Supplementary Prospectus to a Prospectus dated 18 February 2019

### 1. Lodgement with Australian Securities & Investments Commission (ASIC)

This Supplementary Prospectus is dated 18 February 2019 and was lodged with ASIC on 18 February 2019. Neither ASIC nor ASX take any responsibility as to the contents of this Supplementary Prospectus.

This document supplements, and should be read together with, the prospectus lodged with ASIC by the Company on 19 November 2018 (**Prospectus**). If there is a conflict between the Prospectus and this Supplementary Prospectus, this Supplementary Prospectus will prevail.

**This document is important and should be read in its entirety in conjunction with the Prospectus. If you are in any doubt as to the contents of this document, you should consult your financial or legal adviser.**

Terms used in this Supplementary Prospectus shall have the same meaning as ascribed to them in the Prospectus, unless otherwise indicated.

This Supplementary Prospectus is a "refresh document" as defined in section 724(3H) of the Corporations Act, as inserted by ASIC Corporations (Minimum Subscription and Quotation Conditions) Instrument 2016/70 (**Instrument**) and has been lodged with ASIC in accordance with section 724(3G) of the Corporations Act as inserted by the Instrument.

### 2. Extension of Placement Offer

This Supplementary Prospectus has been issued by the Company for the purpose of advising that the Directors have extended the Closing Date of the Placement Offer to 5.00pm (EST) on 18 May 2019 and extended the date for satisfying the requirement that the Placement Shares are admitted to quotation on the ASX to 5.00pm (EST) on 18 May 2019 in accordance with the Instrument.

The table of indicative key dates in section 2 of the Prospectus is deleted, and replaced with the following:

All references in the Prospectus to the Closing Date of the Placement Offer are replaced with 5.00pm (EST) on 18 May 2019.

The Placement Shares are intended to be issued prior to the close of the Placement Offer, and as such all references to the intended date of issue are replaced with 18 May 2019.

### **3. Purpose of Supplementary Prospectus**

In addition to extending the Closing Date of the Placement Offer, this Supplementary Prospectus has been issued for the purposes of satisfying the requirements of the Instrument and refreshing the period for admission to quotation of Placement Shares offered under the Prospectus from three (3) months from the date of the Prospectus to three (3) months from the date of this Supplementary Prospectus in accordance with section 724(3G)(d) of the Corporations Act, as inserted by the Instrument.

In accordance with section 723(3) of the Corporations Act, if a person offers securities under a disclosure document such as a prospectus, and the disclosure document states or implies that the securities will be quoted on a financial market such as the ASX (**Quotation Condition**), and the securities are not then admitted to quotation within three (3) months after the date of the disclosure document, the issue of the securities is void and any application money has to be returned to the applicants.

By the issue of the Instrument, ASIC has varied the Corporations Act to allow companies to refresh the timing of minimum subscription and quotation conditions (if any), to commence from the date of a refresh document (i.e. this Supplementary Prospectus), such that three month period for satisfaction of the Quotation Condition is taken to commence from the date that the refresh document is lodged with ASIC. The Instrument imposes a number of requirements as to the content of the refresh document and on the company issuing the refresh document. This Supplementary Prospectus addresses those requirements.

### **4. Specific disclosure required by the Instrument regarding Quotation Condition**

Application for official quotation by ASX of the Placement Shares offered pursuant to the Prospectus was made within 7 days after the date of the Prospectus (being made on 19 November 2018).

As no applications for the Placement Shares have been received and no Placement Shares have been issued, the Placement Shares have not been admitted to quotation on the ASX as at the date of this Supplementary Prospectus.

As at the date of this Supplementary Prospectus there has been no indication from ASX that the Placement Shares, once issued, will not be admitted to quotation, nor that the Placement Shares will be admitted to quotation subject to certain conditions being satisfied. The Company's existing issued ordinary shares remain quoted on the ASX.

There has been no change to the Quotation Condition (which remains in place) and it remains the case that the Placement Shares are to be quoted on the ASX following their issue. As a result of the lodgement of this Supplementary Prospectus and subject only to the lodgement of any future refresh document, the Quotation Condition must now be satisfied by 18 May 2019, being 3 months after the date of this Supplementary Prospectus.

There is no minimum subscription in respect of the Placement Offer.

As at the date of this Supplementary Prospectus, no applications have been received for Placement Shares, nor processed and no Placement Shares have been issued by the Company.
