the resolution and upon all Couponholders in respect of the relevant Series and each of them will be bound to give effect thereto accordingly and the passing of any such resolution will be conclusive evidence that the circumstances justify the passing thereof. Notice of the result of the voting on any resolution duly considered by the Covered Bondholders in respect of the relevant Series must be published in accordance with Condition 13 (Notices) of the relevant Conditions by the Issuer within 14 days of such result being known provided that the non-publication of such notice will not invalidate such result.
120. The expression **Extraordinary Resolution** when used in this Bond Trust Deed means: (a) a resolution passed at a meeting of the Covered Bondholders duly convened and held in accordance with this Bond Trust Deed by a majority consisting of not less than three-fourths of the persons voting thereat upon a show of hands or if a poll is duly demanded by a majority consisting of not less than three-fourths of the votes cast on such poll; or (b) a resolution in writing signed by or on behalf of Covered Bondholders holding not less than seventy five per cent. in Principal Amount Outstanding of the Covered Bonds then outstanding, which resolution in writing may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Covered Bondholders or (c) passed by way of electronic consents given by holders through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the Covered Bondholders of not less than three fourths in Principal Amount Outstanding for the time being outstanding.
121. Any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9(a) or to give a Covered Bond Guarantee Acceleration Notice pursuant to Condition 9(b) or to direct the Bond Trustee or the Security Trustee or to direct the Bond Trustee to direct the Security Trustee to take any enforcement action or to direct the Bond Trustee to determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed (each a **Programme Resolution**) will only be capable of being passed at a

single meeting of the Covered Bondholders of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) or the Bond Trustee or by the Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series will be binding on all the Covered Bondholders of all Series, whether or not they are present at the meeting, and on all related Couponholders.

122. Minutes of all resolutions and proceedings at every meeting of the Covered Bondholders must be made and entered in books to be from time to time provided for that purpose by the Issuer and any such minutes as aforesaid if purporting to be signed by the Chairman of the meeting at which such resolutions were passed or proceedings transacted will be conclusive evidence of the matters therein contained and until the contrary is proved every such meeting in respect of the proceedings of which minutes have been made will be deemed to have been duly held and convened and all resolutions passed or proceedings transacted thereat to have been duly passed or transacted.
123. (a) If and whenever the Issuer will have issued and have outstanding Covered Bonds of more than one Series the foregoing provisions of this Schedule will have effect subject to the following modifications:
  - (i) a resolution which in the opinion of the Bond Trustee affects the Covered Bonds of only one Series will be deemed to have been duly passed if passed at a separate meeting of the holders of the Covered Bonds of that Series;
  - (ii) a resolution which in the opinion of the Bond Trustee affects the Covered Bonds of more than one Series but does not give rise to a conflict of interest between the holders of Covered Bonds of any of the Series so affected will be deemed to have been duly passed if passed at a single meeting of the holders of the Covered Bonds of all the Series so affected;
  - (iii) a resolution which in the opinion of the Bond Trustee affects the Covered Bonds of more than one Series and gives or may give rise to a conflict of interest between the holders of the Covered Bonds of one Series or group of Series so affected and the holders of the Covered Bonds of another Series or group of Series so affected will be deemed to have been duly passed only if passed at separate meetings of the holders of the Covered Bonds of each Series or group of Series so affected;
  - (iv) a Programme Resolution will be deemed to have been duly passed only if passed at a single meeting of the Covered Bondholders of all Series then outstanding; and
  - (v) to all such meetings all the preceding provisions of this Schedule will *mutatis mutandis* apply as though references therein to Covered Bonds and Covered Bondholders were references to the Covered Bonds of the Series or group of Series in question or to the holders of such Covered Bonds, as the case may be.
- (b) If the Issuer will have issued and have outstanding Covered Bonds which are not denominated in Australian Dollars, in the case of any meeting of holders of Covered Bonds of more than one currency, the Principal Amount Outstanding of such Covered Bonds will:

- (i) for the purposes of paragraph 2 above be the equivalent in Australian dollars, converted at the relevant Covered Bond Swap Rate on the seventh dealing day prior to the day on which the requisition in writing is received by the Issuer; and
- (ii) for the purposes of paragraphs 5, 6 and 14 above (whether in respect of the meeting or any adjourned such meeting or any poll resulting therefrom) be the equivalent in Australian dollars, converted at the relevant Covered Bond Swap Rate. In such circumstances, on any poll each person present will have one vote for each A\$1 (or such other A\$ amount as the Bond Trustee may in its absolute discretion stipulate) in Principal Amount Outstanding of the Covered Bonds (converted as above) which he holds or represents.

124. Subject to all other provisions of this Bond Trust Deed the Bond Trustee may without the consent of the Issuer, the Covered Bond Guarantor, the Covered Bondholders or the Couponholders prescribe such further, alternative or other regulations regarding the requisitioning and/or the holding of meetings of Covered Bondholders and attendance and voting thereat as the Bond Trustee may in its sole discretion think fit.

7.3 In relation to the Covered Bonds of each Series, the Covered Bond Guarantee:

- (a) is a continuing guarantee;
- (b) extends to the ultimate balance of the Guaranteed Amounts due to be paid or which would have been due to be paid by the Issuer on the relevant Scheduled Payment Dates in accordance with the terms of this Bond Trust Deed, the Covered Bonds or the Coupons, regardless of any intermediate payment or discharge in whole or in part of any Guaranteed Amounts due to be paid on the relevant Scheduled Payment Date;
- (c) will not be discharged except by complete performance of the obligations in this Bond Trust Deed, is additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person (whether from the Covered Bond Guarantor or otherwise);
- (d) will remain in force until all moneys payable by the Covered Bond Guarantor pursuant to the terms of the Covered Bond Guarantee have been paid; and
- (e) is a guarantee of payment not collection.

7.4 The Covered Bond Guarantor will not in respect of any payment due to be made pursuant to this Bond Trust Deed be released from its obligations under or pursuant to this Bond Trust Deed in any circumstances (notwithstanding anything which but for this provision would release the Covered Bond Guarantor or would affect its liability under or pursuant to this Bond Trust Deed in respect of such payment) except upon the receipt by or for the account of the Bond Trustee of the full amount of such payment from the Issuer and the Covered Bond Guarantor, as applicable, in the currency, at the place and in the manner provided for in this Bond Trust Deed provided that (except in the case of Excess Proceeds) every payment of principal, premium or interest in respect of the Covered Bonds and/or Coupons made to the Principal Paying Agent or, in the case of the N Covered Bonds, the N Covered Bond Paying Agent or, in the case of A\$ Registered Covered Bonds, to the A\$ Registrar will be in satisfaction *pro tanto* of the liability of the Covered Bond Guarantor under this Bond Trust Deed and will be deemed for the purpose of this Clause 7.4 to have been paid to the order of the Bond Trustee, except to the extent that the subsequent payment thereof to the Covered Bondholders or the Couponholders in accordance with the Conditions is not made.

- 7.5 If any payment (whether in respect of the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee or any security for those obligations or otherwise) or arrangement is made in whole or in part on the faith of any payment, security or other disposition received by the Bond Trustee, the Principal Paying Agent, the N Covered Bond Paying Agent, the A\$ Registrar or any Covered Bondholder or Couponholder and such payment, security or other disposition (as the case may be) is avoided or set aside in whole or in part under any laws relating to the bankruptcy, sequestration, liquidation, insolvency, administration, corporate reorganisation or other such similar event of the Issuer or the Covered Bond Guarantor, such payment or arrangement will not be considered as having discharged the relevant liability of the Covered Bond Guarantor under the Covered Bond Guarantee (or any corresponding obligation of the Issuer) in respect thereof and that liability or obligation will continue or be reinstated as if the payment or arrangement had not occurred and the Covered Bond Guarantor will indemnify the Bond Trustee, the Principal Paying Agent, the N Covered Bond Paying Agent, the A\$ Registrar and the Covered Bondholders and/or Couponholders (as the case may be) in respect thereof.
- 7.6 Without prejudice to the generality of the foregoing provisions of this Clause 7, the Covered Bond Guarantor agrees that its obligations under this Bond Trust Deed (including in respect of the Covered Bond Guarantee) will be as if it were principal debtor and not merely as surety or guarantor and will be direct, absolute and (to the extent that such obligations extend to the Covered Bond Guarantee, following service of an Issuer Acceleration Notice and Notice to Pay or a Covered Bond Guarantee Acceleration Notice) unconditional obligations of the Covered Bond Guarantor, secured as provided in the Security Deed and subject as provided in Clause 32, irrespective of, and unaffected by, any invalidity, irregularity, illegality or unenforceability of, or defect in, any provisions of this Bond Trust Deed or any other Programme Document, or the absence of any action to enforce the same or the waiver, modification or consent by the Bond Trustee, any of the Covered Bondholders or Couponholders in respect of any provisions of the same or the obtaining of any judgment or decree against the Issuer or any action to enforce the same or any other circumstances which might otherwise constitute a legal or equitable discharge or defence of a guarantor. Accordingly, the validity of the Covered Bond Guarantee will not be affected by any invalidity, irregularity or unenforceability of all or any of the obligations of the Issuer under this Bond Trust Deed or any other Programme Document and the Covered Bond Guarantee will not be discharged nor will the liability of the Covered Bond Guarantor under this Bond Trust Deed be affected by any act, thing or omission or means whatsoever whereby its liability would not have been discharged if it had been the principal debtor.
- 7.7 The liability of the Covered Bond Guarantor under the Covered Bond Guarantee will not be lessened, affected, impaired or discharged by:
- (a) any time, waiver or indulgence granted to the Issuer by the Bond Trustee, any of the Covered Bondholders or Couponholders;
  - (b) any dealings or transactions between the Issuer and the Bond Trustee, any of the Covered Bondholders or Couponholders whether or not the Covered Bond Guarantor is a party to or cognisant of the same;
  - (c) the dissolution of the Issuer or any change in the status, functions, control or ownership of the Issuer or any consolidation, merger, conveyance or transfer by the Issuer;
  - (d) any composition or arrangement between the Issuer and its creditors or the release or variation of the obligations of the Issuer pursuant to such composition or arrangement;

- (e) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, the Issuer or any other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;
- (f) any incapacity or lack of powers, authority or legal personality of the Issuer or any other person;
- (g) any variation (however fundamental) or replacement of this Bond Trust Deed, the Covered Bonds or the Coupons;
- (h) any other guarantee or security now or subsequently held by any Secured Creditor, and the Covered Bond Guarantee is in addition to any such guarantee or security; or
- (i) any postponement, discharge, reduction, non-provability or other similar circumstance affecting any obligation of the Issuer under this Bond Trust Deed or any other Programme Document resulting from any insolvency, liquidation or dissolution proceedings or from any law, regulation or order so that each such obligation will for the purposes of the Covered Bond Guarantor's obligations under the Covered Bond Guarantee be construed as if there were no such circumstance.

7.8 Subject to its obligation to deliver a Notice to Pay to the Covered Bond Guarantor in respect of the Covered Bond Guarantee, the Bond Trustee may determine from time to time whether or not it will enforce the Covered Bond Guarantee, which it is entitled to enforce without making any demand or taking any proceedings against the Issuer. Subject to the provisions of this Clause 7 with regard to the service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor hereby waives any right to require proceedings first against the Issuer with respect to this Bond Trust Deed, the Covered Bonds or Coupons, diligence, presentment, demand of payment, filing of claims with a court in the event of dissolution, liquidation, merger or bankruptcy of the Issuer, protest or notice and all demands whatsoever.

7.9 To the extent that the Covered Bond Guarantor makes, or there is made on its behalf, a payment under the Covered Bond Guarantee the Issuer will on such payment being made become indebted to the Covered Bond Guarantor for an amount equal to such payment in accordance with the Intercompany Note Subscription Agreement and the Demand Note Subscription Agreement. Until all amounts which may be or become payable by the Issuer under this Bond Trust Deed, the Covered Bonds or Coupons have been irrevocably paid in full, the Covered Bond Guarantor hereby waives irrevocably and unconditionally:

- (a) all rights of subrogation, indemnity, contribution or otherwise (arising under common law, equity, statute or otherwise whatsoever) which it might otherwise have against the Issuer by virtue of any payment made by the Covered Bond Guarantor pursuant to the Covered Bond Guarantee; and
- (b) all rights to claim, rank, prove or vote as creditor of the Issuer or its estate in competition with the Bond Trustee (on behalf of the Covered Bondholders) or to claim a right of set-off,

subject always to the rights of the Covered Bond Guarantor to set-off amounts owing by the Issuer to the Covered Bond Guarantor in respect of amounts paid by the Covered Bond Guarantor under the Covered Bond Guarantee against any amounts repayable by the Covered Bond Guarantor to the

Issuer under the terms of the Intercompany Note Subscription Agreement and the Demand Note Subscription Agreement, which will remain unaffected.

If notwithstanding the foregoing, upon the bankruptcy, insolvency, administration or liquidation of the Issuer, any payment or distribution of assets of the Issuer of any kind or character, whether in cash, property or securities, has been received by the Covered Bond Guarantor or if the Covered Bond Guarantor is able to exercise any set-off rights against the Issuer (other than under the Intercompany Note Subscription Agreement or the Demand Note Subscription Agreement) before payment in full of all amounts payable under this Bond Trust Deed have been made to the Bond Trustee and/or the Covered Bondholders and the Couponholders, such payment and/or an amount equal to the amount so set-off will be received by the Covered Bond Guarantor and will be held by the Covered Bond Guarantor on trust to pay the same over immediately to the Bond Trustee for application in or towards the payment of all amounts which are due and payable, but which remain unpaid, by the Covered Bond Guarantor under this Bond Trust Deed.

- 7.10 Any amounts from time to time received by the Bond Trustee under the Covered Bond Guarantee will be applied by the Bond Trustee in accordance with the provisions of Clause 11.1 provided that any Excess Proceeds received by the Bond Trustee will be applied by the Bond Trustee in accordance with the provisions of Clause 11.2.
- 7.11 As a separate, independent, alternative and primary obligation, the Covered Bond Guarantor unconditionally and irrevocably agrees that (following the service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer and the service by the Bond Trustee of a Notice to Pay on the Covered Bond Guarantor) should any amount which, although expressed to be a Guaranteed Amount, for any reason (including any provisions of this Bond Trust Deed or the Programme Documents being or becoming void, voidable or unenforceable for any reason and whether or not now existing and whether or not now known or becoming known to the Issuer, the Covered Bond Guarantor, the Bond Trustee or any Covered Bondholder) is not recoverable from the Covered Bond Guarantor on the basis of a guarantee such amount will nevertheless be recoverable from the Covered Bond Guarantor on the basis of a full indemnity and will be paid by it to the Bond Trustee on demand provided that the Covered Bond Guarantor's obligation hereunder will in no circumstances exceed the relevant Guaranteed Amount.

## **8. PAYMENTS UNDER THE COVERED BOND GUARANTEE**

- 8.1 Where the Issuer has determined on an Interest Payment Date or such other date in respect of which any principal or interest in relation to the Covered Bonds is due and payable by the Issuer (other than pursuant to Condition 9 (Events of Default and Enforcement) of the Programme Conditions (the **Due Date**)) that it will not have sufficient funds to meet the amount of such interest and/or principal due and payable on such Interest Payment Date or Due Date (the difference being the **Shortfall**), it must notify the Bond Trustee in writing (copied to the Covered Bond Guarantor and the Trust Manager), no later than close of business on the fifth Business Day before such Interest Payment Date or Due Date of the Shortfall amount in relation to the Covered Bonds which is due and payable by the Issuer. Following the occurrence of an Issuer Event of Default and service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer pursuant to Condition 9(a) (Events of Default and Enforcement - Issuer Events of Default) of the relevant Conditions, the Bond Trustee must promptly deliver a Notice to Pay to the Covered Bond Guarantor (copied to the Trust Manager) requiring the Covered Bond Guarantor to pay the Guaranteed Amounts as and when the same are Due for Payment in accordance with the terms of the Covered Bond Guarantee and this Bond Trust Deed.
- 8.2 Following the service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer and the service by the Bond Trustee of a Notice to Pay on the Covered Bond Guarantor but prior to a

Covered Bond Guarantor Event of Default and delivery by the Bond Trustee of a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor (copied to the Trust Manager and the Security Trustee), payment by the Covered Bond Guarantor of the Guaranteed Amounts pursuant to the Covered Bond Guarantee must be made in accordance with the Guarantee Priority of Payments by 12 noon (local time in the relevant financial centre of the payment or, in the case of a payment in Euro, London time) on the Original Due for Payment Date or, if applicable, the Extended Due for Payment Date on which the relevant Guaranteed Amount is Due for Payment except that where the Covered Bond Guarantor is required to make a payment of a Guaranteed Amount in respect of the Final Redemption Amount payable on the Final Maturity Date of a Covered Bond, the Covered Bond Guarantor will make such payment no later than the Extended Due for Payment Date provided always that the Covered Bond Guarantor has received a Notice to Pay no later than one Business Day prior to such Extension Determination Date. In addition, where the Covered Bond Guarantor is required to make a payment of a Guaranteed Amount in respect of a Final Redemption Amount payable on the Final Maturity Date of the Covered Bond, to the extent that the Covered Bond Guarantor has insufficient moneys available after payment of higher ranking amounts and taking into account amounts ranking *pari passu* therewith in the Guarantee Priority of Payments to pay such Guaranteed Amounts, it will make partial payment of such Guaranteed Amounts in accordance with the Guarantee Priority of Payments.

- 8.3 The Bond Trustee must direct the Covered Bond Guarantor to pay (or to procure the payment of) all sums payable under the Covered Bond Guarantee to the Principal Paying Agent or, in the case of N Covered Bonds, the N Covered Bond Paying Agent or, in the case of the A\$ Registered Covered Bonds to the A\$ Registrar subject always to the provisions of Clause 2.5. For the avoidance of doubt, any discharge of the Issuer as a result of the payment of Excess Proceeds to the Bond Trustee must be disregarded for the purposes of determining the amounts to be paid by the Covered Bond Guarantor under the Covered Bond Guarantee.
- 8.4 At least one Business Day before the date on which the Covered Bond Guarantor is obliged to make a payment under the Covered Bond Guarantee, the Trust Manager must notify or procure the notification of the Principal Paying Agent or, in relation to N Covered Bonds, the N Covered Bond Paying Agent or, in relation to the A\$ Registered Covered Bonds, the A\$ Registrar, of the irrevocable instructions to the Account Bank through which payment to the Principal Paying Agent or, in the case of N Covered Bonds, the N Bond Paying Agent or, in the case of the A\$ Registered Covered Bonds, the A\$ Registrar is to be made.
- 8.5 All payments of Guaranteed Amounts by or on behalf of the Covered Bond Guarantor must be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessment or other governmental charges of whatever nature imposed or levied by or on behalf of Australia or any political sub-division thereof or by any authority therein or thereof having power to tax, unless such withholding or deduction is required by law or regulation or administrative practice of any jurisdiction. If any such withholding or deduction is required, the Covered Bond Guarantor will pay the Guaranteed Amounts net of such withholding or deduction and will account to the appropriate Tax Authority for the amount required to be withheld or deducted. In addition, any amounts to be paid on the Covered Bonds will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**), or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding. The Covered Bond Guarantor will not be obliged to pay any additional amount to the Bond Trustee or any holder of Covered Bonds and/or Coupons in respect of the amount of withholding or deduction described in this Clause 8.5.

- 8.6 The Issuer will not be discharged from its obligations under the Covered Bonds or Coupons and this Bond Trust Deed by any payment made by the Covered Bond Guarantor under the Covered Bond Guarantee provided that this Clause 8.6 will operate only for the purpose of the subrogation rights of the Covered Bond Guarantor contemplated by Clause 7.
- 8.7 Except in relation to Excess Proceeds, any payment made by the Covered Bond Guarantor to the Covered Bondholders or the Couponholders in respect of the Covered Bonds or Coupons may be made in accordance with the Conditions and the Agency Agreements, and any payments so made will be a good discharge *pro tanto* of the relative covenant by the Covered Bond Guarantor contained in Clause 7 or Clause 8 (as the case may be) save to the extent that there is default in the subsequent payment thereof in accordance with this Bond Trust Deed to the relevant Covered Bondholders or Couponholders (as the case may be).

## **9. NON-PAYMENT**

- 9.1 Proof that as regards any specified Covered Bond or Coupon, the Issuer or, as the case may be, the Covered Bond Guarantor has made default in paying any amount due in respect of such Covered Bond or Coupon will (unless the contrary be proved) be sufficient evidence that the same default has been made as regards all other Covered Bonds or Coupons (as the case may be) in respect of which the relevant amount is due and payable.
- 9.2 References in the provisos in Clauses 2.4(c) and 2.4(d) and any provisions of any trust deed supplemental to this Bond Trust Deed corresponding to the provisos in Clauses 2.4(c) and 2.4(d) and to the rates aforesaid will, in the event of the Covered Bonds having become due and repayable, with effect from the expiry of the Interest Period during which such Covered Bonds become due and repayable, be construed as references to rates of interest calculated *mutatis mutandis* in accordance with the Conditions except that no notices need be published in respect thereof.

## **10. PROCEEDINGS, ACTION AND INDEMNIFICATION**

- 10.1 The Bond Trustee may:
- (a) at any time after the occurrence of an Issuer Event of Default and the service of an Issuer Acceleration Notice (in the case of the Issuer) or, if earlier, following the occurrence of a Covered Bond Guarantor Event of Default and the service of a Covered Bond Guarantee Acceleration Notice (in the case of the Covered Bond Guarantor), at its discretion and without further notice, take such proceedings or other action or step as it may think fit against or in relation to the Issuer or, as the case may be, the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Bond Trust Deed, the Covered Bonds and the Coupons or any other Programme Document; and
  - (b) at any time after the service of a Covered Bond Guarantee Acceleration Notice, give a direction or instruction to the Security Trustee to take such actions, steps or proceedings against the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Deed or any other Programme Document and may, at any time after the Security has become enforceable, direct and instruct the Security Trustee to take such steps as it may think fit to enforce the Security. Following the service of a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor, the Bond Trustee must provide a copy of such notice to the Trust Manager and the Security Trustee.

10.2 The Bond Trustee will not be bound to take, or give any direction to the Security Trustee to take, any such proceedings, steps or actions in relation to this Bond Trust Deed, the Covered Bond Guarantee, the Covered Bonds the Coupons or any other Programme Document as referred to in Clause 10.1 or give any notice pursuant to Condition 9 (Events of Default and Enforcement) of the relevant Conditions unless:

- (a) directed to do so by an Extraordinary Resolution of the Covered Bondholders of all Series, then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate); or
- (b) requested to do so in writing by the holders of not less than twenty-five per cent. of the Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate),

and in either case then only if it will be indemnified and/or secured and/or prefunded to its satisfaction.

10.3 Subject as provided above and in clause 12.5 of the Security Deed, the Bond Trustee will not be bound to take, or to give any direction to the Security Trustee to take, any other action under or in connection with this Bond Trust Deed, the Covered Bonds or the Coupons or any other Programme Document unless:

- (a) directed to do so by Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series (as determined in accordance with the provisions of paragraph 23 of Schedule 4); or
- (b) requested to do so in writing by the holders of not less than twenty-five per cent. of the Principal Amount Outstanding of the Covered Bonds then outstanding of the relevant one or more Series (as determined in accordance with the provisions of paragraph 23 of Schedule 4),

and in either case then only if it will be indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

10.4 Only the Bond Trustee may enforce the provisions of this Bond Trust Deed. No Covered Bondholder or Couponholder will be entitled to proceed directly against the Issuer or the Covered Bond Guarantor to enforce the performance of any of the provisions of this Bond Trust Deed or to directly enforce the provisions of any other Programme Document unless the Bond Trustee having become bound as aforesaid to so proceed fails to do so within a reasonable time and such failure is continuing, in which event any Covered Bondholder or Couponholder may, on giving an indemnity and/or prefunding and/or security satisfactory to the Bond Trustee, in the name of the Bond Trustee (but not otherwise) himself institute such proceedings and/or prove in the winding up, administration or liquidation of the Issuer or the Covered Bond Guarantor to the same extent and in the same jurisdiction (but not further or otherwise than the Bond Trustee would have been entitled to do so in respect of the Covered Bonds and Coupons and/or this Bond Trust Deed).

10.5 In exercising any of its powers, trusts authorities and discretions the Bond Trustee must only have regard to the interests of the Covered Bondholders of all Series equally and will not have regard to the interests of any other Secured Creditor.

## **11. APPLICATION OF MONEYS AND EXCESS PROCEEDS**

- 11.1 Prior to the service of a Notice to Pay, all moneys received by the Bond Trustee under this Bond Trust Deed from the Issuer pursuant to Clause 2.4 in respect of a payment of principal or interest to the Covered Bondholders and, after service of a Notice to Pay, all moneys received by the Bond Trustee under this Bond Trust Deed from the Covered Bond Guarantor pursuant to Clause 7 in respect of a payment of Guaranteed Amounts to the Covered Bondholders will, unless and to the extent attributable to a particular Series of the Covered Bonds, be apportioned *pari passu* and rateably between each Series of the Covered Bonds, and to the extent attributable to a particular Series of the Covered Bonds or which are apportioned to such Series as aforesaid, must be applied:
- (a) first, to the extent not already paid or provided for under the Pre-Acceleration Revenue Priority of Payments or the Guarantee Priority of Payments, as applicable, in payment or satisfaction of all amounts then due and unpaid under Clause 16 to the Bond Trustee and/or any Appointee;
  - (b) second, in or towards payment *pari passu* and rateably of all principal and interest then due and unpaid in respect of the Covered Bonds of that Series;
  - (c) third, in or towards payment *pari passu* and rateably of all principal and interest then due and unpaid in respect of the Covered Bonds of each other Series; and
  - (d) fourth, in payment of the balance (if any) to the Issuer (to the extent received from the Issuer) or the Covered Bond Guarantor (to the extent received from the Covered Bond Guarantor).
- 11.2 Following the occurrence of an Issuer Event of Default and the delivery of an Issuer Acceleration Notice and Notice to Pay, any Excess Proceeds will be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor, as soon as practicable, and will be held by the Covered Bond Guarantor in the GIC Account and the Excess Proceeds will thereafter form part of the Charged Property and will be used by the Covered Bond Guarantor in the same manner as all other moneys from time to time standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed. Any Excess Proceeds received by the Bond Trustee and held by it or under its control will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons (as applicable and to the extent of the amount so received and subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Covered Bond Guarantor) (but will be deemed not to have so discharged the Issuer's obligations for the purposes of subrogation rights of the Covered Bond Guarantor contemplated by Clause 7.9). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and Notice to Pay or if earlier, service of a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable and the receipt by, or on behalf of, the Bond Trustee of any Excess Proceeds will not reduce or discharge any such obligations.
- 11.3 By subscribing for Covered Bond(s), each Covered Bondholder will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor in the manner as described above.
- 11.4 For the avoidance of doubt, any payments by the Covered Bond Guarantor to the Covered Bondholders out of the Excess Proceeds, will reduce the Guaranteed Amounts *pro tanto*.

## **12. NOTICE OF PAYMENTS**

The Bond Trustee (at the expense and cost of the Covered Bond Guarantor) must give notice to the relevant Covered Bondholders in accordance with Condition 13 (Notices) of the Programme Conditions (in the case of Covered Bonds which are not N Covered Bonds) and/or in accordance with Condition 13 (Notices) of the N Covered Bond Conditions (in the case of N Covered Bonds) of the day fixed for any payment to them under Clause 11.1. Such payment may be made in accordance with Condition 5 (Payments) of the Programme Conditions or, in the case of N Covered Bonds, Condition 5 (Payments) of the N Covered Bond Conditions and any payment so made will be a good discharge to the Bond Trustee.

## **13. INVESTMENT BY BOND TRUSTEE**

- 13.1 Except in relation to any Excess Proceeds, the Bond Trustee may at its absolute discretion and pending payment as provided for in this Bond Trust Deed, invest moneys at any time available for the payment of principal and interest on the Covered Bonds of any Series, in some or one of the Authorised Investments for such periods as it may consider expedient with power from time to time at the like discretion to vary such investments and to accumulate such investments and the resulting interest and other income derived therefrom. The accumulated investments must be applied under Clause 11. All interest and other income deriving from such investments must be applied first in payment or satisfaction of all amounts then due and unpaid under Clause 16 to the Bond Trustee and/or any Appointee and otherwise held for the benefit of and paid to the Covered Bondholders of such Series or the related Couponholders, as the case may be.
- 13.2 Except in relation to any Excess Proceeds, any moneys which under the trusts of this Bond Trust Deed may be invested by the Bond Trustee may be invested in the name or under the control of the Bond Trustee in any investments or other assets in any part of the world whether or not they produce income or by placing the same on deposit in the name or under the control of the Bond Trustee at such bank or other financial institution and in such currency as the Bond Trustee may think fit. If that bank or institution is the Bond Trustee or a Subsidiary, holding or associated company of the Bond Trustee, it need only account for an amount of interest equal to the amount of interest which would, at then current rates, be payable by it on such a deposit to an independent customer. The Bond Trustee may at any time vary any such investments for or into other investments or convert any moneys so deposited into any other currency and will not be responsible for any loss resulting from any such investments or deposits, whether due to depreciation in value, fluctuations in exchange rates or otherwise.
- 13.3 Notwithstanding anything in this Bond Trust Deed to the contrary, the Bond Trustee may not do, or be authorised or required to do, anything which might constitute a regulated activity for the purpose of the FSMA, unless it is authorised under the FSMA to do so.

In respect of any of the duties and/or responsibilities to be performed by the Bond Trustee, the Bond Trustee will have the discretion at any time (i) to delegate any of the functions which fall to be performed by an authorised person under the FSMA to any agent or person which has the necessary authorisations and licences and (ii) to apply for authorisation under the FSMA and perform any or all such functions itself if, in its absolute discretion, it considers it necessary, desirable or appropriate to do so.

## **14. PARTIAL PAYMENTS**

Other than in the case of any payment in respect of A\$ Registered Covered Bonds, upon any payment under Clause 11.1 (other than payment in full against surrender of a Covered Bond or

Coupon) the Covered Bond or Coupon in respect of which such payment is made must be produced to the Bond Trustee, the Registrar, the N Covered Bond Registrar, or the relevant Paying Agent by or through whom such payment is made and the Bond Trustee must or must cause the Registrar or, as the case may be, the relevant Paying Agent to enface thereon a memorandum of the amount and the date of payment but the Bond Trustee may in any particular case or generally in relation to Registered Covered Bonds dispense with such production and enfacement upon such indemnity being given to the Bond Trustee and the Issuer as such parties think sufficient.

## **15. COVENANTS BY THE ISSUER AND THE COVERED BOND GUARANTOR**

15.1 Each of the Issuer, the Covered Bond Guarantor and the Trust Manager (as applicable), hereby severally covenant with the Bond Trustee that, so long as any of the Covered Bonds remains outstanding, it will:

- (a) in the case of the Issuer and the Covered Bond Guarantor, provided that it has been directed to do so by the Trust Manager, at all times maintain a Principal Paying Agent, a Registrar, an Exchange Agent and a Transfer Agent, each with specified offices in accordance with the Conditions and the Agency Agreements and at all times maintain any other agents required by the Conditions;

- (c) in the case of the Issuer only, at all times keep proper books of account, and permit to the extent permitted by applicable law the Bond Trustee and any persons appointed by the Bond Trustee to whom the Issuer has no reasonable objection free access to such books of account at all reasonable times during normal working hours provided that nothing in this paragraph will oblige the Issuer to disclose confidential information concerning customers of the Issuer or regarding any matters for which the Issuer would be entitled to claim exemption from disclosure;
- (d) in the case of the Trust Manager only, at all times keep proper books of account in relation to the Trust, and permit to the extent permitted by applicable law the Bond Trustee and any persons appointed by the Bond Trustee to whom the Trust Manager has no reasonable objection free access to such books of account at all reasonable times during normal working hours provided that nothing in this paragraph will oblige the Trust Manager to disclose confidential information concerning customers of the Trust Manager or regarding any matters for which the Trust Manager would be entitled to claim exemption from disclosure;

- (o) In connection with the exercise by it of any of its trusts, powers, authorities or discretions under this Bond Trust Deed (including any modification, waiver, authorisation or determination), the Bond Trustee will have regard to the interests of the Covered Bondholders of each Series as a class (but must not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, will not have regard to the consequences of any such exercise for individual Covered Bondholders and Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee will not be entitled to require, nor will any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the Covered Bond Guarantor, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders and/or Couponholders, except to the extent already provided for in Condition 7 (Taxation) of the relevant Conditions and/or in any undertaking or covenant given in addition thereto or in substitution therefor under this Bond Trust Deed.

- (c) any modification contemplated by Clause 21.4 or Clause 21.5.

In forming an opinion as to whether the relevant modification is of a formal, minor or technical nature or is being made to correct a manifest error or to comply with mandatory provisions of law or is contemplated by Clause 21.4, the Bond Trustee may have regard to any evidence which the Bond Trustee considers reasonable to rely on including (without any obligation to rely on any of the following):

- (d) a certificate from the Issuer:
  - (i) stating the intention of the parties to the relevant Programme Documents;

- 21.2 Subject to Clause 21.3, the Bond Trustee will be bound to concur with the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) and any other party in making any of the above-mentioned modifications and/or direct the Security Trustee to make any of the above mentioned modifications if it is (a) so directed by an Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series with the Covered Bonds of all such Series taken together as a single Series (as determined in accordance with the provisions of paragraph 23 of Schedule 4 and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (b) requested to do so in writing by Covered Bondholders holding not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series as determined in accordance with the provisions of paragraph 23 of Schedule 4 and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) then outstanding and at all times then only if it is first indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

- 21.3 Notwithstanding any of Clauses 21.1, 21.2, 21.4 and 21.5, the Bond Trustee will not be obliged to agree to any modification which, in the sole opinion of the Bond Trustee would have the effect of (a) exposing the Bond Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee in the Programme Documents and/or the Conditions.
- 21.4 The Bond Trustee will be obliged to concur in and to effect any modifications to the Programme Documents that are requested by the Covered Bond Guarantor or the Trust Manager to:

  - (b) take into account any changes in the covered bonds ratings criteria of the Rating Agencies where, absent such modifications, the rating assigned by the relevant Rating Agency to one or more Series of Covered Bonds may be subject to a downgrade, qualification or withdrawal, subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Issuer each certifying to the Bond Trustee and the Security Trustee that such modifications are required for the purpose of preventing the relevant downgrade, qualification or withdrawal;
  - (c) allow a Swap Provider to transfer securities as Swap Collateral under a relevant Swap Agreement Credit Support Document, including to appoint a custodian to hold such securities in a custody account pursuant to a custody agreement; or
  - (d) ensure compliance of the Programme or the Issuer, as applicable, with, or ensure that the Issuer may benefit from (including if a Regulatory Event occurred or was likely to occur), any existing, amended or new legislation, regulation, directive, prudential standard or prudential guidance note of any regulatory body (including the Australian Prudential Regulation Authority) in relation to covered bonds subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Trust Manager each certifying to the Bond Trustee and the Security Trustee that such modifications are required in order to comply with or benefit from such legislation, regulation, directive, prudential standard or prudential guidance note, as the case may be.

Any modification under this Clause is effective even if such modification is or may be, prejudicial or materially prejudicial to the interests of the Covered Bondholders of any Series.

The Bond Trustee will not be obliged to concur in relation to any modification being made pursuant to this Clause 21.4 until such time as any certificates required to be delivered to the Bond Trustee under this Clause 21.4 have actually been received by the Bond Trustee.

Any breach of or failure to comply by the Issuer and/or the Covered Bond Guarantor with any such terms and conditions as are referred to in Clauses 20 or 21 or 22 will constitute a default by the Issuer or the Covered Bond Guarantor in the performance or observance of a covenant or provision binding on it under or pursuant to this Bond Trust Deed.

**24. HOLDER OF BEARER DEFINITIVE COVERED BOND ASSUMED TO BE COUPONHOLDER**

Wherever in this Bond Trust Deed the Bond Trustee is required or entitled to exercise a power, trust, authority or discretion under this Bond Trust Deed, except as ordered by a court of competent jurisdiction or as required by applicable law, the Bond Trustee will, notwithstanding that it may have express notice to the contrary, assume that each holder of a Bearer Definitive Covered Bond is the holder of all Coupons appertaining to such Bearer Definitive Covered Bond.

**25. NO NOTICE TO COUPONHOLDERS**

None of the Bond Trustee, the Trust Manager, the Covered Bond Guarantor or the Issuer will be required to give any notice to the Couponholders for any purpose under this Bond Trust Deed and the Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Covered Bonds in accordance with Condition 13 (Notices) of the Programme Conditions.

**26. EXCHANGE RATE INDEMNITY**

- 26.1 If a judgment or order is rendered by a court of any particular jurisdiction for the payment of any amounts owing to the Bond Trustee or the Covered Bondholders or Couponholders under this Bond Trust Deed, the Covered Bonds or the Coupons, or under a judgment or order of a court of any other jurisdiction in respect thereof or for the payment of damages in respect of either thereof, and any such judgment or order is expressed in a currency (the **Judgment Currency**) other than the currency of the relevant Covered Bonds (the **Contractual Currency**), the Issuer and the Covered Bond Guarantor must indemnify and hold the Bond Trustee and the Covered Bondholders and Couponholders harmless against any deficiency arising or resulting from any variation in rates of exchange between the Judgment Currency and the Contractual Currency occurring between: (a) the date on which any amount expressed in the Contractual Currency is converted, for the purposes of making or filing any claim resulting in any such judgment or order, into an equivalent amount in the Judgment Currency; and (b) the date or dates of payment of such amount (or part thereof), or of discharge of such first-mentioned judgment or order (or part thereof), as appropriate.
- 26.2 The above indemnities will constitute separate and independent obligations of the Issuer and the Covered Bond Guarantor from their other obligations under this Bond Trust Deed, will give rise to separate and independent causes of action, will apply irrespective of any indulgence granted by the Bond Trustee or the Covered Bondholders or Couponholders from time to time and will continue in full force and effect notwithstanding any judgment. Any such deficiency as aforesaid will be deemed to constitute a loss suffered by the Bond Trustee and the Covered Bondholders and Couponholders, and no proof or evidence of any actual loss will be required by the Issuer, the Covered Bond Guarantor or its or their liquidator(s).
- 26.3 In the case of Clause 26.1 above, if (upon such payment or discharge as is therein referred to) the Covered Bondholders or Couponholders would on conversion to the Contractual Currency receive an amount in excess of the sum due in the Contractual Currency, the Covered Bondholders or, as the case may be, the Couponholders will hold such excess to the order of the Issuer or the Covered Bond Guarantor, as the case may be.

**27. NEW BOND TRUSTEE**

The power to appoint a new bond trustee of this Bond Trust Deed will, subject to Clause 29, be vested solely in the Issuer and the Covered Bond Guarantor (acting on the direction of the Trust

Manager) jointly but no person will be appointed who has not previously been approved by an Extraordinary Resolution of the Covered Bondholders of all Series taken together as a single Series. One or more persons may hold office as bond trustee or bond trustees of this Bond Trust Deed but such bond trustee or bond trustees will be or include a Trust Corporation. Whenever there are more than two bond trustees of this Bond Trust Deed the majority of such bond trustees must be competent to execute and exercise all the duties, powers, trusts, authorities and discretions vested in the Bond Trustee by this Bond Trust Deed provided that a Trust Corporation will be included in such majority. Any appointment of a new bond trustee of this Bond Trust Deed must as soon as practicable thereafter be notified by the Issuer to the Rating Agencies, the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar, the N Covered Bond Registrar, the Security Trustee and the Covered Bondholders in accordance with Condition 13 (Notices) of the relevant Conditions.

## **28. SEPARATE AND CO-TRUSTEES**

Notwithstanding the provisions of Clause 27 above, the Bond Trustee may, upon giving reasonable prior written notice to the Issuer, the Covered Bond Guarantor and the Trust Manager (but without the consent of the Issuer, the Covered Bond Guarantor, the Trust Manager, the Covered Bondholders or Couponholders), appoint any person established or resident in any jurisdiction (whether a Trust Corporation or not) to act either as a separate bond trustee or as a co-bond trustee jointly with the Bond Trustee:

- (a) if the Bond Trustee considers such appointment to be in the interests of the Covered Bondholders;
- (b) for the purposes of conforming to any legal requirements, restrictions or conditions in any jurisdiction in which any particular act or acts is or are to be performed; or
- (c) for the purposes of obtaining a judgment in any jurisdiction or the enforcement in any jurisdiction of either a judgment already obtained or any of the provisions of this Bond Trust Deed against the Issuer or the Covered Bond Guarantor.

Each of the Issuer and the Covered Bond Guarantor irrevocably appoints the Bond Trustee to be its attorney in its name and on its behalf to execute any such instrument of appointment. Such a person will (subject always to the provisions of this Bond Trust Deed) have such trusts, powers, authorities and discretions (not exceeding those conferred on the Bond Trustee by this Bond Trust Deed) and such duties and obligations as will be conferred or imposed by the instrument of appointment. The Bond Trustee will have power in like manner to remove any such person. Such remuneration as the Bond Trustee may pay to any such person, together with any attributable Liabilities incurred by it in performing its function as such separate bond trustee or co-bond trustee, will for the purposes of this Bond Trust Deed be treated as Liabilities incurred by the Bond Trustee.

## **29. BOND TRUSTEE'S RETIREMENT AND REMOVAL**

A bond trustee of this Bond Trust Deed may retire at any time on giving not less than three months' prior written notice to the Issuer, the Covered Bond Guarantor, the Trust Manager and the Security Trustee without giving any reason and without being responsible for any Liabilities incurred by reason of such retirement. The Covered Bondholders may by Extraordinary Resolution of the Covered Bondholders of all Series taken together as a single Series remove any bond trustee or bond trustees for the time being of this Bond Trust Deed. Each of the Issuer and the Trust Manager undertakes that in the event of the only bond trustee of this Bond Trust Deed which is a Trust Corporation giving notice under this Clause 29 or being removed by Extraordinary Resolution it will

use all reasonable endeavours to procure that a new bond trustee of this Bond Trust Deed being a Trust Corporation is appointed by the Covered Bondholders in accordance with Clause 27 as soon as reasonably practicable thereafter. The retirement or removal of any such bond trustee will not become effective until a successor bond trustee being a Trust Corporation is appointed. If, in such circumstances, no appointment of such new bond trustee has become effective within 60 days of the date of such notice or Extraordinary Resolution, the Bond Trustee will be entitled to appoint a Trust Corporation as bond trustee of this Bond Trust Deed, but no such appointment will take effect unless previously approved by an Extraordinary Resolution.

### 30. BOND TRUSTEE'S POWERS TO BE ADDITIONAL

The powers conferred upon the Bond Trustee by this Bond Trust Deed will be in addition to any powers which may from time to time be vested in the Bond Trustee by the general law or as a holder of any of the Covered Bonds or Coupons.

Transfers of beneficial interests in Rule 144A Global Covered Bonds (as defined below) and Regulation S Global Covered Bonds (as defined below) (together, the **Registered Global Covered Bonds**) will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Covered Bond will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Covered Bonds in definitive form or for a beneficial interest in another Registered Global Covered Bond only in the authorised denominations set out in the

Applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Principal Agency Agreement. Transfers of a Registered Global Covered Bond registered in the name of a nominee for DTC will be limited to transfers of such Registered Global Covered Bond, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

**(b) *Transfers of Registered Covered Bonds in definitive form***

Subject as provided in Conditions 2(f), 2(g) and 2(h) below, upon the terms and subject to the conditions set forth in the Principal Agency Agreement, a Registered Covered Bond in definitive form may be transferred in whole or in part (in the authorised denominations set out in the Applicable Final Terms). In order to effect any such transfer: (i) the holder or holders must: (A) surrender the Registered Covered Bond for registration of the transfer of the Registered Covered Bond (or the relevant part of the Registered Covered Bond) at the specified office of the relevant Registrar or the relevant Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing; and (B) complete and deposit such other certifications as may be required by the relevant Registrar or, as the case may be, the relevant Transfer Agent; and (ii) the relevant Registrar or, as the case may be, the relevant Transfer Agent must be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the relevant Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 5 to the Principal Agency Agreement). Subject as provided above, the relevant Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Covered Bond in definitive form of a like aggregate nominal amount to the Registered Covered Bond (or the relevant part of the Registered Covered Bond) transferred. In the case of the transfer of part only of a Registered Covered Bond in definitive form, a new Registered Covered Bond in definitive form in respect of the balance of the Registered Covered Bond not transferred will be so authenticated and delivered or (at the risk of the transferor) sent by uninsured mail to the address specified by the transferor.

**(c) *Transfers of A\$ Registered Covered Bonds***

Title to the A\$ Registered Covered Bonds passes when details of the transfer are entered in the A\$ Register. The A\$ Register will be closed for the purpose of determining entitlements to payments of interest and principal at 5.00pm in the place where the A\$ Register is kept on the eighth calendar day before the relevant date for payment, or such other date specified in or determined in accordance with the Applicable Final Terms for that purpose (the **A\$ Record Date**).

A\$ Registered Covered Bonds may be transferred in whole but not in part. Application for the transfer of A\$ Registered Covered Bonds not entered into the Austraclear System or any alternative clearing system must be made by the lodgement of a transfer form with the A\$ Registrar at its specified office. Each transfer form must be duly completed, accompanied by any evidence the A\$ Registrar may require to establish that the transfer form has been duly executed and signed by the transferor and the transferee.

If a Covered Bondholder transfers some but not all of the Covered Bonds it holds and the transfer form does not identify the specific Covered Bonds transferred, the A\$ Registrar may choose which Covered Bonds registered in the name of the Covered Bondholder have been transferred. However, the Principal Amount Outstanding of the Covered Bonds registered as transferred must equal the Principal Amount Outstanding of the Covered Bonds expressed to be transferred in the transfer form.

For so long as any of the A\$ Registered Covered Bonds are lodged in the Austraclear System, beneficial interests in A\$ Registered Covered Bonds will be transferable only in accordance with the Austraclear Regulations.

**(d) *Registration of transfer upon partial redemption***

In the event of a partial redemption of Covered Bonds under Condition 6, the Issuer will not be required to register the transfer of any Registered Covered Bond or A\$ Registered Covered Bond, or part of a Registered Covered Bond or an A\$ Registered Covered Bond, called for partial redemption.

**(e) *Costs of registration***

Covered Bondholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer, the A\$ Registrar, any Registrar or any Transfer Agent may require the payment of a sum sufficient to cover any Taxes including stamp duty, GST or other governmental charge that may be imposed in relation to the registration.

**(f) *Transfers of interests in Regulation S Global Covered Bonds***

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Covered Bond to a transferee in the United States or who is a U.S. person will only be made (i) upon receipt by the Registrar or the Transfer Agent of a written certification substantially in the form set out in the Principal Agency Agreement, amended as appropriate (a **Transfer Certificate**), copies of which are available from the specified office of the Registrar or any Transfer Agent, from the transferor of the Covered Bond or beneficial interest therein to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any State of the United States or any other jurisdiction; or (ii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States and, in each case, in accordance with any applicable securities laws of any State of the United States or any other applicable jurisdiction.

In the circumstances set out in this Condition 2(f), such transferee may take delivery through a Legended Covered Bond in global or definitive form. Prior to the end of the applicable Distribution Compliance Period beneficial interests in Regulation S Global Covered Bonds registered in the name of a nominee for DTC may only be held through the accounts of Euroclear and Clearstream, Luxembourg. After expiry of the applicable Distribution Compliance Period: (i) beneficial interests in Regulation S Global Covered Bonds registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC or indirectly through a participant in DTC; and (ii) such certification requirements will no longer apply to such transfers.

**(g) *Transfers of interests in Legended Covered Bonds***

Transfers of Legended Covered Bonds or beneficial interests therein may be made:

- (i) to a transferee who takes delivery of such interest through a Regulation S Global Covered Bond, upon receipt by the Registrar or the Transfer Agent of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that, in the case of a Regulation S Global Covered Bond registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Covered Bonds being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (ii) to a transferee who takes delivery of such interest through a Legended Covered Bond where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
- (iii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other applicable jurisdiction.

Upon the transfer, exchange or replacement of Legended Covered Bonds, or upon specific request for removal of the Legend therein, the Registrar or the Transfer Agent will deliver only Legended Covered Bonds or refuse to remove the Legend therein, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

**(h) Exchanges and transfers of Registered Covered Bonds generally**

Holders of Registered Covered Bonds in definitive form may exchange such Covered Bonds for interests in a Registered Global Covered Bond of the same type at any time.

**(i) Definitions**

In the Conditions, the following expressions will have the following meanings:

### 3. Status of the Covered Bonds and the Covered Bond Guarantee

#### (a) Status of the Covered Bonds

The Covered Bonds and any relative Coupons constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference or priority among themselves and *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer (other than any obligation preferred by mandatory provisions of applicable law).

*Section 13A(3) of the Australian Banking Act 1959 of Australia (the **Australian Banking Act**) provides that if an authorised deposit taking institution (ADI) (of which the Issuer is one) becomes unable to meet its obligations or suspends payment, the assets of the ADI in Australia are to be available to meet the ADI's liabilities in the following order:*

- (i) first, the ADI's liabilities (if any) to the Australian Prudential Regulation Authority (**APRA**) in respect of the rights APRA has against the ADI to be paid amounts equal to the amount which the holder of a protected account is entitled to receive from APRA under Division 2AA of Part II of the Australian Banking Act (the **Financial Claims Scheme**);*
- (ii) second, the ADI's debts (if any) to APRA in respect of APRA's costs incurred in relation to the exercise of its powers and the performance of its functions relating to the ADI in connection with the Financial Claims Scheme;*
- (iii) third, the ADI's liabilities (if any) in Australia in relation to protected accounts that accountholders keep with the ADI;*
- (iv) fourth, the ADI's debts (if any) to the Reserve Bank of Australia (the **RBA**);*
- (v) fifth, the ADI's liabilities (if any) under an industry support contract that is certified under section 11CB of the Australian Banking Act; and*
- (vi) sixth, the ADI's other liabilities (if any) in the order of their priority apart from section 13A(3) of the Australian Banking Act.*

*Section 86 of the Reserve Bank Act 1959 of Australia (the **Reserve Bank Act**) provides that, in a winding up of an ADI, debts due to the RBA by an ADI such as the Issuer shall, subject to section 13A(3) of the Australian Banking Act, have priority over all other debts of such ADI.*

*Section 16 of the Australian Banking Act provides that in a winding up of an ADI the costs (including costs in the nature of remuneration and expenses) of APRA of being in control of the*

ADI's business or of having an administrator in control of the ADI's business will, subject to section 13A(3) of the Australian Banking Act, have priority over all other unsecured debts.

*The Issuer's indebtedness under the Covered Bonds will not be a protected account for the purposes of the Financial Claims Scheme in Division 2AA of Part II of the Australian Banking Act and will not be a deposit liability of the Issuer for the purposes of the Australian Banking Act and is not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction. For the purposes of section 13A(3) of the Australian Banking Act the Issuer's indebtedness under the Covered Bonds will rank as another liability under paragraph (vi) above. If the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its indebtedness evidenced by the Covered Bonds only after the liabilities referred to in section 13A(3)(a) - (e) have been met.*

**(b) Status of the Covered Bond Guarantee**

The payment of Guaranteed Amounts in respect of the Covered Bonds when the same become Due for Payment has been unconditionally and irrevocably guaranteed by the Covered Bond Guarantor (the **Covered Bond Guarantee**) as set out in the Bond Trust Deed. However, the Covered Bond Guarantor will have no obligation under the Covered Bond Guarantee to pay any Guaranteed Amounts until the service of a Notice to Pay by the Bond Trustee on the Covered Bond Guarantor which the Bond Trustee is required to serve following the occurrence of an Issuer Event of Default and service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice or, if earlier, following the occurrence of a Covered Bond Guarantor Event of Default and service by the Bond Trustee of a Covered Bond Guarantee Acceleration Notice. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are direct, absolute and (following service of an Issuer Acceleration Notice and Notice to Pay or a Covered Bond Guarantee Acceleration Notice), unconditional obligations of the Covered Bond Guarantor, which are secured as provided in the Security Deed and limited recourse to the Covered Bond Guarantor as described in Condition 17.

Any payment made by the Covered Bond Guarantor under the Covered Bond Guarantee will (unless such obligation has been discharged as a result of the payment of Excess Proceeds to the Bond Trustee pursuant to Condition 9) discharge *pro tanto* the obligations of the Issuer in respect of such payment under the Covered Bonds and Coupons except where such payment has been declared void, voidable or otherwise recoverable in whole or in part and recovered from the Bond Trustee or the Covered Bondholders.

**4. Interest**

**(a) Interest on Fixed Rate Covered Bonds**

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the **Interest Commencement Date** at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year up to (and including) the Final Maturity Date. If a Notice to Pay is served on the Covered Bond Guarantor, the Covered Bond Guarantor will pay Guaranteed Amounts in equivalent amounts to those described in the preceding sentence under the Covered Bond Guarantee in respect of the Covered Bonds on the Original Due for Payment Dates or, if applicable, the Extended Due for Payment Date.

If the Covered Bonds are in definitive form, except as provided in the Applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the fixed coupon amount specified in the Final

Terms (the **Fixed Coupon Amount**). Payments of interest on any Interest Payment Date will, if so specified in the Applicable Final Terms, amount to the broken amount so specified in the relevant Final Terms (the **Broken Amount**).

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Covered Bonds in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the Applicable Final Terms, interest will be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Covered Bonds which are A\$ Registered Covered Bonds, the Principal Amount Outstanding of the A\$ Registered Covered Bond;
- (ii) in the case of Fixed Rate Covered Bonds which are represented by a Global Covered Bond, the aggregate outstanding nominal amount of the Fixed Rate Covered Bonds represented by such Global Covered Bond; or
- (iii) in the case of Fixed Rate Covered Bonds in definitive form, the Calculation Amount;

and in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Covered Bond in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

**Day Count Fraction** means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if **Actual/Actual (ICMA)** is specified in the Applicable Final Terms:
  - (A) in the case of Covered Bonds where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the Applicable Final Terms) that would occur in one calendar year; or
  - (B) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
    - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (ii) if **30/360** is specified in the Applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if **RBA Bond Basis or Australian Bond Basis** is specified in the Applicable Final Terms:
  - (A) for amounts paid and/or calculated in respect of Interest Payment Dates, one divided by the number of Interest Payment Dates in a year; and
  - (B) for amounts paid and/or calculated in respect of dates other than Interest Payment Dates, Actual/Actual (ICMA).

In these Conditions:

**Determination Period** means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

**Original Due for Payment Date** means, in respect of the payment of Guaranteed Amounts, prior to the occurrence of a Covered Bond Guarantor Event of Default and following the delivery of a Notice to Pay on the Covered Bond Guarantor, the date on which the Scheduled Payment Date in respect of such Guaranteed Amounts occurs or, if later, the day which is two Business Days following the date of service of a Notice to Pay on the Covered Bond Guarantor in respect of such Guaranteed Amounts or, if the Applicable Final Terms specify that an Extended Due for Payment Date is applicable to the relevant Series of Covered Bonds, the Scheduled Payment Date falling on the Final Maturity Date of such Series of Covered Bonds as if such date had been the Extended Due for Payment Date.

**Principal Amount Outstanding** means in respect of a Covered Bond on any day the principal amount of that Covered Bond on the relevant Issue Date thereof less principal amounts received by the relevant Covered Bondholder in respect thereof on or prior to that day.

**sub-unit** means, with respect to any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to Euro, Euro 0.01.

**(b) *Interest on Floating Rate Covered Bonds***

**(i) *Interest Payment Dates***

Each Floating Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the Applicable Final Terms; or

- (B) if no Specified Interest Payment Date(s) is/are specified in the Applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the Applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, the expression **Interest Period** will mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the Applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the **Floating Rate Convention**, such Interest Payment Date: (i) in the case of (x) above, will be the last day that is a Business Day in the relevant month and the provisions of (B) below will apply *mutatis mutandis*; or (ii) in the case of (y) above, will be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date will be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date will be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the **Following Business Day Convention**, such Interest Payment Date will be postponed to the next day which is a Business Day; or
- (C) the **Modified Following Business Day Convention**, such Interest Payment Date will be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date will be brought forward to the immediately preceding Business Day; or
- (D) the **Preceding Business Day Convention**, such Interest Payment Date will be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Sydney and, if the Covered Bonds are not A\$ Registered Covered Bonds, in London and any Additional Business Centre specified in the Applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) and

which if the Specified Currency is Australian Dollars will be Sydney or (2) in relation to any Covered Bonds denominated or payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System or any successor thereto (the **TARGET2 System**) is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Covered Bonds will be determined in the manner specified in the Applicable Final Terms.

(A) *ISDA Determination for Floating Rate Covered Bonds*

Where “ISDA Determination” is specified in the Applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (ii), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent or other party responsible for the calculation of the Rate of Interest as specified in the Applicable Final Terms (and references in this Condition 4(b)(ii)(A) to “Principal Paying Agent” shall be construed accordingly) or, in respect of the A\$ Registered Covered Bonds, the Calculation Agent or other person specified in the Applicable Final Terms under an interest rate swap transaction if the Principal Paying Agent or, in respect of the A\$ Registered Covered Bonds, the Calculation Agent or that other person were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds (the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the Applicable Final Terms;
- (2) the Designated Maturity is the period specified in the Applicable Final Terms; and
- (3) the relevant Reset Date is either: (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (**LIBOR**), the Euro-zone inter-bank offered rate (**EURIBOR**), the Hong Kong inter-bank offered rate (**HIBOR**), the Toronto inter-bank offered rate (**BA-CDOR**) or the Australian Bank Bill Swap Rate (**BBSW**) for a currency, the first day of that Interest Period or (ii) if the applicable Floating Rate Option is based on the Singapore inter-bank offered rate (**SIBOR**) the second Singapore business day prior to the start of each Interest Period or (iii) if the applicable Floating Rate Option is based on the New Zealand inter-bank offered rate (**BKBM**), the first day of that Interest Period or (iv) if the applicable Floating Rate Option is based on the Oslo inter-bank offered rate (**NIBOR**) the second Oslo business day prior to the start of each Interest Period; or (v) in any other case, as specified in the Applicable Final Terms.

Unless otherwise stated in the Applicable Final Terms the Minimum Rate of Interest will be deemed to be zero.

For the purposes of this sub-Paragraph (b) Floating Rate, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Covered Bonds not referencing Compounded Daily SONIA*

(1) Where “Screen Rate Determination” is specified in the Applicable Final Terms as the manner in which the Rate of Interest is to be determined, and unless the Reference Rate in respect of the relevant Series of Floating Rate Covered Bonds is specified in the applicable Final Terms as being “Compounded Daily SONIA”, the Rate of Interest for each Interest Period will, subject to Condition 4(d) and subject as provided below, be either:

- I. the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or, in the case of A\$ Registered Covered Bonds only, rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR, or Hong Kong time, in the case of HIBOR, or Singapore time, in the case of SIBOR) or as at 10.00 a.m. Toronto time in the case of BA-CDOR or as at 12.00 a.m. Oslo time in the case of NIBOR on the Interest Determination Date in question plus or minus the Margin (if any), all as determined by the Principal Paying Agent or other party responsible for the calculation of the Rate of Interest as specified in the Applicable Final Terms (and references in this Condition 4(b)(ii)(B) to “Principal Paying Agent” shall be construed accordingly). If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) will be disregarded by the Calculation Agent or the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

(2) If, other than in the circumstances described in Condition 4(d) below, the Relevant Screen Page is not available or if, in the case of Condition 4(b)(ii)(B)(1)I, no such offered quotation appears or, in the case of Condition 4(b)(ii)(B)(1)II, fewer than three of the offered quotations appear, in each case as at the Relevant Time, the Principal Paying Agent shall request each of the Reference Banks to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such offered quotations plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

(3) If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent with such an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be

the rate per annum which the Principal Paying Agent determines as being the arithmetic mean (rounded as provided above) of the rates, as communicated to (and at the request of) the Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Hong Kong inter-bank market (if the Reference Rate is HIBOR) or the Toronto inter-bank market (if the Reference Rate is BA-CDOR) or the Singapore inter-bank market (if the Reference Rate is SIBOR) or the Hong Kong inter-bank market (if the Reference Rate is CNH HIBOR) or the Oslo inter-bank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with such offered rates, either (as directed by the Issuer) the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Hong Kong inter-bank market (if the Reference Rate is HIBOR) or the Toronto inter-bank market (if the Reference Rate is BA-CDOR) or the Singapore inter-bank market (if the Reference Rate is SIBOR) or the Hong Kong inter-bank market (if the Reference Rate is CNH HIBOR) or the Oslo inter-bank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 4(b)(ii)(B), the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

For the purposes of these Conditions:

**Interest Determination Date** shall mean the date specified as such in the Final Terms or if none is so specified:

- (i) if the Reference Rate is LIBOR (other than Sterling or Euro LIBOR), the second London business day prior to the start of each Interest Period;
- (ii) if the Reference Rate is Sterling LIBOR, HIBOR or BA-CDOR, the first day of each Interest Period;
- (iii) if the Reference Rate is EURIBOR, the second day on which the TARGET2 System is open prior to the start of each Interest Period;
- (iv) if the Reference Rate is SIBOR, the second Singapore business day prior to the start of each Interest Period; or

- (v) if the Reference Rate is NIBOR, the second Oslo business day prior to the start of each Interest Period.

**Reference Rate** shall mean (i) LIBOR, (ii) EURIBOR, (iii) HIBOR, (iv) BA-CDOR, (v) SIBOR or (vi) NIBOR, in each case for the relevant period, as specified in the applicable Final Terms.

(C) *Screen Rate Determination for Floating Rate Covered Bonds referencing Compounded Daily SONIA*

- (1) Where "Screen Rate Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified in the applicable Final Terms as being "Compounded Daily SONIA", the Rate of Interest for an Interest Accrual Period (as defined below) will, subject as provided below, be Compounded Daily SONIA with respect to such Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any).

**Compounded Daily SONIA** means, with respect to an Interest Accrual Period, the rate of return of a daily compound interest investment during the Observation Period corresponding to such Interest Accrual Period (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) as calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards):

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{SONIA_{t-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

**d** is the number of calendar days in the relevant Interest Accrual Period;

**d<sub>0</sub>** is the number of London Banking Days in the relevant Interest Accrual Period;

**i** is a series of whole numbers from one to  $d_o$ , each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Accrual Period;

**London Banking Day or LBD** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

**p** is the number of London Banking Days by which an Observation Period lags the corresponding Interest Accrual Period, being the number of London Banking Days specified as the "SONIA Lag Period (**p**)" in the applicable Final Terms (or, if no such number is so specified, five London Banking Days);

the **SONIA reference rate**, in respect of any London Banking Day (**LBD<sub>x</sub>**), is a reference rate equal to the daily Sterling Overnight Index Average (**SONIA**) rate for such **LBD<sub>x</sub>** as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Banking Day immediately following such **LBD<sub>x</sub>**; and

**SONIA<sub>i-pLBD</sub>** means the SONIA reference rate for the London Banking Day (being a London Banking Day falling in the relevant Observation Period) falling "**p**" London Banking Days prior to the relevant London Banking Day "**i**".

- (2) If, in respect of any London Banking Day in the relevant Observation Period, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Applicable Final Terms) determines that the applicable SONIA reference rate has not been made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then (unless the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to Condition 4(d) below, if applicable) the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Applicable Final Terms, as applicable) shall determine the SONIA reference rate in respect of such London Banking Day as being: (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at 5.00 p.m. (or, if earlier, close of business) on such London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Banking Days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest

spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

- (3) In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be:
- (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Accrual Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Accrual Period); or
  - (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Covered Bonds for the first scheduled Interest Period had the Covered Bonds been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin and, if applicable, any Maximum Rate of Interest and/or Minimum Rate of Interest, applicable to the first scheduled Interest Period).
- (4) As used herein, an **Interest Accrual Period** means (i) each Interest Period and (ii) any other period (if any) in respect of which interest is to be calculated, being the period from (and including) the first day of such period to (but excluding) the day on which the relevant payment of interest falls due (which, if the relevant Series of Covered Bonds becomes due and payable in accordance with Condition 9, shall be the date on which such Covered Bonds become due and payable).
- (5) If the relevant Series of Covered Bonds becomes due and payable in accordance with Condition 9, the final Rate of Interest shall be calculated for the Interest Accrual Period to (but excluding) the date on which the Covered Bonds become so due and payable, and such Rate of Interest shall continue to apply to the Covered Bonds for so long as interest continues to accrue thereon as provided in Condition 4(c) and the Bond Trust Deed.

*(D) BBSW Determination for Floating Rate Covered Bonds*

Where "BBSW Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be the mid-rate for prime bank eligible securities (expressed as a percentage rate per annum), having a tenor closest to the relevant Interest Period (the **BBSW Rate**) on the BBSW Page (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) at or about the BBSW Publication Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms (and references in this Condition 4(b)(ii)(D) to "Principal Paying Agent" shall be construed accordingly).

If the BBSW Page is not available, or if the BBSW Rate does not appear on the BBSW Page by 10.45 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BBSW Publication Time in the Relevant Financial Centre), then (unless the Principal Paying Agent has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to Condition 4(d) below, if applicable) the Rate of Interest shall be determined in good faith by the Principal Paying Agent on the Interest Determination Date, after consultation with the Issuer, having regard to comparable indices then available.

If the Principal Paying Agent is unable to determine the Rate of Interest in accordance with the preceding paragraph, the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 4(b)(ii)(D):

**BBSW Page** means the Thomson Reuters Screen “BBSW” Page, or such other Thomson Reuters screen page (or page of a successor service) as may replace such page for the purpose of displaying the Australian Bank Bill Swap Rate;

**Relevant Financial Centre** shall mean Sydney, as specified in the applicable Final Terms.

*(E) BKBM Determination for Floating Rate Covered Bonds*

Where “BKBM Determination” is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be the “Bank Bill Reference Rate (FRA)” (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) administered by the New Zealand Financial Markets Association (or any other person that takes over the administration of that rate), having a tenor closest to the relevant Interest Period (the **BKBM Rate**), as set forth on the display page designated on the BKBM Page at or about the BKBM Publication Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms (and references in this Condition 4(b)(ii)(E) to “Principal Paying Agent” shall be construed accordingly).

If the BKBM Page is not available, or if the BKBM Rate does not appear on the BKBM Page by 11.00 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BKBM Publication Time in the Relevant Financial Centre), then (unless the Principal Paying Agent has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to Condition 4(d) below, if applicable) the Rate of Interest shall be determined in good faith by the Principal Paying Agent on the Interest Determination Date after consultation with the

Issuer, having regard to the rates otherwise bid and offered at or around 11.00am in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BKBM Publication Time in the Relevant Financial Centre) on the Interest Determination Date by participants in the BKBM trading window for New Zealand bank bills having a tenor closest to the relevant Interest Period.

If the Principal Paying Agent is unable to determine the Rate of Interest in accordance with the preceding paragraph, the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 4(b)(ii)(E):

**BKBM Page** means the Reuters Screen “BKBM” Page, or such other page on the Reuters Monitor Money Rates Service (or a successor service) as may replace such page for the purpose of displaying the New Zealand Bank Bill reference rate;

**BKBM Publication Time** means 10.45 a.m. (or such other time at which the BKBM Rate customarily appears on the BKBM Page);

**Interest Determination Date** shall mean the date specified as such in the Final Terms or if none is so specified, the first day of each Interest Period; and

**Relevant Financial Centre** shall mean Auckland and Wellington, as specified in the applicable Final Terms.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the Applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period will be such Minimum Rate of Interest.

If the Applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period will be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) and the Calculation Agent, in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (or other Interest Accrual Period).

The Principal Paying Agent (or such other party as aforesaid) and the Calculation Agent, in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, will calculate the amount of interest payable on the Floating Rate Covered Bonds (each an

**Interest Amount**) for the relevant Interest Period (or other Interest Accrual Period). Each Interest Amount will be calculated by applying the Rate of Interest to:

- (A) in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, the Principal Amount Outstanding of the A\$ Registered Covered Bond;
- (B) in the case of Floating Rate Covered Bonds which are represented by a Global Covered Bond, the aggregate outstanding nominal amount of the Covered Bonds represented by such Global Covered Bond; or
- (C) in the case of Floating Rate Covered Bonds in definitive form, the Calculation Amount,

and, in each case multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Covered Bond in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

If "Interest Amounts Non-Adjusted" is specified in the Applicable Final Terms then notwithstanding the bringing forward or postponement (as applicable) of an Interest Payment Date as a result of the application of the Business Day Convention set out in the Applicable Final Terms, the Interest Amount in respect of the relevant Interest Period and each subsequent Interest Period will be calculated as stated above on the basis of the original Interest Payment Dates without adjustment in accordance with the applicable Business Day Convention.

**Day Count Fraction** means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if **Actual/Actual** or **Actual/Actual (ISDA)** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if **Actual/365 (Fixed)** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if **Actual/365 (Sterling)** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if **Actual/360** is specified in the Applicable Final Terms, the actual number of days in the Interest Period divided by 360;

- (E) if **30/360**, **360/360** or **Bond Basis** is specified in the Applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (F) if **30E/360** or **Eurobond Basis** is specified in the Applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30; and

- (G) if **30E/360 (ISDA)** is specified in the Applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day of the Interest Period, unless (i) that day is the last day of February but not the Final Maturity Date (or, as the case may be, the Extended Due for Payment Date) or (ii) such number would be 31, in which case D2 will be 30.

(v) *Linear Interpolation*

Where "Linear Interpolation" is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where "Screen Rate Determination" is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where "ISDA Determination" is specified as applicable in the applicable Final Terms) or the relevant BBSW Rate (where "BBSW Determination" is specified as applicable in the applicable Final Terms) or the relevant BKBM Rate (where "BKBM Determination" is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent (or such other party as aforesaid) shall

determine such rate at such time and by reference to such sources as it determines appropriate.

(vi) *Notification of Rate of Interest and Interest Amounts*

- (1) Except where the Reference Rate is specified in the applicable Final Terms as being "Compounded Daily SONIA", the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) and the Calculation Agent, in the case of Floating Rate Covered Bonds which are A\$ Registered Covered Bonds, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Bond Trustee and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Covered Bonds are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth Business Day (as defined in Condition 4(b)(i)), except in the case of the Luxembourg Stock Exchange which will be notified no later than the first Business Day of the relevant Interest Period, thereafter by the Principal Paying Agent or the Calculation Agent. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Bond Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Covered Bonds are for the time being listed or by which they have been admitted to listing and to the Covered Bondholders in accordance with Condition 13.
- (2) Where the Reference Rate is specified in the applicable Final Terms as being "Compounded Daily SONIA", the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) will cause the Rate of Interest and each Interest Amount for each Interest Accrual Period and the relevant Interest Payment Date to be notified to (i) the Issuer and the Bond Trustee, and (ii) to any stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and, in each case, to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the second London Banking Day (as defined in Condition 4(b)(ii)(C)(1) above) thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the relevant Interest Accrual Period. Any such amendment or alternative arrangements will promptly be notified to the Bond Trustee and to any stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and to the Covered Bondholders in accordance with Condition 13.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms, as

applicable) or the Calculation Agent (in the absence of wilful default, fraud or manifest error or proven error) be binding on the Issuer, the Covered Bond Guarantor, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Bond Trustee and all the Covered Bondholders and Couponholders and (in the absence of wilful default or fraud or proven error) no liability to the Issuer the Covered Bond Guarantor, the Covered Bondholders or the Couponholders will attach to the Principal Paying Agent (or such other party as aforesaid) or the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

**(c) *Accrual of interest***

Interest (if any) will cease to accrue on each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused or default is otherwise made in the payment thereof, in which event interest will continue to accrue as provided in the Bond Trust Deed.

**(d) *Benchmark Discontinuation***

Notwithstanding the provisions in Condition 4(b)(ii)(B) and 4(b)(ii)(C) above, if the Issuer, acting in good faith and in a commercially reasonable manner, determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this Condition 4(d) shall apply.

**(i) *Successor Rate or Alternative Rate***

If there is a Successor Rate, then the Issuer shall promptly notify the Bond Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms, as applicable) and, in accordance with Condition 13, the Covered Bondholders of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in Condition 4(d)(ii)) subsequently be used by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Applicable Final Terms) in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Covered Bonds (subject to the further operation of this Condition 4(d)).

If there is no Successor Rate but the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall promptly notify the Bond Trustee, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Applicable Final Terms) and, in accordance with Condition 13, the Covered Bondholders of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in Condition 4(d)(ii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Covered Bonds (subject to the further operation of this Condition 4(d)).

**(ii) *Adjustment Spread***

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or provided as an option for parties to adopt (which, in each case, the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, determines is required to be adopted to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the Original Reference Rate with the Successor Rate), in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall promptly notify the Bond Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms, as applicable) and, in accordance with Condition 13, the Covered Bondholders of such Adjustment Spread and the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Applicable Final Terms) shall, subject to the receipt of, and in accordance with, the Issuer's written instructions, apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall promptly notify the Bond Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms, as applicable) and, in accordance with Condition 13, the Covered Bondholders of such Adjustment Spread and the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, subject to the receipt of, and in accordance with, the Issuer's written instructions apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (A) the Adjustment Spread determined by the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or

- (B) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines to be appropriate.

Following any such determination of the Adjustment Spread, the Issuer shall promptly notify the Bond Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms, as applicable) and, in accordance with Condition 13, the Covered Bondholders of such Adjustment Spread and the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Applicable Final Terms) shall, subject to the receipt of, and in accordance with, the Issuer's written instructions, apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iii) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(d) and the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (A) that amendments to these Conditions and/or the Bond Trust Deed and/or the Principal Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to the following paragraphs of this Condition 4(d)(iii) and subject to the Issuer having to give notice thereof to the Covered Bondholders in accordance with Condition 13, and to the Bond Trustee and the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms as applicable) in accordance with this Condition 4(d)(iii), without any requirement for the consent or approval of Covered Bondholders or Couponholders make the necessary modifications to these Conditions and/or Bond Trust Deed and/or the Principal Agency Agreement to give effect to such Benchmark Amendments. At the request of the Issuer, but subject to receipt by the Bond Trustee and the Principal Paying Agent of the certificate referred to in the final paragraph of this Condition 4(d)(iii), and subject as provided below, the Bond Trustee and the Principal Paying Agent (as applicable) shall (at the expense of the Issuer), without any requirement for the consent or approval of Covered Bondholders or Couponholders and without liability to the Covered Bondholders or any other person, be obliged to concur with the Issuer in effecting any Benchmark Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Bond Trust Deed) with effect from the date specified in such notice.

In connection with any such modifications in accordance with this Condition 4(d)(iii), if and for so long as the Covered Bonds are admitted to trading and listed on the official list of a stock exchange, the Issuer shall comply with the rules of that stock exchange.

Notwithstanding any other provision of this Condition 4(d)(iii), neither the Bond Trustee nor the Principal Paying Agent shall be obliged to concur with the Issuer and the Covered Bond Guarantor, and/or (in the case of the Bond Trustee) direct the Security Trustee to concur with the Issuer and the Covered Bond Guarantor in respect of any Benchmark Amendments which, in the sole opinion of the Bond Trustee or the Principal Paying Agent (as applicable), would have the effect of (i) exposing the Bond Trustee or the Principal Paying Agent (as

applicable) to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Bond Trustee or the Principal Paying Agent (as applicable) in the Bond Trust Deed, the Principal Agency Agreement and/or these Conditions.

Any Benchmark Amendments determined under this Condition 4(d)(iii) shall be notified promptly by the Issuer to the Covered Bond Guarantor, the Bond Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms as applicable) and, in accordance with Condition 13, the Covered Bondholders. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

No later than notifying the Bond Trustee and the party responsible for determining the Rate of Interest (being the Principal Paying Agent or such other party specified in the Applicable Final Terms, as applicable) of the same, the Issuer shall deliver to each of the Bond Trustee and the Principal Paying Agent a certificate (on which each of the Bond Trustee and the Principal Paying Agent shall be entitled to rely without further enquiry or liability) signed by two Authorised Signatories (as defined in the Definitions Schedule) or, as the case may be, the Covered Bond Guarantor:

- (A) confirming (i) that a Benchmark Event has occurred, (ii) whether the Issuer has consulted with an Independent Adviser, (iii) the Successor Rate or, as applicable, the Alternative Rate and, (iv) where applicable, any Adjustment Spread and/or (v) the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 4(d)(iii); and
- (B) certifying that the Benchmark Amendments (in accordance with the provisions of Condition 4(d)(iii)) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Bond Trustee's and the Principal Paying Agent's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Bond Trustee, the party responsible for determining the Rate of Interest (being the Principal Paying Agent or other such party specified in the Applicable Final Terms, as applicable), the Paying Agents and the Covered Bondholders and Couponholders.

(iv) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this Condition 4(d)(iv), the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this Condition 4(d) shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer, the Bond Trustee or the Covered Bondholders for any determination made by it or for any advice given to the Issuer in connection with any

determination made by the Issuer pursuant to this Condition 4(d) or otherwise in connection with the Covered Bonds.

If the Issuer is in any doubt as to whether there is a Successor Rate, an Alternative Rate and/or whether any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of an Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever to the Covered Bondholders in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Covered Bonds (acting in such capacity), shall have any relationship of agency or trust with the Covered Bondholders.

(v) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this Condition 4(d), the Original Reference Rate and the fallback provisions provided for in Condition 4(b)(ii)(B), 4(b)(ii)(C) and/or the applicable Final Terms, as the case may be, will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 4(d).

(vi) *Notifications, etc. to be final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(d) by the Issuer will (in the absence of default, bad faith or manifest error by it or any of its directors, officers, employees or agents) be binding on the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Principal Paying Agent, the Calculation Agent, the Paying Agents and all the Covered Bondholders of this Series and Coupons relating thereto and (in the absence of any default, bad faith or manifest error as referred to above) no liability to the Bond Trustee and the Principal Paying Agent or the Covered Bondholders of this Series and Coupons relating thereto shall attach to the Issuer in connection with the exercise or non-exercise by it of its powers, duties and discretions under this Condition 4(d).

(vii) *Definitions*

In this Condition 4(d):

**Adjustment Spread** means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be);

**Alternative Rate** means an alternative benchmark or screen rate which the Issuer determines in accordance with this Condition 4(d) is used in place of the Original Reference Rate in

- (iii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued or is prohibited from being used or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; and

**Independent Adviser** means an independent financial institution of international repute or other independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense;

## 5. **Payments**

### (a) ***Method of payment***

Subject as provided below:

- (i) payments in a Specified Currency other than Euro will be made by credit or electronic transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian Dollars will be Sydney); and
- (ii) payments in Euro will be made by credit or electronic transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment but without prejudice to the provisions of Condition 7. For the avoidance of doubt, any amounts to be paid on the Covered Bonds will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Internal Revenue Code (the **Code**), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding. References to Specified Currency will include any successor currency under applicable law.

### (b) ***Presentation of Bearer Definitive Covered Bonds and Coupons***

Payments of principal and interest (if any) in respect of Bearer Definitive Covered Bonds will (subject as provided below) be made in the manner provided in Condition 5(a) above only against presentation and surrender of Bearer Definitive Covered Bonds or Coupons, as the case may be, at any specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Covered Bonds in definitive bearer form (other than Long Maturity Covered Bonds) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression will include Coupons falling to be issued on exchange of matured Talons), failing which an amount equal to the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the total amount due) will be deducted from the amount due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon amounts in respect of any Fixed Rate Covered Bond in definitive bearer form becoming due and repayable by the Issuer (in the absence of a Notice to Pay) or the Covered Bond Guarantor under the Covered Bond Guarantee prior to its Final Maturity Date (or, as the case may be, Extended Due for Payment Date), all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Covered Bond or Long Maturity Covered Bond in definitive bearer form, all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) will become void and no payment or, as the case may be, exchange for further Coupons will be made in respect thereof. A **Long Maturity Covered Bond** is a Fixed Rate Covered Bond (other than a Fixed Rate Covered Bond which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Covered Bond will cease to be a Long Maturity Covered Bond on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the Principal Amount Outstanding of such Covered Bond. If the date for redemption of any Bearer Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date will be payable only against surrender of the relevant Bearer Definitive Covered Bond.

**(c) *Payments in respect of Bearer Global Covered Bonds***

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Bearer Global Covered Bond will (subject as provided below) be made in the manner specified above in relation to Bearer Definitive Covered Bonds and otherwise in the manner specified in the relevant Global Covered Bond (against presentation or surrender, as the case may be, of such Global Covered Bond at the specified office of any Paying Agent outside the United States). On the occasion of each payment, a record of such payment made on such Bearer Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Covered Bond by the Paying Agent and such record will be *prima facie* evidence that the payment in question has been made.

**(d) *Payments in respect of Registered Covered Bonds***

Payments of principal in respect of each Registered Covered Bond (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Covered Bond at the specified office of the relevant Registrar or the Paying Agents. Such payments will be made by electronic transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register of holders of the Registered Covered Bonds maintained by the relevant Registrar at the close of business on the third Business Day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Covered Bonds held by a holder is less than US\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, will be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than Euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian Dollars will be Sydney) and (in the case of a payment in Euro) any bank which processes payments in Euro.

Payments of interest in respect of each Registered Covered Bond (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail to the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register at the close of business on (i) in the case of Global Covered Bonds in registered form, the Business Day prior to the relevant due date and (ii) in the case of Registered Definitive Covered Bonds, the Business Day falling 15 days prior to the relevant due date (the **Record Date**) at the holder's address shown in the Register on the Record Date and at the holder's risk. Upon application of the holder to the specified office of the relevant Registrar not less than three Business Days before the due date for any payment of interest in respect of a Registered Covered Bond, the payment may be made by electronic transfer on the due date in the manner provided in the preceding paragraph. Any such application for electronic transfer will be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Covered Bonds which become payable to the holder who has made the initial application until such time as the relevant Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Covered Bond on redemption will be made in the same manner as payment of the principal in respect of such Registered Covered Bond.

Holders of Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses will be charged to such holders by the relevant Registrar in respect of any payments of principal or interest in respect of the Registered Covered Bonds.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Covered Bond in respect of Covered Bonds denominated in a Specified Currency other than U.S. dollars will be paid by electronic transfer by the Paying Agent to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Principal Agency Agreement.

None of the Issuer, the Covered Bond Guarantor, the Bond Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

**(e) *Payments in respect of A\$ Registered Covered Bonds***

Payments of principal in respect of each A\$ Registered Covered Bond will be made to the person who is the holder of the A\$ Registered Covered Bond at 10.00 am in the place where the A\$ Register in relation to the A\$ Registered Covered Bonds is maintained on the due date.

Payments of interest in respect of each A\$ Registered Covered Bond will be made to the person who is the holder of the A\$ Registered Covered Bond at 4.00 pm in the place where the A\$ Register in relation to the A\$ Registered Covered Bonds is maintained on the A\$ Record Date.

Payment of the interest due in respect of each A\$ Registered Covered Bond on the redemption will be made in the same manner as payment of principal in respect of each A\$ Registered Covered Bond.

If the A\$ Registered Covered Bond is lodged in the Austraclear System, payments in respect of the A\$ Registered Covered Bonds will be by transfer to the relevant account of the holder of the beneficial interest in the A\$ Registered Covered Bond in accordance with the Austraclear Regulations.

If the A\$ Registered Covered Bond is not lodged in the Austraclear System, payments in respect of the A\$ Registered Covered Bonds will be made by crediting on the relevant due date, the amount due to the account previously notified by the holder of the A\$ Registered Covered Bond to the Issuer and the A\$ Registrar. If the holder of the A\$ Registered Covered Bond has not notified the Issuer and the A\$ Registrar of an account to which payments to it must be made by close of business in the place where the A\$ Register is maintained on the A\$ Record Date, the payments will be made by a cheque in Australian Dollars and mailed by uninsured prepaid ordinary mail on the AU Business Day immediately before the relevant due date to the holder (or the first named of joint holders) of the A\$ Registered Covered Bond at the holder's address shown in the A\$ Register on the A\$ Record Date and at the holder's risk.

No payment of interest in respect of an A\$ Registered Covered Bond will be made to an address in the United States or transferred to an account maintained by the holder of the A\$ Registered Covered Bond in the United States.

Holders of A\$ Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any A\$ Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses will be charged to such holders by the A\$ Registrar in respect of any payments of principal or interest in respect of the A\$ Registered Covered Bonds.

None of the Issuer, the Covered Bond Guarantor or the Bond Trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the A\$ Registered Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

**(f) *General provisions applicable to payments***

The holder of a Global Covered Bond (or, as provided in the Bond Trust Deed, the Bond Trustee) will be the only person entitled to receive payments in respect of Covered Bonds represented by such Global Covered Bond and the Issuer or, as the case may be, the Covered Bond Guarantor will be discharged by payment to, or to the order of, the holder of such Global Covered Bond (or the Bond Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of DTC, Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Covered Bonds represented by such Global Covered Bond must look solely to DTC, Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or the Covered Bond Guarantor to, or to the order of, the holder of such Global Covered Bond (or the Bond Trustee, as the case may be). No person other than the holder of the relevant Global Covered Bond (or, as provided in the Bond Trust Deed, the Bond Trustee) will have any claim against the Issuer or the Covered Bond Guarantor in respect of any payments due on that Global Covered Bond.

Notwithstanding the foregoing provisions of this Condition, payments of principal and/or interest in U.S. dollars in respect of the Bearer Covered Bonds will only be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of interest on the Bearer Covered Bonds in the manner provided above when due;

- (ii) payment of the full amount of such principal and interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Trust Manager, adverse tax consequences to the Issuer or the Covered Bond Guarantor.

**(g) *Payment Day***

If the date for payment of any amount in respect of any Covered Bond or Coupon is not a Payment Day (as defined below), the holder thereof will not be entitled to payment of the relevant amount due until the next following Payment Day and will not be entitled to any interest or other sum in respect of any such delay. In this Condition (unless otherwise specified in the Applicable Final Terms), **Payment Day** means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
  - (A) the relevant place of presentation;
  - (B) Sydney and, in the case of Covered Bonds that are not A\$ Registered Covered Bonds, London; and
  - (C) any Additional Financial Centre specified in the Applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the places specified in Condition 5(g)(i) and which, if the Specified Currency is Australian Dollars, will be Sydney) or (2) in relation to any sum payable in Euro, a day on which the TARGET 2 System is open; and
- (iii) in the case of any payment in respect of a Registered Global Covered Bond denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Covered Bond) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

**(h) *Interpretation of principal and interest***

Any reference in these Conditions to principal in respect of the Covered Bonds will be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertakings or covenants given in addition thereto, or in substitution therefor, pursuant to the Bond Trust Deed;
- (ii) the Final Redemption Amount of the Covered Bonds;

- (iii) the Early Redemption Amount of the Covered Bonds;
- (iv) the Optional Redemption Amount(s) (if any) of the Covered Bonds;
- (v) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 6(f));
- (vi) any premium and any other amounts (other than interest) which may be payable under or in respect of the Covered Bonds; and
- (vii) any Excess Proceeds which may be payable by the Bond Trustee under or in respect of the Covered Bonds.

Any reference in these Conditions to interest in respect of the Covered Bonds will be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or under any undertakings given in addition thereto, or in substitution therefor, pursuant to the Bond Trust Deed.

**(i) Redenomination**

Where redenomination is specified in the Applicable Final Terms as being applicable, the Issuer may, without the consent of the Covered Bondholders and the Couponholders, on giving prior written notice to the Bond Trustee, the Security Trustee, the Principal Paying Agent, the Registrar (in the case of Registered Covered Bonds), Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Covered Bondholders in accordance with Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Covered Bonds will be redenominated in Euro. In relation to any Covered Bonds where the Applicable Final Terms provides for a minimum Specified Denomination in the Specified Currency which is equivalent to at least Euro 100,000 and which are admitted to trading on a regulated market in the European Economic Area, it will be a term of any such redenomination that the holder of any Covered Bonds held through Euroclear and/or Clearstream, Luxembourg and/or DTC must have credited to its securities account with the relevant clearing system a minimum balance of Covered Bonds of at least Euro 100,000.

The election will have effect as follows:

- (i) the Covered Bonds will be deemed to be redenominated in Euro in the denomination of Euro 0.01 with a nominal amount for each Covered Bond equal to the nominal amount of that Covered Bond in the Specified Currency, converted into Euro at the Established Rate, provided that, if the Issuer determines, in consultation with the Principal Paying Agent and the Bond Trustee, that the then market practice in respect of the redenomination in Euro of internationally offered securities is different from the provisions specified above, such provisions will be deemed to be amended so as to comply with such market practice and the Issuer will promptly notify the Covered Bondholders, the competent listing authority, stock exchange and/or market (if any) on or by which the Covered Bonds may be listed and/or admitted to trading and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Covered Bonds will be calculated by reference to the aggregate nominal amount of Covered Bonds presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment will be rounded down to the nearest Euro 0.01;

- (iii) if Definitive Covered Bonds are required to be issued after the Redenomination Date, they will be issued at the expense of the Issuer in the denominations of Euro 100,000 and/or such higher amounts as the Principal Paying Agent may determine and notify to the Covered Bondholders and any remaining amounts less than Euro 100,000 will be redeemed by the Issuer and paid to the Covered Bondholders in Euro in accordance with Condition 6;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Covered Bonds) will become void with effect from the date on which the Issuer gives notice (the **Exchange Notice**) that replacement Euro-denominated Covered Bonds and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Covered Bonds and Coupons so issued will also become void on that date although those Covered Bonds and Coupons will continue to constitute valid exchange obligations of the Issuer. New Euro-denominated Covered Bonds and Coupons will be issued in exchange for Covered Bonds and Coupons denominated in the Specified Currency in such manner as the Principal Paying Agent may specify and as will be notified to the Covered Bondholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Covered Bonds;
- (v) after the Redenomination Date, all payments in respect of the Covered Bonds and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in Euro as though references in the Covered Bonds to the Specified Currency were to Euro. Payments will be made in Euro by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque;
- (vi) if the Covered Bonds are Fixed Rate Covered Bonds and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:
  - (A) in the case of Covered Bonds represented by a Global Covered Bond, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Covered Bonds represented by such Global Covered Bonds; and
  - (B) in the case of Definitive Covered Bonds, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Covered Bond in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding;
- (vii) if the Covered Bonds are Floating Rate Covered Bonds or Variable Interest Covered Bonds, the Applicable Final Terms will specify any relevant changes to the provisions relating to interest; and

- (viii) such other changes will be made to this Condition (and the Programme Documents) as the Issuer may decide, after consultation with the Principal Paying Agent and the Bond Trustee, and as may be specified in the notice, to conform it to conventions then applicable to instruments denominated in Euro.

**(j) Definitions**

In these Conditions, the following expressions have the following meanings:

**Established Rate** means the rate for the conversion of the relevant Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into Euro established by the Council of the European Union pursuant to Article 123 of the Treaty.

**Euro** means the lawful currency for the time being of the member states of the European Union that adopt the single currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty.

**Rate of Interest** means the rate of interest payable from time to time in respect of a Series of Covered Bonds, as determined in, or as determined in the manner specified in, the Applicable Final Terms.

**Redenomination Date** means (in the case of interest bearing Covered Bonds) any date for payment of interest under the Covered Bonds or (in the case of Zero Coupon Covered Bonds) any date, in each case specified by the Issuer in the notice given to the Covered Bondholders pursuant to Condition 5(i)(i) and which falls on or after the date on which the country of the relevant Specified Currency first participates in the third stage of European economic and monetary union.

**Treaty** means the Treaty on the functioning of the European Community, as amended.

**6. Redemption and Purchase**

**(a) Final redemption**

Unless previously redeemed in full or purchased and cancelled as specified below, each Covered Bond will be redeemed by the Issuer at par (the **Final Redemption Amount**) in the relevant Specified Currency on the Final Maturity Date.

Without prejudice to Condition 9, if an Extended Due for Payment Date is specified as "applicable" in the Final Terms for a Series of Covered Bonds and the Issuer has failed to pay the Final Redemption Amount on the Final Maturity Date specified in the Final Terms (or after expiry of the grace period set out in Condition 9(a)(i)) and, following the service of a Notice to Pay on the Covered Bond Guarantor by no later than the date falling one Business Day prior to the Extension Determination Date, the Trust Manager determines that the Covered Bond Guarantor has insufficient moneys available under the Guarantee Priority of Payments to pay the Guaranteed Amounts corresponding to the Final Redemption Amount in full in respect of the relevant Series of Covered Bonds on the date falling on the earlier of (a) the date which falls two Business Days after service of such Notice to Pay on the Covered Bond Guarantor or, if later, the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9(a)(i)) under the terms of the Covered Bond Guarantee and (b) the Extension Determination Date, then (subject as provided below) payment of the unpaid amount by the Covered Bond Guarantor under the Covered Bond Guarantee will be deferred until the Extended Due for Payment Date, provided that the Covered Bond

Guarantor (at the direction of the Trust Manager) may pay any amount representing the Final Redemption Amount on the relevant Final Maturity Date and any amount representing the Final Redemption Amount due and remaining unpaid on the earlier of (a) and (b) above may also be paid by the Covered Bond Guarantor (at the direction of the Trust Manager) on any Interest Payment Date thereafter up to (and including) the Extended Due for Payment Date. The Issuer will confirm to the Principal Paying Agent or the A\$ Registrar (in the case of A\$ Registered Covered Bonds) as soon as reasonably practicable and in any event at least four Business Days prior to the Final Maturity Date of a Series of Covered Bonds whether (x) payment will be made in full of the Final Redemption Amount in respect of a Series of Covered Bonds on that Final Maturity Date or (y) payment will not be made in full of the Final Redemption Amount in respect of a Series of Covered Bonds on that Final Maturity Date. Any failure by the Issuer to notify the Principal Paying Agent or the Calculation Agent (as the case may be) will not affect the validity or effectiveness of the extension.

The Trust Manager will notify the relevant Covered Bondholders (in accordance with Condition 13), the Rating Agencies, the Bond Trustee, the Security Trustee, the Principal Paying Agent and the relevant Registrar or the A\$ Registrar (in the case of Registered Covered Bonds or A\$ Registered Covered Bonds, as applicable) as soon as reasonably practicable and in any event at least one Business Day prior to the dates specified in (a) and (b) of the preceding paragraph of any determination by the Trust Manager of the inability of the Covered Bond Guarantor to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of a Series of Covered Bonds pursuant to the Covered Bond Guarantee. Any failure by the Trust Manager to notify such parties will not affect the validity or effectiveness of the extension nor give rise to any rights in any such party. In such circumstances, the Trust Manager must direct the Covered Bond Guarantor to, and upon receiving such direction the Covered Bond Guarantor must, on the earlier of (a) the date falling two Business Days after the service of a Notice to Pay on the Covered Bond Guarantor or if later the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9(a)(i)) and (b) the Extension Determination Date, under the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) *rateably* in part payment of an amount equal to the Final Redemption Amount of each Covered Bond of the relevant Series of Covered Bonds and will pay Guaranteed Amounts constituting the Scheduled Interest in respect of each such Covered Bond on such date. The obligation of the Covered Bond Guarantor to pay any amounts in respect of the balance of the Final Redemption Amount not so paid will be deferred as described above. Such failure to pay by the Covered Bond Guarantor will not constitute a Covered Bond Guarantor Event of Default.

Any discharge of the obligations of the Issuer as a result of the payment of Excess Proceeds to the Bond Trustee will be disregarded for the purposes of determining the amounts to be paid by the Covered Bond Guarantor under the Covered Bond Guarantee in connection with this Condition 6(a).

For the purposes of these Conditions:

**Extended Due for Payment Date** means, in relation to any Series of Covered Bonds, the date, if any, specified as such in the Applicable Final Terms to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Final Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on the dates specified in Condition 6(a) above.

**Extension Determination Date** means, in respect of a Series of Covered Bonds, the date falling two Business Days after the expiry of seven days starting on (and including) the Final Maturity Date of such Series of Covered Bonds.

**Guarantee Priority of Payments** means the guarantee priority of payments relating to the allocation and distribution of all Available Revenue Receipts and Available Principal Receipts following service of a Notice to Pay on the Covered Bond Guarantor, but prior to service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor in accordance with clause 17.5 of the Establishment Deed.

**Rating Agency** means any one of Moody's Investors Service Pty Ltd and Fitch Australia Pty Limited (together, the **Rating Agencies**) or their successors, to the extent they provide ratings in respect of the Covered Bonds.

**(b) *Redemption for taxation reasons***

The Covered Bonds may be redeemed at the option of the Issuer in whole, or in part, at any time (if this Covered Bond is not a Floating Rate Covered Bond) or on any Interest Payment Date (if this Covered Bond is a Floating Rate Covered Bond), on giving not less than 30 nor more than 60 days' notice to the Bond Trustee and, in accordance with Condition 13, the Covered Bondholders (which notice will be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that, on the occasion of the next Interest Payment Date, the Issuer is or will be required to pay additional amounts as provided or referred to in Condition 7. Covered Bonds redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

**(c) *Redemption at the option of the Issuer (Issuer Call)***

If Issuer Call is specified in the Applicable Final Terms, the Issuer may, having (unless otherwise specified, in the Applicable Final Terms) given not less than 30 nor more than 60 days' notice to the Bond Trustee, (other than in the case of the redemption of Registered Covered Bonds) the Principal Paying Agent, (in the case of the redemption of Registered Covered Bonds or A\$ Registered Covered Bonds) the relevant Registrar or the A\$ Registrar (as applicable) and, in accordance with Condition 13, the Covered Bondholders (which notice will be irrevocable) redeem all or some only (as specified in the Applicable Final Terms) of the Covered Bonds then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the Applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Upon expiry of such notice, the Issuer will be bound to redeem the Covered Bonds accordingly. In the event of a redemption of some only of the Covered Bonds, such redemption must be for an amount being the Minimum Redemption Amount (as specified in the Applicable Final Terms) or a Maximum Redemption Amount (as specified in the Applicable Final Terms). In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the **Redeemed Covered Bonds**) will be selected:

- (i) in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, individually by lot;
- (ii) in the case of Redeemed Covered Bonds represented by a Global Covered Bond, in accordance with the rules of DTC, Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of DTC, Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) (or any alternative or additional clearing system as may be specified in the Final Terms); and

- (iii) in the case of Redeemed Covered Bonds which are A\$ Registered Covered Bonds, on the basis that the Redeemed Covered Bonds must be a multiple of their Specified Denominations,

in each case, not more than 60 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, a list of the serial numbers of such Redeemed Covered Bonds will be published in accordance with Condition 13 not less than 30 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds will bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Dates, provided that such first mentioned nominal amount will, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond will be equal to the balance of the Redeemed Covered Bonds. No exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 6(c) and notice to that effect will be given by the Issuer to the Covered Bondholders in accordance with Condition 13 at least 30 days prior to the Selection Date.

**(d) *Redemption at the option of the Covered Bondholders (Investor Put)***

If Investor Put is specified in the Applicable Final Terms, upon the holder of any Covered Bond giving the Issuer not less than 30 nor more than 60 days' written notice as specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the Applicable Final Terms, such Covered Bond on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date

To exercise the right to require redemption of a Covered Bond the holder thereof must, if the Covered Bond is in definitive form and held outside Euroclear and Clearstream, Luxembourg or DTC, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 6(d) accompanied by this Covered Bond. If this Covered Bond is represented by a Global Covered Bond held through Euroclear or Clearstream, Luxembourg or DTC to exercise the right to require redemption of this Covered Bond the holder of this Covered Bond must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or DTC, (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or DTC, or any common depository, for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg or DTC from time to time and, if this Covered Bond is represented by a Global Covered Bond, at the same time present or procure the presentation of the relevant Global Covered Bond to the Agent for notation accordingly. If this Covered Bond is an A\$ Registered Covered Bond lodged in the Austraclear System, to exercise the right to require redemption of this Covered Bond the holder of the beneficial interest in this Covered Bond must, within the notice period, give notice to the A\$ Registrar of such exercise in accordance with the Austraclear Regulations. If this Covered Bond is an A\$ Registered Covered Bond held outside of the Austraclear System, to exercise a right to require redemption of this Covered Bondholder must, within the notice period, give notice to the Issuer and the A\$ Registrar of such exercise in a form acceptable to the A\$ Registrar together

with any evidence the A\$ Registrar may require to establish title of the Covered Bondholder to the relevant Covered Bond.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg, the Austraclear System or DTC, given by a holder of any Covered Bond pursuant to this Condition 6(d) will be irrevocable except where, prior to the due date of redemption, an Issuer Event of Default or a Covered Bond Guarantor Event of Default has occurred and is continuing and the Bond Trustee has declared the Covered Bonds to be due and payable pursuant to Condition 9, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 6(d) and instead request or direct the Bond Trustee to declare such Covered Bond forthwith due and payable pursuant to Condition 9.

**(e) *Redemption due to illegality***

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice as specified in the applicable Final Terms to the Bond Trustee, the Principal Paying Agents, the Registrars and, in accordance with Condition 13, all the Covered Bondholders (which notice will be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that it has, or will before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Intercompany Note Subscriber and/or the Demand Note Subscriber to subscribe for or continue to fund any Intercompany Note and/or the Demand Note held by the Intercompany Note Subscriber or the Demand Note Subscriber, as the case may be, issued by the Covered Bond Guarantor pursuant to the Intercompany Note Subscription Agreement or the Demand Note Subscription Agreement, as the case may be, as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 6(e) will be redeemed at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

**(f) *Early Redemption Amounts***

For the purpose of Conditions 6(b) and 6(e) above and 6(j) below and Condition 9, each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of a Covered Bond (other than a Zero Coupon Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Covered Bond is denominated, at the amount specified in, the Applicable Final Terms or, if no such amount is so specified in the Applicable Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Covered Bond, at an amount (the **Amortised Face Amount**) equal to the sum of:
  - (a) the Reference Price; and

- (b) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, it will be made (i) in the case of a Zero Coupon Covered Bond payable in a Specified Currency other than Euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (ii) in the case of a Zero Coupon Covered Bond payable in Euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non leap year divided by 365) or (iii) on such other calculation basis as may be specified in the Applicable Final Terms.

**(g) [Reserved]**

**(h) Purchases**

The Issuer or any of its subsidiaries or the Covered Bond Guarantor (acting at the direction of the Trust Manager) may at any time purchase or otherwise acquire Covered Bonds (provided that, in the case of Bearer Definitive Covered Bonds, Coupons and Talons appertaining thereto are attached thereto or surrendered therewith) at any price and in any manner. If purchases are made by tender, tenders must be available to all the Covered Bondholders alike. Such Covered Bonds may be held, reissued, resold or, in respect of Covered Bonds other than A\$ Registered Covered Bonds, at the option of the Issuer or the relevant subsidiary, surrendered to the relevant Registrar and/or the relevant Paying Agent, for cancellation (except that any Covered Bonds (other than A\$ Registered Covered Bonds) purchased or otherwise acquired by the Covered Bond Guarantor must immediately be surrendered to the relevant Registrar and/or to any Paying Agent for cancellation).

**(i) Cancellation**

All Covered Bonds (other than A\$ Registered Covered Bonds) which are redeemed in full will forthwith be cancelled (together with, in the case of Bearer Definitive Covered Bonds, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Covered Bonds so cancelled and any Covered Bonds purchased and surrendered for cancellation pursuant to Condition 6(h) above and cancelled (together with, in the case of Bearer Definitive Covered Bonds, Coupons and Talons cancelled therewith) will be forwarded to the Principal Paying Agent and cannot be held, reissued or resold.

**(j) Late payment on Zero Coupon Covered Bonds**

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such Zero Coupon Covered Bond pursuant to Condition 6(a), (b), (c), (d) or (e) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused or default is otherwise made in the payment thereof, the amount due and repayable in respect of such Zero Coupon Covered Bond will be the amount calculated as provided in Condition 6(f)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Covered Bond have been paid; and

- (ii) the date on which the full amount of the moneys payable in respect of such Zero Coupon Covered Bonds has been received by the Principal Paying Agent (other than in the case of A\$ Registered Covered Bonds), the Bond Trustee, the relevant Registrar or, in the case of A\$ Registered Covered Bonds, the A\$ Registrar or the relevant Covered Bondholder and notice to that effect has been given to the Covered Bondholders either in accordance with Condition 13 or individually.

**(k) *Certification on redemption under Condition 6(b) and 6(e)***

Prior to the publication of any notice of redemption pursuant to Condition 6(b) or (e), the Issuer will deliver to the Bond Trustee a certificate signed by two Authorised Signatories (as defined in the Definitions Schedule) of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Bond Trustee will be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it will be conclusive and binding on all holders of the Covered Bonds and Couponholders.

**7. *Taxation***

All payments of principal and interest (if any) in respect of the Covered Bonds and Coupons by or on behalf of the Issuer and all payments of Guaranteed Amounts by or on behalf of the Covered Bond Guarantor, as the case may be, must be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Australia or any political sub-division thereof or by any authority therein or thereof having power to tax unless such withholding or deduction is required by law or regulation or administrative practice of any jurisdiction.

If the Applicable Final Terms indicate that tax-gross up by the Issuer in accordance with this Condition 7 is applicable, in the event of such a withholding or deduction being made by the Issuer in respect of a payment made by it, the Issuer will pay such additional amounts as will be necessary in order that the net amounts received by the Covered Bondholders or Couponholders after such withholding or deduction will equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Covered Bonds or Coupons, as the case may be, in the absence of such withholding or deduction; except that the foregoing obligation to pay additional amounts will not apply to any such tax, assessment, governmental charge or duty:

- (a) which is payable otherwise than by deduction or withholding from payments of principal of and interest on such Covered Bond or Coupon;
- (b) which is payable by reason of the Covered Bondholder or Couponholder or beneficial owner (or any one of them in case of principal or interest derived by two or more persons jointly) having, or having had, some personal or business connection with Australia (other than mere ownership of or receipt of payment under the Covered Bonds or Coupons or the fact that payments are, or for the purposes of taxation are deemed to be, from sources in, or secured in Australia);
- (c) which is payable solely by reason of the Covered Bondholder's or Couponholder's or beneficial owner's failure to comply with any certification, identification or other reporting requirement concerning nationality, residence, identity, connection with taxing jurisdiction of the Covered Bondholder or Couponholder or other beneficial owner of such Covered Bond;

- (d) which is payable by reason of a change in law that becomes effective more than thirty days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(g));
- (e) which is an estate, inheritance, gift, sales, transfer, personal property, stamp duty or similar tax, assessment or other charge;
- (f) which is payable by reason of the Covered Bondholder or Couponholder or beneficial owner of such Covered Bond or Coupon being an associate of the Issuer or the Covered Bond Guarantor for the purposes of section 128F of the Tax Act;
- (g) which is imposed or withheld as a consequence of a determination having been made under Part IVA of the Tax Act (or any modification or equivalent thereof) by the Commissioner of Taxation of the Commonwealth of Australia that withholding tax is payable in respect of a payment in circumstances where the payment would not have been subject to withholding tax in the absence of the scheme which was the subject of that determination;
- (h) with respect to any payment of principal of or interest (including original issue discount) on the Covered Bonds and Coupons by the Issuer to any Covered Bondholder or Couponholder who is a fiduciary or partnership or other than the sole beneficial owner of any such payment to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or any other beneficial owner would not have been entitled to the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of such Covered Bonds and Coupons; or
- (i) any combination of (a) through (h) above.

For the avoidance of doubt, any amounts to be paid on the Covered Bonds and Coupons will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding.

If the Applicable Final Terms indicate that tax gross-up by the Issuer in accordance with this Condition 7 is not applicable or do not indicate that Condition 7 is applicable, if any payments of principal and interest (if any) in respect of the Covered Bonds and Coupons by or on behalf of the Issuer are or become subject to any withholding or deduction, on account of any taxes, duties or other charges of whatever nature, imposed or levied by or on behalf of Australia or by any other authority having power to tax, the Issuer will not be obliged to pay any additional amount as a consequence. For purposes of the preceding sentence and the next paragraph, any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code shall be deemed a tax imposed by the United States.

If any payments made by the Covered Bond Guarantor under the Covered Bond Guarantee are or become subject to any withholding or deduction, on account of any taxes, duties or other charges of whatever nature, imposed or levied by or on behalf of Australia or by any other authority having

power to tax, the Covered Bond Guarantor will not be obliged to pay any additional amount as a consequence. For purposes of the preceding sentence and the next paragraph, any withholding imposed pursuant to Sections 1471 through 1474 of the Code, and any regulations thereunder, agreements entered into pursuant thereto, or official interpretations thereof, shall be deemed a tax imposed by the United States.

As used herein the **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Bond Trustee or the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Covered Bondholders in accordance with Condition 13.

## **8. Prescription**

The Covered Bonds (other than A\$ Registered Covered Bonds), whether in bearer or registered form and Coupons will become void unless presented for payment within ten years (in the case of principal) and five years (in the case of interest) in each case from the Relevant Date (as defined in Condition 7) therefor, subject in each case to the provisions of Condition 5.

There will not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 or Condition 5 or any Talon which would be void pursuant to Condition 5.

## **9. Events of Default and Enforcement**

### **(a) Issuer Events of Default**

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose or the purpose of any Extraordinary Resolution (as defined in Condition 14) referred to in this Condition 9(a) means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Bond Trust Deed) then outstanding, as if they were a single Series (with the Principal Amount Outstanding of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of the Covered Bondholders will, (but in the case of the happening of any of the events mentioned in subparagraph (iii), (iv), (v), (vi), (viii) or (ix) inclusive below, only if the Bond Trustee will have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series) (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction) give notice (an **Issuer Acceleration Notice**) in writing to the Issuer (copied to the Covered Bond Guarantor) that as against the Issuer (but not, for the avoidance of doubt, as against the Covered Bond Guarantor under the Covered Bond Guarantee) each Covered Bond of each Series is, and each such Covered Bond will, unless such event will have been cured by the Issuer prior to the Issuer's receipt of the notice in writing from the Bond Trustee, thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Bond Trust Deed if any of the following events (each an **Issuer Event of Default**) will occur and be continuing:

- (i) default by the Issuer in any payment when due of principal on the Covered Bonds or any of them and the default continues for a period of seven days;

  - (i) ten AU Business Days from the date that the Seller is notified of that breach; and

- (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds.

Notwithstanding any other provision of this Condition 9(a) (other than Condition 9(a)(vii)), no Issuer Event of Default in respect of the Covered Bonds shall occur solely on account of any failure by the Issuer to perform or observe any of its obligations in relation to, or the agreement or declaration of any moratorium with respect to, or the taking of any proceeding in respect of, any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital (as defined by APRA from time to time).

Upon the Covered Bonds becoming immediately due and repayable against the Issuer pursuant to this Condition 9(a), the Bond Trustee will forthwith serve a notice to pay (the **Notice to Pay**) on the Covered Bond Guarantor (copied to the Trust Manager) pursuant to the Covered Bond Guarantee and the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts when the same will become Due for Payment in accordance with the terms of the Covered Bond Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may or must take such proceedings or other action or step against the Issuer in accordance with Condition 9(c).

The Bond Trust Deed provides that all moneys received by the Bond Trustee following the occurrence of an Issuer Event of Default and the delivery of an Issuer Acceleration Notice and Notice to Pay, from the Issuer or any receiver, manager, liquidator, administrator, controller, statutory manager or other similar official appointed in relation to the Issuer following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice and a Notice to Pay (the **Excess Proceeds**), must be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor, as soon as practicable, and must be held by the Covered Bond Guarantor in the GIC Account and the Excess Proceeds must thereafter form part of the Charged Property and must be used by the Covered Bond Guarantor in the same manner as all other moneys from time to time standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons (as applicable and to the extent of the amount so received and subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Covered Bond Guarantor) (but will be deemed not to have done so for the purposes of subrogation rights of the Covered Bond Guarantor contemplated by the Bond Trust Deed). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and a Notice to Pay or if earlier, Service of a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable and the receipt by or on behalf of the Bond Trustee of any Excess Proceeds will not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each Covered Bondholder will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor for application in the manner as described above.

**(b) Covered Bond Guarantor Events of Default**

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose and the purpose of any Extraordinary Resolution referred to in this Condition 9(b) means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Bond Trust Deed) then outstanding as if they were a single Series (with the Principal Amount

Outstanding of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of all the Covered Bondholders will, (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction), but in the case of the happening of any of the events described in paragraph (ii) below, only if the Bond Trustee will have certified in writing to the Issuer and the Covered Bond Guarantor that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series, give notice (the **Covered Bond Guarantee Acceleration Notice**) in writing to the Issuer and to the Covered Bond Guarantor (copied to the Trust Manager), that (x) each Covered Bond of each Series is, and each Covered Bond of each Series will as against the Issuer (if not already due and repayable against it following the service of an Issuer Acceleration Notice in accordance with Condition 9(a)), thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest and (y) all amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee will thereupon immediately become due and payable at the Guaranteed Amount corresponding to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest, in each case as provided in the Bond Trust Deed and thereafter the Security will become enforceable if any of the following events (each a **Covered Bond Guarantor Event of Default**) will occur and be continuing:

- (i) default is made by the Covered Bond Guarantor for a period of 14 days or more in the payment of any Guaranteed Amounts when Due for Payment in respect of the Covered Bonds of any Series except in the case of the payments of a Guaranteed Amount when Due for Payment under Condition 6(a) where the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts which are Due for Payment on the dates specified therein; or
- (ii) default is made by the Covered Bond Guarantor in the performance or observance of any other obligation, condition or provision binding on it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Bond Trust Deed, the Security Deed or any other Programme Document to which the Covered Bond Guarantor is a party (other than the Programme Agreement or any Subscription Agreement) and, except where such default is or the effects of such default are, in the opinion of the Bond Trustee, not capable of remedy when no such continuation and notice as is hereinafter mentioned will be required, such default continues for 30 days (or such longer period as the Bond Trustee may permit) after written notice thereof has been given by the Bond Trustee to the Covered Bond Guarantor requiring the same to be remedied; or
- (iii) an Insolvency Event occurs in respect of the Covered Bond Guarantor in its personal capacity (but not in its capacity as trustee of any trust) and the Covered Bond Guarantor is not replaced as trustee of the Trust by the Trust Manager in accordance with the Establishment Deed within 60 days of the Insolvency Event occurring; or
- (iv) a failure to satisfy the Amortisation Test (as set out in the Establishment Deed) on any Calculation Date following an Issuer Event of Default; or
- (v) the Covered Bond Guarantee is not, or is claimed by the Covered Bond Guarantor not to be, in full force and effect.

Following the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor each of the Bond Trustee and the Security Trustee may or must take such proceedings or steps in accordance with the first and third paragraphs, respectively, of Condition 9(c) and the Covered Bondholders will have a claim

against the Covered Bond Guarantor, under the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 7) as provided in the Bond Trust Deed in respect of each Covered Bond.

**(c) *Enforcement***

The Bond Trustee may at any time, at its discretion and without further notice, following service of an Issuer Acceleration Notice (in the case of the Issuer) or, if earlier, following service of a Covered Bond Guarantee Acceleration Notice (in the case of the Covered Bond Guarantor) take such proceedings or other action or step as it may think fit against or in relation to the Issuer and/or the Covered Bond Guarantor, as the case may be, and/or any other person as it may think fit to enforce the provisions of the Bond Trust Deed, the Covered Bonds and the Coupons or any other Programme Document, but it will not be bound to take any such enforcement proceedings or other action or step in relation to the Bond Trust Deed, the Covered Bonds or the Coupons or any other Programme Document unless (i) it has been so directed by an Extraordinary Resolution of the Covered Bondholders of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate as stated above) or so requested in writing by the holders of not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Covered Bond Swap Rate as stated above) and (ii) it has been indemnified and/or secured and/or prefunded to its satisfaction.

In exercising any of its powers, trusts, authorities and discretions the Bond Trustee will only have regard to the interests of the Covered Bondholders of all Series equally and will not have regard to the interests of any other Secured Creditors.

The Bond Trustee may at any time, following service of a Covered Bond Guarantee Acceleration Notice at its discretion and without further notice, direct or instruct the Security Trustee to take such steps or proceedings against the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Deed or any other Programme Document and may, at any time after the Security has become enforceable, direct and instruct the Security Trustee to take such steps as it may think fit to enforce the Security.

In the event that the Bond Trustee is:

- (i) requested by the Security Trustee; or
- (ii) required by the holders of the Covered Bonds,

to provide the Security Trustee with instructions, the Bond Trustee will do so (save where expressly provided otherwise):

- (A) in the case of paragraph (a) above only, in its absolute discretion subject to and in accordance with the Bond Trust Deed; or
- (B) in the case of both paragraph (a) or (b) above, if so requested in writing by the holders of not less than 25 per cent. in aggregate of the Principal Amount Outstanding of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or

directed by an Extraordinary Resolution of the holders of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Covered Bond Swap Rate),

subject in each case to the Bond Trustee being indemnified and/or secured and/or prefunded to its satisfaction prior to giving any instructions to the Security Trustee. The Bond Trustee will be entitled to request the Covered Bondholders (voting as aforesaid) to direct it in relation to any matter in relation to which the Security Trustee has requested instructions. The Bond Trustee has no obligation to monitor the performance of the Security Trustee and has no liability to any person for the performance or non-performance of the Security Trustee. In no circumstance will the Bond Trustee be required to indemnify, secure or prefund the Security Trustee.

In exercising any of its powers, trusts, authorities and discretions under this paragraph each of the Bond Trustee and the Security Trustee will only have regard to the interests of the Covered Bondholders of all Series equally and will not have regard to the interests of any other Secured Creditors.

No Covered Bondholder or Couponholder will be entitled to proceed directly against the Issuer or the Covered Bond Guarantor or to take any action with respect to the Bond Trust Deed, the Covered Bonds, the Coupons, the Security or to directly enforce the provisions of any other Programme Document, unless the Bond Trustee or the Security Trustee, as applicable, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing in which event any Covered Bondholder or Couponholder may, on giving an indemnity and/or prefunding and/or security satisfactory to the Bond Trustee, in the name of the Bond Trustee (but not otherwise) himself institute such proceedings and/or prove in the winding-up, administration or liquidation of the Issuer or the Covered Bond Guarantor to the same extent and in the same jurisdiction (but not further or otherwise than the Bond Trustee would have been entitled to do so in respect of the Covered Bonds and Coupons and/or the Bond Trust Deed).

#### **10. Replacement of Covered Bonds, Coupons and Talons**

Should any Covered Bond (other than any A\$ Registered Covered Bond), Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent in London (in the case of Bearer Covered Bonds or Coupons) or the specified office of the relevant Registrar or Transfer Agent (in the case of Registered Covered Bonds), or any other place approved by the Bond Trustee of which notice has been published in accordance with Condition 13 upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Covered Bonds (other than A\$ Registered Covered Bonds), Coupons or Talons must be surrendered before replacements will be issued.

#### **11. Principal Paying Agent, Paying Agents, Registrar, A\$ Registrar, Transfer Agent and Exchange Agent**

The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Registrar, the A\$ Registrar, the initial Transfer Agent, the initial Exchange Agent and their initial specified offices are set out below.

In the event of the appointed office of any such bank being unable or unwilling to continue to act as the Principal Paying Agent, or failing duly to determine the Rate of Interest, if applicable, or to calculate the Interest Amounts for any Interest Period, the Issuer will appoint the London office of

such other bank as may be approved by the Bond Trustee to act as such in its place. The Principal Paying Agent may not resign its duties or be removed from office without a successor having been appointed as stated above.

In the event of the appointed A\$ Registrar being unable or unwilling to continue to act as the A\$ Registrar, or failing duly to comply with the A\$ Registry Agreement, the Issuer will appoint such other registrar and/or paying agent as may be approved by the Bond Trustee to act as such in its place. The A\$ Registrar may not resign its duties or be removed from office without a successor having been appointed as stated above.

The Issuer is entitled, with the prior written approval of the Bond Trustee (not to be unreasonably withheld), to vary or terminate the appointment of any Paying Agent, Registrar or A\$ Registrar and/or appoint additional or other Paying Agents, Registrars or A\$ Registrars and/or approve any change in the specified office through which any Paying Agent, Registrar or A\$ Registrar acts, provided that:

- (a) there will at all times be a Principal Paying Agent, a Registrar and, so long as any A\$ Registered Covered Bonds are outstanding, an A\$ Registrar;
- (b) so long as any of the Covered Bonds are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Covered Bonds) and a Transfer Agent (in the case of Registered Covered Bonds) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or as the case may be, other relevant authority;
- (c) so long as any of the Registered Global Covered Bonds payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be an Exchange Agent; and
- (d) the Issuer will ensure that it appoints a Paying Agent in a Member State of the European Union (other than the United Kingdom) in the event that it is required to withhold or deduct tax on payments made in the United Kingdom.

In addition, the Issuer will, when necessary appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(f). Notice of any such variation, termination, appointment or change will be given by the Issuer to the Covered Bondholders as soon as reasonably practicable in accordance with Condition 13.

In acting under the Agency Agreements, the Agents act solely as agents of the Issuer and the Covered Bond Guarantor (to the extent applicable) and do not assume any obligation to, or relationship of agency or trust with, any Covered Bondholders or Couponholders. Each Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

## **12. Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final

date for the payment of interest due in respect of the Bearer Covered Bond to which it appertains) a further Talon, subject to the provisions of Condition 8.

### 13. Notices

All notices regarding the Bearer Covered Bonds will be valid if published (a) in a leading English language daily newspaper of general circulation in London, and (b) if and for so long as the Bearer Covered Bonds are admitted to trading on, and listed on the Regulated Market of the Luxembourg Stock Exchange, a daily newspaper of general circulation in Luxembourg and/or the Luxembourg Stock Exchange's website, *www.bourse.lu*. It is expected that any such newspaper publication will be made in the *Financial Times* in London and the *Luxembourg Wort* or the *Tageblatt* in Luxembourg. The Issuer will also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Covered Bonds are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers or where published in such newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Bond Trustee approves.

All notices regarding the Registered Covered Bonds will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Covered Bonds are admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Until such time as any Definitive Covered Bonds are issued, there may, so long as the Covered Bonds are represented in their entirety by any Global Covered Bonds held on behalf of DTC and/or Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to DTC and/or Euroclear and/or Clearstream, Luxembourg for communication by them to the Covered Bondholders and, in addition, for so long as any Covered Bonds are listed on a stock exchange or admitted to trading by any other relevant authority and the rules of that stock exchange, or as the case may be, other relevant authority so require, such notice or notices will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice will be deemed to have been given to the Covered Bondholders on the day on which the said notice was given to DTC and/or Euroclear and/or Clearstream, Luxembourg.

All notices regarding the A\$ Registered Covered Bonds will be deemed to be validly given if sent by pre-paid post or (if posted to an address overseas) by airmail to, or left at the address of, the holders (or the first named of joint holders) at their respective addresses recorded in the A\$ Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any A\$ Registered Covered Bonds are admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. For so long as the A\$ Registered Covered Bonds are lodged in the Austraclear System there may be substituted for such, publication in the *Australian Financial Review* or *The Australian* or mailing the delivery of the relevant notice to Austraclear for communication by it to the holders of beneficial interests in the A\$ Registered Covered Bonds and, in addition, for so long as any A\$ Registered Covered Bonds are listed on a stock exchange or admitted to trading by any other relevant authority and the rules of that stock exchange, or as the case may be, other relevant authority so require, such notice or notices will be published in a daily newspaper of general circulation in the place or places required by those

rules. Any such notice will be deemed to have been given to the holders of beneficial interests in the A\$ Registered Covered Bonds on the day on which the said notice was given to Austraclear.

Notices to be given by any Covered Bondholder (other than in relation to A\$ Registered Covered Bonds) to the Issuer will be in writing and given by lodging the same, together (in the case of any Covered Bond in definitive form) with the relative Covered Bond or Covered Bonds, with the Agent (in the case of the Bearer Covered Bonds), or the Registrar (in the case of Registered Covered Bonds). Whilst any of the Covered Bonds are represented by a Global Covered Bond, such notice may be given by any holder of a Covered Bond to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, may approve for this purpose. Notices to be given by any Covered Bondholder in respect of A\$ Registered Covered Bonds to the Issuer will be in writing and must be (i) sent by pre-paid post or (if posted to an address overseas) by airmail to; or (ii) left at the address of, the Issuer and will be deemed to have been given on the fourth day after mailing or on the day of delivery, respectively.

#### **14. Meetings of Covered Bondholders, Modification, Waiver and Substitution**

Covered Bondholders, Couponholders and other Secured Creditors should note that the Issuer, the Covered Bond Guarantor and (other than in relation to A\$ Registered Covered Bonds) the Principal Paying Agent may without their consent or the consent of the Bond Trustee or the Security Trustee agree to modify any provision of any Final Terms which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with any mandatory provisions of law.

The Bond Trust Deed contains provisions for convening meetings of the Covered Bondholders of any Series to consider any matter affecting their interests, including the modification of these Conditions or the provisions of the Bond Trust Deed. The quorum at any such meeting in respect of the Covered Bonds of any Series for passing an Extraordinary Resolution (other than in respect of a Series Reserved Matter) is one or more persons holding or representing not less than a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing the Covered Bondholders of such Series whatever the Principal Amount Outstanding of the Covered Bonds of such Series so held or represented, except that at any meeting the business of which includes any Series Reserved Matter, the quorum for any such meeting will be one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding or at any adjourned meeting, the business of which includes any Series Reserved Matter, the quorum will be one or more persons holding or representing not less than one third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. The expression Extraordinary Resolution when used in these Conditions means: (a) a resolution passed at a meeting of the Covered Bondholders duly convened and held in accordance with the Bond Trust Deed by a majority consisting of not less than three-fourths of the persons voting thereat upon a show of hands or if a poll is duly demanded by a majority consisting of not less than three fourths of the votes cast on such poll; or (b) a resolution in writing signed by or on behalf of Covered Bondholders holding not less than three-fourths in Principal Amount Outstanding of the Covered Bonds then outstanding, which resolution in writing may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Covered Bondholders; or (c) a resolution passed by way of electronic consents given by holders through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the Covered Bondholders of not less than three-fourths in Principal Amount Outstanding for the time being outstanding of the Covered Bonds (of the relevant Series or all Series, as applicable). An Extraordinary Resolution passed at any meeting

of the Covered Bondholders of a Series will, subject as provided below, be binding on all the Covered Bondholders of such Series, whether or not they are present at the meeting, and on all Couponholders in respect of such Series of Covered Bonds. Pursuant to the Bond Trust Deed, the Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the respective interests of such Covered Bondholders, in which event the provisions of this paragraph will apply thereto *mutatis mutandis*.

Notwithstanding the provisions of the immediately preceding paragraph, any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9(a) or to give a Covered Bond Guarantee Acceleration Notice pursuant to Condition 9(b) or to direct the Bond Trustee or the Security Trustee or to direct the Bond Trustee to direct the Security Trustee to take any enforcement action or to direct the Bond Trustee to determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed (each a **Programme Resolution**) and will only be capable of being passed at a single meeting of the Covered Bondholders of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Covered Bond Guarantor or the Bond Trustee or by the Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series will be binding on all the Covered Bondholders of all Series, whether or not they are present at the meeting, and on all related Couponholders.

In connection with any meeting of the holders of Covered Bonds of more than one Series where such Covered Bonds are not denominated in Australian Dollars, the Principal Amount Outstanding of the Covered Bonds of any Series not denominated in Australian Dollars must be converted into Australian Dollars at the relevant Covered Bond Swap Rate.

The Bond Trustee may (and in the case of any modification contemplated by clause 21.1(c) of the Bond Trust Deed, the Bond Trustee must), without the consent or sanction of any of the Covered Bondholders of any Series, the related Couponholders and without the consent or sanction of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document), at any time and from time to time, concur with the Issuer, the Covered Bond Guarantor (acting on the directions of the Trust Manager) or any other party and/or direct the Security Trustee to concur with the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) or any other party in making:

- (a) any modification (other than in relation to a Series Reserved Matter) to the Covered Bonds of one or more Series, the related Coupons or any Programme Document which in the opinion of the Bond Trustee is not materially prejudicial to the interests of the Covered Bondholders of any Series;
- (b) any modification to the Covered Bonds of one or more Series, the related Coupons or any Programme Document which is in the opinion of the Bond Trustee of a formal, minor or technical nature, or in the opinion of the Bond Trustee is made to correct a manifest error or to comply with mandatory provisions of law (and for this purpose the Bond Trustee may disregard whether any such modification relates to a Series Reserved Matter); or

(c) any modification contemplated by clause 21.4 or clause 21.5 of the Bond Trust Deed.

In forming an opinion as to whether a modification is of a formal, minor or technical nature or is being made to correct a manifest error or to comply with mandatory provisions of law or is contemplated by clause 21.4 of the Bond Trust Deed, the Bond Trustee may have regard to any evidence it considers reasonable to rely on including (without any obligation to rely on any of the following) (i) a certificate from the Issuer (a) stating the intention of the parties to the relevant Programme Documents; (b) stating that such modification is required to reflect such intention; and (c) confirming that nothing has been said to, or by, initial or subsequent investors or other parties which is any way inconsistent with the stated intention; and (ii) a Rating Affirmation Notice.

Notwithstanding the above the Bond Trustee will not be obliged to agree to any amendment, which, in the sole opinion of the Bond Trustee, would have the effect of (i) exposing the Bond Trustee, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee, in the Bond Trust Deed, the other Programme Documents and/or the Conditions.

The Bond Trustee may without the consent or sanction of any of the Covered Bondholders of any Series, the related Couponholders and without the consent of any other Secured Creditor and without prejudice to its rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time but only if in so far as in its opinion the interests of the Covered Bondholders of any Series will not be materially prejudiced thereby, waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in the Bond Trust Deed, the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed, PROVIDED ALWAYS THAT the Bond Trustee must not exercise any powers conferred on it in contravention of any express direction given by Extraordinary Resolution or by a request under Condition 9(a) or (b) but so that no such direction or request will affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Bond Trustee may determine, will be binding on the Covered Bondholders, the related Couponholders and, if, but only if, the Bond Trustee requires, must be notified by the Issuer or the Covered Bond Guarantor (acting at the direction of the Trust Manager) (as the case may be) to the Covered Bondholders in accordance with Condition 13 as soon as practicable thereafter.

Subject to as provided below, the Bond Trustee will be bound to waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in the Bond Trust Deed, the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed if it is: (i) in the case of such waiver or authorisation, (a) so directed by an Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series in the circumstances provided in the Bond Trust Deed and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate); or (b) requested to do so in writing by the holders of not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series in the circumstances provided in the Bond Trust Deed and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap

Rate); or (ii), in the case of any such determination, (a) so directed by an Extraordinary Resolution of the Covered Bondholders of all Series then outstanding with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars at the relevant Covered Bond Swap Rate) or (b) requested to do so in writing by the holders of not less than 25 per cent. of the Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars as stated above), and at all times then only if it is indemnified and/or secured and/or pre-funded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

The Security Trustee may, without the consent of the Covered Bondholders and/or Couponholders of any Series and without the consent of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document) and without prejudice to their rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time, but only if (for so long as any Covered Bonds are outstanding) it is instructed by the Bond Trustee in accordance with the Bond Trust Deed or (if no Covered Bonds are outstanding) it is instructed by the Majority Secured Creditors, authorise or waive any breach or proposed breach of any of the covenants or provisions contained in the Covered Bonds of any Series, the Security Deed or any Programme Document or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Security Deed. Any such authorisation or waiver or modification will be binding on the Covered Bondholders and/or Couponholders and the other Secured Creditors and, unless the Bond Trustee and the Security Trustee otherwise agree, will be notified by the Issuer or the Covered Bond Guarantor (or the Trust Manager on its behalf) (as the case may be) to the Covered Bondholders in accordance with Condition 13 and each Rating Agency as soon as practicable thereafter.

Any such modification, waiver, authorisation or determination will be binding on all the Covered Bondholders of all Series of Covered Bonds for the time being outstanding, the related Couponholders and the other Secured Creditors, and unless the Bond Trustee otherwise agrees, any such modification must be notified by the Issuer, to the Covered Bondholders of all Series of Covered Bonds in accordance with Condition 13 and to the Rating Agencies as soon as practicable thereafter.

Where in connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Bond Trustee and the Security Trustee are required to have regard to the general interests of the Covered Bondholders of each Series as a class (but must not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, must not have regard to the consequences of any such exercise for individual Covered Bondholders, the related Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee and the Security Trustee will not be entitled to require, nor will any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders and/or Couponholders, except to the extent already provided for in Condition 7 and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 7 pursuant to the Bond Trust Deed.

Notwithstanding any other provision of any Programme Document but subject to clause 21.3 of the Bond Trust Deed, the Bond Trustee will be obliged to concur in and effect any modifications to the Programme Documents that are requested by the Covered Bond Guarantor or the Trust Manager to: (a) accommodate the accession of a new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme provided that (i) each of the Swap Providers have certified to the Bond Trustee and the Security Trustee that they consent to such modification of those documents to which they are a party (such consent not to be unreasonably withheld); (ii) two Authorised Signatories of the Trust Manager have certified to the Bond Trustee and the Security Trustee in writing that such modifications are required in order to accommodate the addition of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme; and (iii) two Authorised Signatories of the Trust Manager have certified to the Security Trustee and the Bond Trustee that all other conditions precedent to the accession of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, or new Cover Pool Monitor or new Agent to the Programme set out in the Programme Documents have been satisfied at the time of the accession; (b) take into account any changes in the covered bonds ratings criteria of the Rating Agencies where, absent such modifications, the rating assigned by the relevant Rating Agency to one or more Series of Covered Bonds may be subject to a downgrade, qualification or withdrawal, subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Issuer each certifying to the Bond Trustee and the Security Trustee that such modifications are required for this purposes of preventing the relevant downgrade, qualification or withdrawal; (c) allow a Swap Provider to transfer securities as Swap Collateral under a relevant Swap Agreement Credit Support Document, including to appoint a custodian to hold such securities in a custody account pursuant to a custody agreement; or (d) ensure compliance of the Programme or the Issuer (as applicable) with, or ensure that the Issuer may benefit from (including if a Regulatory Event occurred or was likely to occur), any existing, amended or new legislation, regulation, directive, prudential standard or prudential guidance note of any regulatory body (including the Australian Prudential Regulation Authority) in relation to covered bonds subject to receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Trust Manager each certifying to the Bond Trustee and the Security Trustee that such modifications are required in order to comply with or benefit from such legislation, regulation, directive, prudential standard or prudential guidance note. In addition, the Bond Trustee shall be obliged to concur with the Issuer in effecting any Benchmark Amendments in the circumstances and as otherwise set out in Condition 4(d)(iii) without the consent of the Covered Bondholders or Couponholders and the reference in the second paragraph of this Condition 14 to meetings of the Covered Bondholders shall not apply to Benchmark Amendments made pursuant to Condition 4(d)(iii), which shall be made without Covered Bondholders' or Couponholders' consent as specified therein.

### **Substitution**

The Bond Trust Deed provides that the Bond Trustee may, without the consent or sanction of the Covered Bondholders or Couponholders agree, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Covered Bonds, Coupons and the Bond Trust Deed of another company, being a subsidiary of the Issuer subject to (a) the Bond Trustee being satisfied that the interests of the Covered Bondholders will not be materially prejudiced by the substitution and (b) certain other conditions set out in the Bond Trust Deed being complied with.

The Bond Trust Deed provides that in connection with any scheme of amalgamation or reconstruction of the Issuer not involving the bankruptcy or insolvency of the Issuer and (A) where the Issuer does not survive the amalgamation or reconstruction or (B) where all or substantially all of the assets and business of the Issuer will be disposed of to, or succeeded to, by another entity

(whether by operation of law or otherwise), the Bond Trustee will, if requested by the Issuer, be obliged, without the consent or sanction of the Covered Bondholders or Couponholders, at any time to agree to the substitution in the place of the Issuer (or of the previous substitute) as principal debtor under the Bond Trust Deed (the **Substituted Debtor**) being the entity with and into which the Issuer amalgamates or the entity to which all or substantially all of the business and assets of the Issuer is transferred, or succeeded to, pursuant to such scheme of amalgamation or reconstruction (whether by operation of law or otherwise), subject to, *inter alia*:

- (a) the Substituted Debtor entering into a supplemental trust deed or some other form of undertaking in form and manner satisfactory to the Bond Trustee agreeing to be bound by the Bond Trust Deed with any consequential amendments which the Bond Trustee may deem appropriate as fully as if the Substituted Debtor had been named in the Bond Trust Deed as principal debtor or guarantor in place of the Issuer;
- (b) the Substituted Debtor acquiring or succeeding to pursuant to such scheme of amalgamation or reconstruction all or substantially all of the assets and business of the Issuer; and
- (c) confirmations being received by the Bond Trustee from each Rating Agency that the substitution will not adversely affect the current rating of the Covered Bonds.

Any such supplemental trust deed or undertaking will, if so expressed, operate to release the Issuer or the previous substitute as stated above from all of its obligations as principal debtor under the Bond Trust Deed.

Any substitution pursuant to this Condition 14 will be binding on the Covered Bondholders and the Couponholders and, unless the Bond Trustee agrees otherwise, will be notified by the Issuer to the Covered Bondholders not later than 14 days after any such substitution in accordance with Condition 13.

It will be a condition of any substitution pursuant to this Condition 14 that the Covered Bond Guarantee will remain in place or be modified to apply *mutatis mutandis* and continue in full force and effect in relation to any Substituted Debtor.

For the purposes of this Condition 14:

**Potential Issuer Event of Default** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;

**Potential Covered Bond Guarantor Event of Default** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute a Covered Bond Guarantor Event of Default; and

**Series Reserved Matter** in relation to Covered Bonds of a Series means: (i) reduction or cancellation of the amount payable or, where applicable, modification of the method of calculating the amount payable or modification of the date of payment or, where applicable, modification of the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds; (ii) alteration of the currency in which payments under the Covered Bonds and Coupons are to be made, other than pursuant to Condition 5(i); (iii) alteration of the quorum or majority required to pass an Extraordinary Resolution; (iv) any amendment to the Covered Bond

Guarantee or the Security Deed; (v) except in accordance with Condition 6(i) or the provision relating to substitution in this Condition 14, the sanctioning of any scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into, or the cancellation of the Covered Bonds in consideration of, shares, stock, Covered Bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, Covered Bonds, debentures, debenture stock and/or other obligations and/or securities as stated above and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the Covered Bondholders to execute an instrument of transfer of the Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively; and (vi) alteration of the proviso to paragraph 5 or paragraph 6 of Schedule 4 to the Bond Trust Deed or the alteration of this definition.

**15. Indemnification of the Bond Trustee and the Security Trustee and the Bond Trustee and Security Trustee contracting with the Issuer and/or the Covered Bond Guarantor**

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee is of the opinion that the interests of the Covered Bondholders of any one or more series would be materially prejudiced thereby, the Bond Trustee will not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders of the relevant Series by Extraordinary Resolution or by a direction in writing of such Covered Bondholders of at least 25 per cent. of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding or as otherwise required under the Programme Documents.

The Bond Trust Deed and the Security Deed contain provisions for the indemnification of the Bond Trustee and the Security Trustee and for their relief from responsibility, including provisions relieving them from taking any action unless indemnified and/or secured and/or prefunded to their satisfaction.

The Bond Trust Deed and the Security Deed also contain provisions pursuant to which each of the Bond Trustee and Security Trustee, respectively, is entitled, *inter alia*: (i) to enter into business transactions with the Issuer, the Covered Bond Guarantor and/or any of their respective Subsidiaries and affiliates and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Covered Bond Guarantor and/or any of their respective Subsidiaries and affiliates; (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Covered Bondholders or Couponholders or the other Secured Creditors and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Bond Trustee will not be responsible for any loss, expense or liability which may be suffered as a result of any Mortgage Loans or Related Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons whether or not on behalf of the Bond Trustee. The Bond Trustee will not be responsible for: (i) supervising the performance by the Issuer or any other party to the Programme Documents or, in relation to Condition 4(d) only, any Independent Adviser, of their respective obligations under the Programme Documents and the Bond Trustee will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Programme Documents under the Programme Documents; (iii) monitoring the Mortgage Loan Portfolio, including whether the Mortgage Loan

Portfolio is in compliance with the Asset Coverage Test, the Pre-Maturity Test or the Amortisation Test; or (iv) monitoring whether Mortgage Loans and Related Security satisfy the Eligibility Criteria. The Bond Trustee will not be liable to any Covered Bondholder or other Secured Creditor for (a) any failure to make or to cause to be made on its behalf the searches, investigations and enquiries which would normally be made by a prudent secured creditor in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Programme Documents or (b) in relation to Condition 4(d) only, the acts or omissions of any Independent Adviser.

The Security Trustee will not be responsible: (i) for any liability whatsoever for acting in accordance with any resolution of the Covered Bondholders; (ii) for the notification of the happening or continuance of a Covered Bond Guarantor Event of Default to the Secured Creditors; (iii) for any examination or enquiry into, nor be liable for any defect or failure in, the title of the Covered Bond Guarantor to any Charged Property; (iv) under any liability whatsoever for any failure to take action in respect of a breach by the Covered Bond Guarantor of its duties as trustee of the Trust or in respect of a Covered Bond Guarantor Event of Default of which it is not actually aware; (v) for the form or contents of any Programme Document and will not be liable as a result of or in connection with any inadequacy, invalidity or unenforceability of any provision of any Programme Documents except insofar that it applies to the Security Trustee or to any representation and warranty given by the Security Trustee; and (vi) for supervising or monitoring the performance by the Issuer or any other party to the Programme Documents of their respective obligations under the Programme Documents and the Security Trustee will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties.

The Bond Trustee may refrain from taking any action or exercising any right, power, authority or discretion vested in it relating to the transactions contemplated in the Programme Documents until it has been indemnified and/or secured and/or prefunded to its satisfaction against any and all actions, charges, claims, costs, damages, demands, expenses, liabilities, losses and proceedings which might be sustained by it as a result and will not be required to do anything which may cause it to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties or in the exercise of any of its rights, powers, authorities or discretions if it has reasonable grounds for believing that repayment of such funds or adequate indemnity, security or prefunding against such liability is not assured to it.

The Security Trustee may refrain from taking steps (other than the steps in relation to the enforcement of the Security) under the Security Deed or any of the other Programme Documents or exercise any of its powers, rights, trusts, authorities, duties, functions or discretions (including to require anything to be done, form any opinion or view, make any determination or give any notice, consent, waiver or approval) under or pursuant to the Security Deed or any other Programme Document to which the Security Trustee is a party without first taking instructions from the Bond Trustee (so long as there are any Covered Bonds outstanding) (provided that the Security Trustee is not required to seek instructions from the Bond Trustee in relation to the release of Security (as set out in the Security Deed) or any investments in Authorised Investments) or (if there are no Covered Bonds outstanding) the Majority Secured Creditors; and the Security Trustee has been indemnified and/or secured to its satisfaction as aforesaid and provided always that the Security Trustee will not be bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled.

## **16. Further Issues**

The Issuer will be at liberty from time to time without the consent of the Covered Bondholders or the Couponholders to create and issue further Covered Bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same will be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

## **17. Non-petition and limited recourse**

Only the Security Trustee (acting on the directions of (for so long as there any Covered Bonds outstanding) the Bond Trustee or (where no Covered Bonds are outstanding) the Majority Secured Creditors) may pursue the remedies available under the general law or under the Security Deed to enforce the Security and no Transaction Party will be entitled to proceed directly against the Covered Bond Guarantor to enforce the Security. In particular, each Transaction Party (other than the Security Trustee, and in respect of certain rights, the Bond Trustee) has agreed with the Covered Bond Guarantor and the Security Trustee that, except to the extent provided for in the Programme Documents, it will not: (i) take any steps for the purpose of recovering any Secured Obligations; or (ii) enforcing any rights arising out of the Programme Documents against the Covered Bond Guarantor or procuring the winding up of the Trust, unless the Security Trustee, once bound to take any steps or proceedings to enforce the Security pursuant to the Security Deed, fails to do so within a reasonable time and such failure is continuing, in which case such Secured Creditors will be entitled to take such steps or proceedings as it deems necessary (other than presentation of a petition for the winding-up of the Trust).

The Covered Bond Guarantor enters into the Programme Documents only in its capacity as trustee of the Trust and in no other capacity. A liability arising under or in connection with the Programme Documents is limited to and can be enforced against the Covered Bond Guarantor only to the extent to which it can be satisfied out of the property of the Trust out of which the Covered Bond Guarantor is actually indemnified for the liability. This limitation of the Covered Bond Guarantor's liability applies despite any other provision of the Programme Documents and extends to all liabilities and obligations of the Covered Bond Guarantor in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to the Programme Documents.

The parties other than the Covered Bond Guarantor may not sue the Covered Bond Guarantor in any capacity other than as trustee of the Trust, including seek the appointment of a receiver (except in relation to property of the Trust), a liquidator, an administrator or any similar person to the Covered Bond Guarantor or prove in any liquidation, administration or arrangement of or affecting the Covered Bond Guarantor (except in relation to property of the Trust).

The provisions of this Condition 17 will not apply to any obligation or liability of the Covered Bond Guarantor to the extent that it is not satisfied because under the Programme Documents or by operation of law there is a reduction in the extent of the Covered Bond Guarantor's indemnification out of the assets of the Trust, as a result of the Covered Bond Guarantor's fraud, negligence or wilful default.

It is acknowledged that the parties are each responsible under the Programme Documents for performing a variety of obligations relating to the Trust. No act or omission of the Covered Bond Guarantor (including any related failure to satisfy its obligations or breach of representation or warranty under the Programme Documents) will be considered fraud, negligence or wilful default of the Covered Bond Guarantor for the purpose of the preceding paragraph to the extent to which the act or omission was caused or contributed to by any failure by any party or any other person to fulfil

its obligations relating to the Trust or by any other act or omission of any party, the Servicer, the Seller, the Cover Pool Monitor or any other person.

No attorney, agent, receiver or receiver and manager appointed in accordance with the Programme Documents has authority to act on behalf of the Covered Bond Guarantor in a way which exposes the Covered Bond Guarantor to any personal liability and no act or omission of any such person will be considered fraud, negligence or wilful default of the Covered Bond Guarantor for the purpose of the preceding paragraph.

The Covered Bond Guarantor is not obliged to do or refrain from doing anything under the Programme Documents (including incur any liability) unless the Covered Bond Guarantor's liability is limited in the same manner as set out above.

Notwithstanding any other provisions of the Programme Documents, each party to the Programme Documents (other than the Security Trustee) agrees with and acknowledges to the Security Trustee that the Security Trustee enters into each Programme Document to which it is a party only in its capacity as trustee of the Security Trust and in no other capacity and that the Security Trustee will have no liability under or in connection with the Programme Documents (whether to the Secured Creditors, the Covered Bond Guarantor or any other person) other than to the extent to which the liability is able to be satisfied out of the property of the Security Trust from which the Security Trustee is actually indemnified for the liability. This limitation will not apply to a liability of the Security Trustee to the extent that it is not satisfied because, under the Programme Documents or by operation of law, there is a reduction in the extent of the Security Trustee's indemnification as a result of the Security Trustee's fraud, negligence or wilful default. Nothing in this Condition 17 or any similar provision in any other Programme Document limits or adversely affects the powers of the Security Trustee, any receiver or attorney in respect of the Charge or the Charged Property, in relation to the Trust.

To the extent permitted by law, no recourse under any obligation, covenant, or agreement of any person contained in the Programme Documents may be had against any shareholder, officer, agent or director of such person as such, by the enforcement of any assessment or by any legal proceeding, by virtue of any statute or otherwise; it being expressly agreed and understood that the Programme Documents are corporate obligations of each person expressed to be a party thereto and no personal liability will attach to or be incurred by the shareholders, officers, agents or directors of such person as such, or any of them, under or by reason of any of the obligations, covenants or agreements of such person contained in the Programme Documents, or implied therefrom, and that any and all personal liability for breaches by such person of any of such obligations, covenants or agreements, either under any applicable law or by statute or constitution, of every such shareholder, officer, agent or director is expressly waived by each person expressed to be a party thereto as a condition of and consideration for execution of the Programme Documents.

#### **18. Contracts (Rights of Third Parties) Act 1999**

No person will have any right to enforce any term or condition of this Covered Bond under the Contracts (Rights of Third Parties) Act 1999.

#### **19. Governing Law**

The Bond Trust Deed (including the Covered Bond Guarantee), the Principal Agency Agreement, the Covered Bonds (other than any A\$ Registered Covered Bonds) and the Coupons and any non-contractual obligations arising out of or in connection with them are governed by, and will be construed in accordance with, English law unless specifically stated to the contrary (in this regard,

The A\$ Registry Agreement and the A\$ Registered Covered Bonds are governed by, and will be construed in accordance with the laws applying in the State of New South Wales, Australia unless specifically stated to the contrary.

References herein to the Conditions will be to the Terms and Conditions of the Covered Bonds as set out in Schedule 1 (Terms and Conditions of the Covered Bonds) to the Bond Trust Deed (as defined below) as supplemented, replaced and modified by the Final Terms but, in the event of any conflict between the provisions of the said Conditions and the information in the Final Terms, the Final Terms will prevail.

Words and expressions defined in the Conditions will bear the same meanings when used in this Temporary Bearer Global Covered Bond.

This Temporary Bearer Global Covered Bond is issued subject to, and with the benefit of, the Conditions and a bond trust deed (such bond trust deed as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated [●] 2011 and made between the Issuer, the Covered Bond Guarantor and Deutsche Trustee Company Limited (the **Bond Trustee**).

Payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will only be made to the bearer hereof to the extent that there is presented to the Principal Paying Agent by a relevant Clearing System a certificate to the effect that it has received from or in respect of a person entitled to a particular principal amount of the Covered Bonds represented by this Temporary Bearer Global Covered Bond (as shown by its records) as certificate of non-US beneficial ownership in the form required by it. The bearer of this Temporary Bearer Global Covered Bond will not (unless upon due presentation of this Temporary Bearer Global Covered Bond for exchange, delivery of the appropriate number of Bearer Definitive Covered Bonds (together, if applicable, with the Coupons and Talons appertaining thereto in or substantially in the forms set out in Part 1, Part 3, Part 4 and Part 5 of Schedule 2 (*Forms of Global and Definitive Covered Bonds, Coupons and Talons*) to the Bond Trust Deed) or, as the case may be, issue and delivery (or, as the case may be, endorsement) of the Permanent Bearer Global Covered Bond is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment hereon due on or after the Exchange Date.

On or after the date (the **Exchange Date**) which is 40 days after the Issue Date, this Temporary Bearer Global Covered Bond may be exchanged (free of charge) in whole or in part for, as specified in the Final Terms, either (a) security printed Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons (on the basis that all the appropriate details have been included on the face of such Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons and the relevant information supplementing, replacing or modifying the Conditions appearing in the Final Terms has been endorsed or attached to such Bearer Definitive Covered Bonds) or (b) a Permanent Bearer Global Covered Bond which is in or substantially in the form set out in Part 2 of Schedule 2 (Form of Permanent Bearer Global Covered Bond) to the Bond Trust Deed (together with the Final Terms attached thereto), in each case upon notice being given by a relevant Clearing System acting on the instruction of any holder of an interest in this Temporary Bearer Global Covered Bond and subject, in the case of Bearer Definitive Covered Bonds, to such notice period as is specified in the Final Terms.

If Bearer Definitive Covered Bonds and (if applicable) Coupon and/or Talons have already been issued in exchange for all the Covered Bonds represented for the time being by the Permanent Bearer Global Covered Bond, then this Temporary Bearer Global Covered Bond may only thereafter be exchanged for Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons pursuant to the terms hereof.

This Temporary Bearer Global Covered Bond may be exchanged by the bearer hereof on any Business Day in London. The Issuer must procure that Bearer Definitive Covered Bonds or (as the case may be) the interests in the Permanent Bearer Global Covered Bond will be (in the case of Bearer Definitive Covered Bonds) issue and delivered in exchange for only that portion of this Temporary Bearer Global Covered Bond in respect of which there will have been presented to the Principal Paying Agent by a relevant Clearing System a certificate to the effect that it has received from or in respect of a person entitled to a beneficial interest in particular nominal amount of the Covered Bonds represented by this Temporary Bearer Global

Covered Bond (as shown by its records) a certificate of non-US beneficial ownership in the form required by it.

On an exchange of the whole of this Temporary Bearer Global Covered Bond, this Temporary Bearer Global Covered Bond must be surrendered to or to the order of the Principal Paying Agent. On an exchange of part only of this Temporary Bearer Global Covered Bond, the Issuer must procure that on an exchange of part only of this Temporary Bearer Global Covered Bond, details of such exchange will be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such exchange must be signed by or on behalf of the Issuer, whereupon the nominal amount of this Temporary Bearer Global Covered Bond and the Covered Bonds represented by this Temporary Bearer Global Covered Bond will be reduced by the Principal Amount Outstanding of this Temporary Bearer Global Covered Bond so exchanged. On any exchange of this Temporary Bearer Global Covered Bond for a Permanent Bearer Global Covered Bond, details of such exchange must be entered by or on behalf of the Issuer in Schedule 2 to the Permanent Bearer Global Covered Bond and the relevant space in Schedule 2 thereto recording such exchange must be signed by or on behalf of the Issuer.

Until the exchange of the whole of this Temporary Bearer Global Covered Bond as aforesaid, the bearer hereof will (subject as provided in the next paragraph) in all respects (except as otherwise provided herein) be entitled to the same benefits as if he were the bearer of Bearer Definitive Covered Bonds and the relative Coupons and/or Talons (if any) in the form(s) set out in Parts 3, 4, 5 and 6 (as applicable) of Schedule 2 (Forms of Global and Definitive Covered Bonds, Coupons and Talons) to the Bond Trust Deed.

Each person (other than Euroclear Bank SA/NV (**Euroclear**) or Clearstream Banking, S.A. (**Clearstream, Luxembourg** and together with Euroclear, the **relevant Clearing Systems**)) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of the Covered Bonds represented by this Temporary Bearer Global Covered Bond (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Covered Bonds standing to the account of any person will be conclusive and binding for all purposes save in the case of manifest error) will be treated by the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, the Principal Paying Agent and any other Paying Agent as the holder of such principal amount of such Covered Bonds for all purposes other than with respect to the payment of principal and interest on such principal amount of such Covered Bonds, the right to which must be vested, as against the Issuer, solely in the bearer of this Temporary Bearer Global Covered Bond in accordance with and subject to the terms of this Temporary Bearer Global Covered Bond and the Bond Trust Deed.

This Temporary Bearer Global Covered Bond and any non-contractual obligations arising out of or in connection with it are governed by, and must be construed in accordance with, English law.

(the **Covered Bond Guarantor**)

This Covered Bond is a **Permanent Bearer Global Covered Bond** in respect of a duly authorised issue of Covered Bonds of the Issuer (the **Covered Bonds**) of the Principal Amount Outstanding, Specified Currency(ies) and Specified Denomination(s) as are specified in the Final Terms applicable to the Covered Bonds (the **Final Terms**), a copy of which is annexed hereto, and which are constituted by a Bond Trust Deed (as defined below). References herein to the **Conditions** shall be to the Terms and Conditions of the Covered Bonds as set out in Schedule 1 (*Terms and Conditions of the Covered Bonds*) to the Bond Trust Deed (as defined below) as supplemented, replaced and modified by the Final Terms but, in the event of any conflict between the provisions of the said Conditions and the information in the Final Terms, the Final Terms will prevail.

Words and expressions defined in the Conditions shall bear the same meanings when used in this Permanent Bearer Global Covered Bond.

This Permanent Bearer Global Covered Bond is issued subject to, and with the benefit of, the Conditions and a bond trust deed (such bond trust deed as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated [●] and made between the Issuer, the Covered Bond Guarantor and Deutsche Trustee Company Limited (the **Bond Trustee**).

For value received, the Issuer, subject as hereinafter provided and subject to and in accordance with the Conditions and the Bond Trust Deed, promises (i) to pay to the bearer hereof on each Instalment Date (if the Covered Bonds are repayable in instalments) and on the Final Maturity Date and/or on such earlier date(s) as all or any of the Covered Bonds represented by this Permanent Bearer Global Covered Bond may become due and repayable in accordance with the Conditions and the Bond Trust Deed, the amount payable under the Conditions in respect of such Covered Bonds on each such date and to pay interest (if any) on the Principal Amount Outstanding of the Covered Bonds from time to time represented by this Permanent Bearer Global Covered Bond calculated and payable as provided in the Conditions and the Bond Trust Deed together with any other sums payable under the Conditions and the Bond Trust Deed, upon presentation and (ii) to perform all of its obligations to deliver Asset Amounts under the Conditions on such date(s) as such Asset Amounts become deliverable and, at maturity, surrender of this Permanent Bearer Global Covered Bond to or to the order of the Principal Paying Agent or any of the other Paying Agents located outside the United States, its territories and possessions (except as provided in the Conditions) from time to time appointed by the Issuer in respect of the Covered Bonds.

The Principal Amount Outstanding of the Covered Bonds represented by this Permanent Bearer Global Covered Bond shall be the amount stated in the Final Terms or, if lower, the Principal Amount Outstanding most recently entered by or on behalf of the Issuer in the relevant column in Part II, III, or IV of Schedule One hereto or in Schedule Two hereto.

On any redemption of, or payment of an instalment or interest being made in respect of, or purchase and cancellation of, any of the Covered Bonds represented by this Permanent Bearer Global Covered Bond the Issuer shall procure that details of such redemption, payment, or purchase and cancellation (as the case may be) shall be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such redemption, payment, or purchase and cancellation (as the case may be) shall be signed by or on behalf of the Issuer, whereupon the Principal Amount Outstanding of this Permanent Bearer Global Covered Bond and the Covered Bonds represented by this Permanent Bearer Global Covered Bond shall be reduced by the nominal amount of such Covered Bonds so redeemed or purchased and cancelled or the amount of such instalment so paid.

Payments due in respect of Covered Bonds for the time being represented by this Permanent Bearer Global Covered Bond shall be made to the bearer of this Permanent Bearer Global Covered Bond and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries referred to above shall not affect such discharge.

If the Covered Bonds represented by this Permanent Bearer Global Covered Bond were, on issue, represented by a Temporary Bearer Global Covered Bond then on any exchange of such Temporary Bearer Global Covered Bond for this Permanent Bearer Global Covered Bond or any part hereof, the Issuer shall procure that details of such exchange shall be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such exchange shall be signed by or on behalf of the Issuer, whereupon the Principal Amount Outstanding of this Permanent Bearer Global Covered Bond and the Covered Bonds represented by this Bearer Global Covered Bond shall be increased by the nominal amount of the Temporary Bearer Global Covered Bond so exchanged.

This Permanent Bearer Global Covered Bond may be exchanged (free of charge) in whole, but not in part, for Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons in or substantially in the forms set out in Part 3 (*Form of Bearer Definitive Covered Bond*), Part 4 (*Form of Coupon*) and Part 5 (*Form of Talon*) of Schedule 2 (*Forms of Global and Definitive Covered Bonds, Coupons and Talons*) to the Bond Trust Deed (on the basis that all the appropriate details have been included on the face of such Bearer Definitive Covered Bonds and (if applicable) Coupons and/or Talons and the relevant information supplementing, replacing or modifying the Conditions appearing in the Final Terms has been endorsed on or attached to such Bearer Definitive Covered Bonds) either, as specified in the applicable Final Terms:

- (a) upon not less than 60 days' written notice being given to the Principal Paying Agent by Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking, S.A. (**Clearstream, Luxembourg** and together with Euroclear, the **relevant Clearing Systems**) (acting on the instructions of any holder of an interest in this Permanent Bearer Global Covered Bond); or
- (b) upon the occurrence of an Exchange Event.

An **Exchange Event** means the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, whether statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available.

If this Permanent Bearer Global Covered Bond is exchangeable following the occurrence of an Exchange Event:

- (a) the Issuer will promptly give notice to Covered Bondholders in accordance with Condition 13 (Notices) upon the occurrence of such Exchange Event; and

- (b) Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in this Permanent Bearer Global Covered Bond) or the Bond Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (b) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange.

Any such exchange shall occur on a date specified in the notice not more than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The first notice requesting exchange in accordance with the above provisions shall give rise to the issue of Bearer Definitive Covered Bonds for the Principal Amount Outstanding of Covered Bonds represented by this Permanent Bearer Global Covered Bond.

Any such exchange as aforesaid will be made upon presentation of this Permanent Bearer Global Covered Bond by the bearer hereof on any Business Day in London at the office of the Principal Paying Agent specified above.

The aggregate Principal Amount Outstanding of Bearer Definitive Covered Bonds issued upon an exchange of this Permanent Bearer Global Covered Bond will be equal to the aggregate Principal Amount Outstanding of this Permanent Bearer Global Covered Bond. Upon exchange of this Permanent Bearer Global Covered Bond for Bearer Definitive Covered Bonds, the Principal Paying Agent shall cancel it or procure that it is cancelled.

Until the exchange of the whole of this Permanent Bearer Global Covered Bond as aforesaid, the bearer hereof shall (subject as provided in the next paragraph) in all respects be entitled to the same benefits as if he were the bearer of Bearer Definitive Covered Bonds and the relative Coupons and/or Talons (if any) in the form(s) set out in Part 3 (*Form of Bearer Definitive Covered Bond*), Part 4 (*Form of Coupon*) and Part 5 (*Form of Talon*) (as applicable) of Schedule 2 (*Forms of Global and Definitive Covered Bonds, Coupons and Talons*) to the Bond Trust Deed.

Each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of the Covered Bonds represented by this Permanent Bearer Global Covered Bond (each an **Accountholder**) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, the Principal Paying Agent and any other Paying Agent as the holder of such principal amount of such Covered Bonds for all purposes other than with respect to the payment of principal and interest on such principal amount of such Covered Bonds, the right to which shall be vested, as against the Issuer and the Covered Bond Guarantor, solely in the bearer of this Permanent Bearer Global Covered Bond in accordance with and subject to the terms of this Permanent Bearer Global Covered Bond and the Bond Trust Deed. Each Accountholder must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment or delivery made to the bearer of this Permanent Bearer Global Covered Bond.

This Permanent Bearer Global Covered Bond and any non-contractual obligations arising out of or in connection with it shall be governed by, and shall be construed in accordance with, English law.

A person who is not a party to this Permanent Bearer Global Covered Bond has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Permanent Bearer Global Covered Bond, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

This Permanent Bearer Global Covered Bond shall not be valid unless authenticated by [●] as Principal Paying Agent.

**(the Covered Bond Guarantor)**

This Covered Bond is a **Registered Global Covered** Bond in respect of a duly authorised issue of Covered Bonds of the Issuer (the **Covered Bonds**) of the Principal Amount Outstanding, Specified Currency(ies) and Specified Denomination(s) as are specified in the Final Terms applicable to the Covered Bonds (the **Final Terms**), a copy of which is annexed hereto. References herein to the Conditions shall be to the Conditions of the Covered Bonds as set out in Schedule 1 (*Terms and Conditions of the Covered Bonds*) to the Bond Trust Deed (as defined below) as supplemented, replaced and modified by the Final Terms but, in the event of any conflict between the provisions of the said Conditions and the information in the Final Terms, the Final Terms will prevail.

Words and expressions defined in the Conditions shall bear the same meanings when used in this Registered Global Covered Bond.

This Registered Global Covered Bond is issued subject to, and with the benefit of, the Conditions and a bond trust deed (as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated [●] 2011 and made between the Issuer, the Covered Bond Guarantor and Deutsche Trustee Company Limited (the **Bond Trustee**).

The Issuer, subject to and in accordance with the Conditions and the Bond Trust Deed, agrees to pay to such registered holder on the Final Maturity Date and/or on such earlier date(s) as all or any of the Covered Bonds represented by this Registered Global Covered Bond may become due and repayable in accordance with the Conditions and the Bond Trust Deed, the amount payable under the Conditions in respect of such Covered Bonds on each such date and to pay interest (if any) on the Principal Amount Outstanding of the Covered Bonds from time to time represented by this Registered Global Covered Bond calculated and payable as provided in the Conditions and the Bond Trust Deed together with any other sums payable under the Conditions and the Bond Trust Deed, upon presentation and, at maturity, surrender of this Registered Global Covered Bond at the specified office of the Registrar at [●] or such other specified office as may be specified in the Final Terms. The Principal Amount Outstanding of this Registered Global Covered Bond and of the Covered Bonds held by the registered holder hereof following any such redemption or purchase and cancellation as aforesaid or any transfer or exchange as referred to below shall be the Principal Amount

Outstanding most recently entered in the relevant column in Part II or III of Schedule One hereto or in Schedule Two hereto.

This Registered Global Covered Bond may be exchanged (free of charge) in whole, but not in part, for Registered Definitive Covered Bonds without Coupons or Talons attached only upon the occurrence of an Exchange Event.

An "**Exchange Event**" means:

- (a) in the case of Covered Bonds registered in the name of the Depository Trust Company at its office at 55 Water Street, New York, NY 10041, United States of America (**DTC**) or its nominee, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Covered Bonds and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act; or

Upon the occurrence of an Exchange Event:

- (i) the Issuer will promptly give notice to Covered Bondholders in accordance with Condition [13] (Notices) of the occurrence of such Exchange Event; and
- (ii) Euroclear and/or Clearstream, Luxembourg and/or DTC (acting on the instructions of any holder of an interest in this Registered Global Covered Bond) or the Bond Trustee may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (b) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Covered Bonds represented by this Registered Global Covered Bond are transferable only in accordance with, and subject to, the provisions hereof and of the applicable Principal Agency Agreement (as amended, supplemented, restated and/or novated from time to time) and the rules and operating procedures of Euroclear and/or Clearstream, Luxembourg and/or DTC.

On any exchange or transfer pursuant to which either (i) Covered Bonds represented by this Registered Global Covered Bond are no longer to be so represented or (ii) Covered Bonds not so represented are to be so represented, details of such exchange or transfer shall be entered by or on behalf of the Issuer in Schedule Two hereto and the relevant space in Schedule Two hereto recording such transfer shall be signed by or on behalf of the Issuer, whereupon the Principal Amount Outstanding of this Registered Global Covered Bond and the Covered Bonds held by the registered holder hereof shall be increased or reduced (as the case may be) by the Principal Amount Outstanding so exchanged or transferred.

- (iv) For so long as any of the Registered Covered Bonds are represented by a Global Covered Bond registered in the name of DTC or its nominee, DTC may mail an Omnibus Proxy to the Issuer in accordance with and in the form used by DTC as part of its usual procedures from time to time in relation to meetings of Covered Bondholders. Such Omnibus Proxy will assign the voting rights in respect of the relevant meeting to DTC's direct participants as of the record date specified therein. Any such assignee participant may, by an instrument in writing in the English language (a form of sub-proxy) signed by such assignee participant, or, in the case of a corporation, executed under its common seal or signed on its behalf by an attorney or a duly authorised officer of the corporation and delivered to the specified office of the Registrar or any Transfer Agent before the time fixed for the relevant meeting, appoint any person (a **sub-proxy**) to act on his or its behalf in connection with any meeting of Covered Bondholders and any adjourned such meeting. - (v) For so long as the Covered Bonds are eligible for settlement through DTC's book entry settlement system, the Issuer and/or the Covered Bond Guarantor may fix a record date for the purpose of any meeting, provided such date is not more than 10 days prior to the date fixed for such a meeting or such other number of days prior thereto as the Bond Trustee will in its absolute discretion determine. The person in whose name a Covered Bond is registered on the record date will be the holder for the purposes of the relevant meeting.

2. Every such meeting will be held at such time and place as the Bond Trustee may approve. The Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the respective interests of the holders of the relevant Series, in which event the provisions of this Schedule will apply thereto *mutatis mutandis*.
3. At least 21 days' notice (exclusive of the day on which the notice is given and the day on which the meeting is to be held) specifying the place, day and hour of meeting must be given to the holders of the relevant Covered Bonds prior to any meeting of such holders in the manner provided by Condition 13 (Notices) of the relevant Conditions. Such notice, which must be in the English language, must state generally the nature of the business to be transacted at the meeting thereby convened but (except for an Extraordinary Resolution) it will not be necessary to specify in such notice the terms of any resolution to be proposed. Such notice must include statements, if applicable, to the effect that: (a) Bearer Covered Bonds may, not less than 48 hours before the time fixed for the meeting, be deposited with Paying Agents or (to their satisfaction) held to their order or under their control or blocked in an account with a clearing system for the purpose of obtaining voting certificates or appointing proxies; and (b) the holders of Registered Covered Bonds and A\$ Registered Covered Bonds may appoint proxies by executing and delivering a form of proxy in the English language to the specified office of the Registrar or, in the case of the A\$ Registered Covered Bonds, the A\$ Registrar not less than 48 hours before the time fixed for the meeting or, in the case of corporations, may appoint representatives by resolution of their directors or other governing body. A copy of the notice must be sent to the Bond Trustee (unless the meeting is convened by the Bond Trustee), and to the Issuer (unless the meeting is convened by the Issuer) and to the Covered Bond Guarantor (unless the meeting is convened by the Covered Bond Guarantor).
4. A person (who may but need not be a Covered Bondholder) nominated in writing by the Bond Trustee will be entitled to take the chair at the relevant meeting or adjourned meeting but if no such nomination is made or if at any meeting or adjourned meeting the person nominated is not be present within 15 minutes after the time appointed for holding the meeting or adjourned meeting the Covered Bondholders present must choose one of their number to be Chairman, failing which the Issuer may appoint a Chairman. The Chairman of an adjourned meeting need not be the same person as was Chairman of the meeting from which the adjournment took place.

5. At any such meeting one or more persons present holding Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than one twentieth of the Principal Amount Outstanding of the Covered Bonds of the relevant Series for the time being outstanding will (except for the purpose of passing an Extraordinary Resolution or a Programme Resolution) form a quorum for the transaction of business and no business (other than the choosing of a Chairman) will be transacted at any meeting unless the requisite quorum be present at the commencement of the relevant business. The quorum at any such meeting for passing an Extraordinary Resolution (subject as provided below) will be one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate a clear majority in Principal Amount Outstanding of the Covered Bonds of the relevant Series for the time being outstanding provided that at any meeting the business of which includes any of the following matters (each of which will, subject only to Clause 20.1, only be capable of being effected after having been approved by Extraordinary Resolution) namely:

  - (b) alteration of the currency in which payments under the Covered Bonds and Coupons are to be made other than pursuant to Condition 5(i) of the Programme Conditions;
  - (c) alteration of the quorum or the majority required to pass an Extraordinary Resolution;
  - (d) any amendment to the Covered Bond Guarantee or the Security Deed (other than any amendment that Bond Trustee determines is not materially prejudicial to the interests of the Covered Bondholders of any Series or any amendment which is of a formal, minor or technical nature or is in the opinion of the Bond Trustee made to correct a manifest error or proven error or to comply with mandatory provisions of law);
  - (e) except in accordance with Condition 6(i) (Redemption and Purchase – Cancellation) of the Programme Conditions (in the case of Covered Bonds which are not N Covered Bonds) and/or in accordance with Condition 6.6 (Redemption – Cancellation of N Covered Bond upon Redemption or Purchase) of the N Covered Bond Conditions (in the case of N Covered Bonds) or the provision relating to substitution in Condition 14 of the Programme Conditions, the sanctioning of any scheme or proposal as is described in paragraph 18(j) below; and
  - (f) alteration of this proviso or the proviso to paragraph 6 below or the alteration of the definition of Series Reserved Matter in Condition 14 of the relevant Conditions,
- (each a **Series Reserved Matter**), the quorum will be one or more persons present holding Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than two thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. Notwithstanding the foregoing, the quorum at any such meeting for passing a Programme Resolution will be one or more persons present holding or representing in the aggregate at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding.
6. If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any such meeting a quorum is not present for the transaction of any

particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will if convened upon the requisition of Covered Bondholders be dissolved. In any other case it will stand adjourned to the same day in the next week (or if such day is a public holiday the next succeeding business day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it will stand adjourned for such period, being not less than 13 clear days nor more than 42 clear days, and to such place as may be appointed by the Chairman either at or subsequent to such meeting and approved by the Bond Trustee). If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will be dissolved. At any adjourned meeting one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives (whatever the Principal Amount Outstanding of the Covered Bonds then outstanding so held or represented by them) of the relevant Series will (subject as provided below) form a quorum and will have power to pass any Extraordinary Resolution, or other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the requisite quorum been present provided that at any adjourned meeting the quorum for the transaction of business comprising any of the matters specified in the proviso to paragraph 5 above will be one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds for the time being outstanding.

7. Notice of any adjourned meeting at which an Extraordinary Resolution is to be submitted must be given in the same manner as notice of an original meeting but as if 10 were substituted for 21 in paragraph 3 above and such notice must state the relevant quorum. Subject as aforesaid it will not be necessary to give any notice of an adjourned meeting.
8. Every question submitted to a meeting must be decided in the first instance by a show of hands and in case of equality of votes the Chairman will both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Covered Bondholder or as a holder of a voting certificate or as a proxy or as a representative.
9. At any meeting unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairman, the Issuer, the Covered Bond Guarantor, the Bond Trustee or any person present holding a Definitive Covered Bond or a voting certificate or being a proxy or representative (whatever the Principal Amount Outstanding of the Covered Bonds so held or represented by him) a declaration by the Chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority will be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
10. Subject to paragraph 12 below, if at any such meeting a poll is so demanded it must be taken in such manner and subject as hereinafter provided either at once or after an adjournment as the Chairman directs and the result of such poll will be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll will not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
11. The Chairman may with the consent of (and must if directed by) any such meeting adjourn the same from time to time and from place to place but no business will be transacted at any adjourned

meeting except business which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.

12. Any poll demanded at any such meeting on the election of the Chairman or on any question of adjournment must be taken at the meeting without adjournment.
13. The Bond Trustee and its lawyers and any director, officer or employee of a corporation being a bond trustee of this Bond Trust Deed and any director or officer of the Issuer or the Covered Bond Guarantor, as the case may be, and its or their lawyers and any other person authorised so to do by the Bond Trustee may attend and speak at any meeting. Save as aforesaid, but without prejudice to the proviso to the definition of outstanding in the Definitions Schedule, no person will be entitled to attend and speak nor will any person be entitled to vote at any meeting of Covered Bondholders or join with others in requesting the convening of such a meeting or to exercise the rights conferred on Covered Bondholders by Condition 9 unless he either produces the Bearer Definitive Covered Bond or Bearer Definitive Covered Bonds of which he is the holder or a voting certificate or is a proxy or a representative or is the holder of an A\$ Registered Covered Bond, a Registered Definitive Covered Bond or Registered Definitive Covered Bonds. No person will be entitled to vote at any meeting in respect of Covered Bonds held by, for the benefit of, or on behalf of, the Issuer or the Covered Bond Guarantor, any Subsidiary of the Issuer or the Covered Bond Guarantor, any holding company of the Issuer or the Covered Bond Guarantor or any other Subsidiary of any such holding company. Nothing herein will prevent any of the proxies named in any block voting instruction or form of proxy or any representative from being a director, officer or representative of or otherwise connected with the Issuer or the Covered Bond Guarantor.
14. Subject as provided in paragraph 13 hereof at any meeting:
  - (a) on a show of hands every person who is present in person and produces a Bearer Definitive Covered Bond or voting certificate or is a holder of an A\$ Registered Covered Bond or a Registered Definitive Covered Bond or is a proxy or representative will have one vote; and
  - (b) on a poll every person who is so present will have one vote in respect of each A\$1 or such other amount as the Bond Trustee may in its absolute discretion stipulate (or, in the case of meetings of holders of Covered Bonds denominated in another currency, such amount in such other currency as the Bond Trustee in its absolute discretion may stipulate) in the Principal Amount Outstanding of the Bearer Definitive Covered Bonds so produced or represented by the voting certificate so produced or in respect of which he is a proxy or representative or in respect of which (being an A\$ Registered Covered Bonds or Registered Definitive Covered Bond) he is the registered holder.

Without prejudice to the obligations of the proxies named in any block voting instruction or form of proxy any person entitled to more than one vote need not use all his votes or cast all the votes to which he is entitled in the same way.

15. The proxies named in any block voting instruction or form of proxy and representatives need not be Covered Bondholders.
16. Each block voting instruction together (if so requested by the Bond Trustee) with proof satisfactory to the Bond Trustee of its due execution on behalf of the relevant Paying Agent and each form of proxy must be deposited by the relevant Paying Agent or (as the case may be) by the Registrar or the Transfer Agent at such place as the Bond Trustee will approve not less than 24 hours before the time appointed for holding the meeting or adjourned meeting at which the proxies named in the block voting instruction or form of proxy propose to vote and in default the block voting instruction or

form of proxy will not be treated as valid unless the Chairman of the meeting decides otherwise before such meeting or adjourned meeting proceeds to business. #### PART 1

#### FORM OF FINAL TERMS IN RESPECT OF COVERED BONDS, OTHER THAN RULE 144A GLOBAL COVERED BONDS (AND ANY RELATED REGULATION S GLOBAL COVERED BONDS), TO BE ISSUED UNDER THE PROGRAMME

*Set out below is the form of Final Terms which, will be completed for each Tranche of Covered Bonds, other than Tranches of Rule 144A Global Covered Bonds (and any Regulation S Global Covered Bonds sold as part of the same Series), issued under the Programme (other than N Covered Bonds). **[PROHIBITION OF SALES TO EEA RETAIL INVESTORS]** – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (where **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]<sup>14</sup>

**[MIFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET]** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, **MiFID II**)/MiFID II]; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “**distributor**”) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]<sup>15</sup>

[In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the **SFA**) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the **CMP Regulations 2018**), the Issuer has determined the classification of the Covered Bonds as capital markets products other than prescribed capital markets products (as defined in the CMP Regulations 2018) and

## PART 2

### FORM OF FINAL TERMS IN RESPECT OF RULE 144A COVERED BONDS TO BE ISSUED UNDER THE PROGRAMME

*Set out below is the form of Final Terms which, subject to any necessary amendment, will be completed for each Tranche of Rule 144A Global Covered Bonds issued under the Programme (and any Regulation S Global Covered Bonds sold as part of the same Series). Text in this section appearing in italics does not form part of the Final Terms but denotes directions for completing the Final Terms.*

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (where **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]<sup>17</sup>

**[MiFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, **MiFID II**)/MiFID II]; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “**distributor**”) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]<sup>18</sup>

[In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the **SFA**) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the **CMP Regulations 2018**), the Issuer has determined the classification of the Covered Bonds as capital markets products other than prescribed capital markets products (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]<sup>19</sup>

---

<sup>17</sup> Legend to be included on front of the Final Terms if the Covered Bonds potentially constitute “packaged” products and no key information document will be prepared or the Issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the item entitled “Prohibition of Sales to EEA Retail Investors” should be specified to be “Applicable”.

<sup>18</sup> This version of the legend to be included on front of the Final Terms if transaction involves one or more manufacturer(s) subject to MiFID II and if following the “ICMA 1” approach.

<sup>19</sup> To amend notification if the Covered Bonds are “capital markets products other than prescribed capital markets products” pursuant to Section 309B of the SFA or Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). Relevant Manager(s)/Dealer(s) to consider whether it / they have received the necessary product classification from the Issuer prior to the launch of the offer, pursuant to Section 309B of the SFA.

## 7.2 *Payments by and on behalf of the Covered Bond Guarantor.*

Under the terms of the Covered Bond Guarantee, if any withholding or deduction is required by the Covered Bond Guarantor in respect of a payment of a Guaranteed Amount to be made by it, the Covered Bond Guarantor must pay the Guaranteed Amounts net of such withholding or deduction and

must account to the appropriate Tax Authority for the amount required to be withheld or deducted. The Covered Bond Guarantor will not be obliged to pay any additional amount to the Bond Trustee or any N Covered Bondholder in respect of the amount of such withholding or deduction. For purposes of the preceding sentence, any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code shall be deemed a tax imposed by the United States.

## **9. EVENTS OF DEFAULT AND ENFORCEMENT**

In accordance with the Bond Trust Deed and as provided in the N Covered Bond Agreement, upon the occurrence of an Issuer Event of Default and/or a Covered Bond Guarantor Event of Default, any acceleration and enforcement of this N Covered Bond will be effected by the Bond Trustee or, as the case may be, the Security Trustee at its discretion or being instructed by the holders of Covered Bonds under the Programme. The Issuer Events of Default, the Covered Bond Guarantor Events of Default, their respective consequences and the instruction of the Bond Trustee and the Security Trustee by the holders of Covered Bonds at programme level are described below for information purposes only.

### **(a) *Issuer Events of Default.***

As more specifically set out in condition 9(a) of the Programme Conditions, the following events constitute an Issuer Event of Default:

- (i) default by the Issuer in any payment when due of principal on any of the Covered Bonds and the default continues for a period of seven days;
- (ii) default by the Issuer in payment when due of any instalment of interest on any Covered Bonds and the default continues for a period of 30 days;
- (iii) a failure by the Issuer to perform or observe any of its other obligations under the conditions of the Covered Bonds or the Bond Trust Deed and the failure continues for the period of 30 days next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied;
- (iv) a distress or execution or other legal process is levied or enforced upon or sued out or put in force against any part of the property, assets or revenues of the Issuer and such distress or execution or other legal process, as the case may be, is not discharged or stayed within 14 days of having been so levied, enforced or sued out;
- (v) an encumbrancer takes possession or a receiver or administrator is appointed of the whole or any part of the undertaking, property, assets or revenues of the Issuer (other than in respect of moneys borrowed or raised on a non-recourse basis);
- (vi) the Issuer (a) becomes insolvent or is unable to pay its debts as they mature; or (b) applies for or consents to or suffers the appointment of a liquidator or receiver or administrator of the Issuer or of the whole or any part of the undertaking, property, assets or revenues of the Issuer (other than in respect of moneys borrowed or raised on a non-recourse basis); or (c) takes any proceeding under any law for a readjustment or deferment of its obligations or any part thereof or makes or enters into a general assignment or any arrangement or composition with or for the benefit of creditors;

- (vii) other than under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency either an order is made for the winding-up of the Issuer or an effective resolution is passed by shareholders or members for the winding-up of the Issuer;

- (ix) the Issuer ceases to carry on banking business in Australia or the Issuer's authority under the Australian Banking Act or any amendment or re-enactment thereof to carry on banking business in Australia is revoked or the Issuer enters into any arrangement or agreement for any sale or disposal of the whole of its business by amalgamation or otherwise as further set out in, and subject to the limitations of, condition 9(a)(ix) of the Programme Conditions;
- (x) breach of an asset coverage test as further set out in condition 9(a)(x) of the Programme Conditions; or
- (xi) breach of a pre-maturity test as further set out in condition 9(a)(xi) of the Programme Conditions.

(b) *Consequences of an Issuer Event of Default.*

As further set out in the Bond Trust Deed, in case of an Issuer Event of Default, the Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate principal amount outstanding of all Covered Bonds under the Programme or if so directed by a Programme Resolution (as defined in paragraph (d) below and as further described in the Bond Trust Deed) will (but in the case of the occurrence of any of the events mentioned in subparagraph (iii), (iv), (v), (vi), (viii) or (ix) above, only if the Bond Trustee will have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the holders of Covered Bonds of any series), serve an Issuer Acceleration Notice on the Issuer and a Notice to Pay on the Covered Bond Guarantor.

As a consequence of the service of an Issuer Acceleration Notice on the Issuer and a Notice to Pay on the Covered Bond Guarantor:

- (A) all Covered Bonds outstanding will be accelerated (but, for the avoidance of doubt, not the obligation of the Covered Bond Guarantor under the Covered Bond Guarantee) and any moneys received by the Bond Trustee from the Issuer (or any administrator, administrative receiver, receiver, liquidator, trustee in sequestration, bank administrator, bank liquidator or other similar official appointed in relation to the Issuer) will be paid by the Bond Trustee to the Covered Bond Guarantor; and
- (B) the Covered Bond Guarantor will be required to pay to the holders of Covered Bonds the Guaranteed Amounts owed by it under the Covered Bond Guarantee.

Payments made by the Covered Bond Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the Guarantee Priority of Payments which is set out in clause 17.5 of the establishment deed relating to the Programme (the **Establishment Deed**) and described under "*Cashflows — Guarantee Priority of Payments*" in the prospectus relating to the Programme.

(c) *Guarantor Events of Default and Consequences of a Guarantor Event of Default.*

As more specifically set out in condition 9(b) of the Programme Conditions, the following events constitute a Covered Bond Guarantor Event of Default:

- (i) a failure by the Covered Bond Guarantor to pay the amounts owed by it under the Covered Bond Guarantee when Due for Payment for a period of 14 days (except in the circumstances set out in condition (9)(b)(i) of the Programme Conditions),

- (ii) a default by the Covered Bond Guarantor in the performance or observance of any other obligation, condition or provision binding on it as further set out in, and subject to the limitations of, condition 9(b)(ii) of the Programme Conditions;
- (iii) the occurrence of an insolvency event in respect of the Covered Bond Guarantor (as further described in condition 9(b)(iii) of the Programme Conditions);
- (iv) a failure to satisfy the amortisation test (as further described in condition 9(b)(iv) of the Programme Conditions); or
- (v) the Covered Bond Guarantee is not, or is claimed by the Covered Bond Guarantor not to be, in full force and effect.

In case of an Covered Bond Guarantor Event of Default, the Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate principal amount outstanding of all Covered Bonds under the Programme or if so directed by a Programme Resolution (as indicated under (f) below and as further described in the Bond Trust Deed) will (but in the case of the happening of any of the events mentioned under (ii) above, only if the Bond Trustee will have certified in writing to the Issuer and the Covered Bond Guarantor that such event is, in its opinion, materially prejudicial to the interests of the holders of Covered Bonds of any series), serve a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor.

As a consequence of the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor:

- (A) the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee will accelerate and the Bond Trustee will then have a claim against the Covered Bond Guarantor for an amount equal to the respective early redemption amount in respect of each Covered Bond (including this N Covered Bond) together with accrued interest; and
- (B) the Security Trustee will be entitled to enforce the security granted to it under the Programme.

Payments made by the Security Trustee will be made subject to, and in accordance with, the Post-Enforcement Priority of Payments which is set out in clause 8.2 of the Security Deed relating to the Programme and described under "*Cashflows — Post-Enforcement Priority of Payments*" in the prospectus relating to the Programme.

(d) *Instruction of the Bond Trustee and the Security Trustee at Programme Level.*

As further set out in condition 14 of the Programme Conditions and clause 21 of schedule 4 to the Bond Trust Deed (*Provisions for Meetings of Covered Bondholders*), any extraordinary resolution to direct the Bond Trustee to serve an Issuer Acceleration Notice and a Notice to Pay following an Issuer Event of Default, to direct the Bond Trustee to serve a Covered Bond Guarantee Acceleration Notice following a Covered Bond Guarantor Event of Default and any direction to the Bond Trustee or Security Trustee to take any enforcement action must be passed at a single meeting of the holders of all Covered Bonds then outstanding under the Programme (such resolution being a **Programme Resolution**). No holder of Covered Bonds (including any N Covered Bondholder) will be entitled to proceed directly against the Issuer or the Covered Bond Guarantor or to take any action with regard to the Bond Trust Deed, the Covered Bonds or the security, unless the Bond Trustee or the Security Trustee, as applicable, has become bound to so proceed, fails to do so within a reasonable time and such failure is continuing.

  - (e) except in accordance with Condition 6(i) (Redemption and Purchase – Cancellation) of the Programme Conditions (in the case of Covered Bonds which are not N Covered Bonds) and/or in accordance with Condition 6.6 (Redemption – Cancellation of N Covered Bond upon Redemption or Purchase) of the N Covered Bond Conditions (in the case of N Covered Bonds) or the provision relating to substitution in Condition 14 of the Programme Conditions, the sanctioning of any scheme or proposal as is described in paragraph 18(j) below; and
  - (f) alteration of this proviso or the proviso to paragraph 6 above or the alteration of the definition of Series Reserved Matter in Condition 14 of the relevant Conditions,
- (each a **Series Reserved Matter**), the quorum will be one or more persons present holding Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than two thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. Notwithstanding the foregoing, the quorum at any such meeting for passing a Programme Resolution will be one or more persons present holding or representing in the aggregate at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding.
6. If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any such meeting a quorum is not present for the transaction of any

particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will if convened upon the requisition of Covered Bondholders be dissolved. In any other case it will stand adjourned to the same day in the next week (or if such day is a public holiday the next succeeding business day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it will stand adjourned for such period, being not less than 13 clear days nor more than 42 clear days, and to such place as may be appointed by the Chairman either at or subsequent to such meeting and approved by the Bond Trustee). If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting will be dissolved. At any adjourned meeting one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives (whatever the Principal Amount Outstanding of the Covered Bonds then outstanding so held or represented by them) of the relevant Series will (subject as provided below) form a quorum and will have power to pass any Extraordinary Resolution, or other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the requisite quorum been present provided that at any adjourned meeting the quorum for the transaction of business comprising any of the matters specified in the proviso to paragraph 5 above will be one or more persons present holding Bearer Definitive Covered Bonds or voting certificates or being proxies or representatives and holding or representing in the aggregate not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds for the time being outstanding.

7. Notice of any adjourned meeting at which an Extraordinary Resolution is to be submitted must be given in the same manner as notice of an original meeting but as if 10 were substituted for 21 in paragraph 3 above and such notice must state the relevant quorum. Subject as aforesaid it will not be necessary to give any notice of an adjourned meeting.
8. Every question submitted to a meeting must be decided in the first instance by a show of hands and in case of equality of votes the Chairman will both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Covered Bondholder or as a holder of a voting certificate or as a proxy or as a representative.
9. At any meeting unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairman, the Issuer, the Covered Bond Guarantor, the Bond Trustee or any person present holding a Definitive Covered Bond or a voting certificate or being a proxy or representative (whatever the Principal Amount Outstanding of the Covered Bonds so held or represented by him) a declaration by the Chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority will be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
10. Subject to paragraph 12 below if at any such meeting a poll is so demanded it must be taken in such manner and subject as hereinafter provided either at once or after an adjournment as the Chairman directs and the result of such poll will be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll will not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
11. The Chairman may with the consent of (and must if directed by) any such meeting adjourn the same from time to time and from place to place but no business will be transacted at any adjourned

meeting except business which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.

12. Any poll demanded at any such meeting on the election of the Chairman or on any question of adjournment must be taken at the meeting without adjournment.
13. The Bond Trustee and its lawyers and any director, officer or employee of a corporation being a bond trustee of this Bond Trust Deed and any director or officer of the Issuer or the Covered Bond Guarantor, as the case may be, and its or their lawyers and any other person authorised so to do by the Bond Trustee may attend and speak at any meeting. Save as aforesaid, but without prejudice to the proviso to the definition of outstanding in the Definitions Schedule, no person will be entitled to attend and speak nor will any person be entitled to vote at any meeting of Covered Bondholders or join with others in requesting the convening of such a meeting or to exercise the rights conferred on Covered Bondholders by Condition 9 unless he either produces the Bearer Definitive Covered Bond or Bearer Definitive Covered Bonds of which he is the holder or a voting certificate or is a proxy or a representative or is the holder of an A\$ Registered Covered Bond, a Registered Definitive Covered Bond or Registered Definitive Covered Bonds. No person will be entitled to vote at any meeting in respect of Covered Bonds held by, for the benefit of, or on behalf of, the Issuer or the Covered Bond Guarantor, any Subsidiary of the Issuer or the Covered Bond Guarantor, any holding company of the Issuer or the Covered Bond Guarantor or any other Subsidiary of any such holding company. Nothing herein will prevent any of the proxies named in any block voting instruction or form of proxy or any representative from being a director, officer or representative of or otherwise connected with the Issuer or the Covered Bond Guarantor.
14. Subject as provided in paragraph 13 hereof at any meeting:
  - (a) on a show of hands every person who is present in person and produces a Bearer Definitive Covered Bond or voting certificate or is a holder of an A\$ Registered Covered Bond or a Registered Definitive Covered Bond or is a proxy or representative will have one vote; and
  - (b) on a poll every person who is so present will have one vote in respect of each A\$1 or such other amount as the Bond Trustee may in its absolute discretion stipulate (or, in the case of meetings of holders of Covered Bonds denominated in another currency, such amount in such other currency as the Bond Trustee in its absolute discretion may stipulate) in the Principal Amount Outstanding of the Bearer Definitive Covered Bonds so produced or represented by the voting certificate so produced or in respect of which he is a proxy or representative or in respect of which (being an A\$ Registered Covered Bonds or Registered Definitive Covered Bond) he is the registered holder.

Without prejudice to the obligations of the proxies named in any block voting instruction or form of proxy any person entitled to more than one vote need not use all his votes or cast all the votes to which he is entitled in the same way.

15. The proxies named in any block voting instruction or form of proxy and representatives need not be Covered Bondholders.
16. Each block voting instruction together (if so requested by the Bond Trustee) with proof satisfactory to the Bond Trustee of its due execution on behalf of the relevant Paying Agent and each form of proxy must be deposited by the relevant Paying Agent or (as the case may be) by the Registrar or the Transfer Agent at such place as the Bond Trustee will approve not less than 24 hours before the time appointed for holding the meeting or adjourned meeting at which the proxies named in the block voting instruction or form of proxy propose to vote and in default the block voting instruction or

form of proxy will not be treated as valid unless the Chairman of the meeting decides otherwise before such meeting or adjourned meeting proceeds to business. A copy of each block voting instruction and form of proxy must (if the Bond Trustee so requires) be deposited with the Bond Trustee before the commencement of the meeting or adjourned meeting but the Bond Trustee will not thereby be obliged to investigate or be concerned with the validity of or the authority of the proxies named in any such block voting instruction or form of proxy.

17. Any vote given in accordance with the terms of a block voting instruction or form of proxy will be valid notwithstanding the previous revocation or amendment of the block voting instruction or form of proxy or of any of the relevant Covered Bondholders' instructions pursuant to which it was executed provided that no intimation in writing of such revocation or amendment will have been received from the relevant Paying Agent or in the case of an A\$ Registered Covered Bonds or a Registered Covered Bond from the holder thereof by the Issuer at its registered office (or such other place as may have been required or approved by the Bond Trustee for the purpose) by the time being 24 hours and 48 hours respectively before the time appointed for holding the meeting or adjourned meeting at which the block voting instruction or form of proxy is to be used.
18. A meeting of the Covered Bondholders will in addition to the powers hereinbefore given have the following powers exercisable only by Extraordinary Resolution (subject to the provisions relating to quorum contained in paragraphs 5 and 6 above) namely:
  - (a) Power to sanction any compromise or arrangement proposed to be made between the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, any Appointee and the Covered Bondholders and Couponholders or any of them.
  - (b) Power to sanction any abrogation, modification, compromise or arrangement in respect of the rights of the Bond Trustee, any Appointee, the Covered Bondholders, Couponholders, the Issuer or the Covered Bond Guarantor or against any other or others of them or against any of their property whether such rights arise under this Bond Trust Deed or otherwise.
  - (c) Power to assent to any modification of the provisions of this Bond Trust Deed which are proposed by the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any Covered Bondholder.
  - (d) Power to sanction any consent or approval or direction to be given by the Bond Trustee or the Security Trustee under or in relation to any of the Programme Documents.
  - (e) Power to give any authority or sanction which under the provisions of this Bond Trust Deed is required to be given by Extraordinary Resolution.
  - (f) Power to appoint any persons (whether Covered Bondholders or not) as a committee or committees to represent the interests of the Covered Bondholders and to confer upon such committee or committees any powers or discretions which the Covered Bondholders could themselves exercise by Extraordinary Resolution.
  - (g) Power to approve of a person to be appointed a trustee, and power to remove any trustee or trustees, for the time being of the trusts established under this Bond Trust Deed.
  - (h) Power to discharge or exonerate the Bond Trustee and/or any Appointee from all liability in respect of any act or omission for which the Bond Trustee and/or such Appointee may have become responsible under this Bond Trust Deed.

- (i) Power to authorise the Bond Trustee and/or any Appointee to concur in and execute and do all such deeds, instruments, acts and things as may be necessary to carry out and give effect to any Extraordinary Resolution.
  - (j) Power to sanction any scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into or the cancellation of the Covered Bonds in consideration of shares, stock, covered bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, covered bonds, debentures, debenture stock and/or other obligations and/or securities as aforesaid and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the Covered Bondholders to execute an instrument of transfer of the A\$ Registered Covered Bonds or Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively.
  - (k) Power to approve the substitution of any entity for the Issuer or the Covered Bond Guarantor (or any previous substitute) as principal debtor or guarantor under this Bond Trust Deed.
19. Any resolution (i) passed at a meeting of the Covered Bondholders in respect of one or more Series duly convened and held in accordance with this Bond Trust Deed, (ii) passed as a resolution in writing in accordance with this Bond Trust Deed or (iii) passed by way of electronic consents given by holders through the relevant clearing system(s) in accordance with this Bond Trust Deed will be binding upon all the Covered Bondholders in respect of the relevant Series whether present or not present at any meeting and whether or not voting on the resolution and upon all Couponholders in respect of the relevant Series and each of them will be bound to give effect thereto accordingly and the passing of any such resolution will be conclusive evidence that the circumstances justify the passing thereof. Notice of the result of the voting on any resolution duly considered by the Covered Bondholders in respect of the relevant Series must be published in accordance with Condition 13 (Notices) of the relevant Conditions by the Issuer within 14 days of such result being known provided that the non-publication of such notice will not invalidate such result.
20. The expression **Extraordinary Resolution** when used in this Bond Trust Deed means: (a) a resolution passed at a meeting of the Covered Bondholders duly convened and held in accordance with this Bond Trust Deed by a majority consisting of not less than three-fourths of the persons voting thereat upon a show of hands or if a poll is duly demanded by a majority consisting of not less than three-fourths of the votes cast on such poll; or (b) a resolution in writing signed by or on behalf of Covered Bondholders holding not less than seventy five per cent. in Principal Amount Outstanding of the Covered Bonds then outstanding, which resolution in writing may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Covered Bondholders or (c) passed by way of electronic consents given by holders through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the Covered Bondholders of not less than three fourths in Principal Amount Outstanding for the time being outstanding.
21. Any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9(a) or to give a Covered Bond Guarantee Acceleration Notice pursuant to Condition 9(b) or to direct the Bond Trustee or the Security Trustee or to direct the Bond Trustee to direct the Security Trustee to take any enforcement action or to direct the Bond Trustee to determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed (each a **Programme Resolution**) will only be capable of being passed at a

single meeting of the Covered Bondholders of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) or the Bond Trustee or by the Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series will be binding on all the Covered Bondholders of all Series, whether or not they are present at the meeting, and on all related Couponholders.

22. Minutes of all resolutions and proceedings at every meeting of the Covered Bondholders must be made and entered in books to be from time to time provided for that purpose by the Issuer and any such minutes as aforesaid if purporting to be signed by the Chairman of the meeting at which such resolutions were passed or proceedings transacted will be conclusive evidence of the matters therein contained and until the contrary is proved every such meeting in respect of the proceedings of which minutes have been made will be deemed to have been duly held and convened and all resolutions passed or proceedings transacted thereat to have been duly passed or transacted.
23. (a) If and whenever the Issuer will have issued and have outstanding Covered Bonds of more than one Series the foregoing provisions of this Schedule will have effect subject to the following modifications:
- (i) a resolution which in the opinion of the Bond Trustee affects the Covered Bonds of only one Series will be deemed to have been duly passed if passed at a separate meeting of the holders of the Covered Bonds of that Series;
  - (ii) a resolution which in the opinion of the Bond Trustee affects the Covered Bonds of more than one Series but does not give rise to a conflict of interest between the holders of Covered Bonds of any of the Series so affected will be deemed to have been duly passed if passed at a single meeting of the holders of the Covered Bonds of all the Series so affected;
  - (iii) a resolution which in the opinion of the Bond Trustee affects the Covered Bonds of more than one Series and gives or may give rise to a conflict of interest between the holders of the Covered Bonds of one Series or group of Series so affected and the holders of the Covered Bonds of another Series or group of Series so affected will be deemed to have been duly passed only if passed at separate meetings of the holders of the Covered Bonds of each Series or group of Series so affected;
  - (iv) a Programme Resolution will be deemed to have been duly passed only if passed at a single meeting of the Covered Bondholders of all Series then outstanding; and
  - (v) to all such meetings all the preceding provisions of this Schedule will *mutatis mutandis* apply as though references therein to Covered Bonds and Covered Bondholders were references to the Covered Bonds of the Series or group of Series in question or to the holders of such Covered Bonds, as the case may be.
- (b) If the Issuer will have issued and have outstanding Covered Bonds which are not denominated in Australian Dollars, in the case of any meeting of holders of Covered Bonds of more than one currency, the Principal Amount Outstanding of such Covered Bonds will:

- (i) for the purposes of paragraph 2 above be the equivalent in Australian dollars, converted at the relevant Covered Bond Swap Rate on the seventh dealing day prior to the day on which the requisition in writing is received by the Issuer; and
- (ii) for the purposes of paragraphs 5, 6 and 14 above (whether in respect of the meeting or any adjourned such meeting or any poll resulting therefrom) be the equivalent in Australian dollars, converted at the relevant Covered Bond Swap Rate. In such circumstances, on any poll each person present will have one vote for each A\$1 (or such other A\$ amount as the Bond Trustee may in its absolute discretion stipulate) in Principal Amount Outstanding of the Covered Bonds (converted as above) which he holds or represents.

**24.** Subject to all other provisions of this Bond Trust Deed the Bond Trustee may without the consent of the Issuer, the Covered Bond Guarantor, the Covered Bondholders or the Couponholders prescribe such further, alternative or other regulations regarding the requisitioning and/or the holding of meetings of Covered Bondholders and attendance and voting thereat as the Bond Trustee may in its sole discretion think fit.

- 4.4 In the case of a Tranche in respect of which there is more than one Dealer but which is not issued on a syndicated basis, the Principal Paying Agent or the Issuer, as the case may be, will determine the end of the Distribution Compliance Period in respect of the Tranche as being the fortieth day following the last of the dates certified by all the Dealers to the Principal Paying Agent or the Issuer as being the respective dates on which distribution of the Covered Bonds of that Tranche purchased by each Dealer was completed.

- 4.7 The Principal Paying Agent will request DTC to eliminate any "Deliver Order Chill" applicable to a Regulation S Global Covered Bond, such request to be effective after expiry of the Distribution Compliance Period applicable to the Tranche of Regulation S Global Covered Bonds in question.

## **5. ISSUE OF DEFINITIVE COVERED BONDS**

- 5.1 Upon notice from Euroclear or Clearstream, Luxembourg (in the case of Bearer Covered Bonds only) pursuant to the terms of the relevant Bearer Global Covered Bonds or upon the Issuer becoming obliged pursuant to Condition 2 of the Programme Conditions (in the case of Registered Covered Bonds only) to issue Definitive Covered Bonds, the Principal Paying Agent (in the case of Bearer Covered Bonds) and the Registrar (in the case of Registered Covered Bonds) are each hereby authorised to:
  - (a) authenticate such Definitive Covered Bonds in accordance with the provisions hereof; and
  - (b) deliver such Definitive Covered Bonds, in the case of Bearer Definitive Covered Bonds, to or to the order of Euroclear and/or Clearstream, Luxembourg or, in the case of Registered Definitive Covered Bonds, as the Registrar may be directed by the holder of such Registered Definitive Covered Bonds.

The Principal Paying Agent must notify the Issuer forthwith upon receipt of a request for issue of Bearer Definitive Covered Bonds in accordance with the provisions of a Temporary Bearer Global Covered Bond or Permanent Bearer Global Covered Bond, as the case may be, and the aggregate nominal amount of such Temporary Bearer Global Covered Bond or Permanent Bearer Global Covered Bond, as the case may be, to be exchanged in connection therewith. The Registrar must notify the Issuer forthwith upon receipt of a request for the issue of Registered Definitive Covered Bonds (including upon the exchange of Regulation S Global Covered Bonds for Legended Covered Bonds and vice versa) and the aggregate nominal amount of the relevant Registered Global Covered Bond to be exchanged in connection therewith.

- 5.2 The Issuer undertakes to deliver to the Principal Paying Agent or the Registrar, as the case may be, sufficient numbers of executed Definitive Covered Bonds with, in the case of Bearer Definitive Covered Bonds (if applicable), Coupons and Talons attached, to enable the Principal Paying Agent or the Registrar, as the case may be, to comply with its obligations under this Clause 5.2.

## **6. TERMS OF ISSUE**

- 6.1 Each of the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar must cause all Covered Bonds delivered to and held by it or them under this agreement to be maintained in safekeeping and must ensure that Covered Bonds are authenticated and delivered only in accordance with the provisions of this agreement, the relevant Conditions and, where applicable, the relevant Global Covered Bonds.
- 6.2 For the purposes of Clause 3, each of the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar, as the case may be, is entitled to treat a telephone, telex or facsimile communication from a person purporting to be (and whom the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar or the N Covered Bond Registrar, as the case may be, believes in good faith to be) the authorised representative of the Issuer named in the list referred to in, or notified pursuant to, Clause 25.7, or any other list duly provided for the purpose by the Issuer to the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar or the N Covered Bond Registrar, as the case may be, as sufficient instructions and authority of the Issuer for the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar or the N Covered Bond Registrar to act in accordance with Clause 3.
- 6.3 In the event that a person who has signed a master Temporary Bearer Global Covered Bond, a master Permanent Bearer Global Covered Bond, a master Registered Global Covered Bond, a master Registered Definitive Covered Bond or an N Covered Bond held by the Principal Paying Agent, the Registrar or the N Covered Bond Registrar, as the case may be, on behalf of the Issuer ceases to be authorised as described in Clause 25.7, the Principal Paying Agent, the Registrar or the N Covered Bond Registrar will (unless the Issuer gives notice to the Principal Paying Agent, the Registrar or the N Covered Bond Registrar), as the case may be that Covered Bonds signed by that person do not constitute valid and binding obligations of the Issuer or otherwise until replacements have been provided to the Principal Paying Agent or the Registrar, as the case may be) continue to have authority to issue Covered Bonds signed by that person, and the Issuer warrants to the Principal Paying Agent, the Registrar, the N Covered Bond Registrar, as the case may be, that those Covered Bonds will be valid and binding obligations of the Issuer. Promptly upon any person ceasing to be authorised, the Issuer must provide the Principal Paying Agent with replacement master Temporary Bearer Global Covered Bond(s) and Permanent Bearer Global Covered Bond(s) and must provide the Registrar and the N Covered Bond Registrar, as the case may be, with replacement master Registered Global Covered Bonds, Registered Definitive Covered Bonds and N Covered Bonds and the Principal Paying Agent, the Registrar and the N Covered Bond Registrar, as the case may be, must, upon receipt of such replacements, cancel and destroy the master Temporary Bearer Global Covered Bond(s), master Permanent Bearer Global Covered Bond(s), master Registered Global Covered Bonds, master Registered Definitive Covered Bonds and N Covered Bonds, as applicable, held by

them which are signed by such person and must, upon request, provide the Issuer with a written certification in respect thereof, specifying the Covered Bonds so cancelled and destroyed.

- 6.4 Each of the Principal Paying Agent and the Registrar will provide Euroclear and/or Clearstream, Luxembourg and, in the case of the U.S. Paying Agent and the Registrar, DTC with the notifications, instructions or information to be given by it to Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be.
- 6.5 If the Principal Paying Agent or the U.S. Paying Agent (as the case may be) at its sole discretion pays an amount (the **Advance**) to the Issuer on the basis that a payment (the **Payment**) has been or will be received from a Dealer and if the Payment is not received by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) on the date the Principal Paying Agent or the U.S. Paying Agent (as the case may be) pays the Issuer, the Issuer must repay to the Principal Paying Agent or the U.S. Paying Agent (as the case may be) the Advance and must pay interest on the Advance (or the unreimbursed portion thereof) from (and including) the date the Advance is made to (but excluding) the earlier of repayment of the Advance or receipt by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) of the Payment at a rate quoted at that time by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) as its cost of funding the Advance provided that evidence of the basis of such rate is given in writing by the Principal Paying Agent to the Issuer. For the avoidance of doubt, the Principal Paying Agent or the U.S. Paying Agent (as the case may be) will not be obliged to pay any amount to the Issuer if it has not received satisfactory confirmation that it is to receive the amount from the Dealer.
- 6.6 Except in the case of issues where the Principal Paying Agent does not act as receiving bank for the Issuer in respect of the purchase price of the Covered Bonds being issued, if on the Issue Date the Dealer does not pay the full purchase price due from it in respect of any Covered Bond (the **Defaulted Covered Bond**) and, as a result, the Defaulted Covered Bond remains in the Principal Paying Agent's distribution account with Euroclear and/or Clearstream, Luxembourg or the U.S. Paying Agent's distribution account with DTC after the Issue Date, the Principal Paying Agent or the U.S. Paying Agent (as the case may be) will continue to hold the Defaulted Covered Bond to the order of the Issuer. The Principal Paying Agent or the U.S. Paying Agent (as the case may be) must notify the Issuer immediately of the failure of the Dealer to pay the full purchase price due from it in respect of any Defaulted Covered Bond and, subsequently, must (a) notify the Issuer immediately on receipt from the Dealer of the full purchase price in respect of any Defaulted Covered Bond and (b) pay to the Issuer the amount so received.

## 7. EXCHANGE AND TRANSFER OF COVERED BONDS

- 7.1 Upon any exchange of all or a portion of an interest in a Temporary Bearer Global Covered Bond for an interest in a Permanent Bearer Global Covered Bond or upon any exchange of, in the case of a Temporary Bearer Global Covered Bond, all or a portion of an interest in such Temporary Bearer Global Covered Bond or, in the case of a Permanent Bearer Global Covered Bond, all of such Permanent Bearer Global Covered Bond for Bearer Definitive Covered Bonds:
- (a) must be endorsed by the Principal Paying Agent (or on its behalf) to reflect the reduction of its nominal amount by the aggregate nominal amount so exchanged; and
  - (b) the relevant Permanent Bearer Global Covered Bond must be endorsed by the Principal Paying Agent (or on its behalf) to reflect the increase in its nominal amount as a result of such exchange.

Until exchanged in full, the holder of an interest in any Bearer Global Covered Bond will in all respects be entitled to the same benefits under this agreement as the holder of Bearer Definitive Covered Bonds and Coupons authenticated and delivered hereunder, subject as set out in the

Programme Conditions and in the relevant Bearer Global Covered Bond. The Principal Paying Agent is hereby authorised on behalf of the Issuer (a) to endorse or to arrange for the endorsement of the relevant Bearer Global Covered Bond to reflect the reduction in the nominal amount represented thereby by the amount so exchanged and, if appropriate, to endorse the Permanent Bearer Global Covered Bond to reflect any increase in the nominal amount represented thereby and, in either case, to sign in the relevant space on the relevant Bearer Global Covered Bond recording such exchange and reduction or increase, and (b) in the case of a total exchange, to cancel or arrange for the cancellation of the relevant Bearer Global Covered Bond.

- 7.2 Upon any exchange of all or a portion of an interest in a Rule 144A Global Covered Bond for an interest in a Regulation S Global Covered Bond or vice versa or upon exchange of an interest in a Registered Global Covered Bond for Registered Definitive Covered Bonds, the relevant Registered Global Covered Bond(s) must be surrendered to the Registrar or such other Registrar that may be appointed in relation to any Rule 144A Global Covered Bond and endorsed to reflect the reduction or increase (as the case may be) in its/their nominal amount by the Registrar or such other Registrar or on its, respective, behalf. The Registrar is hereby authorised on behalf of the Issuer (a) to endorse or to arrange for the endorsement of the relevant Registered Global Covered Bond(s) to reflect the reduction or increase (as the case may be) in the nominal amount represented thereby and, in either case, to sign in the relevant space on the relevant Registered Global Covered Bond(s) recording such exchange and reduction or increase, (b) to make all appropriate entries in the Register and (c) in the case of a total exchange for Registered Definitive Covered Bonds, to cancel or arrange for the cancellation of the relevant Registered Global Covered Bond.

## **8. PAYMENTS**

- 8.1 The Issuer will, before 10:00 a.m. (local time in the relevant financial centre of the payment or, in the case of a payment in Euro, London time or, in the case of a payment in U.S. Dollars, New York time), on each date on which any payment in respect of any Covered Bond becomes due under the relevant Conditions (or in the case of currencies other than Euro or sterling, before such date and such time as may be requested by the Principal Paying Agent from time to time), transfer to an account specified by the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be), such amount in the relevant currency sufficient for the purposes of the payment in funds settled through such payment system as the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) and the Issuer may agree.
- 8.2 Any funds paid by or by arrangement with the Issuer to the Principal Paying Agent, the U.S. Paying Agent, the N Covered Bond Paying Agent (as the case may be) under Clause 8.1 will be held in the relevant account referred to in Clause 8.1 for payment to the Covered Bondholders or Couponholders, as the case may be, and will not be required to be repaid to the Issuer unless and until any Covered Bonds or matured Coupons become void under Condition 8 of the Programme Conditions or, as applicable, in accordance with the N Covered Bond Conditions and the N Covered Bond Agreement. In that event the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) must repay to the Issuer sums equivalent to the amounts which would otherwise have been repayable on the relevant Covered Bonds or Coupons.
- 8.3 The Issuer will ensure that no later than 10:00 a.m. (London time) on the second Business Day immediately preceding the date on which any payment is to be made to the Principal Paying Agent or the N Covered Bond Paying Agent (as the case may be) under Clause 8.1, the Principal Paying Agent, the N Covered Bond Paying Agent and/or the U.S. Paying Agent (as the case may be) will receive a copy of an irrevocable payment instruction from the Issuer or the Covered Bond Guarantor, as applicable, to the bank through which the payment is to be made or an irrevocable payment confirmation by authenticated SWIFT from the paying bank of the Issuer or the Covered Bond Guarantor, as applicable. For the purposes of this Clause, **Business Day** means a day on which commercial banks and foreign exchange markets settle payments and are open for general business

in (a) London; (b) Melbourne; (c) Sydney and (d) New York (and, in case of the N Covered Bond Paying Agent, (e) Frankfurt am Main).

- 8.4 The Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) must notify the other Paying Agents, the Covered Bond Guarantor, the Trust Manager, the Issuer and the Bond Trustee immediately:
- (a) if it has not by the relevant date set out in Clause 8.1 received unconditionally the full amount in the Specified Currency required for the payment; and
  - (b) if it receives unconditionally the full amount of any sum payable in respect of the Covered Bonds or Coupons after that date and time.

The Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) will, at the expense of the Issuer, immediately on receiving any amount as described in Clause 8.4(b), cause notice of that receipt to be published in accordance with Condition 13 of the Programme Conditions or, as applicable, in accordance with the N Covered Bond Conditions.

- 8.5 The Principal Paying Agent must ensure that payments of both principal and interest in respect of a Temporary Bearer Global Covered Bond will only be made if certification of non-U.S. beneficial ownership as required by U.S. Treasury regulations has been received from Euroclear and/or Clearstream, Luxembourg in accordance with the terms of the Temporary Bearer Global Covered Bond.
- 8.6 Unless it has received notice under Clause 8.4(a), the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) must pay or cause to be paid all amounts due in respect of the Covered Bonds on behalf of the Issuer and the Covered Bond Guarantor in the manner provided in the Conditions. If any payment provided for in Clause 8.1 is made late but otherwise in accordance with the provisions of this agreement, the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) must nevertheless make payments in respect of the Covered Bonds as stated in Clause 8.4(b) following receipt by it of such payment. Where an N Covered Bondholder has not provided to the N Covered Bond Paying Agent or the N Covered Bond Registrar details of the designated account into which payments to which the relevant N Covered Bondholder is entitled pursuant to the N Covered Bond Conditions and, where relevant, the N Covered Bond Agreement will be made, the N Covered Bond Paying Agent must make such payments following receipt by it of such bank account details.
- 8.7 If for any reason the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) considers in their sole discretion, as applicable, that the amounts to be received by it under Clause 8.1 will be, or the amounts actually received by it are, insufficient to satisfy all claims in respect of all payments then falling due in respect of the Covered Bonds, neither the Principal Paying Agent, the U.S. Paying Agent, nor the N Covered Bond Paying Agent (as the case may be) will be obliged to pay any such claims until either (i) it is satisfied that it has received the full amount of all such payments or (ii) such other arrangement satisfactory to and agreed by the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) have been made. If the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) determines that it is unable to pay any of the claims by reason of insufficiency of funds, it will advise the Issuer, the Covered Bond Guarantor and the Trust Manager within 24 hours of that fact.
- 8.8 Without prejudice to Clauses 8.6 and 8.7, if the Principal Paying Agent, the U.S. Paying Agent, or the N Covered Bond Paying Agent (as the case may be) pays any amounts to the holders of Covered Bonds or Coupons or to any other Paying Agent at a time when it has not received payment in full in respect of the relevant Covered Bonds in accordance with Clause 8.1 (the excess of the amounts so

paid over the amounts so received being the **Shortfall**), the Issuer will, in addition to paying amounts due under Clause 8.1, pay to the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) on demand, interest (at a rate which represents the Principal Paying Agent's, the U.S. Paying Agent's or the N Covered Bond Paying Agent's (as the case may be) cost of funding the Shortfall provided that evidence of the basis of such rate is given to the Issuer) on the Shortfall (or the unreimbursed portion thereof) until the receipt in full by the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) of the Shortfall.

- 8.9 Subject to receipt of funds in pursuant to Clause 8.1 above, the Principal Paying Agent will on demand promptly reimburse each other Paying Agent for payments in respect of Covered Bonds properly made by such other Paying Agent in accordance with this agreement and the Covered Bonds unless the Principal Paying Agent has notified the relevant other Paying Agent(s) prior to the opening of business in the location of the office of the other Paying Agent(s) through which payment on the Covered Bonds can be made on the due date of a payment under such Covered Bonds that the Principal Paying Agent does not expect to receive sufficient funds to make payment of all amounts falling due in respect of such Covered Bonds.
- 8.10 Whilst any Covered Bonds are represented by Global Covered Bonds, all payments due in respect of the Covered Bonds will be made to, or to the order of, the holder of the Global Covered Bonds and subject to and in accordance with the provisions of the Global Covered Bonds. On the occasion of each payment, the Paying Agent to which any Global Covered Bond was presented for the purpose of making the payment will cause the appropriate Schedule to the relevant Global Covered Bond to be annotated so as to evidence the amounts and dates of the payments of principal and/or interest as applicable.
- 8.11 The Principal Paying Agent or the U.S. Paying Agent (as the case may be) will pay to the relevant Exchange Agent appointed in relation to the relevant Tranche or Series of Registered Global Covered Bonds, and that Exchange Agent will receive, all payments made under any Registered Global Covered Bond registered in the name of DTC or its nominee (a **DTC Covered Bond**), that is denominated in a Specified Currency other than U.S. dollars.

The relevant Exchange Agent will, in accordance with normal DTC practice, be advised on or prior to the fifth Business Day after the relevant Record Date for any payment of interest, or the tenth Business Day prior to the relevant payment date for any payment of principal by DTC or its nominee:

- (a) if any beneficial holder (a **Beneficial Holder**) of the DTC Covered Bond in respect of which payment is due has elected to receive such payment in a Specified Currency other than U.S. dollars; and
- (b) of the payment details for each such Beneficial Holder.

The relevant Exchange Agent will enter into a contract on behalf of the Issuer at or prior to 10:00 a.m. (New York City time) on the second Business Day preceding the applicable payment date and will subject to applicable U.S. laws and regulations, make each such conversion on terms, conditions and charges not inconsistent with the terms of the DTC Covered Bonds as that Exchange Agent may from time to time establish in accordance with its regular foreign exchange practices for the purchase of U.S. dollars with an amount of the relevant Specified Currency equal to the aggregate amount that Beneficial Holders wish to receive in U.S. dollars (i.e. with respect to which DTC has not notified the Exchange Agent that Beneficial Holders wish to receive such amount in a Specified Currency other than U.S. dollars). In the event that no such notification is received from DTC prior to the relevant date set forth above, the Exchange Agent will enter into a contract for the purchase of U.S. dollars, as aforesaid, in respect of the full amount of the payment due in respect of the relevant DTC

Covered Bond. The settlement date for each such purchase will be the applicable payment date, and the Exchange Agent will subject to applicable U.S. laws and regulations, make each such conversion on terms, conditions and charges not inconsistent with the terms of the DTC Covered Bonds as the Exchange Agent may from time to time establish in accordance with its regular foreign exchange practices. The Exchange Agent will, on the relevant payment date:

- (i) pay all amounts converted into U.S. dollars in accordance with the above to DTC or its nominee for distribution to the relevant Beneficial Holders; and
- (ii) pay all the other amounts due which are denominated otherwise than in U.S. dollars direct to the relevant Beneficial Holders in accordance with the payment instructions received from DTC or its nominee.

In the event that the Exchange Agent is unable to convert the relevant Specified Currency into U.S. dollars, the Exchange Agent will notify DTC that the entire payment will be made in the relevant Specified Currency, and the Exchange Agent will make the payment in accordance with the payment instructions received from DTC following such notification.

- 8.12 If the amount of principal and/or interest then due for payment is not paid in full (otherwise than by reason of a deduction required by law to be made therefrom or a certification required by the terms of a Covered Bond not being received), the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) must make a record of such shortfall on the Covered Bond or Coupon (as the case may be) and each record will, in the absence of manifest error, be prima facie evidence that the payment in question has not to that extent been made.
- 8.13 Following the occurrence of an Issuer Event of Default and the service of an Issuer Acceleration Notice and a Notice to Pay to the Covered Bond Guarantor, this Clause 8 will be amended as follows:
- (a) Clause 8.1 above will be deleted in its entirety and replaced with the following:

"8.1 The Trust Manager will direct the Covered Bond Guarantor to, and upon receiving such direction the Covered Bond Guarantor will procure, before 10:00 a.m. (local time in the relevant financial centre of the payment or, in the case of a payment in Euro, London time or, in the case of a payment in U.S. Dollars, New York time), on each date on which any payment in respect of any Guaranteed Amounts becomes Due for Payment (or in the case of currencies other than Euro or sterling, before such date and time as the Principal Paying Agent may advise to the Trust Manager from time to time), the transfer to an account specified by the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be), such amount in the relevant currency sufficient for the purposes of the payment of such Guaranteed Amounts in funds settled through such payment system as the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) or the Registrar and the Covered Bond Guarantor may agree."
  - (b) Consequential amendments will be made pursuant to Clause 34 to the remainder of this Clause 8.
- 8.14 The US Paying Agent will establish and administer a segregated non-interest bearing trust account titled "nab Covered Bond Trust US Payment Account". All amounts in this account will remain on deposit and uninvested.
- 8.15 Notwithstanding any other provision of this Agreement, if the Issuer or the Covered Bond Guarantor determines that it, or any Registrar or Agent, is required to withhold or deduct FATCA Withholding Tax in respect of any payment on the Covered Bonds as a result of the status of any Registrar or

Agent, the Issuer or the Covered Bond Guarantor may reorganize or redirect such payment in any way that it determines such that the payment may be made without withholding or deduction for FATCA Withholding Tax.

## **9. DETERMINATIONS AND NOTIFICATIONS IN RESPECT OF COVERED BONDS**

### **9.1 Determinations and notifications**

- (a) The Principal Paying Agent or the N Covered Bond Paying Agent (as the case may be) will, unless otherwise specified in the applicable Final Terms, make all the determinations and calculations which it is required to make under the relevant Conditions, all subject to and in accordance with the relevant Conditions.
- (b) The Principal Paying Agent, the N Covered Bond Paying Agent or such other party responsible for the calculation of the rate of interest as specified in the Applicable Final Terms (as the case may be) will not be responsible to the Issuer, the Covered Bond Guarantor, the Bond Trustee or to any third party as a result of the Principal Paying Agent having acted on any quotation given by any Reference Bank which subsequently may be found to be incorrect.

- (a) paid the costs and expenses incurred in connection with the issue;
  - (b) provided it with such evidence and indemnity as the Issuer and such Principal Paying Agent or Registrar or N Covered Bond Registrar may reasonably require; and
  - (c) in the case of any mutilated or defaced Covered Bond, Coupon or Talon, surrendered it to the Principal Paying Agent or, as the case may be, the Registrar, the N Covered Bond Registrar or the Transfer Agent.
- 19.5 The Principal Paying Agent, the Transfer Agent or the Registrar or, as the case may be, in respect of the N Covered Bonds, the N Covered Bond Registrar will cancel any mutilated or defaced Covered Bonds, Coupons and Talons in respect of which replacement Covered Bonds, Coupons and Talons have been issued under this Clause 19 and upon request will furnish the Issuer with a certificate stating the serial numbers of the Covered Bonds, Coupons and Talons cancelled (where applicable) and, unless otherwise instructed by the Issuer in writing, will destroy the cancelled Covered Bonds, Coupons and Talons and give to the Issuer and the Bond Trustee a destruction certificate containing the information specified in Clause 18.3.
- 19.6 The Principal Paying Agent, the Transfer Agent or the Registrar or, as the case may be, in respect of the N Covered Bonds, the N Covered Bond Registrar must, on issuing any replacement Covered Bond, Coupon or Talon, immediately inform the Issuer and the other Paying Agents (in the case of Bearer Covered Bonds) or the Transfer Agents (in the case of Registered Covered Bonds) of the serial number of the replacement Covered Bond, Coupon or Talon issued (where applicable) and (if known) of the serial number of the Covered Bond, Coupon or Talon (where applicable) in place of which the replacement Covered Bond, Coupon or Talon has been issued. Whenever replacement Coupons or Talons are issued pursuant to this Clause 19, the Principal Paying Agent, the Transfer Agent or, as the case may be the Registrar must also notify the other Paying Agents (in the case of Bearer Covered Bonds) or the Transfer Agent (in the case of Registered Covered Bonds) of the maturity dates of the lost, stolen, mutilated, defaced or destroyed Coupons or Talons and of the replacement Coupons or Talons issued.
- 19.7 The Principal Paying Agent, the Transfer Agent, the Registrar and in respect of the N Covered Bonds, the N Covered Bond Registrar will each keep a full and complete record of all replacement Covered Bonds, Coupons and Talons issued and will make the record available at all reasonable times and upon reasonable notice to the Issuer, the Covered Bond Guarantor and the Bond Trustee and any persons authorised by any of them for inspection and for the taking of copies of it or extracts from it.
- 19.8 Whenever any Bearer Covered Bond, Coupon or Talon for which a replacement Bearer Covered Bond, Coupon or Talon has been issued and in respect of which the serial number is known is presented to the Principal Paying Agent for payment, the Principal Paying Agent or relevant Paying Agent must immediately send notice of that fact to the Issuer and the other Paying Agents.

- 19.9 The relevant Paying Agent will issue further Coupon sheets against surrender of Talons. A Talon so surrendered will be cancelled by the relevant Paying Agent who (except where the Paying Agent is the Principal Paying Agent) will inform the Principal Paying Agent of its serial number. Further Coupon sheets issued on surrender of Talons will carry the same serial number as the surrendered Talon.

## **20. COPIES OF DOCUMENTS AVAILABLE FOR INSPECTION**

Each of the Paying Agents, the Registrar and the Transfer Agent will hold available for inspection at its specified office during normal business hours and upon reasonable notice copies of all documents required to be so available by the relevant Conditions of any Covered Bonds or the rules of any relevant Stock Exchange (or any other relevant authority). For these purposes, the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) will provide the Paying Agents, the Registrar and the Transfer Agent with sufficient copies of each of the relevant documents and such other documents as may from time to time be required by any relevant Stock Exchange.

## **21. MEETINGS OF COVERED BONDHOLDERS**

- 21.1 The provisions of Schedule 4 to the Bond Trust Deed will apply to meetings of the Covered Bondholders (including, for the avoidance of doubt, the holders of any Series of N Covered Bonds) and will have effect in the same manner as if set out in this agreement.
- 21.2 Without prejudice to Clause 21.1, each of the Paying Agents on the request of any holder of Bearer Covered Bonds must issue voting certificates and block voting instructions and on the request of any holder of Registered Covered Bonds or N Covered Bonds forms of proxy in accordance with schedule 4 to the Bond Trust Deed and will immediately give notice to the Issuer in writing (with a copy to the Bond Trustee) of any revocation or amendment of a block voting instruction. Each of the Paying Agents will keep a full and complete record of all voting certificates and block voting instructions and forms of proxy issued by it and will, not less than 24 hours before the time appointed for holding a meeting or adjourned meeting, deposit at such place as the Bond Trustee approves, full particulars of all voting certificates and block voting instructions and forms of proxy issued by it in respect of the meeting or adjourned meeting.

## **22. COMMISSIONS AND EXPENSES**

- 22.1 The Issuer and, following the occurrence of an Issuer Event of Default and service of a Notice to Pay to the Covered Bond Guarantor and subject to the Priorities of Payments, the Covered Bond Guarantor, agree(s) to pay to the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) such fees and commissions together with any VAT or similar tax chargeable in respect thereof as the Issuer, the Trust Manager (following the occurrence of an Issuer Event of Default and service of a Notice to Pay to the Covered Bond Guarantor) and the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) will separately agree in respect of the services of the Agents under this agreement together with any properly incurred out of pocket expenses (including legal, printing, postage, fax, cable and advertising expenses) incurred by the Agents in connection with their services under this agreement (less any credit or rebate available to the Agents).
- 22.2 The Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) will make payment of the fees and commissions due under this agreement to the other Agents (including VAT or similar tax chargeable in respect thereof upon receipt of a valid tax invoice) and will reimburse their expenses (less any credit or rebate available to the Agents) promptly after the receipt of the relevant moneys from the Issuer or the Covered Bond Guarantor (as the case may be). Neither the Issuer, the Covered Bond Guarantor nor the Bond Trustee will be

responsible for any payment or reimbursement by the Principal Paying Agent, the U.S. Paying Agent or the N Covered Bond Paying Agent (as the case may be) to the other Agents.

- 22.3 The Issuer agrees to pay any applicable taxes payable in connection with this agreement.
- 22.4 All payments by the Issuer or the Covered Bond Guarantor under this Clause 22 will be made free and clear of, and without withholding or deduction for, any Taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by any government having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer or the Covered Bond Guarantor (acting at the direction of the Trust Manager), as the case may be, will pay such additional amounts as will result in receipt by the relevant Agent of such amounts as would have been received by it if no such withholdings had been required. Notwithstanding the foregoing, all payments shall be made net of any FATCA Withholding Tax, and no additional amounts will be payable as a result of any such FATCA Withholding Tax.

## **23. INDEMNITY**

- 23.1 The Issuer and the Covered Bond Guarantor severally, must indemnify each of the Agents against any losses, liabilities, costs, Tax (including stamp duty), claims, actions, demands or expenses in respect thereof (together, **Losses**) (including, but not limited to, all reasonable costs, legal fees, charges and expenses in respect thereof (together, **Expenses**) paid or properly incurred in disputing or defending any Losses) which such Agent or any of its directors, officers, employees and controlling persons may incur or which may be made against it as a result of or in connection with its appointment or the exercise of its powers and duties under this agreement except for any Losses or Expenses resulting from its own wilful default, negligence, bad faith or fraud hereunder or that of its officers, directors, employees or agents or controlling persons.
- 23.2 Each of the Agents must severally indemnify the Issuer and the Covered Bond Guarantor against any Losses (including, but not limited to, all reasonable Expenses paid or incurred in disputing or defending any Losses) which the Issuer or the Covered Bond Guarantor, as the case may be, or any of its directors, officers, employees, agents and controlling persons may incur or which may be made against it as a result of or in connection with the wilful default, negligence, bad faith or fraud of such Agent or that of its directors, officers, employees, agents or controlling persons.
- 23.3 The indemnities set out above survive any termination of this agreement and the obligations of the Covered Bond Guarantor thereunder are without prejudice to and subject to the Covered Bond Guarantor's obligations under the Priorities of Payments to pay moneys to the Agents.

## **24. RESPONSIBILITY OF THE AGENTS**

- 24.1 No Agent will be liable for any loss caused by events arising without fault or error on the part of such Agent beyond its reasonable control including any malfunction, interruption or error in the transmission of information caused by any machine or systems or interception of communication facilities, abnormal operating conditions or events of force majeure. Nothing in this agreement limits or excludes an Agent's liability for (i) fraud, negligence or wilful default; (ii) death or personal injury caused by its negligence; (iii) breach of the terms of this agreement; or (iv) breach of any duties it may owe to any other party under the UK regulatory system
- 24.2 No Agent will have any duty or responsibility in the case of any default by the Issuer or the Covered Bond Guarantor in the performance of its obligations under the relevant Conditions or the Bond Trust Deed or, in the case of receipt of a written demand from a Covered Bondholder or Couponholder, with respect to such default, provided however that as soon as reasonably practicable on receiving any notice given by a Covered Bondholder in accordance with Condition 9 of the

relevant Conditions, the Principal Paying Agent notifies the Issuer, the Covered Bond Guarantor, the Trust Manager and the Bond Trustee of the fact and furnishes it with a copy of the notice.

- 24.3 Whenever in the performance of its duties under this agreement an Agent will deem it desirable that any matter be established by the Issuer, the Covered Bond Guarantor or the Bond Trustee prior to taking or suffering any action under this agreement, the matter may be deemed to be conclusively established by a certificate signed by the Issuer, the Covered Bond Guarantor or the Bond Trustee and delivered to the relevant Agent and the certificate will be a full authorisation to such Agent for any action taken or suffered in good faith by it under the provisions of this agreement in reliance upon the certificate.
- 24.4 In order to comply with laws, rules, regulations and executive orders in effect from time to time applicable to banking institutions, including those relating to the funding of terrorist activities and money laundering (**Applicable Law**), the Agents are required to obtain, verify and record certain information relating to individuals and entities which maintain a business relationship with the Agents. Accordingly, each of the parties agrees to provide to each Agent upon its request from time to time such identifying information and documentation as may be available for such party in order to enable the Agents to comply with Applicable Law.

## **25. CONDITIONS OF APPOINTMENT**

- 25.1 Each Agent is entitled to deal with money paid to it by the Issuer or the Covered Bond Guarantor for the purpose of this agreement in the same manner as other money paid to a banker by its customers and not subject to the UK FSA Client Money Rules except:
- (a) that it will not exercise any right of set-off, lien or similar claim in respect of the money;
  - (b) that it will not be liable to account to the Issuer or the Covered Bond Guarantor for any interest on the money; and
  - (c) that it will not be required to segregate any money held by it except as required by law.
- 25.2 In acting under this agreement and in connection with the Covered Bonds, each Agent must act solely as an agent of the Issuer and the Covered Bond Guarantor and will not assume any obligations towards or relationship of agency or trust for or with any of the owners or holders of the Covered Bonds, Coupons or Talons or any third party.
- 25.3 Each Agent undertakes to the Issuer and the Covered Bond Guarantor to perform its duties, and will be obliged to perform the duties and only the duties, specifically stated in this agreement and the relevant Conditions, and no implied duties or obligations of any kind (including duties or obligations of a fiduciary or equitable nature) will be read into any of those documents against any Agent, other than the duty to act honestly and in good faith. Each of the Agents (other than the Principal Paying Agent) agrees that if any information that is required by the Principal Paying Agent or the Registrar to perform its duties set out in this agreement becomes known to it, it will promptly provide such information to the Principal Paying Agent.
- 25.4 Each Agent may consult with legal and other professional advisers and the opinion of the advisers will be full and complete protection in respect of any action taken, omitted or suffered under this agreement in good faith and in accordance with the opinion of the advisers.
- 25.5 Each Agent will be protected and will incur no liability in respect of any action taken, omitted or suffered in reliance on any instruction from the Issuer or the Covered Bond Guarantor or any document which it reasonably believes to be genuine and to have been delivered by the proper party or on written instructions from the Issuer or the Covered Bond Guarantor.

- 25.6 Any Agent (including its affiliates) and its officers, directors and employees may become the owner of, and/or acquire any interest in, any Covered Bonds, Coupons or Talons with the same rights that it or he would have had if the Agent concerned were not appointed under this agreement, and may engage or be interested in any financial or other transaction with the Issuer or the Covered Bond Guarantor and may act on, or as depositary, trustee or agent for, any committee or body of holders of Covered Bonds or Coupons or in connection with any other obligations of the Issuer or the Covered Bond Guarantor as freely as if the Agent were not appointed under this agreement.
- 25.7 The Issuer and the Covered Bond Guarantor must provide the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar with a certified copy of the list of persons authorised to execute documents and take action on its behalf in connection with this agreement and will notify the Principal Paying Agent and the Registrar immediately in writing if any of those persons ceases to be authorised or if any additional person becomes authorised together, in the case of an additional authorised person, with evidence satisfactory to the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar that the person has been authorised.
- 25.8 Except as otherwise permitted in the Bond Trust Deed and the relevant Conditions or as instructed by the Issuer, or as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Covered Bond Guarantor, the Bond Trustee and each of the Agents will, in the case of Bearer Covered Bonds, be entitled to deem and treat the bearer of any Bearer Covered Bond, Coupon or Talon and, in the case of Registered Covered Bonds, the registered holder of any Registered Covered Bond as the absolute owner of it (notwithstanding any notice to the contrary and whether or not it is overdue and notwithstanding any notice of ownership or writing on it or notice of any previous loss or theft of it).
- 25.9 The amount of the Programme may be increased by the Issuer in accordance with the procedure set out in the Programme Agreement. Upon any increase being effected, all references in this agreement to the amount of the Programme will be deemed to be references to the increased amount.
- 25.10 No Agent will be under any obligation to take any action under this agreement which may tend to involve it in any expense or liability, the payment of which within a reasonable time is not, in its opinion, assured to it.

## **26. COMMUNICATIONS BETWEEN THE PARTIES**

A copy of all communications relating to the subject matter of this agreement between the Issuer, the Covered Bond Guarantor, the Bond Trustee, the U.S. Paying Agent, the N Covered Bond Paying Agent and any Agent (other than the Principal Paying Agent) will be sent by the party making the communication (or, in the case of the Covered Bond Guarantor, the Trust Manager) to the Principal Paying Agent.

## **27. CHANGES IN AGENTS**

- 27.1 Each of the Issuer and the Covered Bond Guarantor agrees that, for so long as any Covered Bond is outstanding, or until moneys for the payment of all amounts in respect of all outstanding Covered Bonds have been made available to the Principal Paying Agent and have been returned to the Issuer or the Covered Bond Guarantor, as the case may be, as provided in this agreement:
- (a) there will at all times be a Principal Paying Agent and a Registrar and, as long as N Covered Bonds are outstanding, an N Covered Bond Paying Agent and an N Covered Bond Registrar;
  - (b) so long as any of the Covered Bonds are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent (in the case of

Bearer Covered Bonds) and a Transfer Agent (in the case of Registered Covered Bonds) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or as the case may be, other relevant authority;

- (c) so long as any of the Registered Global Covered Bonds payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be an Exchange Agent;
- (d) the Issuer will ensure that it maintains a Paying Agent and, as long as N Covered Bonds are outstanding, an N Covered Bond Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive if any; and
- (e) the Issuer will ensure that it appoints a Paying Agent and, as long as N Covered Bonds are outstanding, an N Covered Bond Paying Agent in a Member State of the European Union (other than the United Kingdom) in the event that it is required to withhold or deduct tax on payments made in the United Kingdom.

- 27.2 In addition, the Issuer must appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(f) of the relevant Programme Conditions.
- 27.3 Each of the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar may (subject as provided in Clause 27.5) at any time resign by giving at least 60 days' written notice to the Issuer, the Covered Bond Guarantor, the Trust Manager and the Bond Trustee specifying the date on which its resignation becomes effective.
- 27.4 Each of the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar may (subject as provided in Clause 27.5) be removed at any time by the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) with the prior written approval of the Bond Trustee on at least 60 days' notice in writing from the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) specifying the date when the removal becomes effective.
- 27.5 Any resignation under Clause 27.3 or removal of the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar or the N Covered Bond Registrar under Clauses 27.4 or 27.6 will only take effect upon the appointment by the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) of a successor Principal Paying Agent, successor N Covered Bond Paying Agent, successor Registrar or successor N Covered Bond Registrar, as the case may be, approved in writing by the Bond Trustee and (other than in cases of insolvency of the Principal Paying Agent or the Registrar, as the case may be) on the expiry of the notice to be given under Clause 30. Each of the Issuer and the Covered Bond Guarantor agrees with the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar that if, by the day falling 10 days before the expiry of any notice under Clause 27.3, the Issuer and the Covered Bond Guarantor have not appointed a successor Principal Paying Agent, N Covered Bond Paying Agent, Registrar or N Covered Bond Registrar, as the case may be, approved in writing by the Bond Trustee, then the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar or the N Covered Bond Registrar, as the case may be, will be entitled, on behalf of the Issuer and the Covered Bond Guarantor, to appoint in its place as a successor Principal Paying Agent, N Covered Bond Paying Agent, Registrar or N Covered Bond Registrar, as the case may be, a reputable financial institution of good standing which the Issuer, the Covered Bond Guarantor (acting at the direction of the Trust Manager) and the Bond Trustee will approve.

- 27.6 In case at any time any Agent resigns, or is removed, or becomes incapable of acting or is adjudged bankrupt or insolvent, or files a voluntary petition in bankruptcy or makes an assignment for the benefit of its creditors or consents to the appointment of an administrator, liquidator or administrative or other receiver of all or a substantial part of its property, or admits in writing its inability to pay or meet its debts as they mature or suspends payment of its debts, or if any order of any court is entered approving any petition filed by or against it under the provisions of any applicable bankruptcy or insolvency law or if a receiver of it or of all or a substantial part of its property is appointed or if any officer takes charge or control of it or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, a successor Agent which will be a reputable financial institution of good standing may be appointed by the Issuer and the Covered Bond Guarantor (acting at the direction of the Trust Manager) with the prior written approval of the Bond Trustee. Upon the appointment of a successor Agent and acceptance by it of its appointment and (other than in case of insolvency of the Agent) upon expiry of the notice to be given under Clause 30, the Agent so superseded will cease to be an Agent under this agreement.
- 27.7 Subject to Clause 27.1, the Issuer and the Covered Bond Guarantor may (acting at the direction of the Trust Manager), with the prior written approval of the Bond Trustee, terminate the appointment of any of the other Agents at any time and/or appoint one or more further or other Agents by giving to the Principal Paying Agent and to the relevant other Agent at least 60 days' notice in writing to that effect (other than in the case of insolvency).
- 27.8 Subject to Clauses 27.1 and 27.5, all or any of the Agents (other than the Principal Paying Agent, the N Covered Bond Paying Agent, the Registrar and the N Covered Bond Registrar) may resign their respective appointments under this agreement at any time by giving the Issuer, the Covered Bond Guarantor, the Trust Manager, the Bond Trustee and the Principal Paying Agent at least 60 days' written notice to that effect.
- 27.9 Upon its resignation or removal becoming effective, an Agent will:
- (a) in the case of the Principal Paying Agent, the U.S. Paying Agent, the N Covered Bond Paying Agent, the Registrar, the N Covered Bond Registrar and any Exchange Agent, immediately transfer any moneys and records held by it under this agreement to the successor Agent (except such records as it may be prevented by law or regulation from so transferring); and
  - (b) be entitled to the payment by the Issuer (and, following the occurrence of an Issuer Event of Default and service of a Notice to Pay to the Covered Bond Guarantor, the Covered Bond Guarantor) of the commissions, fees and expenses and other amounts due to the Agent (if any) payable in respect of its services under this agreement before termination in accordance with the terms of Clause 22.
- 27.10 Upon its appointment becoming effective, a successor or new Agent will, without any further action, become vested with all the authority, rights, powers, duties and obligations of its predecessor or, as the case may be, an Agent with the same effect as if originally named as an Agent under this agreement.

## **28. CHANGE OF BOND TRUSTEE**

- 28.1 If there is any change in the identity of the Bond Trustee in accordance with the Bond Trust Deed, the parties to this agreement (in the case of the Covered Bond Guarantor, acting at the direction of the Trust Manager) will execute such documents and take such action as the successor Bond Trustee and the outgoing Bond Trustee may reasonably require for the purpose of vesting in the successor Bond Trustee the rights of the outgoing Bond Trustee under this agreement.

- 28.2 It is hereby acknowledged and agreed that by its execution of this agreement the Bond Trustee will not assume or have any of the obligations or liabilities of any of the other parties hereto under this agreement and that the Bond Trustee has agreed to become a party to this agreement for the purpose only of taking the benefit of this agreement and agreeing to amendments thereto. Any liberty or right which may be exercised or any determination which may be made under this agreement by the Bond Trustee may be exercised or made in the Bond Trustee's absolute discretion without any obligation to give reasons therefor, and the Bond Trustee will not be responsible for any liability occasioned by so acting but subject always to the provisions of the Bond Trust Deed.

## **29. MERGER AND CONSOLIDATION**

Written notice of any such merger, conversion, consolidation or transfer must immediately be given to the Issuer, the Covered Bond Guarantor, the Trust Manager, the Bond Trustee and the Rating Agencies by the relevant Agent.

## **30. NOTIFICATION OF CHANGES TO AGENTS**

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS]** – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (where **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA). ### FORM OF FINAL TERMS IN RESPECT OF RULE 144A COVERED BONDS TO BE ISSUED UNDER THE PROGRAMME

*Set out below is the form of Final Terms which, subject to any necessary amendment, will be completed for each Tranche of Rule 144A Global Covered Bonds issued under the Programme (and any Regulation S Global Covered Bonds sold as part of the same Series). Text in this section appearing in italics does not form part of the Final Terms but denotes directions for completing the Final Terms.*

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (where **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]<sup>4</sup>

**[MiFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, **MiFID II**)/MiFID II]; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “**distributor**”) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]]<sup>5</sup>

[In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the **SFA**) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the **CMP Regulations 2018**), the Issuer has determined the classification of the Covered Bonds as capital markets products other than prescribed capital markets products (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]]<sup>6</sup>

<sup>4</sup> Legend to be included on front of the Final Terms if the Covered Bonds potentially constitute “packaged” products and no key information document will be prepared or the Issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the item entitled “Prohibition of Sales to EEA Retail Investors” should be specified to be “Applicable”.

<sup>5</sup> This version of the legend to be included on front of the Final Terms if transaction involves one or more manufacturer(s) subject to MiFID II and if following the “ICMA 1” approach.

<sup>6</sup> To amend notification if the Covered Bonds are “capital markets products other than prescribed capital markets products” pursuant to Section 309B of the SFA or Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). Relevant Manager(s)/Dealer(s) to consider whether it / they have received the necessary product classification from the Issuer prior to the launch of the offer, pursuant to Section 309B of the SFA.

The N Covered Bonds are transferable by execution of an N Covered Bond Assignment Agreement substantially in the form annexed to the relevant N Covered Bond (which must include that the transferee agrees to be bound by the N Covered Bond Agreement entered into by the initial N Covered Bondholder as set out in the form of N Covered Bond Assignment Agreement).

4. Upon receipt of a duly executed and completed N Covered Bond Assignment Agreement and such other evidence as the N Covered Bond Registrar may reasonably require to prove the title of the transferor or his right to transfer the N Covered Bonds and, if the form of N Covered Bond Assignment Agreement is executed by some other person on his behalf or in the case of the execution of a form of N Covered Bond Assignment Agreement on behalf of a corporation by its officers, the authority of that person or those persons to do so, the N Covered Bond Registrar will effect the necessary entries on the N Covered Bond Register. Upon request of the transferee, subject to having received from the Issuer the necessary new N Covered Bond(s) made out in the name of the transferee and, in case of partial assignments, the transferor signed by or on behalf of the Issuer (such new certificates to be delivered by the Issuer within 15 Business Days following a request by the N Covered Bond Registrar) and against presentation and surrender of the N Covered Bond being transferred which shall forthwith be cancelled, the N Covered Bond Registrar will authenticate and deliver, at the costs (except for any costs of delivery by regular uninsured mail) and risk of the relevant transferor or transferee, as the case may be, entitled to the new certificate(s), new N Covered Bonds made out in the name of the transferee with respect to the amount transferred (and, in case of partial assignments, in the name of the transferor with respect to the amount not transferred and retained by the transferor) and deliver such new N Covered Bond(s) to the transferee and, as the case may be, the transferor. The N Covered Bond Registrar will, subject to having received the relevant fully executed N Covered Bond Agreement from the Issuer, make available on demand to any transferee of any N Covered Bond a copy of the related N Covered Bond Agreement.
5. Unless otherwise requested by him, the holder of N Covered Bonds of any Series is entitled to receive only one N Covered Bond in respect of his entire holding of the Series.
6. The joint holders of N Covered Bonds of any Series are entitled to one N Covered Bond only in respect of their joint holding of the Series which will, except where they otherwise direct, be delivered to the joint holder whose name appears first in the N Covered Bond Register in respect of such joint holding.
7. The Issuer must not charge the N Covered Bondholders for the registration of any holding of N Covered Bonds or any transfer of it or for the issue or delivery of N Covered Bonds in respect of the holding at the specified office of the N Covered Bond Registrar or by uninsured mail to the address specified by the holder. If any holder entitled to receive an N Covered Bond wishes to have the N Covered Bond delivered to him otherwise than at the specified office of the N Covered Bond Registrar such delivery is to be made, upon his written request to the N Covered Bond Registrar at his risk and (except where sent by uninsured mail to the address specified by the holder) at his expense.
8. Except as ordered by a court of competent jurisdiction or as required by mandatory law, the Issuer, the N Covered Bond Registrar, the N Covered Bond Paying Agent and any other Agent shall deem and treat the registered holder of any N Covered Bonds as the sole owner of such N Covered Bond and holder of the rights arising from such N Covered Bond.
9. An N Covered Bond may not be exchanged for another type of Registered Covered Bond or a Bearer Covered Bond or vice versa.

If there is at any time a conflict between a duty owed by the Covered Bond Guarantor or the Trust Manager under any Programme Document to a Unitholder and a duty owed by such person to a Secured Creditor, the Covered Bond Guarantor or the Trust Manager (as the case may be) must give priority to the interests of the Secured Creditor over the interests of the Unitholder and will not, provided it acts in good faith, incur any liability to the Unitholder or any other Secured Creditor for so doing.

## **9.4 No liability of Unitholders**

No Unitholder will, by reason of being a Unitholder:

- (a) Subject to Clause 10.2(c), the Trust Manager may determine the manner in which the Net Trust Income of the Trust for each Fiscal Period will be calculated using any method it considers appropriate. In particular, the Trust Manager may determine whether:

    - (A) receipt, payment or outgoing;
    - (B) profit, gain or loss;
    - (C) provision or reserve;
    - (D) investment; or

  - (ii) any provisions or reserves need to be made in a Fiscal Period and the amount of those provisions or reserves.
- (b) If the Trust Manager has not determined otherwise before the end of the relevant Fiscal Period or within such further period as would result in such determination being effective as at the end of the relevant Fiscal Period, the Net Trust Income of that Trust for a Financial Year is to be calculated such that if an item is taken into account in determining the Net Taxable Income of the Trust for a Fiscal Period (on the assumption that the Trust Manager exercises all choices, elections and powers under the Tax Act in a manner which produces the lowest Net Trust Income for the relevant Fiscal Period for the Trust), it must be taken into account in determining the Net Trust Income of the Trust for that Fiscal Period (for the avoidance of doubt, subject to Clause 10.2(c)).
- (c) Notwithstanding anything else in this Clause 10, the Net Trust Income of the Trust for each Fiscal Period must always be at least equal to the greater of:
  - (i) A\$1; or
  - (ii) an amount sufficient to ensure that the Covered Bond Guarantor is not subject to a Tax liability under section 99 or 99A (as amended or replaced) of the Tax Act, or would not be so subject ignoring the provisions of Part 3-90 (as amended or replaced) of the Tax Act, and that any liability for Taxes in respect of the Net Taxable Income of the Trust for that Fiscal Period is borne, or would be borne, by the Unitholders of the Trust.

### **10.3 Net Taxable Income**

As soon as reasonably practicable after the end of a Fiscal Period, the Trust Manager must calculate the Net Taxable Income of the Trust for that Fiscal Period.

### **10.4 Tax liabilities**

To the extent it is possible to do so, the Trust Manager must ensure that the Covered Bond Guarantor is adequately indemnified for any liability in respect of Taxes of Group Tax Liabilities by the Residual Income Unitholder.

### **10.5 Trust Manager must notify Covered Bond Guarantor**

Once the Trust Manager has calculated the Net Trust Income and the Net Taxable Income of the Trust for a Fiscal Period, the Trust Manager must notify the Covered Bond Guarantor of the amounts.

### **10.6 Entitlement of Residual Income Unitholder**

At the end of each Fiscal Period, the Residual Income Unitholder in the Trust has a vested and indefeasible interest in, and is presently entitled to, the Net Trust Income of the Trust for that Fiscal Period.

### **10.7 Distribution to Residual Income Unitholder**

Subject to Clause 10.8, on the last day of each Fiscal Period or at any other time the Trust Manager decides, the Residual Income Unitholder of the Trust is entitled to be paid an amount equal to the Net Trust Income of that Trust for that Fiscal Period, to the extent not already satisfied by payments under Clauses 15.4, 16.4, 17.5 and 22.

### **10.8 Reinvestment by Residual Income Unitholder**

The Trust Manager may in its absolute discretion, require the Residual Income Unitholder to invest any amount that is any part of an amount which the Residual Income Unitholder is entitled to be paid under Clause 10.7 which is not paid to the Residual Income Unitholder by the Covered Bond Guarantor in the Trust as an additional capital contribution in respect of the Residual Income Unit, and the amount otherwise payable to the Residual Income Unitholder will be set off against the additional capital contribution, so that both amounts will be taken to have been discharged in full.

## **11. INVESTMENT OF THE TRUST**

### **11.1 Permitted Investments**

The investments of the Trust must at all times be Permitted Investments acquired in accordance with the Programme Documents.

### **11.2 Investments**

- (a) Notwithstanding Clause 11.1 above, if an investment of the Trust would not after its date of acquisition be a Permitted Investment if it were to be acquired at that time, neither the Covered Bond Guarantor nor the Trust Manager will be obliged to dispose of that investment.
- (b) The Covered Bond Guarantor must not acquire or dispose of an asset of the Trust except as directed by the Trust Manager in accordance with the Programme Documents.

### **11.3 Trust Manager's role**

The Trust Manager must give the Covered Bond Guarantor directions in writing for the investment of any of the assets of the Trust in Permitted Investments and as to the purchase, sale, transfer, exchange or alteration of any Permitted Investments. The Covered Bond Guarantor has no right or obligation to select any Permitted Investment to be purchased, sold, transferred, exchanged or altered in the absence of any direction from the Trust Manager. A direction by the Trust Manager must identify the Permitted Investments and the steps that the Trust Manager directs that the Covered Bond Guarantor take in relation to them.

### **11.4 Segregation of assets**

Subject to this deed, the Covered Bond Guarantor and the Trust Manager must ensure that no assets of the Trust are mixed or commingled with any other assets or property of the Covered Bond Guarantor or any other person.

### **11.5 Assets of the Trust**

The assets of the Trust are only available to meet liabilities incurred by the Covered Bond Guarantor as trustee of the Trust, and are not available to meet any other liabilities of the Covered Bond Guarantor (whether incurred personally or as trustee of any other trust).

### **11.6 Liabilities of the Trust**

Liabilities incurred by the Covered Bond Guarantor as trustee of the Trust must not be:

- (a) aggregated with any other liabilities of the Covered Bond Guarantor, whether incurred personally or as trustee of any other trust; or
- (b) set-off against the assets of any other trust.

## **12. ASSET COVERAGE TEST AND LEGISLATED COLLATERALISATION TEST**

### **12.1 Asset Coverage Test**

- (a) For so long as the Covered Bonds remain outstanding, the Trust Manager must ensure that on each Calculation Date prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor, the Adjusted Aggregate Mortgage Loan Amount will be at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date (the **Asset Coverage Test**).
  - (i) On any day, to the extent that the Adjusted Aggregate Mortgage Loan Amount is at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on that day, the Asset Coverage Test will be satisfied.
  - (ii) On any day, to the extent that the Adjusted Aggregate Mortgage Loan Amount is not at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on that day, the Asset Coverage Test will not be satisfied.
  - (iii) The Trust Manager will perform all calculations required on each Calculation Date, and any other date on which the Asset Coverage Test is required to be calculated pursuant to any Programme Document, to determine whether the Mortgage Loan Portfolio is in compliance with the Asset Coverage Test in accordance with this Clause 12.

(b) If the Asset Coverage Test is calculated on any date which is not a Calculation Date (the **Intra-period Calculation Date**) then, for the purposes of determining the Adjusted Aggregate Mortgage Loan Amount on such Intra-period Calculation Date, references in Clause 12.1(a) and (c) to **Calculation Date** will be deemed to be to such Intra-period Calculation Date, and references to **Calculation Period** will be deemed to be the Calculation Period ending prior to that Intra-Period Calculation Date.

(c) **Adjusted Aggregate Mortgage Loan Amount** means the amount calculated on each Calculation Date as follows:

$$(A + B + C + D + E) - Z,$$

where:

A = the lower of:

- (i) the aggregate of the LVR Adjusted Mortgage Loan Balance Amounts of the Mortgage Loans in the Mortgage Loan Portfolio as at such Calculation Date; and
- (ii) the aggregate of the Asset Percentage Adjusted Mortgage Loan Balance Amounts of the Mortgage Loans in the Mortgage Loan Portfolio as at such Calculation Date (in each case, for the avoidance of doubt, excluding any Mortgage Loans being repurchased by the Seller on such Calculation Date but including any Mortgage Loans being purchased by the Covered Bond Guarantor on such Calculation Date).

The **LVR Adjusted Mortgage Loan Balance Amount** will be calculated for a Mortgage Loan, on the relevant Calculation Date, as:

- (i) for each Mortgage Loan in the Mortgage Loan Portfolio that is not then a Defaulted Mortgage Loan, the lesser of:
  - (A) the outstanding Current Principal Balance of the Mortgage Loan as at the relevant Calculation Date; and
  - (B) the product of **M** and **L**, where:
    - I. **M** is 80%; and
    - II. **L** is the Indexed Valuation for the Property which secures the Mortgage Loan as at the relevant Calculation Date (but without double counting across Mortgage Loans); and
- (ii) for each Mortgage Loan in the Mortgage Loan Portfolio that is a Defaulted Mortgage Loan, zero;

less:

- (iii) where a Mortgage Loan in the Mortgage Loan Portfolio or the Related Security in respect of which the Seller was, in the immediately preceding Calculation Period, known by the Covered Bond Guarantor or the Trust Manager to be in breach of the Representations and Warranties contained in the Mortgage Sale Agreement as at the date of its sale to the Covered Bond Guarantor or where a Mortgage Loan in the Mortgage Loan Portfolio or the Related Security was the subject of a Product Switch and, in either case, the Seller has not repurchased the Mortgage Loan and the Related Security to the extent required by the terms

of the Mortgage Sale Agreement, an amount equal to the LVR Adjusted Mortgage Loan Balance Amount (as calculated pursuant to paragraphs (i) and (ii) above on the relevant Calculation Date) for each Mortgage Loan to which this paragraph (iii) applies; and

- (iv) where the Seller, in any preceding Calculation Period, was in material breach of any other warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in material breach of a term of the Servicing Agreement, an amount equal to the resulting financial loss incurred by the Covered Bond Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Trust Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Covered Bond Guarantor by the Seller or by the Servicer (as applicable) to indemnify the Covered Bond Guarantor for such financial loss).

The **Asset Percentage Adjusted Mortgage Loan Balance Amount** will be calculated for a Mortgage Loan, on the relevant Calculation Date, as the Asset Percentage multiplied by:

- (i) for each Mortgage Loan in the Mortgage Loan Portfolio that is not then a Defaulted Mortgage Loan, the lesser of:
  - (A) the outstanding Current Principal Balance of the Mortgage Loan as at the relevant Calculation Date; and
  - (B) the product of M and L, where:
    - I. M is 100%; and
    - II. L is the ~~Indexed~~-Latest Valuation for the Property which secures the Mortgage Loan as at the relevant Calculation Date (but without double counting across Mortgage Loans); and
- (ii) for each Mortgage Loan in the Mortgage Loan Portfolio that is a Defaulted Mortgage Loan, zero;

less:

- (iii) where a Mortgage Loan in the Mortgage Loan Portfolio or the Related Security in respect of which the Seller was, in the immediately preceding Calculation Period, known by the Covered Bond Guarantor or the Trust Manager to be in breach of the Representations and Warranties contained in the Mortgage Sale Agreement as at the date of its sale to the Covered Bond Guarantor or where a Mortgage Loan in the Mortgage Loan Portfolio or the Related Security was the subject of a Product Switch and, in either case, the Seller has not repurchased the Mortgage Loan and the Related Security to the extent required by the terms of the Mortgage Sale Agreement, an amount equal to the Asset Percentage Adjusted Mortgage Loan Balance Amount (as calculated pursuant to paragraphs (i) and (ii) above on the relevant Calculation Date) for each Mortgage Loan to which this paragraph (iii) applies; and
- (iv) where the Seller, in any preceding Calculation Period, was in material breach of any other warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in material breach of a term of the Servicing Agreement, an amount equal to the resulting financial loss incurred by the Covered Bond Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Trust Manager without double counting and to be reduced by any amount paid (in cash or in kind)

to the Covered Bond Guarantor by the Seller or by the Servicer (as applicable) to indemnify the Covered Bond Guarantor for such financial loss);

- B = the aggregate amount of any proceeds of each issue of any Intercompany Notes and/or any increase in the principal amount of the Demand Note which have not been applied as at the relevant Calculation Date;
- C = the aggregate principal balance of any Substitution Assets and Authorised Investments as at the relevant Calculation Date;
- D = the aggregate amount of Mortgage Loan Principal Receipts standing to the credit of the GIC Account as at the relevant Calculation Date (without double counting any amounts already covered in B above) but excluding any amounts due to be applied on or before the next Trust Payment Date in accordance with the applicable Priority of Payments;
- E = the amount of any Sale Proceeds standing to the credit of the Pre-Maturity Ledger as at the relevant Calculation Date (without double counting any amounts already covered in D above); and
- Z = the product of:
- (v) the weighted average remaining maturity of all Covered Bonds (expressed in years) then outstanding calculated by the Trust Manager as at the relevant Calculation Date (provided that if such amount is less than one, it will be deemed for the purposes of this calculation, to be one);
  - (vi) the Australian Dollar Equivalent of the then aggregate Principal Amount Outstanding of the Covered Bonds; and
  - (vii) the then Negative Carry Factor, where the **Negative Carry Factor** is:
    - (A) zero, for so long as the Interest Rate Swaps are in effect in accordance with their terms; or
    - (B) if the Interest Rate Swaps are not in effect in accordance with their terms, then either:
      - I. 0.50% if the then Weighted Average Spread is less than or equal to 0.10% per annum; or
      - II. 0.40%, plus the Weighted Average Spread, if such Weighted Average Spread is greater than 0.10%, per annum,
- where:
- III. the **Spread** is (A) in the case of a Series of floating rate Covered Bonds the Specified Currency of which is Australian Dollars and in respect of which there is no Covered Bond Swap in place, the margin for the Series specified in the applicable Final Terms; and (B) in any other case the spread used to calculate the floating amounts denominated in Australian Dollars payable by the Covered Bond Guarantor in accordance with the applicable Covered Bond Swap; and

- IV. the **Weighted Average Spread** is the weighted average Spread then payable on each Series of Covered Bonds (determined by reference to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the applicable Series).

## 12.2 Asset Coverage Test not satisfied

- (a) If on any Calculation Date prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor, the Asset Coverage Test as calculated on that Calculation Date is not satisfied, then the Trust Manager:
- (i) must immediately notify the Covered Bond Guarantor, the Bond Trustee and the Security Trustee in writing; and
  - (ii) undertakes to use all reasonable endeavours to arrange for the Covered Bond Guarantor to acquire sufficient additional Mortgage Loans and the Related Security from the Seller in accordance with the Mortgage Sale Agreement, and must direct the Covered Bond Guarantor, to purchase Substitution Assets or request subscriptions from the Demand Note Subscriber for an increase in the principal amount of the Demand Note under the Demand Note Subscription Agreement, to ensure that the Asset Coverage Test is satisfied on any date on or before the immediately following Calculation Date (by reference to the Adjusted Aggregate Mortgage Loan Amount and the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds in each case as calculated on such date).
- (b) If the Trust Manager has not taken sufficient action under Clause 12.2(a)(ii) by the Calculation Date immediately following the Calculation Date referred to in Clause 12.2(a)(ii) such that the Asset Coverage Test remains unsatisfied for a second consecutive Calculation Date, then:
- (i) the Trust Manager will immediately notify the Covered Bond Guarantor, the Bond Trustee and the Security Trustee in writing; and
  - (ii) the Bond Trustee must serve an Asset Coverage Test Breach Notice on the Covered Bond Guarantor (subject to the Bond Trustee having actual knowledge or express notice of the non-satisfaction of the Asset Coverage Test).
  - (iii) The Bond Trustee will be deemed to have revoked an Asset Coverage Test Breach Notice if, on any Calculation Date falling on or prior to the third consecutive Calculation Date, the Asset Coverage Test is subsequently satisfied and neither a Notice to Pay nor a Covered Bond Guarantee Acceleration Notice has been served. If the Bond Trustee is deemed to have revoked an Asset Coverage Test Breach Notice, the Trust Manager will immediately notify in writing the Bond Trustee of such revocation.
- (c) Following service of an Asset Coverage Test Breach Notice (which has not been revoked in accordance with Clause 12.2(b)):
- (i) the Covered Bond Guarantor may be required to sell Selected Mortgage Loans and the Related Security to Purchasers in accordance with Clause 21;
  - (ii) prior to the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice or, if earlier, the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice, the Pre-Acceleration Priority of Payments will be modified in accordance with Clauses 15.8 and 16.5; and

- (iii) the Issuer will not be permitted to issue any further Covered Bonds.
- (d) If an Asset Coverage Test Breach Notice has not been revoked in accordance with Clause 12.2(b), then the Asset Coverage Test will be breached and an Issuer Event of Default will occur on the next following Calculation Date after the service of such Asset Coverage Test Breach Notice and the Trust Manager must immediately give written notice of that occurrence to the Covered Bond Guarantor, the Bond Trustee and the Security Trustee.

### **12.3 Asset Percentage**

The Trust Manager must determine the Asset Percentage on each Calculation Date which is the lowest of:

- (a) 95%;
- (b) such percentage figure determined by the Trust Manager on each Calculation Date (and on such other dates as may be agreed, from time to time, between the Issuer and the Trust Manager) in accordance with the terms of this deed, being the percentage figure that is necessary to ensure that the Covered Bonds maintain the then current ratings assigned to them by Fitch;
- (c) such percentage figure as may be determined by the Trust Manager from time to time, in accordance with the terms of this deed, and notified to Moody's and the Security Trustee on the Calculation Date, or if no notification is made to Moody's and the Security Trustee on such Calculation Date, on the last date of such notification. If the Trust Manager so elects to notify Moody's and the Security Trustee of a new percentage figure (without being obliged to do so), this percentage figure will be the difference between 100 and the percentage amount of credit enhancement that is necessary to ensure that there is sufficient credit enhancement for the Covered Bonds to achieve an Aaa rating by Moody's using Moody's expected loss methodology (regardless of the actual Moody's rating of the Covered Bonds at the time); and
- (d) such other percentage figure as may be determined by the Issuer from time to time and notified to each of the Covered Bond Guarantor and the Trust Manager.

### **12.4 Limit on Asset Percentage**

Notwithstanding Clause 12.3, the Asset Percentage may not, at any time, exceed 95% unless otherwise agreed with the Rating Agencies.

### **12.5 No obligation to maintain AAA/Aaa rating**

There is no obligation on the Covered Bond Guarantor or the Issuer to ensure that a AAA rating is maintained by Fitch or an Aaa rating is maintained by Moody's in respect of the Covered Bonds and the Trust Manager is under no obligation to change the percentage figure determined by it and notified to Fitch or Moody's, as applicable, and the Covered Bond Guarantor and the Security Trustee in line with the level of credit enhancement required to ensure a AAA rating by Fitch or an Aaa rating by Moody's in respect of the Covered Bonds.

### **12.6 Trust Manager to provide Rating Agencies with information**

The Trust Manager will provide to each Rating Agency, at such times and in the manner so requested, all information in its possession relating to, or which may be required for, the Asset Percentage and its determination as each Rating Agency may request (acting reasonably) from time

to time. For the avoidance of doubt, the Rating Agencies will be under no obligation to determine the Asset Percentage.

## 12.7 Legislated Collateralisation Test

- (a) For so long as the Covered Bonds remain outstanding, the Trust Manager must ensure that on each Calculation Date prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor, the Legislated Asset Amount will be at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date.
- (b) The Trust Manager will perform all calculations required on each Calculation Date and any other date on which it is required to do so under any Programme Document.
- (c) The Legislated Asset Amount means the amount calculated on each Calculation Date as follows (or as may otherwise be agreed between the Trust Manager and the Issuer so as to comply with the requirements of section 31A of the Australian Banking Act):

$$(A + B + C + D + E) \times CP - ASL,$$

where:

A = The **Legislated Mortgage Loan Balance Amount** which will be calculated for a Mortgage Loan, on the relevant Calculation Date, as:

- (i) for each Mortgage Loan in the Mortgage Loan Portfolio that is not then a Defaulted Mortgage Loan, the lesser of:

- (A) the outstanding Current Principal Balance of the Mortgage Loan as at the relevant Calculation Date; and

- (B) the product of M and L, where:

- I. M is 80% or such other percentage figure required to comply with the Australian Banking Act; and

- II. L is the Latest Valuation for the Property which secures the Mortgage Loan (**Relevant Mortgage Loan**) as at the relevant Calculation Date provided that to the extent that the Property also secures any other loans which rank, as against that Property, in priority to or equally with the Relevant Mortgage Loan (each, an **Additional Mortgage Loan**), then for the purpose of determining L, the Latest Valuation for that Property is to be discounted by multiplying it with the ratio of:

- (a) the outstanding Current Principal Balance of the Relevant Mortgage Loan as at the relevant Calculation Date; to

- (b) the aggregate outstanding Current Principal Balance of the Relevant Mortgage Loan and each Additional Mortgage Loan as at the relevant Calculation Date; and

(in each case, for the avoidance of doubt, excluding any Mortgage Loans being extinguished in favour of the Seller on such Calculation Date but including any

Mortgage Loans being purchased by the Covered Bond Guarantor on such Calculation Date);

- (ii) for each Mortgage Loan in the Mortgage Loan Portfolio that is a Defaulted Mortgage Loan, zero;

B = the aggregate amount of any proceeds of each issue of any Intercompany Notes and/or any increase in the principal amount of the Demand Note which have not been applied as at the relevant Calculation Date;

C = the aggregate principal balance of any Substitution Assets and Authorised Investments as at the relevant Calculation Date;

D = the aggregate amount of Mortgage Loan Principal Receipts standing to the credit of the GIC Account as at the relevant Calculation Date (without double counting any amounts already covered in B above) but excluding any amounts due to be applied on or before the next Trust Payment Date in accordance with the applicable Priority of Payments;

E = the amount of any Sale Proceeds standing to the credit of the Pre-Maturity Ledger as at the relevant Calculation Date (without double counting any amounts already covered in D above);

$$CP = \frac{1}{1.03}; \text{ and}$$

ASL = any amounts payable by the Covered Bond Guarantor in accordance with:

- (i) Clauses 15.4(a) to 15.4(e) (inclusive) and Clauses 16.4(a) to 16.4(d) (inclusive);
- (ii) Clauses 17.5(a) to 17.5(h) (inclusive); or
- (iii) Clauses 8.2(a) to (f) (inclusive) of the Security Deed,

whichever Priority of Payments is applicable at the relevant Calculation Date.

## **12.8 Zero Coupon Bonds and Asset Coverage Test**

Notwithstanding any other provision of the Programme Documents, if Zero Coupon Covered Bonds are issued by the Issuer, then the level of collateralisation required in respect of those Zero Coupon Covered Bonds under the Asset Coverage Test shall be determined by the Issuer and the Trust Manager and, subject to it delivering a Rating Affirmation Notice to the Covered Bond Guarantor in respect of that determination, the Asset Coverage Test will be modified to reflect that required level of collateralisation under the Asset Coverage Test. Provided that a Rating Affirmation Notice is received, the consent of the Secured Creditors or the Bond Trustee will not be required in relation to that modification and the Bond Trustee and the Security Trustee shall agree to the proposed modification.

## **13. AMORTISATION TEST**

### **13.1 Amortisation Test**

For so long as the Covered Bonds remain outstanding, the Trust Manager must ensure that on each Calculation Date following the service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor

and the Issuer), the Amortisation Test Aggregate Mortgage Loan Amount will be in an amount at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date (the **Amortisation Test**).

### 13.2 Amortisation Test Aggregate Mortgage Loan Amount

The **Amortisation Test Aggregate Mortgage Loan Amount** will be calculated by the Trust Manager on each relevant Calculation Date as follows:

$$A + B + C - Z,$$

Where:

A = the aggregate of the **Amortisation Test Current Principal Balance** of each Mortgage Loan, which will be the product of L and M, where:

(i) L is the lesser of:

(A) the outstanding Current Principal Balance of the Mortgage Loan as calculated on the relevant Calculation Date; and

(B) 80% of the Indexed Valuation for the Property which secures the Mortgage Loan as at the relevant Calculation Date (but without double counting across Mortgage Loans); and

(ii) M is:

(A) for each Mortgage Loan that is not then a Defaulted Mortgage Loan M = 1.0; or

(B) for each Mortgage Loan that is then a Defaulted Mortgage Loan, M = zero;

B = the sum of the amount of any cash standing to the credit of the GIC Account and the principal amount of any Authorised Investments (excluding any Mortgage Loan Revenue Receipts received in the immediately preceding Calculation Period and any principal amounts due to be applied on or before the next Trust Payment Date in accordance with the applicable Priority of Payments);

C = the aggregate principal balance of any Substitution Assets not taken into account elsewhere in this calculation;

Z = the product of:

(i) the weighted average remaining maturity of all Covered Bonds then outstanding (expressed in years) (but if less than 1, then deemed to be 1);

(ii) the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds; and

(iii) the Negative Carry Factor.

### 13.3 Breach of Amortisation Test

If on any Calculation Date following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond

Guarantor and the Issuer), the Amortisation Test Aggregate Mortgage Loan Amount is less than the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date, then the Amortisation Test will be breached and a Covered Bond Guarantor Event of Default will occur. The Trust Manager must immediately notify the Covered Bond Guarantor, the Security Trustee and (for so long as Covered Bonds are outstanding) the Bond Trustee of any breach of the Amortisation Test.

#### **13.4 Zero Coupon Covered Bonds and Amortisation Test**

Notwithstanding any other provision of the Programme Documents, if Zero Coupon Covered Bonds are issued by the Issuer, then the level of collateralisation required in respect of those Zero Coupon Covered Bonds under the Amortisation Test shall be determined by the Issuer and the Trust Manager and, subject to it delivering a Rating Affirmation Notice to the Covered Bond Guarantor in respect of that determination, the Amortisation Test will be modified to reflect that required level of collateralisation under the Amortisation Test. Provided that a Rating Affirmation Notice is received, the consent of the Secured Creditors or the Bond Trustee will not be required in relation to that modification and the Bond Trustee and the Security Trustee shall agree to the proposed modification.

### **14. PRE-MATURITY LIQUIDITY**

#### **14.1 Application of Clause 14**

This Clause 14 only applies to Hard Bullet Covered Bonds.

#### **14.2 Pre-Maturity Test**

On each AU Business Day during the Pre-Maturity Test Period (each the **Pre-Maturity Test Date**) prior to the occurrence of an Issuer Event of Default and/or the occurrence of a Covered Bond Guarantor Event of Default, the Trust Manager must determine whether the Issuer is in compliance with the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds, and if it is not, the Trust Manager must immediately notify in writing the Covered Bond Guarantor, the Seller, the Bond Trustee and the Security Trustee of such non-compliance.

#### **14.3 Breach of Pre-Maturity Test**

The Issuer will fail and be in breach of the **Pre-Maturity Test** on any Pre-Maturity Test Date if the Issuer's:

- (a) long-term credit rating from Moody's is lower than A2 and the Final Maturity Date of the Series of Hard Bullet Covered Bonds occurs within 12 months from the relevant Pre-Maturity Test Date; or
- (b) short-term credit rating from Moody's is lower than P-1 or from Fitch is lower than F1+ and the Final Maturity Date of the Series of Hard Bullet Covered Bonds will fall within 12 months from the relevant Pre-Maturity Test Date.

#### **14.4 Offer to sell following breach of the Pre-Maturity Test**

Following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, the Trust Manager must (after taking into account the amount standing to the credit of the Pre-Maturity Ledger) direct the Covered Bond Guarantor to (such direction to be given promptly after the Trust Manager becomes aware of such breach and, in any event, within a time period which allows the Covered Bond Guarantor sufficient time to take the relevant action pursuant to this Clause) and,

upon receiving that direction, the Covered Bond Guarantor must offer to sell Selected Mortgage Loans and the Related Security to Purchasers in accordance with Clause 21, subject to:

- (a) an increase in the principal amount of the Demand Note in connection with any Pre-Maturity Demand Note Funding provided by the Demand Note Subscriber from time to time in accordance with Clause 14.5; and
- (b) any right of pre-emption enjoyed by the Seller in accordance with clause 14 of the Mortgage Sale Agreement,

provided that an Issuer Event of Default will occur if:

- (i) the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached during the Pre-Maturity Test Period; and
- (ii) the Covered Bond Guarantor has not taken the required actions as set out in this Clause 14.4 following that breach by the earlier to occur of:
  - (A) ten AU Business Days from the date that the Issuer is notified of that breach; and
  - (B) the Final Maturity Date of that Series of Hard Bullet Covered Bonds,

such that by the end of such ten AU Business Day period or, if earlier, the Final Maturity Date, there will be an amount standing to the credit of the Pre-Maturity Ledger equal to the Australian Dollar Equivalent of the Required Redemption Amount for that Series of Hard Bullet Covered Bonds after having taken into account the Australian Dollar Equivalent of the Required Redemption Amount of all other Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds and after having taken into account any amounts paid by the Issuer to the Covered Bondholders (in accordance with the Programme Documents) directly on account of the relevant Series of Hard Bullet Covered Bonds and any other Series of Hard Bullet Covered Bonds maturing prior to or on the same date as the relevant Series of Covered Bonds.

The Trust Manager will, upon the occurrence of any of the events specified in Clauses 14.4(b)(i) and (ii) above, immediately notify in writing the Covered Bond Guarantor, the Bond Trustee and the Security Trustee.

#### **14.5 Pre-Maturity Demand Note Funding**

Following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, the Trust Manager may, at its option, direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor must, by the earlier to occur of:

- (a) ten AU Business Days from the date that the Issuer is notified of that breach; and
- (b) the Final Maturity Date of that Series of Hard Bullet Covered Bonds,

request an increase in the principal amount of the Demand Note in connection with a Pre-Maturity Demand Note Funding from the Demand Note Subscriber in accordance with the Demand Note Subscription Agreement in an amount sufficient to ensure that there will be an amount standing to the credit of the Pre-Maturity Ledger equal to the Australian Dollar Equivalent of the Required Redemption Amount for that Series of Hard Bullet Covered Bonds after having taken into account the Australian Dollar Equivalent of the Required Redemption Account of all other Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds.

#### **14.6 Sale process**

If the Trust Manager fails within the prescribed time limit to direct the Covered Bond Guarantor to request an increase in the principal amount of the Demand Note in connection with a Pre-Maturity Demand Note Funding from the Demand Note Subscriber in accordance with the Demand Note Subscription Agreement in accordance with Clause 14.5 and if the Seller fails to exercise, within the prescribed time limit, or rejects its right of pre-emption in respect of the relevant Selected Mortgage Loans and the Related Security in accordance with clause 14 of the Mortgage Sale Agreement sufficient to provide an amount equal to the Australian Dollar Equivalent of the Required Redemption Amount for the relevant Series of Hard Bullet Covered Bonds, then the Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor must immediately commence the process for selling the Selected Mortgage Loans and the Related Security to Purchasers (other than the Selected Mortgage Loans) in accordance with Clause 21.

#### **14.7 Application of proceeds**

The proceeds of any Pre-Maturity Demand Note Funding provided by the Demand Note Subscriber in accordance with Clause 14.5 and the proceeds of any sale of the Selected Mortgage Loans and the Related Security received in accordance with clause 14 of the Mortgage Sale Agreement that constitute Available Principal Receipts must, on receipt, be applied by the Covered Bond Guarantor (acting at the direction of the Trust Manager) to the credit of the Pre-Maturity Ledger and deposited into the GIC Account in accordance with the method of allocation set out in Clause 16.4(a).

#### **14.8 Application of receipts following a breach of the Pre-Maturity Test**

Where the Pre-Maturity Test has been breached in respect of a Series of Hard Bullet Covered Bonds, if the Trust Manager determines on each Calculation Date falling in the period commencing on the date of such breach and ending on the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds the amount standing to the credit of the Pre-Maturity Ledger is less than the Australian Dollar Equivalent of the Required Redemption Amount of such Series of Hard Bullet Covered Bonds (after having taken into account the Australian Dollar Equivalent of the Required Redemption Amount of all other Series of Hard Bullet Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds), then Available Revenue Receipts and Available Principal Receipts must be applied by the Covered Bond Guarantor (acting at the direction of the Trust Manager) to the credit of the Pre-Maturity Ledger and deposited into the GIC Account in accordance with the Pre-Acceleration Revenue Priority of Payments and the Pre-Acceleration Principal Priority of Payments, respectively.

#### **14.9 No withdrawal**

Prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, amounts may not be debited from the Pre-Maturity Ledger except in accordance with this deed.

#### **14.10 Debit of Pre-Maturity Ledger**

If a Notice to Pay is served on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer) the Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor must on the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds debit the Pre-Maturity Ledger in an amount equal to the lower of:

- (a) the amount (in respect of principal) then due and payable on such Series of Hard Bullet Covered Bonds or, as applicable, the amount then due and payable (in respect of principal) under the relevant Covered Bond Swap in respect of such Series of Hard Bullet Covered Bonds (in both cases after taking into account of any payment made by the Issuer in respect of such principal amounts); and
- (b) funds standing to the credit of the Pre-Maturity Ledger.

Where two or more Series of Hard Bullet Covered Bonds share the same Final Maturity Date, the funds standing to the credit of the Pre-Maturity Ledger must be applied in accordance with this Clause 14.10 to make the payments set out in this Clause in no order of priority between them but in proportion to the respective amounts due.

The funds debited from the Pre-Maturity Ledger must be transferred by the Trust Manager from the GIC Account to the Transaction Accounts from which the Covered Bond Guarantor (acting at the direction of the Trust Manager) will, on the Final Maturity Date, (subject to making the requisite payment to the relevant Covered Bond Swap Provider) make a payment to the Bond Trustee or (if so directed by the Bond Trustee) to the applicable Agent in and towards the amount due on the relevant Series of Hard Bullet Covered Bonds.

#### **14.11 Failure to pay**

If the Issuer fully repays a Series of Hard Bullet Covered Bonds on their Final Maturity Date, any amount standing to the credit of the Pre-Maturity Ledger in the GIC Account following such repayment in full must be applied by the Covered Bond Guarantor (acting at the direction of the Trust Manager) in accordance with the applicable Priority of Payments unless the Issuer is failing the Pre-Maturity Test in respect of any other Series of Hard Bullet Covered Bonds, in which case the Trust Manager must ensure that sufficient cash is retained on the Pre-Maturity Ledger in order to provide liquidity for that other Series of Hard Bullet Covered Bonds.

#### **14.12 Application of amounts credited to Pre-Maturity Ledger**

Subject to Clause 14.11, if the Issuer regains its relevant ratings so that it is no longer in breach of the Pre-Maturity Test or if there are no further Hard Bullet Covered Bonds outstanding, any amounts standing to the credit of the Pre-Maturity Ledger must be applied and paid in accordance with the applicable Priority of Payments.

### **15. AVAILABLE REVENUE RECEIPTS**

#### **15.1 Allocation and distribution of Available Revenue Receipts prior to service of a Notice to Pay or Covered Bond Guarantee Acceleration Notice**

Subject to Clauses 15.8 and 22, prior to the service of a Notice to Pay on the Covered Bond Guarantor or the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, Available Revenue Receipts standing to the credit of the Trust Accounts will be allocated and distributed in accordance with this Clause 15.

#### **15.2 Calculations on each Calculation Date**

On the Calculation Date immediately preceding each Trust Payment Date, the Trust Manager must calculate:

- (a) the amount of Available Revenue Receipts available for distribution on the following Trust Payment Date;

- (b) the Reserve Fund Required Amount if applicable; and
- (c) if the Pre-Maturity Test has been breached in respect of a Series of Hard Bullet Covered Bonds, on each Calculation Date falling within any applicable Pre-Maturity Test Period, whether or not the amount standing to the credit of the Pre-Maturity Ledger at such date is less than the Australian Dollar Equivalent of the Required Redemption Amount for the relevant Series of Hard Bullet Covered Bonds at such date (after deducting from the balance standing to the credit of the Pre-Maturity Ledger such amount as is then required to repay any Series of Hard Bullet Covered Bonds which mature prior to or on the same date as the relevant Series of Hard Bullet Covered Bonds).

### 15.3 Transfer of funds

On each Trust Payment Date, the Covered Bond Guarantor (acting at the direction of the Trust Manager) must transfer funds from the GIC Account to the Transaction Accounts, in an amount equal to the lower of:

- (a) the amount required to make the payments or credits set out in Clause 15.4; and
- (b) the amount of Available Revenue Receipts standing to the credit of the GIC Account.

### 15.4 Pre-Acceleration Revenue Priority of Payments

On each Trust Payment Date (except for amounts due to third parties by the Covered Bond Guarantor under Clause 15.4(c)(iii) which in each case must be paid, at the direction of the Trust Manager, when due and, for the avoidance of doubt, any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements which must be paid, at the direction of the Trust Manager, directly to the relevant Swap Providers in accordance with the terms of the relevant Swap Agreements), the Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor will apply Available Revenue Receipts from the Transaction Accounts to make the following payments and provisions in the following order of priority (the **Pre-Acceleration Revenue Priority of Payments**) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, A\$1 to the Residual Income Unitholder;
- (b) *second*, in or towards satisfaction of any Accrued Interest Adjustment due and payable to the Seller in connection with the transfer of any Mortgage Loans to the Trust during the Calculation Period immediately preceding that Trust Payment Date;
- (c) *third*, in or towards satisfaction *pari passu* and rateably of:
  - (i) any amounts due and payable by the Covered Bond Guarantor to itself as trustee of the Trust, the Bond Trustee and the Security Trustee;
  - (ii) any amounts due and payable to each Agent under the provisions of the Agency Agreements;
  - (iii) any amounts due and payable to other third parties and incurred without breach by the Covered Bond Guarantor of the Programme Documents to which it is a party (and for which payment has not been provided for elsewhere in the relevant Priorities of Payments); and

(iv) any liability of the Covered Bond Guarantor for Taxes;

and to provide for any such amounts expected to become due and payable by the Covered Bond Guarantor in the Trust Payment Period in which such Trust Payment Date occurs;

(d) *fourth*, in or towards satisfaction *pari passu* and rateably of:

(i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer under the provisions of the Servicing Agreement in the Trust Payment Period in which such Trust Payment Date occurs, together with applicable GST (or other similar taxes) thereon;

(ii) amounts (if any) due and payable to the Account Bank (including costs) pursuant to the terms of the Account Bank Agreement, together with applicable GST (or other similar taxes) thereon;

(iii) amounts due and payable to the Cover Pool Monitor pursuant to the terms of the Cover Pool Monitor Agreement (other than the amounts referred to in Clause 15.4(k) below), together with applicable GST (or other similar taxes) thereon; and

(iv) any remuneration then due and payable to the Trust Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Trust Manager pursuant to this deed and the Management Agreement in the Trust Payment Period in which such Trust Payment Date occurs, together with any applicable GST (or other similar taxes) thereon;

**19. TERMINATION PAYMENTS IN RESPECT OF SWAPS, PREMIUMS RECEIVED IN RESPECT OF REPLACEMENT SWAPS**

If the Covered Bond Guarantor receives any:

- (a) termination payment from a Swap Provider in respect of a Swap, the Trust Manager will direct the Covered Bond Guarantor to use such termination payment (prior to the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer and only at the direction of the Trust Manager) first towards the payment to a replacement Swap Provider to enter

into a replacement Swap with the Covered Bond Guarantor, unless a replacement Swap has already been entered into on behalf of the Covered Bond Guarantor in which case the Trust Manager will direct the Covered Bond Guarantor to apply the termination payment in accordance with the applicable Priorities of Payment; and, in the case that the full amount of the termination payment is not required to pay the replacement Swap Provider, the remaining part of the termination payment will be applied in accordance with the applicable Priorities of Payment; and

- (b) premium from a replacement Swap Provider in respect of a replacement Swap, such premium will form part of the Available Revenue Receipts and the Trust Manager will direct the Covered Bond Guarantor to apply such premium in accordance with the applicable Priorities of Payment.

## **20. SALE OF SELECTED MORTGAGE LOANS**

Following:

- (a) the service of an Asset Coverage Test Breach Notice on the Covered Bond Guarantor;
- (b) a breach of the Pre-Maturity Test; or
- (c) the service of a Notice to Pay on the Covered Bond Guarantor,

the Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor must sell Selected Mortgage Loans in the Mortgage Loan Portfolio and the Related Security in accordance with Clause 21, subject to the Covered Bond Guarantor (acting at the direction of the Trust Manager) first utilising the proceeds of any subscription (if any) towards an increase in the principal amount of the Demand Note by the Demand Note Subscriber under the Demand Note Subscription Agreement.

The proceeds from any such sale must be deposited by the Covered Bond Guarantor (acting at the direction of the Trust Manager) into the GIC Account and applied in accordance with the applicable Priorities of Payment.

## **21. METHOD OF SALE OF SELECTED MORTGAGE LOANS**

### **21.1 Application of this Clause**

This Clause 21 will apply if the Covered Bond Guarantor is required to sell Selected Mortgage Loans in the Mortgage Loan Portfolio and the Related Security in accordance with Clause 20. The Trust Manager must at all times direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor will offer the Selected Mortgage Loans and the Related Security for sale to Purchasers subject to the rights of pre-emption in favour of the Seller pursuant to clause 14 of the Mortgage Sale Agreement.

### **21.2 Conditions precedent**

Before offering Selected Mortgage Loans in the Mortgage Loan Portfolio and the Related Security for sale in accordance with this Clause 21.2, the Trust Manager must ensure that:

- (a) the Selected Mortgage Loans are selected on a basis that is representative of the Mortgage Loans in the Mortgage Loan Portfolio as a whole and that if a Mortgage Loan is selected, its Related Security is also selected unless the Related Security also secures a Mortgage Loan in the Mortgage Loan Portfolio that is not also a Selected Mortgage Loan; and

- (b) the Selected Mortgage Loans have an aggregate Current Principal Balance in an amount (the **Required Current Principal Balance Amount**) which is as close as possible to the amount calculated as follows:
- (i) following the service of an Asset Coverage Test Breach Notice (but prior to service of a Notice to Pay on the Covered Bond Guarantor), such amount that would ensure that, if the Selected Mortgage Loans were sold at their Current Principal Balance plus the Arrears of Interest and Accrued Interest thereon, the Asset Coverage Test would be satisfied on the next Calculation Date taking into account the payment obligations of the Covered Bond Guarantor on the Trust Payment Date following that Calculation Date; or
  - (ii) following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Covered Bond Guarantor:

$$N \times \frac{\text{aggregate Current Principal Balance for all Mortgage Loans in the Mortgage Loan Portfolio}}{\text{Australian Dollar Equivalent of the Required Redemption Amount}}$$

in respect of each Series of Covered Bonds then outstanding

where **N** is an amount equal to the Australian Dollar Equivalent of:

- (x) in respect of Selected Mortgage Loans and the Related Security being sold following a breach of the Pre-Maturity Test, the Required Redemption Amount of the relevant Series of Hard Bullet Covered Bonds less amounts standing to the credit of the Pre-Maturity Ledger that are not otherwise required to provide liquidity for any Series of Hard Bullet Covered Bonds which mature prior to or on the same date as the relevant series of Hard Bullet Covered Bonds; or
- (y) in respect of Selected Mortgage Loans and the Related Security being sold following the service of a Notice to Pay on the Covered Bond Guarantor, the Required Redemption Amount of the Earliest Maturing Covered Bonds less amounts standing to the credit of the GIC Account and the principal amount of any Substitution Assets or Authorised Investments (excluding all amounts to be applied on the next following Trust Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds).

For the avoidance of doubt, Selected Mortgage Loans may comprise the entire Mortgage Loan Portfolio.

### 21.3 Offer price

The Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor will offer the Selected Mortgage Loans and the Related Security for sale to Purchasers for the best price reasonably available but in any event:

- (a) following the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay on the Covered Bond Guarantor), for an amount not less than the Current

Principal Balance of the Selected Mortgage Loans plus the Arrears of Interest and Accrued Interest thereon; and

- (b) following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Covered Bond Guarantor, for an amount not less than the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds.

#### **21.4 Failure to sell within six months**

Following a breach of the Pre-Maturity Test or the service of a Notice to Pay on the Covered Bond Guarantor, if the Selected Mortgage Loans have not been sold (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount by the date which is six months prior to:

- (a) in respect of a sale in connection with the service of a Notice to Pay on the Covered Bond Guarantor:
  - (i) where the relevant Covered Bonds are not subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Final Maturity Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto); and
  - (ii) where the relevant Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto); or
- (b) in respect of a sale in connection with a breach of the Pre-Maturity Test, the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds,

then the Covered Bond Guarantor (acting at the direction of the Trust Manager) will offer the Selected Mortgage Loans for sale for the best price reasonably available notwithstanding that such amount may be less than the Adjusted Required Redemption Amount.

#### **21.5 Sale in respect of other Series of Covered Bonds**

Following the service of a Notice to Pay on the Covered Bond Guarantor but prior to the occurrence of a Covered Bond Guarantor Event of Default, in addition to offering Selected Mortgage Loans for sale to Purchasers in respect of the Earliest Maturing Covered Bonds, the Trust Manager may direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor (subject to the right of pre-emption in favour of the Seller in the Mortgage Sale Agreement) will offer for sale a portfolio of Selected Mortgage Loans, in accordance with this Clause 21, in respect of other Series of Covered Bonds.

#### **21.6 Sale of Partial Portfolio**

The Covered Bond Guarantor (acting at the direction of the Trust Manager) is also permitted to offer for sale to Purchasers part of any portfolio of Selected Mortgage Loans (a **Partial Portfolio**). Except in circumstances where the portfolio of Selected Mortgage Loans is being sold within six months of, as applicable, the Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Extended Due for Payment Date in respect of the Series of Covered Bonds to be repaid from such proceeds of the sale of the Partial Portfolio, the sale price of the Partial Portfolio will (as a proportion of the Adjusted Required Redemption Amount) be at least equal to the proportion that the aggregate Current

Principal Balance of the Mortgage Loans in the Partial Portfolio bears to the aggregate Current Principal Balance of the Mortgage Loans in the relevant portfolio of Selected Mortgage Loans.

#### **21.7 Appointment of portfolio manager**

The Covered Bond Guarantor (acting at the direction of the Trust Manager) will through a tender process appoint a portfolio manager of recognised standing on a basis intended to incentivise the portfolio manager to achieve the best price for the sale of the Selected Mortgage Loans (if such terms are commercially available in the market) to advise it in relation to the sale of the Selected Mortgage Loans to Purchasers (except where the Seller is exercising its right of pre-emption in respect of the Selected Mortgage Loans in accordance with clause 14 of the Mortgage Sale Agreement). The terms of the agreement giving effect to the appointment in accordance with such tender must be approved by the Security Trustee. The Security Trustee must approve the appointment of the portfolio manager if:

- (a) the portfolio manager is an investment bank or accountant of recognised standing; and
- (b) two Authorised Signatories of the Trust Manager have certified to the Security Trustee that such appointment is on a basis intended to incentivise the portfolio manager to achieve the best price for the sale of the Selected Mortgage Loans (on terms which are commercially available in the market), which certificate will be conclusive and binding on all parties.

#### **21.8 Instructions to portfolio manager**

In respect of any sale of Selected Mortgage Loans and the Related Security following service of an Asset Coverage Test Breach Notice (if not revoked) or a Notice to Pay on the Covered Bond Guarantor, the Trust Manager will instruct the portfolio manager appointed in accordance with Clause 21.7 to use all reasonable endeavours to procure that Selected Mortgage Loans are sold as quickly as reasonably practicable (in accordance with the recommendations of the portfolio manager), taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of this deed.

#### **21.9 Terms of sale**

The terms of any sale and purchase agreement with respect to the sale of Selected Mortgage Loans (which will give effect to the recommendations of the portfolio manager appointed in accordance with Clause 21.7) will be subject to the prior written approval of the Security Trustee (unless the Seller has exercised its rights of pre-emption in accordance with clause 14 of the Mortgage Sale Agreement). The Security Trustee will not be required to release the Selected Mortgage Loans from the Security unless the conditions relating to the release of the Security as set out in clause 22.4 of the Security Deed are satisfied.

#### **21.10 Sale and purchase agreement**

The Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor must, subject to Clause 21.9, enter into a sale and purchase agreement with the related Purchasers (other than in the case of any extinguishment of the Seller's interest in any Mortgage Loans in accordance with the Mortgage Sale Agreement), which will require, amongst other things, a cash payment from the relevant Purchasers. Any such sale will not include any representations or warranties from the Covered Bond Guarantor or the Seller in respect of the Selected Mortgage Loans and the Related Security unless expressly agreed by the Security Trustee and otherwise agreed with the Seller and will be subject to the provisions set out in Clause 37.

### **21.11 Bond Trustee not liable**

The Bond Trustee will not be liable to any person for:

- (a) any delay in the appointment of or any failure to appoint the portfolio manager under Clause 21.7; or
- (b) any loss arising from the sale of Selected Mortgage Loans pursuant to this Clause 21.

### **21.12 Disposal of Mortgage Loans to Seller to be in accordance with Mortgage Sale Agreement**

Notwithstanding any other provision of this deed, including of this Clause 21, all disposals of Mortgage Loans and Related Security by the Covered Bond Guarantor to the Seller (whether by way of transfer or extinguishment) must occur in accordance with the mechanisms set out in the Mortgage Sale Agreement.

## **22. APPLICATION AND DISTRIBUTION OF MONEYS STANDING TO THE CREDIT OF THE TRUST ACCOUNTS**

From the date when either:

- (a) the Covered Bonds have been fully repaid and the Security constituted by the Security Deed has been released by the Security Trustee; or
- (b) the Security Trustee is satisfied that the Covered Bond Guarantor has an amount in cash standing to the credit of the GIC Account equal to the Australian Dollar Equivalent of the Required Redemption Amount in respect of each Series of Covered Bonds then outstanding,

all remaining moneys standing to the credit of the Trust Accounts (after paying or providing for all amounts required to repay higher ranking amounts in the relevant Priority of Payments) will be allocated and paid (at the direction of the Trust Manager) in the following order of priority:

- (c) *first*, to be paid to the Residual Income Unitholder in whole or partial satisfaction of any entitlement to Net Trust Income of the Trust remaining unpaid; and
- (d) *second*, to be paid to the Residual Capital Unitholders *pari passu* and rateably amongst them in respect of the Residual Capital Units.

## **23. LIMIT ON INVESTING IN SUBSTITUTION ASSETS AND AUTHORISED INVESTMENTS**

### **23.1 Investments in Substitution Assets by the Covered Bond Guarantor**

Provided no Asset Coverage Test Breach Notice is outstanding and prior to the service of a Notice to Pay on the Covered Bond Guarantor, the Trust Manager must direct the Covered Bond Guarantor to and, upon receiving that direction, the Covered Bond Guarantor will invest Available Revenue Receipts, Available Principal Receipts and the proceeds of issue of Intercompany Notes and the Demand Note (or the proceeds of any increase in the principal amount of the Demand Note) standing to the credit of the GIC Account in Substitution Assets, provided that:

- (a) the aggregate amount so invested in:
  - (i) any assets which fall within paragraph (a) of the definition of Substitution Assets does not exceed 15% of the total assets of the Trust at any one time (or such other

percentage required to ensure compliance with any limits in the Australian Banking Act on substitution assets that may collateralise covered bonds); and

- (ii) any particular class of Substitution Assets does not exceed any limits in the Australian Banking Act on substitution assets of that class that may collateralise covered bonds; and

- (b) such investments are made in accordance with the terms of the Management Agreement and this deed.

Depositing any amounts in any Trust Account will not constitute an investment in Substitution Assets for these purposes.

## **23.2 Sale of Substitution Assets following service of a Notice to Pay on the Covered Bond Guarantor**

Following the service of a Notice to Pay on the Covered Bond Guarantor or a breach of the Pre-Maturity Test, all Substitution Assets must be sold by the Covered Bond Guarantor (acting at the direction of the Trust Manager) as quickly as reasonably practicable, and the proceeds credited to the GIC Account after which the Covered Bond Guarantor (acting at the direction of the Trust Manager) will be permitted to invest all available moneys in Authorised Investments, provided that such sales or investments are made in accordance with the terms of the Management Agreement and this deed.

## **24. BANK ACCOUNTS OF THE TRUST**

The Trust Manager must open the Trust Accounts with the Account Bank subject to and in accordance with the terms of the Account Bank Agreement.

## **25. REPRESENTATIONS, WARRANTIES AND UNDERTAKINGS**

### **25.1 Representations and Warranties**

The Covered Bond Guarantor makes the representations and warranties set out in Schedule 1 as at the date of this deed in favour of the Trust Manager and the Security Trustee.

- (a) The parties acknowledge that the Trust is a member of a consolidated group of companies and trusts for tax purposes (**Consolidated Group**), the head company of which is National Australia Bank Limited ABN 12 004 044 937.
- (b) For so long as any Covered Bonds remain outstanding, the Trust Manager undertakes to procure that National Australia Bank Limited ABN 12 004 044 937, as head company of the Consolidated Group, will ensure that the tax-related liabilities of the head company of that Consolidated Group listed in section 721-10 of the Tax Act are covered by a valid tax sharing agreement (within the meaning of section 721-25 of the Tax Act) which complies with the requirements set out in Part 3-90 of the Tax Act and any regulations, and is consistent with any guidelines published by the Commissioner of Taxation concerning what is a reasonable allocation of group tax liabilities of a consolidated tax group among certain members of that group, or is otherwise accepted by the Commissioner of Taxation as being such a reasonable allocation.

## **26. COVERED BOND GUARANTOR'S POWERS**

### **26.1 General power**

### **26.2 Specific powers**

Without limiting the generality of Clause 26.1, the Covered Bond Guarantor has the following powers:

- (a) to make, purchase, acquire, dispose of or otherwise deal with any Permitted Investments and, notwithstanding any rule of law to the contrary, the Covered Bond Guarantor has the power to purchase any Permitted Investment from itself (whether it owns such Permitted Investment legally or beneficially);

Each of the above powers is a separate and independent power or obligation. None of them limits the others, or any other power or obligation of the Covered Bond Guarantor under this deed. No person lending moneys to the Covered Bond Guarantor or granting any other form of financial accommodation to or for the benefit of the Covered Bond Guarantor will be concerned to enquire as to the purpose for which the borrowing or financial accommodation is required or as to the application of any moneys borrowed.

### **26.3 Covered Bond Guarantor to act**

Subject to this deed, on receipt of any direction by the Trust Manager, the Covered Bond Guarantor:

- (a) must comply with the direction in accordance with this deed unless the Covered Bond Guarantor considers that it would be illegal for the Covered Bond Guarantor to do so, would constitute a breach of any fiduciary duty in respect of the Trust or breach of any document, agreement or law or would result in the Covered Bond Guarantor's exposure to a risk of liability where the Covered Bond Guarantor is not satisfied (acting reasonably) that it will be adequately indemnified or reimbursed for any cost, expense, loss or liability which it will or may incur as a result of complying with the direction; and
- (b) may rely upon the recommendations and advice of the Trust Manager with respect to the direction, without being under a duty to make any inquiries or to make any assessments or judgment in relation to:

- (b) The Covered Bond Guarantor's right to be indemnified in accordance with Clause 33.19(a) applies notwithstanding any allegation that the Covered Bond Guarantor has incurred any such Title Penalty Payment as a result of its fraud, negligence or wilful default or any other act or omission which may otherwise disentitle the Covered Bond Guarantor to be so indemnified. However, the Covered Bond Guarantor is not entitled to that right of indemnity or reimbursement to the extent that there is a determination by a relevant court of negligence, fraud or wilful default by the Covered Bond Guarantor (provided that, until such determination, the Covered Bond Guarantor is entitled to that right of indemnity or reimbursement but must, upon such determination, repay to the Trust any amount paid to it under this Clause 33.19).
- (c) This Clause overrides any other provision of this deed.
- (d) The Covered Bond Guarantor must call upon any right of indemnity from any other third party it may have under a Programme Document in respect of the Trust before it calls upon the indemnity in Clause 33.19(a). - (e) In accordance with the Programme Documents, the Covered Bond Guarantor may rely on the Trust Manager, the Seller and the Servicer in relation to compliance with any obligations in the Land Title Act.

## **37. LIMITED RECOURSE**

### **37.1 Limited recourse**

- (a) The Covered Bond Guarantor enters into the Programme Documents only in its capacity as trustee of the Trust and in no other capacity. A liability arising under or in connection with the Programme Documents is limited to and can be enforced against the Covered Bond Guarantor only to the extent

to which it can be satisfied out of the property of the Trust out of which the Covered Bond Guarantor is actually indemnified for the liability. This limitation of the Covered Bond Guarantor's liability applies despite any other provision of the Programme Documents and extends to all liabilities and obligations of the Covered Bond Guarantor in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this deed.

- (b) The parties other than the Covered Bond Guarantor may not sue the Covered Bond Guarantor in any capacity other than as trustee of the Trust, including seek the appointment of a receiver (except in relation to property of the Trust), a liquidator, an administrator or any similar person to the Covered Bond Guarantor or prove in any liquidation, administration or arrangement of or affecting the Covered Bond Guarantor (except in relation to property of the Trust).
- (c) The provisions of this Clause will not apply to any obligation or liability of the Covered Bond Guarantor to the extent that it is not satisfied because under the Programme Documents or by operation of law there is a reduction in the extent of the Covered Bond Guarantor's indemnification out of the assets of the Trust, as a result of the Covered Bond Guarantor's fraud, negligence or wilful default.
- (d) It is acknowledged that the Transaction Parties (other than the Covered Bond Guarantor) are each responsible under the Programme Documents for performing a variety of obligations relating to the Trust. No act or omission of the Covered Bond Guarantor (including any related failure to satisfy its obligations or breach of representation or warranty under this deed or any other Programme Document) will be considered fraud, negligence or wilful default of the Covered Bond Guarantor for the purpose of Clause 37.1(c) to the extent to which the act or omission was caused or contributed to by any failure by any Transaction Party (other than the Covered Bond Guarantor) or any other person to fulfil its obligations relating to the Trust or by any other act or omission of any Transaction Party (other than the Covered Bond Guarantor) or any other person. Any fraud, negligence or default of any Transaction Party (other than the Covered Bond Guarantor) or any other person who provides services in respect of the Trust or the Programme in acting under a Programme Document will not be attributed to the Covered Bond Guarantor in any circumstances.
- (e) No attorney, agent, receiver or receiver and manager appointed in accordance with the Programme Documents has authority to act on behalf of the Covered Bond Guarantor in a way which exposes the Covered Bond Guarantor to any personal liability and no act or omission of any such person will be considered fraud, negligence or wilful default of the Covered Bond Guarantor for the purpose of Clause 37.1(c).
- (f) The Covered Bond Guarantor is not obliged to do or refrain from doing anything under the Programme Documents (including incur any liability) unless the Covered Bond Guarantor's liability is limited in the same manner as set out in Clauses 37.1(a) to (c).

## **37.2 Limited recourse to the Security Trustee**

Notwithstanding any other provisions of the Programme Documents, each party to the Programme Documents (other than the Security Trustee) agrees with and acknowledges to the Security Trustee that the Security Trustee enters into each Programme Document to which it is a party only in its capacity as trustee of the Security Trust and in no other capacity and that the Security Trustee will have no liability under or in connection with any Programme Document (whether to the Secured Creditors, the Covered Bond Guarantor or any other person) other than to the extent to which the liability is able to be satisfied out of the property of the Security Trust from which the Security Trustee is actually indemnified for the liability. This limitation will not apply to a liability of the Security Trustee to the extent that it is not satisfied because, under the Programme Documents or by operation of law, there is a reduction in the extent of the Security Trustee's indemnification as a result of the Security Trustee's fraud, negligence or wilful default. Nothing in this Clause 37.2 or any

similar provision in any other Programme Document limits or adversely affects the powers of the Security Trustee, any receiver or attorney in respect of the Charge, or the Charged Property.

### **37.3 Corporate obligation only**

To the extent permitted by law, no recourse under any obligation, covenant, or agreement of any person contained in the Programme Documents may be had against any shareholder, officer, agent or director of such person as such, by the enforcement of any assessment or by any legal proceeding, by virtue of any statute or otherwise; it being expressly agreed and understood that the Programme Documents are corporate obligations of each person expressed to be a party hereto and no personal liability will attach to or be incurred by the shareholders, officers, agents or directors of such person as such, or any of them, under or by reason of any of the obligations, covenants or agreements of such person contained in the Programme Documents, or implied from such Programme Documents, and that any and all personal liability for breaches by such person of any of such obligations, covenants or agreements, either under any applicable law or by statute or constitution, of every such shareholder, officer, agent or director is hereby expressly waived by each person expressed to be a party hereto as a condition of and consideration for the execution of the Programme Documents.

## **38. SECURITY TRUSTEE**

### **38.1 Vesting of rights**

If there is any change in the identity of the Security Trustee in accordance with the provisions of the Security Deed, the Servicer, the Seller and the Covered Bond Guarantor must execute such documents and take such action as the successor Security Trustee and the outgoing Security Trustee may reasonably require for the purpose of vesting in the successor Security Trustee the rights and obligations of the outgoing Security Trustee under this deed and releasing the outgoing Security Trustee from its future obligations under this deed.

### **38.2 No assumption**

It is acknowledged and agreed that by its execution of this deed, the Security Trustee will not assume or have any of the obligations or liabilities of the Seller, the Trust Manager or the Covered Bond Guarantor under this deed. Furthermore, any liberty or power which may be exercised or any determination which may be made under this deed by the Security Trustee may be exercised or made in its absolute discretion without any obligation to give reasons for such determination, but in any event must be exercised or made in accordance with the provisions of the Security Deed.

### **38.3 Knowledge of the Security Trustee**

The Security Trustee will only be considered to have knowledge or notice of or awareness of any matter or thing if:

- (a) subject to (b), the Security Trustee has knowledge, notice or awareness of that matter or thing by virtue of the actual knowledge, notice or awareness of the officers or employees of the Security Trustee who have day to day responsibility for the administration of the Security Trustee's obligations under this deed, the Trust or any other Programme Document; and
- (b) in the case of a Covered Bond Guarantor Event of Default, Issuer Event of Default, Potential Covered Bond Guarantor Event of Default or a Potential Issuer Event of Default, such officer or employee referred to in paragraph (a) has actual knowledge that the event or circumstance constituting the Covered Bond Guarantor Event of Default, Issuer Event of

## **39. COVERED BOND GUARANTOR**

### **39.1 Capacity of the Covered Bond Guarantor**

It is acknowledged and agreed by all parties to this deed that the Covered Bond Guarantor is entering into this deed and the other Programme Documents solely in its capacity as trustee of the Trust and in no other capacity.

## **40. MISCELLANEOUS**

### **40.1 Certificate**

A certificate signed by the Covered Bond Guarantor or its solicitors about a matter or about a sum payable to the Covered Bond Guarantor in connection with this deed is sufficient evidence of the matter or sum stated in the certificate unless the matter or sum is proved to be false.

### **40.2 Exercise of rights**

The Covered Bond Guarantor or an attorney appointed under this deed may exercise a right, power or remedy at its discretion, and separately or concurrently with another right, power or remedy. In respect of any provision of this deed or any other Programme Document that refers to the Covered Bond Guarantor acting on the instruction or direction of the Trust Manager, the Bond Trustee or any other person, the Covered Bond Guarantor may (but will not be obliged to) do or not do any acts in relation to such matter as it determines in its sole discretion, if:

- (a) the relevant instruction or direction is not received by the Covered Bond Guarantor within any time prescribed by the Programme Documents, or otherwise within a reasonable time (as determined by the Covered Bond Guarantor in its sole discretion, taking into account the nature of the issue being considered and the appropriate amount of time for a decision to be made within); or
- (b) in the case of the matter on which the Covered Bond Guarantor is to act on the instruction or direction of the Trust Manager, a Trust Manager Termination Event has occurred, or, in the reasonable opinion of the Covered Bond Guarantor, will occur.

A single or partial exercise of a right, power or remedy by the person does not prevent a further exercise of that right, power or remedy or an exercise of any other right, power or remedy. Failure by the person to exercise or delay in exercising a right, power or remedy does not prevent its exercise. The person with the right, power or remedy is not liable for any loss caused by its exercise, attempted exercise, failure to exercise or delay in exercising it except in the case of its negligence, fraud or wilful default.

### **40.3 Supervening legislation**

Any present or future legislation which operates to vary the obligations of the Covered Bond Guarantor in connection with this deed with the result that the Covered Bond Guarantor's rights, powers or remedies are adversely affected (including by way of delay or postponement) is excluded except to the extent that its exclusion is prohibited or rendered ineffective by law.

#### **40.4 Indemnities**

Each indemnity in this deed is a continuing obligation, separate and independent from the other obligations of the Covered Bond Guarantor and the Trust Manager and survives termination of this deed. It is not necessary for the Covered Bond Guarantor or the Trust Manager to incur expense or make payment before enforcing a right of indemnity conferred by this deed.

#### **40.5 Further assurances**

The parties agree that they will co-operate fully to do all such further acts and things and execute any further documents as may be necessary or desirable to give full effect to the arrangements contemplated by this deed.

#### **40.6 No reliance on cashflows**

The Issuer acknowledges that it will not rely on payments made to any party under Clauses 15.4, 16.4 and 17.5 to make payments under any Covered Bonds.

#### **40.7 Prudential Standard APS 121 Covered Bonds**

The Issuer may, in its sole discretion, deem that a default as contemplated by paragraph 30 of the draft Prudential Standard APS 121 Covered Bonds (issued by APRA and dated November 2011 (or any equivalent or replacement provision in the final form of the Prudential Standard APS 121)) has occurred or will occur in respect of itself and the Issuer can stipulate the implications of deeming such a default to have occurred for the purposes of the standard.

### **41. PERSONAL PROPERTY SECURITY**

#### **41.1 Trust Manager undertaking**

- (a) The Trust Manager undertakes to take all reasonable steps under the PPS Law (including giving directions to the Covered Bond Guarantor and the Security Trustee) to ensure that the Security is perfected with the highest ranking priority possible.
- (b) The Trust Manager agrees to take these steps on or before the PPS Law registration commencement time.

#### **41.2 PPS Law review**

The Trust Manager agrees to engage legal counsel to review the Programme Documents to determine if a Programme Document (or a transaction in connection with it including any Mortgage Conditions) is or contains a Security Interest for the purposes of the PPS Law.

The Trust Manager agrees to ensure the advice is obtained within a reasonable period before the PPS Law registration commencement time.

#### **41.3 PPS Law further steps**

If the Trust Manager determines that:

- (a) a Programme Document (or a transaction in connection with it other than any transaction effected under the Mortgage Conditions) is or contains a security interest for the purposes of the PPS Law; and

- (b) failure to perfect that Security Interest may materially adversely affect all or any class of Secured Creditors,

each of the Covered Bond Guarantor, the Security Trustee, the Seller, the Servicer, and the Trust Manager (as applicable) agrees to do anything (such as depositing documents relating to the property secured by the Security Interest, obtaining consents, signing and producing documents, getting documents completed and signed and supplying information) which the Trust Manager asks and considers necessary for the purposes of:

- (i) ensuring that the Security Interest is enforceable, perfected (including, where possible, by control in addition to registration) and otherwise effective; or
- (ii) enabling the relevant secured party to apply for any registration, give any notification, or take any other step, in connection with the Security Interest so that the Security Interest has the highest ranking priority possible; or
- (iii) enabling the relevant secured party to exercise rights in connection with the Security Interest.

In making a determination under this Clause 41.3, the Trust Manager agrees to have regard to any advice obtained by it under Clause 41.2.

The Trust Manager agrees that if it makes the relevant determination under this Clause 41.2, it must make a request promptly and within a reasonable period before the PPS Law registration commencement time.

#### **41.4 Covered Bond Guarantor and Security Trustee obligations**

- (a) Each of the Covered Bond Guarantor and the Security Trustee agrees to comply with any reasonable directions given to it under this Clause 41, on the condition that:
  - (i) the directions contain sufficient detail as to the action required of the Covered Bond Guarantor or Security Trustee (or both of them);
  - (ii) if the directions are not sufficiently detailed to enable the Covered Bond Guarantor or Security Trustee (as applicable) to comply, the Covered Bond Guarantor or Security Trustee (as applicable) is not required to take any action other than to inform the Trust Manager that this is the case and specify the reason the Covered Bond Guarantor or the Security Trustee (as applicable) is unable to comply;
  - (iii) in the absence of any such directions, the Covered Bond Guarantor or Security Trustee (as applicable) is not required to take any action with respect to the PPS Law.
- (b) Neither the Covered Bond Guarantor nor the Security Trustee is responsible or liable to any person for any loss arising in relation to the Trust or the Security Trust in connection with the registration, perfection or priority of the Security or any other Security Interest created under any Programme Document (or any transaction in connection with a Programme Document) under the PPS Law or for, acting in accordance with any directions or requests given to it under this Clause 41 except to the extent that such loss is as a result of:
  - (i) the Covered Bond Guarantor's or Security Trustee's fraud or negligence; or
  - (ii) a breach by the Covered Bond Guarantor or the Security Trustee of its obligations under this Clause 41.

This paragraph does not limit the obligations of the Covered Bond Guarantor and Security Trustee under Clause 41.4(a).

For the avoidance of doubt, this Clause 41.4(b) operates as an exclusion of liability and nothing in Clause 41.4(b)(i) creates a liability of the Covered Bond Guarantor or the Security Trustee to any person to the extent that liability would not otherwise exist under the Programme Documents.

- (c) Neither the Covered Bond Guarantor nor the Security Trustee is required to:
- (i) take any action with respect to the PPS Law, other than in compliance with a direction given under this Clause 41, and subject to this Clause 41;
  - (ii) monitor the PPS Law or the implementation of it; or
  - (iii) make enquiries or satisfy itself that a direction purported to be given under this Clause 41 has been given in accordance with this Clause 41.

#### **41.5 Costs of further steps and undertaking**

Everything the Seller, Trust Manager and Servicer is required to do under this Clause 41 is at its own expense. Each of the Seller, Trust Manager and Servicer agrees to pay or reimburse the reasonable costs of the Secured Creditors in connection with anything the Seller, Trust Manager and Servicer is required to do under this Clause 41.

All costs and expenses (including time in attendance) incurred by the Covered Bond Guarantor and Security Trustee under this Clause 41 are expenses of the Trust.

#### **41.6 No PPSA notice required unless mandatory**

A secured party in respect of a Security Interest referred to in this Clause 41 need not give the relevant grantor any notice under the PPSA (including a notice of a verification statement) unless the notice is required by the PPS Law and cannot be excluded.

**1. DEFINITIONS AND INTERPRETATION**

**1.1 Definitions Schedule**

The nab Covered Bond Trust Definitions Schedule made between, amongst others, the parties to this deed on or about the date of this deed as the same may be amended, varied or supplemented from time to time (**Definitions Schedule**) is expressly and specifically incorporated into this deed and, accordingly, the expressions defined in the Definitions Schedule (as so amended, varied or supplemented) will, except where the context otherwise requires or where otherwise defined in this deed, have the same meanings in this deed, including the Introduction and this deed will be construed in accordance with the interpretation provisions set out in clause 2 of the Definitions Schedule.

If the Security Trustee considers that an amount paid by or on behalf of the Covered Bond Guarantor to a Secured Creditor and/or the Security Trustee and/or the Receiver under or pursuant to this deed or the other Programme Documents to which the Covered Bond Guarantor is a party is capable of being avoided or otherwise set aside in the winding-up of the Trust or otherwise and that there is a reasonable prospect of such winding-up occurring and of such payment being so avoided or set aside, then that amount will not be considered to have been irrevocably paid for the purposes of this deed.

### **1.3 Construction**

In this deed, except where the context otherwise requires:

- (a) a reference to any property, assets, undertakings or rights includes present and future property, assets, undertakings or rights; and

### **1.4 nab**

Any notice, letter or other communication that, pursuant to the terms of this deed is required to be delivered by nab (acting in one capacity) solely to nab (acting in a different capacity), will be deemed to be complied with by nab without a formal notice, letter or other communication being issued or received provided that, at the relevant time, it maintains a written record of the subject matter of the relevant notice, letter or other communication.

## **2.3 Duration of Trust**

The trust established under this deed commences on the date of this deed and ends on the Vesting Date unless determined earlier.

## **2.4 Security Trustee's discretion**

Subject to Clause 11.26, without prejudice to the rights of the Security Trustee after the Security has become enforceable, the Covered Bond Guarantor hereby authorises the Security Trustee, prior to the Security becoming enforceable, to exercise, or refrain from exercising, all rights, powers, authorities, discretions and remedies of the Covered Bond Guarantor under or in respect of the Programme Documents to which the Covered Bond Guarantor is a party (other than this deed and, in respect of the Swap Agreements, after giving effect to all applicable netting and set-off provisions therein) in such manner as the Security Trustee in its absolute discretion thinks fit. For the avoidance of doubt, the Security Trustee will not be required to have regard to the interests of the Covered Bond Guarantor in the exercise or non-exercise of any such rights, powers, authorities, discretions and remedies or to comply with any direction given by the Covered Bond Guarantor in relation thereto.

## **2.5 Rights and power of Security Trustee**

Except where expressly provided otherwise in this deed, the Security Trustee may exercise, or refrain from exercising, all of its rights, powers, authorities, discretions and remedies under this deed and the other Programme Documents, and may form opinions, and give consents, approvals and waivers under this deed and the other Programme Documents, in accordance with the direction or instructions of (for so long as there are any Covered Bonds outstanding) the Bond Trustee or (where no Covered Bonds are outstanding) the Majority Secured Creditors.

## **2.6 Exercise of rights and compliance with obligations**

The Security Trustee has all the powers of a natural person or corporation in connection with the exercise of its rights and compliance with its obligations under the Programme Documents.

## **2.7 Rights of Secured Creditors**

The Secured Creditors are bound by, and are deemed to have notice of, the provisions of the Programme Documents. The rights of the Secured Creditors are limited by the terms of such Programme Documents.

## **2.8 Restrictions on Secured Creditors**

Without limiting Clause 2.6, no Secured Creditor is entitled (other than as permitted by this deed or any other Programme Document) to:

However, nothing in this Clause prevents a Secured Creditor from:

- (i) exercising its rights in connection with any Programme Document;
- (ii) taking proceedings to obtain an injunction or other order to restrain any breach of any Programme Document; or
- (iii) taking proceedings to obtain declaratory relief in relation to any Programme Document.

### **3.3 Election by Security Trustee**

The Security Trustee may elect, at any time following the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, to require payment to it of all or part of the Secured Obligations. (g)(i) above will be correspondingly reduced to take account of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (h) *eighth*, in or towards satisfaction *pari passu* and rateably according to the respective amounts thereof, of any Excluded Swap Termination Amounts due and payable by the Covered Bond Guarantor under the Swap Agreements;

- (a) execute in favour of the Security Trustee, or as the Security Trustee directs, and in a form acceptable to the Security Trustee, further documents; and
- (b) do the things the Security Trustee stipulates,

to provide more effective security to the Security Trustee over the Charged Property with the priority required by the Security Trustee, for the payment of the Secured Obligations and to enable the Security Trustee to exercise its rights in connection with the Charged Property, except that the Covered Bond Guarantor will not be obliged to obtain an executed transfer of any Mortgage, or notify any relevant Borrower in respect of any Mortgage, unless a Title Perfection Event has occurred and is subsisting.

### **9.2 Completion of instruments**

An Authorised Signatory of the Security Trustee may fill in any blanks in this deed and complete in favour of the Security Trustee or anyone purchasing under the powers given by this deed any

instrument executed by or on behalf of the Covered Bond Guarantor in blank and deposited with the Security Trustee in connection with this deed.

## **10. REPRESENTATIONS AND WARRANTIES**

### **10.1 Covered Bond Guarantor representations and warranties**

The Covered Bond Guarantor, as trustee of the Trust, represents and warrants that it has the power under the Establishment Deed to grant the Security and that it has taken no action to create any Security Interest in respect of the Charged Property (other than any Security Interest permitted or contemplated by any Programme Document), and the Covered Bond Guarantor further represents and warrants on the terms of the representations and warranties set out in Part 1 of Schedule 2.

### **10.2 Security Trustee representations and warranties**

The Security Trustee represents and warrants on the terms of the representations and warranties set out in Part 2 of Schedule 2.

## **11. SECURITY TRUSTEE'S POWERS AND LIMITATIONS**

### **11.1 Power to invest prior to enforcement**

Subject to Clause 7.5 all moneys received by the Security Trustee and not required to be applied immediately under any of the discretions or powers contained in this deed may be placed at the time by the Security Trustee in Authorised Investments.

### **11.2 Prior Notification**

The Security Trustee must, if reasonably practicable, give prior notification to the Seller of the Security Trustee's intention to enforce the Security, provided always that the failure of the Security Trustee to provide such notification will not prejudice the ability of the Security Trustee to enforce the Security.

### **11.3 Security immediately enforceable**

Without prejudice to the provisions of Clause 14, the Security will become immediately enforceable at any time following service of a Covered Bond Guarantee Acceleration Notice or, if there are no Covered Bonds outstanding, following a default in the payment of any other Secured Obligations on its due date.

### **11.4 Power to invest on or after enforcement**

Any moneys which under the trusts of this deed ought to or may be invested by the Security Trustee (or by the Trust Manager or any other agent on its behalf) after the Security has become enforceable may be invested in the name of the Security Trustee or in the name of any nominee on its behalf and under the control of the Security Trustee in any Authorised Investments and the Security Trustee may at any time vary or transfer (or direct the Trust Manager to vary or transfer) any of such Authorised Investments for or into other such Authorised Investments as the Security Trustee in its absolute discretion may determine, and will not be responsible (save where any loss results from the Security Trustee's fraud, negligence or wilful default or that of its officers or employees) for any loss occasioned by reason of any such Authorised Investments whether by depreciation in value or otherwise, provided that such Authorised Investments were made in accordance with the foregoing provisions. If a bank or institution with which any moneys placed on deposit in accordance with this

Clause is the Security Trustee or an affiliate of the Security Trustee, it need only account for an amount of interest equal to the amount of interest which would, at then current rates, be payable by it on such a deposit to an independent customer. The income from such Authorised Investments may be accumulated and such accumulations and investments must then be applied in or towards satisfaction of any amounts owing to the Security Trustee under Clause 8.2(b)(ii) and then in accordance with the Post-Enforcement Priority of Payments.

#### **11.5 Other powers**

The Security Trustee may, whenever it thinks it expedient in the interests of the Secured Creditors, apply to any court for an order that the powers and trusts of this deed be exercised or carried out, for the appointment of a Receiver of the Charged Property or any part thereof and for any other order in relation to the execution and administration of the powers and trusts of this deed and for directions in relation to any question of law or fact arising either before or after the Security created pursuant to this deed has become enforceable and assent to, and approve of or oppose any application to any court made by or at the instance of any Secured Creditor, the Covered Bond Guarantor or the Trust Manager. Further, the Security Trustee:

- (a) may take such action as it is directed to take by (for so long as there are any Covered Bonds outstanding) the Bond Trustee or (where no Covered Bonds are outstanding) the Majority Secured Creditors to defend the Security Trust against any legal proceedings that, if successful, might adversely affect the Security Trust; and
- (b) may take such action as it considers necessary to defend itself as trustee of the Security Trust against any legal proceedings.

#### **11.6 Discretion of Security Trustee as to exercise of powers**

Subject to Clause 2.5 and any other express provision to the contrary contained in this deed, the Security Trustee will, as regards all the powers, authorities and discretions vested in it by this deed have absolute discretion as to the exercise of them in all respects and, in the absence of fraud, negligence or wilful default on its part, the Security Trustee will not be in any way responsible for any loss, costs, damages, claims or obligations that may result from the exercise or non-exercise of them.

#### **11.7 Limitation on Security Trustee's actions**

Notwithstanding knowledge by, or notice to, the Security Trustee of a Covered Bond Guarantor Event of Default or anticipatory or actual breach of, or default under, any covenant, obligation, condition or provision by the Covered Bond Guarantor or the Trust Manager contained in or imposed by this deed or any other Programme Document, the Security Trustee is only required to take all such steps and do all such things as it is empowered to do having regard to the powers, authorities and discretions vested in it pursuant to this deed and the obligations imposed on the Security Trustee by this deed.

#### **11.8 Effect of resolution**

An Extraordinary Resolution passed at a meeting of Covered Bondholders duly convened and held in accordance with the Bond Trust Deed and any subsequent instructions relating to the Extraordinary Resolution to be provided by the Bond Trustee acting in accordance with the Bond Trust Deed are binding upon the Security Trustee and all the Secured Creditors whether present or not present at such meeting and each of such Secured Creditors and (subject to Clauses 11.18 and 11.19) the Security Trustee is bound to give effect to the Extraordinary Resolution. Nothing in this

Clause 11.8 requires the Security Trustee to do or omit to do any act if, in the opinion of the Security Trustee, this might cause it to breach a law, a Programme Document, a fiduciary duty or an obligation owed to another person.

### **11.9 Limitations on Security Trustee's responsibility**

The Security Trustee is not to and will not be:

- (a) under any liability whatsoever for acting in accordance with any resolution of Covered Bondholders nor will the Security Trustee be held responsible if it acts upon any resolution purporting to have been passed at any meeting of the Covered Bondholders of one or more Series at which minutes were made and signed even though it may subsequently be found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any other reason the resolution was not valid or binding upon any of those Secured Creditors whom it purports to bind or upon the Security Trustee;
- (b) obliged to notify the Secured Creditors of the happening or continuance of a Covered Bond Guarantor Event of Default;
- (c) bound or concerned to examine or enquire into, nor be liable for any defect or failure in, the title of the Covered Bond Guarantor to any Charged Property; and
- (d) under any liability whatsoever for a failure to take any action in respect of any breach by the Covered Bond Guarantor of its duties as trustee of the Trust of which the Security Trustee is not actually aware or in respect of a Covered Bond Guarantor Event of Default of which the Security Trustee is not actually aware,

except to the extent that any such matter or liability is caused by the fraud, negligence or wilful default of the Security Trustee.

### **11.10 No liability**

The Security Trustee is not liable:

- (a) for any loss, costs, damages or expenses arising out of the exercise or non- exercise of a discretion or for any act or omission on its part under this deed;
- (b) for any loss, costs, damages or expenses arising out of the exercise or non- exercise of a discretion of the Covered Bond Guarantor or the Trust Manager or the act or omission of the Covered Bond Guarantor or the Trust Manager;
- (c) for any loss caused by its failure to check any information, document, form or list supplied or purported to be supplied to it by the Covered Bond Guarantor or the Trust Manager;
- (d) to the Secured Creditors or any other person for any liability or thing beyond the extent of the Security Trustee's right of indemnity from the assets of the Security Trust or beyond the extent to which the Security Trustee is actually indemnified for the liability or thing;
- (e) to make a payment to any Secured Creditor except out of funds held for that purpose pursuant to this deed; or
- (f) for any other act or omission on its part,

except, in the case of paragraphs (a), (b), (d), (e) and (f), to the extent that the relevant matter is due to the fraud, negligence or wilful default of the Security Trustee.

#### **11.11 Security Trustee not responsible for monitoring**

- (a) Each Secured Creditor (other than the Bond Trustee in its personal capacity, the Covered Bond Guarantor in its personal capacity and the Security Trustee in the case of sub-paragraphs (i) and (ii) below) is taken to confirm for the benefit of the Security Trustee that:
  - (i) it has made its own appraisal and investigation of the business, financial condition, status and affairs of the Trust Manager, the Servicer, the Cover Pool Monitor, the Account Bank, the Issuer, the Covered Bond Guarantor and each other party to each Programme Document, of the assets of the Trust and of the property comprising the Security Trust;
  - (ii) it is solely responsible for continuing that appraisal and investigation after the date of this deed;
  - (iii) it has not entered into any Programme Document as the result of any inducement from, or representation or statement by, the Security Trustee and that the Security Trustee is not concerned with, or responsible for, any statement or information contained in the Base Prospectus or other document issued in connection with the invitation for the subscription of Covered Bonds; and
  - (iv) it has made its own appraisal of its financial return under the Programme Documents.
- (b) Each Secured Creditor is taken to confirm that it has not relied, and will not rely, on the Security Trustee at any time, and that the Security Trustee is not required:
  - (i) to provide it with any information concerning the business, financial condition, status or affairs of the Trust Manager, the Servicer, the Cover Pool Monitor, the Account Bank, the Issuer, the Covered Bond Guarantor or any other party to any Programme Document;
  - (ii) to investigate the adequacy, accuracy or completeness of any information provided by the Trust Manager, the Servicer, the Cover Pool Monitor, the Account Bank, the Issuer, the Covered Bond Guarantor or any other party to any Programme Document in connection with the Programme Documents (whether or not the information is provided to that Secured Creditor by the Security Trustee);
  - (iii) to assess or keep under review the business, financial condition, status or affairs of the Trust Manager, the Servicer, the Cover Pool Monitor, the Account Bank, the Issuer, the Covered Bond Guarantor or any other party to any Programme Document or to inspect any of their properties or books;
  - (iv) to investigate whether or not a Covered Bond Guarantor Event of Default has occurred;
  - (v) to verify or otherwise confirm that any asset acquired by or otherwise arising or accruing in favour of, the Covered Bond Guarantor is an Authorised Investment; or

- (vi) to investigate or keep itself informed as to the performance by any other party to any Programme Document of its obligations under any Programme Document, or any other document or agreement to which one or more of them is a party.
- (c) Except to the extent contemplated by another Programme Document, the Security Trustee has no duty or responsibility, but is authorised in its absolute discretion, to provide any Secured Creditor with any credit or other information concerning the assets, liabilities, financial condition or business of the Covered Bond Guarantor, the Trust or (to the extent that it is relevant to the performance by that person of its obligations under the Programme Documents) the Trust Manager or the Servicer which may come into the possession of the Security Trustee.

#### **11.12 Security Trustee's further duties**

Subject to this deed and each other Programme Document, or as permitted or contemplated by this deed and each other Programme Document, the Security Trustee must comply with the duties imposed on it by this deed and each other Programme Document to which it is a party and must:

- (a) act continuously as trustee of the Security Trust until it is terminated in accordance with this deed or until the Security Trustee has retired or been removed in accordance with this deed;
- (b) exercise all due diligence and vigilance in carrying out its functions and duties under this deed;
- (c) retain the Security Trust in safe custody and hold it on trust for the Secured Creditors upon the terms of this deed; and
- (d) not sell, create a Security Interest over, or part with the possession of any part or the whole of the Security Trust (or permit any of its officers, agents and employees to do so) except as permitted or contemplated by any Programme Document.

#### **11.13 Acceptance of certificates etc**

The Security Trustee is, for any purpose and at any time, entitled to rely on, act upon, accept and regard as conclusive and sufficient (without being in any way bound to call for further evidence or information or being responsible for any loss that may be occasioned by such reliance, acceptance or regard) any of the following:

- (a) any information, report, balance sheet, income statement, certificate or statement supplied by the Covered Bond Guarantor, the Trust Manager or any other party to a Programme Document by any Authorised Signatory, auditor or solicitor of any of them and any other details of the identity of, Secured Obligations owing to, and notice details of, any Secured Creditor;
- (b) all statements (including statements made or given to the best of the maker's knowledge and belief or similarly qualified) contained in any information, report, balance sheet, income statement, certificate or statement given pursuant to, or in relation to, this deed or the Establishment Deed; and
- (c) all accounts supplied to the Security Trustee pursuant to this deed and all reports of the Auditor of the Trust supplied to the Security Trustee pursuant to this deed or the Establishment Deed,

except, in each case, when it is actually aware that the information supplied pursuant to Clauses (a) to (c) above is incorrect.

#### **11.14 Act on opinion of experts**

The Security Trustee may, in relation to this deed or the rights, powers or obligations conferred or imposed by this deed, act on the advice or opinion or information received from any adviser of a kind appropriate to the particular case including any lawyer, banker, accountant, securities company, broker or valuer or other expert in Australia or elsewhere, whether obtained by the Security Trustee or otherwise (including by the Covered Bond Guarantor or the Trust Manager). The Security Trustee is not responsible for any loss occasioned by so acting in good faith and any such advice or opinion or information may be given verbally or by letter or otherwise. The Security Trustee is not to be liable for any loss occasioned by acting in good faith on any opinion, advice and information purporting to be so conveyed although the same contains some error or is not authentic.

#### **11.15 Right to rectify**

The Security Trustee may do anything which should have been done by the Covered Bond Guarantor or the Trust Manager under this deed but which has not been done or which the Security Trustee considers has not been done properly, but the Security Trustee is under no obligation to do so.

#### **11.16 Ascertain Covered Bond Guarantor Event of Default**

The Security Trustee need not:

- (a) without limiting any other provision of this deed, notify any person of the execution of this deed; or
- (b) take any steps to ascertain whether there has occurred any Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default.

Nothing in this Clause limits or restricts the duties of the Security Trustee to take any action if it becomes actually aware of, or has actual notice of, a Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default. Until it has received written notice to the contrary from the Trust Manager or a Secured Creditor, the Security Trustee may assume that no Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default has occurred and that the Covered Bond Guarantor and the Trust Manager are observing and performing all the obligations on their part contained in the Programme Documents and need not inquire whether that is, in fact, the case.

#### **11.17 No duty to investigate**

The Security Trustee has no duty to keep itself informed about the circumstances of the Issuer, the Covered Bond Guarantor, the Trust Manager, the Account Bank or the Cover Pool Monitor, or the performance by the Issuer, the Covered Bond Guarantor, the Trust Manager, the Account Bank or the Cover Pool Monitor of their respective obligations under this deed or the other Programme Documents or (subject to the express requirements of this deed) to consider or provide any Secured Creditor with any information with respect to the Issuer, the Covered Bond Guarantor, the Trust Manager, the Account Bank or the Cover Pool Monitor.

### **11.18 Liability must be limited**

The Security Trustee is not obliged to do or omit to do anything including enter into any transaction or expend or risk its own funds or otherwise incur any liability in the performance of any of its duties or in the exercise of any of its rights or powers or otherwise in connection with this deed or any other Programme Document (including forming any opinion or employing any legal, financial or other adviser) unless repayment of such funds is assured to the Security Trustee's satisfaction or the Security Trustee's liability is limited in a manner which is consistent with Clause 12.7.

### **11.19 Receipt of instructions**

Without limiting its rights, powers and discretions, but subject to its express duties or obligations under Clause 12.5, the Security Trustee will not be required to exercise any right, power or discretion (including to require anything to be done, form any opinion or view, make a determination or give any notice, consent, waiver or approval) without specific instructions given by the Bond Trustee, or, if there are no Covered Bondholders, without specific instructions given by the Majority Secured Creditors. However, the Security Trustee may exercise a right, power or discretion before it receives any such instructions if the Security Trustee reasonably believes that it is in the best interests of the Secured Creditors that it does so (and provided that the Security Trustee first notifies in writing the Secured Creditors of its intention to do so).

The provisions of this Clause 11.19 and Clause 12.5 apply notwithstanding any other provision of the Programme Documents which provides, or which may be construed, to the contrary.

### **11.20 Dispute or ambiguity**

In the event of any dispute or ambiguity as to the construction or enforceability of this deed or any other Programme Document, or the Security Trustee's powers or obligations under or in connection with this deed or the determination or calculation of any amount or thing for the purpose of this deed or the construction or validity of any direction from Secured Creditors, the Security Trustee may (but will have no obligation to):

- (a) obtain and rely on advice from any person referred to in Clause 11.14; and
- (b) apply to a court or similar body for any direction or order the Security Trustee considers appropriate,

and provided the Security Trustee is using reasonable endeavours to resolve such ambiguity or dispute, the Security Trustee, in its absolute discretion, may (but will have no obligation to) refuse to act or refrain from acting in relation to matters affected by such dispute or ambiguity.

### **11.21 No liability for documents**

The Security Trustee has no responsibility for the form or contents of this deed or any other Programme Document and will have no liability arising as a result of or in connection with any inadequacy, invalidity or unenforceability of any provision of this deed or the other Programme Documents except insofar as it applies to the Security Trustee or to any representation and warranty given by the Security Trustee.

### **11.22 Conflict of duty**

- (a) If there is at any time a conflict between a duty owed by the Security Trustee to the Covered Bondholders and a duty owed by the Security Trustee to any other Secured Creditor or class

of Secured Creditor, then the Security Trustee must have regard only to the interests of the Covered Bondholders while any of the Covered Bonds remain outstanding and will not be required to have regard to the interests of any other Secured Creditor or any other person or to act upon or comply with any direction or request of any other Secured Creditor or any other person while any amount remains owing to any Covered Bondholders.

- (b) In connection with the exercise of its powers, trusts, authorities and discretions (including any modifications, waiver, authorisation or determination), the Security Trustee must have regard to the general interests of the Covered Bondholders (or any Series thereof) as a class and will not have regard to any interests arising from circumstances particular to individual Covered Bondholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular country, territory or any political subdivision thereof and the Security Trustee will not be entitled to require, nor will any Covered Bondholder, Receiptholder or Couponholder be entitled to claim from, the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders, Receiptholders or Couponholders, except to the extent already provided for in Condition 7.
- (c) If, in connection with the exercise of its powers, trusts, authorities and discretions, the Security Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series could or would be materially prejudiced thereby, the Security Trustee may determine that it will not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders by Extraordinary Resolution or by a direction in writing of such Covered Bondholders of not less than 25%, of the Australian Dollar Equivalent of the Principal Amount Outstanding of the Covered Bonds of the relevant Series then outstanding, and which has not been contradicted by a direction in writing of such Covered Bondholders of an equal or greater Australian Dollar Equivalent received by the Security Trustee prior to exercise thereof.
- (d) Provided that the Security Trustee acts in good faith under this Clause 11.22, it will not incur any liability to any Secured Creditor or any other person for doing so.

### **11.23 Delegation**

The Security Trustee may in accordance with this Clause authorise in writing specified parties to act as its delegate, attorney or agent to perform its functions under the Programme Documents (including the holding of Mortgage Loan Files and a power to sub-delegate). The Security Trustee may include provisions in the authorisation to protect and assist those dealing with the delegate, attorney or agent as the Security Trustee may think fit in the interests of the Secured Creditors. The Security Trustee will give prompt notice to the Covered Bond Guarantor and the Rating Agencies of any such appointment.

### **11.24 Restrictions on delegation**

The Security Trustee must not delegate to any person any of its trusts, duties, powers, authorities and discretions under this deed except:

- (a) subject to this Clause, to a Related Company of the Security Trustee;
- (b) to the Trust Manager, the Servicer or a Receiver in accordance with the provisions of this deed or any other Programme Document relating;

- (c) to any clearing house (in respect of which the Security Trustee is not liable for its acts or omissions); or
- (d) in accordance with the provisions of this deed, provided that, in each case, the Security Trustee must not delegate to such third parties any material part of its powers, duties or obligations as Security Trustee.

Where the Security Trustee delegates any of its trusts, duties, powers, authorities and discretions to any person who is a Related Company of the Security Trustee, the Security Trustee at all times remains liable for the acts or omissions of the Related Company and for the payment of fees of the Related Company when acting as delegate. Subject to this, the Security Trustee is not liable for the acts or omissions of any delegate, attorney or agent if it appointed the delegate, attorney or agent using reasonable care and in good faith.

#### **11.25 Termination of delegation**

Any delegation made by the Security Trustee under Clause 11.24 in respect of the Security Trust will automatically terminate if the Security Trustee retires, or is removed, in accordance with this deed.

#### **11.26 Limit on duties**

The Security Trustee has no duties, obligations or responsibilities other than those expressly set out in this deed.

#### **11.27 No liability**

Without limitation, the Security Trustee is not liable for:

- (a) any decline in the value or loss realised upon any sale or other dispositions made under this deed of any Charged Property;
- (b) any decline in value of the Charged Property directly or indirectly arising from the Security Trustee acting or failing to act as a consequence of an opinion reached by it; or
- (c) any omission, delay or mistake or any loss or irregularity in or about the exercise, attempted exercise, non-exercise or purported exercise of any of its powers under this deed,

except to the extent caused or contributed to by any fraud, negligence or wilful default on the part of the Security Trustee.

#### **11.28 Authorisation or waiver of breach**

The Security Trustee may, without the consent of the Covered Bondholders, Receiptholders or Couponholders of any Series and without the consent of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document) and without prejudice to their rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time but only if (for so long as there are any Covered Bonds outstanding) instructed by the Bond Trustee (pursuant to Clause 20.1 of the Bond Trust Deed) or (where no Covered Bonds are outstanding) the Majority Secured Creditors, waive or authorise any breach or proposed breach of any of the covenants or provisions contained in the Covered Bonds of any Series, this deed or any other Programme Document or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond

Guarantor Event of Default will not be treated as such for the purposes of this deed. Any such waiver, authorisation, modification or determination will be binding on the Covered Bondholders, the related Receipholders and/or the Couponholders and the other Secured Creditors and if, but only if, the Bond Trustee or the Security Trustee so require, will be notified by the Trust Manager to the Covered Bondholders in accordance with Condition 13 as soon as practicable thereafter.

### **11.29 Provision of information**

Where the Security Trustee requests or requires directions or consent from the Bond Trustee in relation to exercising any right, power or discretion under this deed, the Security Trustee must provide to the Bond Trustee all the information the Bond Trustee may reasonably require to be able to provide such direction or consents.

### **11.30 Security Trustee's determination**

As between itself and the Secured Creditors, the Security Trustee has full power to determine (acting reasonably and in good faith) all questions and doubts arising in relation to any of the provisions of this deed or any Programme Document and every such determination, whether based upon a question actually raised or implied in the acts or proceedings of the Security Trustee, is conclusive and binds the Secured Creditors.

### **11.31 Security Trustee acting on direction of the Trust Manager**

Each of the Secured Creditors (a) acknowledges that the Security Trustee may act on the direction of the Trust Manager under certain provisions of the Programme Documents and (b) authorises the Security Trustee to act on the direction of the Trust Manager when permitted or required to do so under any provision of any Programme Document without obtaining any direction or instruction from any person (including, without limitation, the Bond Trustee or the Majority Secured Creditors).

## **12. EXERCISE OF CERTAIN RIGHTS**

### **12.1 No enforcement by Secured Creditors**

Each of the Secured Creditors (other than the Security Trustee and, in relation to Clause 12.1(b) below, the Bond Trustee) agrees with the Covered Bond Guarantor and the Security Trustee that:

- (a) only the Security Trustee (acting on the directions of (for so long as there are any Covered Bonds outstanding) the Bond Trustee or (where no Covered Bonds are outstanding) the Majority Secured Creditors) may enforce the Security in accordance with the provisions of this deed; and
- (b) save to the extent permitted by or provided for in the Programme Documents, it will not take any steps for the purpose of:
  - (i) recovering any of the Secured Obligations (including by exercising any rights of set-off); or
  - (ii) enforcing any rights arising out of the Programme Documents against the Covered Bond Guarantor or procuring the winding-up of the Trust in respect of any of its liabilities whatsoever,

unless the Security Trustee, having become bound to take any steps or proceedings to enforce the Security under or pursuant to this deed, fails to do so within a reasonable time

and such failure is continuing, in which case each of such Secured Creditors will be entitled to take any such steps and proceedings as it deems necessary (other than the presentation of a petition for the winding-up of the Trust).

## 12.2 Subordination

- (a) Each of the Secured Creditors agrees to be bound by the terms of each Priority of Payments set out in the Establishment Deed and this deed. Without prejudice to Clause 12.1, each of the Secured Creditors (other than the Bond Trustee in relation to the Covered Bond Guarantee) further agrees with each other party to this deed that, notwithstanding any other provision contained in this deed or in any other Programme Document:
  - (i) it will not demand or receive payment of, or any distribution in respect of or on account of, any amounts payable by the Covered Bond Guarantor (or the Trust Manager on its behalf) or the Security Trustee, as applicable, to that Secured Creditor under the Programme Documents, in cash or in kind, and will not, save to the extent permitted by or provided for in the Programme Documents, apply any money or assets in discharge of any such amounts payable to it (whether by set-off or by any other method), unless all amounts then due and payable by the Covered Bond Guarantor to all other Secured Creditors ranking higher in the relevant Priorities of Payments have been paid in full;
  - (ii) if any amount is received by it (including by way of set-off) in respect of Secured Obligations owed to it:
    - (A) prior to the occurrence of a Covered Bond Guarantor Event of Default and/or service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, other than in accordance with the provisions of this deed and the Pre-Acceleration Priority of Payments or the Guarantee Priority of Payments or as a result of the set-offs described in clause 8.5 of the Intercompany Note Subscription Agreement and clause 10.3 of the Demand Note Subscription Agreement, as applicable, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of this deed and the Pre-Acceleration Priority of Payments or the Guarantee Priority of Payments, as applicable, will be received and held by it as trustee for the Covered Bond Guarantor and must be paid over to the Covered Bond Guarantor immediately upon receipt so that such amount can be applied in accordance with the provisions of this deed and the Pre-Acceleration Priority of Payments or the Guarantee Priority of Payments, as applicable; and
    - (B) after the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, other than in accordance with the provisions of this deed and the Post-Enforcement Priority of Payments or as a result of the set-offs described in clause 8.5 of the Intercompany Note Subscription Agreement and clause 10.3 of the Demand Note Subscription Agreement then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of this deed and the Post-Enforcement Priority of Payments will be received and held by it as trustee for the Security Trustee and must be paid over to the Security Trustee immediately upon receipt so

that such amount can be applied in accordance with the provisions of this deed and the Post-Enforcement Priority of Payments;

- (iii) without prejudice to the foregoing, whether in the winding-up of the Trust or any other party to the Programme Documents or otherwise, if any payment or distribution (or the proceeds of any enforcement of any Security Interest) is received by a Secured Creditor (other than the Bond Trustee in relation to the Covered Bond Guarantee) in respect of any amount payable by the Covered Bond Guarantor (or the Trust Manager on its behalf) or the Security Trustee or any insolvency official of the Trust, as applicable, to that Secured Creditor under the relevant Programme Document at a time when, by virtue of the provisions of the relevant Programme Document, the Establishment Deed and this deed, no payment or distribution should have been made, the amount so received must promptly be paid by that Secured Creditor to the Security Trustee and pending such payment will be held by that Secured Creditor upon trust for the Security Trustee, and immediately upon receipt by the Security Trustee must be applied in accordance with the terms of this deed and the other Programme Documents; and
  - (iv) without prejudice to Clause 12.1, it will not claim, rank, prove or vote as creditor of the Covered Bond Guarantor or its estate in competition with any prior ranking Secured Creditors in the relevant Priorities of Payments, the Security Trustee or the Bond Trustee, as applicable, or claim a right of set-off until all amounts then due and payable to Secured Creditors who rank higher in the relevant Priorities of Payments have been paid in full.
- (b) Neither the Covered Bond Guarantor nor the Security Trustee may, and the Trust Manager will not direct the Covered Bond Guarantor or the Security Trustee to, pay or repay, or make any distribution in respect of, any amount owing to a Secured Creditor under the relevant Programme Documents (in cash or in kind) unless and until the Trust Manager (in the case of a payment by the Covered Bond Guarantor) or the Security Trustee, as applicable, determines that all amounts then due and payable by the Covered Bond Guarantor or the Security Trustee to all other Secured Creditors ranking higher in the relevant Priorities of Payments have been paid in full.
- (c) The perpetuity period for the trusts in this Clause 12.2 is 80 years.

### **12.3 Discretionary enforcement**

Subject to the provisions of this deed, the Security Trustee may at any time, at its discretion and without notice, take such proceedings and/or other action as it may think fit against, or in relation to, the Covered Bond Guarantor or any other person to enforce their respective obligations under or pursuant to this deed or any other Programme Document. Subject to the provisions of this deed, at any time after the Security has become enforceable, the Security Trustee may, at its discretion and without notice, take such steps as it may think fit to enforce the Security.

### **12.4 Mandatory enforcement**

The Security Trustee will not be bound to take any steps to enforce any provision of this deed or to institute any proceedings or to enforce the Security unless the Security Trustee:

- (a) has been directed to do so by the Bond Trustee (so long as there are any Covered Bonds outstanding) or (if there are no Covered Bonds outstanding) the Majority Secured Creditors; and

- (b) has been indemnified and/or secured and/or pre-funded to its satisfaction against all Liabilities to which it may thereby render itself liable and all Liabilities which it may incur by so doing and the terms of such indemnity may include the provision of a fighting fund, non-recourse loan or other similar arrangement and provided always that the Security Trustee will not be bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled. The Security Trustee acknowledges that Bond Trustee is not obliged to provide indemnification, security or pre-funding to the Security Trustee.

## **12.5 Mandatory other action**

The Security Trustee is not obliged to take any other steps (other than the steps referred to in Clause 12.4) under this deed or any of the other Programme Documents or exercise any of its powers, rights, trusts, authorities, duties, functions or discretions (including to require anything to be done, form any opinion or view, make any determination or give any notice, consent, waiver or approval) under or pursuant to this deed or any other Programme Document to which the Security Trustee is a party without first taking instructions from the Bond Trustee (so long as there are any Covered Bonds outstanding) (provided that the Security Trustee is not required to seek instructions from the Bond Trustee in relation to Clause 22 or any investments in Authorised Investments) or (if there are no Covered Bonds outstanding) the Majority Secured Creditors; and the Security Trustee has been indemnified and/or secured to its satisfaction as aforesaid and provided always that the Security Trustee will not be bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled.

## **12.6 Disposal of Charged Property**

Notwithstanding Clause 11, if the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Covered Bonds, the Security Trustee will not be entitled to dispose of any of the Charged Property unless either a sufficient amount would be realised to allow discharge in full of all amounts owing to the Covered Bondholders or the Security Trustee is of the sole opinion, which will be binding on the Secured Creditors, reached after considering at any time and from time to time the advice of any financial adviser (or such other professional advisers reasonably selected by the Security Trustee for the purpose of giving such advice), that the cash flow prospectively receivable by the Covered Bond Guarantor will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Covered Bond Guarantor, to discharge in full in due course all amounts owing to the Covered Bondholders. The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee will be paid by the Covered Bond Guarantor.

## **12.7 Limited recourse**

Clause 37 of the Establishment Deed is incorporated into this deed as if set out here in full with any necessary amendments to clause references and references to applicable documents.

## **12.8 Notice of action to remedy Covered Bond Guarantor Event of Default**

If the Covered Bond Guarantor or the Trust Manager take any action or procedures to remedy a Covered Bond Guarantor Event of Default, the Covered Bond Guarantor or the Trust Manager, as the case may be, must keep the Security Trustee informed of those actions and procedures (respectively).

## **12.9 Security Trustee or Receiver to make offer to sell to Seller**

- (a) Prior to the Security Trustee or the Receiver selling, liquidating or otherwise disposing of the Mortgage Loan Portfolio, the Authorised Investments or the Substitution Assets of the Covered Bond Guarantor (the **Offered Assets**) under this deed to any person or entity (other than the Seller), the Security Trustee or the Receiver must serve a notice on the Seller advising the Seller of the proposed sale, liquidation or disposal of those Offered Assets.
- (b) The Seller may following receipt of a notice from the Security Trustee or the Receiver in accordance with paragraph (a) above serve a notice on the Security Trustee or the Receiver offering to acquire some or all of the Offered Assets and the terms upon which it is willing to acquire the relevant Offered Assets.
- (c) If the Security Trustee or the Receiver has received an offer from a person or entity (other than the Seller) in respect of the Offered Assets on terms more favourable to the Secured Creditors than those proposed by the Seller, the Security Trustee or the Receiver must advise the Seller of the terms of that other offer. The Seller may then offer to acquire the Offered Assets on the terms of that other offer.
- (d) The Security Trustee or the Receiver must accept an offer from the Seller pursuant to paragraphs (b) or (c) above provided that:
  - (i) the Seller provides a legal opinion from a reputable law firm that the acquisition of the Offered Assets by the Seller will be legal, valid, binding and enforceable; and
  - (ii) the Security Trustee or the Receiver is satisfied that the offer is not materially prejudicial to the Secured Creditors.

## **13. APPOINTMENT OF RECEIVER**

### **13.1 Power to appoint Receiver**

The Security Trustee may in its absolute discretion and will, if directed by the Bond Trustee (for so long as any Covered Bonds are outstanding) or (if there are no Covered Bonds outstanding) by the Majority Secured Creditors, subject to Clause 12:

- (a) at any time after the Security has become enforceable; or
- (b) at the request of the Covered Bond Guarantor (acting at the direction of the Trust Manager),

appoint in writing any person or persons to be Receiver of all or any of the Charged Property. A Receiver will be the agent of the Covered Bond Guarantor, and the Covered Bond Guarantor alone will be responsible for the acts and defaults of the Receiver. The Security Trustee may remove any Receiver and may appoint a new Receiver in place of a Receiver who has been removed, retired or died, or in addition to a Receiver already appointed.

### **13.2 Powers of Receiver**

Every Receiver appointed in respect of any Charged Property will (in addition to the powers which a receiver, or receiver and manager, has at law) have power to do all or any of the following things, in such manner and on such terms and conditions as the Receiver thinks fit:

- (a) enter upon and take possession of the Charged Property;

- (b) carry on, or concur in carrying on, any business of the Covered Bond Guarantor;
- (c) carry out necessary repairs, effect insurances, and do anything else which the Covered Bond Guarantor could do in the conduct of its business;
- (d) employ, appoint and terminate the employment or appointment of, any officer, manager, employee or agent;
- (e) dispose, or agree to the disposal, of any interest in the Charged Property;
- (f) give receipts for money, and do all acts, matters and things which the Receiver thinks proper for realising the Charged Property;
- (g) acquire an interest in any asset forming part of the Charged Property;
- (h) compromise, settle or submit to arbitration any accounts, claims, questions or disputes which may arise in connection with the business of the Covered Bond Guarantor;
- (i) bring, take, defend or compromise any proceedings in the name of the Covered Bond Guarantor or otherwise;
- (j) sign in the name and on behalf of the Covered Bond Guarantor, and/or affix the common seal (if any) of the Covered Bond Guarantor to, all documents which the Receiver considers necessary or expedient;
- (k) vary, or agree to the variation of, any contract or arrangement to which the Covered Bond Guarantor is a party;
- (l) make calls upon shareholders and contributories in respect of any uncalled amounts on shares in the Covered Bond Guarantor and enforce payment of all unpaid calls, for which purpose the provisions contained in the constitution of the Covered Bond Guarantor, or otherwise provided by law, in respect of calls will (with necessary modifications) apply, will continue to subsist notwithstanding any change in directors of the Covered Bond Guarantor, and will be exercisable to the exclusion of the powers of the directors;
- (m) exercise and enforce all rights, powers and remedies which the Covered Bond Guarantor could exercise over or in relation to its assets while a going concern, whether or not the Covered Bond Guarantor is then in liquidation;
- (n) raise or borrow any money and secure the same with interest by any form of Security Interest over the Charged Property in priority to, equally with, or subsequent to, any Secured Obligations, or otherwise;
- (o) generally do, procure or allow such acts and things in respect of that Charged Property as if the Receiver had absolute ownership of the Charged Property and carried on the business of the Covered Bond Guarantor for the Receiver's own benefit, without being answerable for any consequent loss or damage;
- (p) delegate any of the Receiver's powers to any person or persons for such time as the Security Trustee approves;
- (q) pay and discharge out of the profits and income of the Charged Property and the moneys to be made by it in carrying on the business of the Trust the expenses incurred in and about the carrying on and management of the business or in the exercise of any of the powers

conferred by this Clause 13.2 or otherwise in respect of the Charged Property and all outgoing which it thinks fit to pay and to apply the residue of the said profits, income or moneys in the manner provided by Clause 8 of this deed; and

- (r) do all or any of the things in paragraphs (a) to (q) above alone or in conjunction with any receiver or receiver and manager appointed by the holder or holders of any other security interest over that Charged Property.

### **13.3 Remuneration of Receiver**

The Security Trustee may fix the remuneration of a Receiver at an amount, or on a basis, agreed with the Receiver or, failing agreement, as determined by the Security Trustee.

### **13.4 No liability for Receiver**

The Security Trustee will not be responsible for anything done or not done by the Receiver. To the extent permitted by law, the Receiver will be the agent of the Covered Bond Guarantor and not the Security Trustee. The Receiver's remuneration and necessary expenses must be paid out of the Charged Property, subject to Clause 8 and otherwise in accordance with this deed.

### **13.5 Indemnity to Receiver**

The Security Trustee may give an indemnity, in such terms as it in its absolute discretion considers appropriate, in favour of a Receiver appointed in accordance with this Clause 13. Any indemnity granted to the Receiver by the Security Trustee must be limited in a manner consistent with Clause 11.18 or the Security Trustee must otherwise be indemnified to its satisfaction.

### **13.6 Compliance with Corporations Act**

The Receiver must comply with section 420A of the Corporations Act in connection with any sale, liquidation or disposal of any Charged Property under this deed.

## **14. POWERS OF SECURITY TRUSTEE AND EXCLUSION OF STATUTORY NOTICES**

### **14.1 Security Trustee has powers of Receiver**

At any time after the Security has become immediately enforceable and following service of a Covered Bond Guarantee Acceleration Notice or, if there are no Covered Bonds outstanding, following a default in the payment or discharge of any other Secured Obligation on its due date, the Security Trustee, in addition to powers conferred by other provisions of this deed or by law, may, subject to the provisions of Clause 13, exercise any of the powers set out or referred to in Clause 13 (each of which is to be construed as if the reference to the Receiver were a reference to the Security Trustee) and whether or not a Receiver has been or could be appointed under this deed.

### **14.2 No liability as mortgagee in possession**

If either the Security Trustee or a Receiver exercises its rights under this deed (including under Clause 11 or 13), exercises its rights conferred by law or takes possession of the Charged Property pursuant to this deed, then neither of them is liable to account as mortgagee in possession.

### **14.3 Give up possession of Charged Property**

The Security Trustee may give up possession of the Charged Property at any time if the Security Trustee:

- (a) believes in good faith that it is in the interests of the Secured Creditors to do so; or
- (b) reasonably considers that it will, by retaining possession of the Charged Property, incur a liability which is not limited in accordance with Clause 11.18.

#### **14.4 Exclusion of notices**

The Security Trustee or a Receiver need not give notice or a demand to the Covered Bond Guarantor or allow time to elapse before exercising a right, power or remedy under this deed or conferred by law, unless notice or demand or a lapse of time is required by a law which cannot be excluded. If the law requires that a period of notice must be given or a lapse of time must occur or be permitted before a right, power or remedy under this deed or conferred by law may be exercised, then:

- (a) when a period of notice or lapse of time is mandatory, that period of notice must be given or that lapse of time must occur or be permitted by the Security Trustee or Receiver; or
- (b) when the law provides that a period of notice or lapse of time may be stipulated or fixed by this deed, one day is stipulated and fixed as that period of notice or lapse of time and, without limitation, where applicable, one day is stipulated and fixed as the period of notice or lapse of time during which:
  - (i) default must continue before a notice is given or requirement otherwise made for payment of the Secured Obligations or the observance of obligations under this deed; and
  - (ii) a notice or requirement for payment of the Secured Obligations or the observance of obligations under this deed must remain not complied with before the Security Trustee's or Receiver's rights, powers or remedies may be exercised.

#### **14.5 Compliance with Corporations Act**

The Security Trustee must comply with section 420A of the Corporations Act in connection with any sale, liquidation or disposal of any Charged Property under this deed.

### **15. EXPENSES AND INDEMNITY**

#### **15.1 Expenses**

The Covered Bond Guarantor covenants with and undertakes to the Security Trustee, subject to and in accordance with the applicable Priority of Payments, to reimburse or pay (but only following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor) to the Security Trustee or any Receiver of all or any of the Charged Property the amount of all costs (including legal costs), charges and expenses properly incurred or sustained by the Security Trustee or any Receiver (including, for the avoidance of doubt, any such costs, charges and expenses arising from any act or omission of, or proceedings involving, any third person) in connection with:

- (a) the exercise or the attempted exercise, or the consideration of the exercise by or on behalf of the Security Trustee or any Receiver of any of the powers of the Security Trustee or such Receiver, and the enforcement, preservation or attempted preservation of this deed (or any of the Security) or any of the Charged Property or any other action taken by or on behalf of the Security Trustee or such Receiver with a view to or in connection with the recovery by the Security Trustee or such Receiver of the Secured Obligations from the Trust or any other person; or

- (b) the carrying out of any other act or matter which the Security Trustee or any Receiver may consider to be necessary for the preservation, improvement or benefit of the Charged Property.

## **15.2 Indemnity**

The Covered Bond Guarantor agrees to indemnify in full (but only following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor) the Security Trustee and any Receiver on demand, on an after-Tax basis, from and against all losses, actions, claims, costs (including legal costs and travel expenses), charges and expenses (including insurance premiums), demands and liabilities whether in contract, tort or otherwise now or hereafter properly sustained or incurred and properly documented by the Security Trustee or such Receiver and their respective officers and employees or by any person for whose liability, act or omission the Security Trustee or such Receiver may be answerable, in connection with anything done (or alleged to have been done or omitted to be done) or omitted to be done under or pursuant to this deed or any other Programme Document to which such entity is a party, or in the exercise or purported exercise of the powers herein contained, or occasioned by any breach by the Covered Bond Guarantor of any of its covenants or other obligations to the Security Trustee, or in consequence of any payment in respect of the Secured Obligations (whether made by the Covered Bond Guarantor or a third person) being declared void or impeached for any reason whatsoever.

## **15.3 Costs of experts**

The costs, charges and expenses referred to in Clause 15.1 include those payable to any independent consultant or other person appointed to evaluate any matter of concern (including any person consulted by the Security Trustee pursuant to Clause 11.14), any agent of the Security Trustee, any Receiver or any attorney appointed under this deed, and, in the case of the Security Trustee, its administration costs in connection with any event referred to in Clause 15.1.

## **15.4 GST**

- (a) In this Clause 15.4:
  - (i) words and expressions which are not defined in this deed but which have a defined meaning in GST Law have the same meaning as in the GST Law; and
  - (ii) GST Law has the same meaning given to that expression in the A New Tax System (Goods and Services Tax) Act 1999.
- (b) Unless expressly stated, all prices or other sums payable or consideration to be provided under this document are exclusive of GST.
- (c) If GST is payable on any supply made under this deed, for which the consideration is not expressly stated to include GST, the recipient will pay to the supplier an amount equal to the GST payable on the supply.
- (d) The recipient will pay the amount referred to in Clause 15.4(c) in addition to and at the same time that the consideration for the supply is to be provided under this deed.
- (e) The supplier must deliver a tax invoice or an adjustment note to the recipient before the supplier is entitled to payment of an amount under Clause 15.4(c). The recipient can withhold payment of the amount until the supplier provides a tax invoice or adjustment note as appropriate.

- (f) If an adjustment event arises in respect of a taxable supply made by a supplier under this deed, the amount payable by the recipient under Clause 15.4(c) will be recalculated to reflect the adjustment event and a payment will be made by the recipient to the supplier or by the supplier to the recipient as the case requires.
- (g) Where a party is required under this deed to pay or reimburse an expense or outgoing of another party, the amount to be paid or reimbursed by the first party will be the sum of:
  - (i) the amount of the expense or outgoing less any input tax credits in respect of the expense or outgoing to which the other party, or to which the representative member for a GST group of which the other party is a member, is entitled; and
  - (ii) if the payment or reimbursement is subject to GST, an amount equal to that GST.

## **15.5 Interest**

All sums payable by the Covered Bond Guarantor under this Clause 15 are payable subject to and in accordance with the applicable Priority of Payments and:

- (a) in the case of payments actually made by the Security Trustee prior to the demand, will (if so required by the Security Trustee) carry interest at the rate per annum which is 1% per annum higher than the Bank Bill Rate for the time being from the first AU Business Day following the date of the same being demanded to the date of actual payment (provided that such demand is made on an AU Business Day, otherwise interest will be payable from the second AU Business Day following the date of the demand to the date of actual payment); and
- (b) in all other cases, will (if so required by the Security Trustee) carry interest at such rate from the date 14 days after the date of the same being demanded or (where the demand specifies that payment by the Security Trustee will be made on an earlier date provided such earlier date is an AU Business Day) from such earlier date (not being earlier than the AU Business Day following the date of such demand) to the date of actual payment.

## **16. REMUNERATION OF SECURITY TRUSTEE**

### **16.1 Remuneration**

Subject to the terms of the Establishment Deed (and subject also as hereinafter provided), the Issuer or, following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor must (subject as hereinafter provided) pay to the Security Trustee an annual fee of such amount and payable on such dates as from time to time are agreed in writing by the Issuer and the Security Trustee. All such remuneration will be payable in accordance with the Guarantee Priority of Payments or the Post-Enforcement Priority of Payments, as applicable. Such remuneration will accrue from day to day and be payable up to and including the date when all of the Secured Obligations have been paid and/or discharged and the Security Trustee has released, reassigned and/or discharged the Charged Property as provided in Clause 22.

### **16.2 Additional Remuneration**

In the event of an Issuer Event of Default, Covered Bond Guarantor Event of Default, Potential Issuer Event of Default or Potential Covered Bond Guarantor Event of Default occurring or in the event of the Security Trustee finding it expedient or necessary or being required by the Issuer or the Covered Bond Guarantor to undertake any duties which the Security Trustee and the Issuer or the Covered Bond Guarantor agree to be of an exceptional nature or otherwise outside the scope of the

normal duties of the Security Trustee under or pursuant to this deed, the Issuer or the Covered Bond Guarantor must pay to the Security Trustee such additional remuneration as may be agreed between the Security Trustee and the Covered Bond Guarantor (acting at the direction of the Trust Manager).

### **16.3 Disputes**

In the event of the Security Trustee and the Issuer or, following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor failing to agree upon the amount of any remuneration from time to time pursuant to Clause 16.1 or to agree in a case to which Clause 16.2 above applies, upon whether such duties are of an exceptional nature or otherwise outside the scope of the normal duties of the Security Trustee hereunder or upon the amount of such additional remuneration, such matters must be determined by a merchant or investment bank (acting as an expert and not as an arbitrator) selected by the Security Trustee and approved by the Issuer or the Covered Bond Guarantor, the fees of such merchant or investment bank being payable by the Issuer or the Covered Bond Guarantor, and the decision of any such merchant or investment bank will be final and binding on the Issuer or the Covered Bond Guarantor and the Security Trustee.

### **16.4 Expenses**

In addition to remuneration hereunder, the Issuer or, following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor must on written request, pay, in accordance with the applicable Priority of Payments, all Liabilities which the Security Trustee may properly incur in relation to the negotiation, preparation and execution of, the exercise of its powers and the performance of its duties under or pursuant to this deed and any of the other Programme Documents to which the Security Trustee is a party including but not limited to travelling and legal expenses and any stamp, issue, registration, documentary and other similar Taxes or duties paid or payable by the Security Trustee in connection with any action taken or contemplated by or on behalf of the Security Trustee for enforcing this deed or any of the other Programme Documents to which it is party.

### **16.5 Indemnity**

Without prejudice to the right of indemnity by law given to trustees, the Issuer or, following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor must indemnify the Security Trustee on demand in full, on an after Tax basis, in respect of all Liabilities (including claims and liabilities in respect of Taxes other than on its own overall net income, legal and travelling expenses), and Liabilities to which it (or any person appointed by it to whom any trust, power, authority or discretion may be delegated by it in the execution or purported execution of the trusts, powers, authorities or discretions vested in it by or pursuant to this deed and any of the other Programme Documents to which the Security Trustee is a party) may be or become liable or which may be properly incurred by it (or any such person as aforesaid) in the execution or purported execution of any of its trusts, powers, authorities and discretions hereunder or its functions under any such appointment or in respect of any other matter or thing done or omitted in any way relating to this deed and any of the other Programme Documents to which the Security Trustee is a party, or any such appointment and the Security Trustee will be entitled to be indemnified in full out of the Charged Property in respect thereof. The Security Trustee will not be entitled to be indemnified twice in respect of the same matter pursuant to this Clause and the indemnity contained in Clause 15.2 of this deed.

## **16.6 Interest**

All amounts payable pursuant to Clauses 16.4 and 16.5 above are payable by the Issuer or, following any Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor, by the Covered Bond Guarantor on the date specified in a demand by the Security Trustee and in the case of payments actually made by the Security Trustee prior to such demand will accrue interest at the rate of 1%, per annum above the Bank Bill Rate from the date specified in such demand, and in all other cases will accrue interest at such rate from the date 30 days after the date of the same being demanded or (where the demand specifies that payment by the Security Trustee will be made on an earlier date) from such earlier date (not being earlier than the date of such demand) to the date of actual payment. All remuneration payable to the Security Trustee will accrue interest at such rate from the due date therefor.

## **17. RETIREMENT OF SECURITY TRUSTEE**

### **17.1 Mandatory retirement**

The Security Trustee covenants that it must retire as Security Trustee if:

- (a) the Security Trustee ceases to carry on business as a professional security trustee;
- (b) an Insolvency Event occurs in respect of the Security Trustee in its personal capacity (but not in its capacity as trustee of any other trust);
- (c) an Extraordinary Resolution requiring the removal of the Security Trustee as trustee of the Security Trust is passed (if there are any Covered Bonds outstanding) at a meeting of Covered Bondholders of all Series taken together as a single Series with the nominal amount of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Covered Bond Swap Rate or (if there are no Covered Bonds outstanding) at a meeting of the Majority Secured Creditors.

### **17.2 Trust Manager may remove Security Trustee**

If the Security Trustee does not retire within 30 days of the occurrence of any of the events described in paragraphs 17.1(a) to 17.1(c), the Trust Manager may by written notice remove the Security Trustee from office as trustee of the Security Trust.

### **17.3 When retirement or removal takes effect**

Subject to Clause 18.4 the retirement or removal of the Security Trustee from office as trustee of the Security Trust takes effect when:

- (a) a successor security trustee is appointed;
- (b) the successor security trustee obtains title to, or obtains the benefit of, this deed and each of the other Programme Documents the Security Trustee is a party in its capacity as security trustee; and
- (c) the successor security trustee and each other party to the Programme Documents to which the Security Trustee is a party in its capacity as a security trustee have the same rights and obligations among themselves as they would have had if the successor security trustee had been party to them at the dates of those Programme Documents.

#### **17.4 Voluntary retirement**

The Security Trustee may retire as trustee of the Security Trust upon giving to the Trust Manager not less than three calendar months' written notice of its intention to do so.

#### **17.5 Trust Manager appoints replacement**

On notification of the retirement or removal of the Security Trustee under Clause 17.1 or 17.2, the Trust Manager agrees to use its best endeavours to ensure that a successor security trustee is appointed as soon as possible. If no successor security trustee is appointed within 90 days after a notice of retirement or removal is given, the Security Trustee may appoint a successor security trustee or apply to the court for a successor security trustee to be appointed.

#### **17.6 Rating**

Any mandatory retirement of the Security Trustee pursuant to Clause 17.1, the removal and the appointment by the Trust Manager pursuant to Clauses 17.2 and 17.4 and the voluntary retirement of the Security Trustee pursuant to Clause 17.4 is conditional upon the Issuer having delivered a Rating Affirmation Notice to the Covered Bond Guarantor, copied to the Security Trustee, the Trust Manager, the Issuer and the Rating Agencies in respect of such mandatory retirement of the Security Trustee, removal and appointment by the Trust Manager or voluntary retirement of, and appointment of successor by, the Security Trustee.

#### **17.7 Discharge of Further Obligations**

When a successor security trustee is appointed as trustee of the Security Trust, the retiring or removed Security Trustee is discharged from any further obligation under the Programme Documents. However, this discharge does not affect any accrued rights or obligations.

#### **17.8 Multiple Security Trustees**

Whenever there are more than two security trustees of the Security Trust, the majority of such security trustees will be competent to execute and exercise all the trusts, powers, authorities and discretions vested by this deed and any of the other Programme Documents in the Security Trustee generally.

#### **17.9 Security Trustee to deliver documents**

If the Security Trustee retires or is removed as trustee of the Security Trust, it agrees to deliver to the successor security trustee or as the Trust Manager may otherwise direct:

- (a) all original documents in its possession relating to the Security Trust; and
- (b) any transfers, requests, notices of assignment or other documents to record the transfer of the assets of the Security Trust to the successor trustee, which the successor security trustee reasonably requests.

#### **17.10 Further Steps**

Without limiting Clause 17.9, if the Security Trustee retires or is removed as trustee of the Security Trust, it agrees to do anything the successor security trustee reasonably asks (such as obtaining consents, and signing, producing and delivering documents including a retirement and appointment document) to give effect to the retirement or removal and the appointment of the successor security trustee.

### **17.11 Costs**

If the Security Trustee is removed, everything it is required to do under this Clause 17 is at the Covered Bond Guarantor's expense. However, if the Security Trustee retires, everything it is required to do under this Clause 18 is at the Security Trustee's own expense.

### **17.12 Power of Security Trustee**
