### About Redflex

The Redflex Group has established itself as a world leader in developing and implementing intelligent traffic management products and services. Redflex develops, manufactures and operates a wide range of platformed based solutions including red light camera, speed camera, auto number plate recognition (ANPR) and school bus stop arm camera systems, all utilising advanced sensor and image capture technologies enabling active management of state and local motorways.

The Redflex Group runs its own systems engineering operations, system integration technologies and innovation centre for research and development. With our continuous development of new safety products, the Redflex Group has been helping to improve safety and alleviate congestion on roadways for more than 20 years.

Redflex Holdings Limited was listed on the Australian Securities Exchange in January 1997.
