The Commitment Fee must be paid by the issue of Shares to the Noteholder at an issue price equal to the lowest daily volume weighted price of Shares during the 5 trading days prior to the date of issue of the Convertible Securities. 3. THE EFFECT OF THE ISSUE ON THE COMPANY

3.1 Effect of the issue on the Company

The principal effect of the issue of the Convertible Securities on the Company will be to:

- (a) increase the Company's cash reserves by A\$3,000,000 to be received by the Company pursuant to the issue of the Convertible Securities;
- (b) increase the number of unquoted Convertible Securities on issue from none to 2,133,410;
- (c) give rise to the Company having a liability for the aggregate amount of the Face Value of the Convertible Securities (US\$2,346,751); and
- (d) if the Convertible Securities are converted, either wholly or in part to Shares, or the Commitment Fee is satisfied, either wholly or in part by the issue of Shares, increase the number of Shares on issue as a consequence of the issue of Shares on such conversion or such satisfaction of the Commitment Fee.

3.2 Pro Forma Consolidated Statement of Financial Position As at 31 December 2018 taking into account the issue of the Convertible Securities

- (a) Set out in Annexure A is a pro forma consolidated Statement of Financial Position as at 31 December 2018 for the Company based on the unaudited 31 December 2018 management accounts adjusted to reflect the proposed issue of the Convertible Securities and has been prepared on the basis of the accounting policies normally adopted by the Company.
- (b) The pro forma financial information is presented in an abbreviated form in so far as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements. The pro forma financial information is not audited. The classification of the allocations between debt and equity for the Convertible Securities may change in the future.

3.3 Potential effect on capital structure

- (a) As at the date of this Cleansing Notice, the total number of issued Shares is 83,586,825.
- (b) The capital structure of the Company will be affected by both the conversion of the Convertible Securities by the Noteholder and the issue of Shares for payment of the Commitment Fee - both of these will result in additional Shares being issued.
- (c) Subject to limits on the conversion under the Convertible Securities Agreement, the Convertible Securities can be:
 - (i) converted at any time after their issue and prior to the Maturity Date at the request of the Noteholder;
 - (ii) redeemed prior to the Maturity Date at the request of the Company or by the Noteholder upon the occurrence of certain events (see Sections 4(j) and (l) below for further details);
 - (iii) redeemed periodically as required by the Convertible Securities Agreement (see Section 4(k) below for further details).
- (d) If the Noteholder converts all of the Convertible Securities into Shares, then based on a conversion price of A\$0.65 per new Share (being the Fixed Conversion Price under the Convertible Securities Agreement) then the following number of new Shares would be issued based on the following assumed exchanged rates.

Exchange rate at time of conversion into Shares	A\$0.65 Share price
A\$ = US\$0.54 (25% decrease in exchange rate at conversion)	7,351,053 Shares
A\$ = US\$0.72 (exchange rate at conversion)	5,513,290 Shares
A\$ = US\$0.90 (25% increase in exchange rate at conversion)	4,410,632 Shares

The actual effect on the share capital of the Company will depend on what percentage of the Convertible Securities are actually converted, the price at which the conversion occurs, the US\$:A\$ exchange rate at the date of issue of the Convertible Securities and the date of conversion.

The effect on the issued share capital of the Company upon the conversion of the maximum number of Convertible Securities and the issue of Shares in satisfaction of the Commitment Fee for is set out in the table below based on the exchange rate of A\$1 converting into US\$0.72. This does not account for any default interest payable under the Convertible Securities Agreement being converted into Shares.

Shares issued upon satisfaction of the Commitment Fee	366,763
Shares issued upon conversion of the Convertible Securities	11,702,504

(a) Term

The Maturity Date of the Convertible Securities is 15 months after the issue of

the Convertible Securities (**Maturity Date**).

(b) **Face Value**

The number of Convertible Securities to be issued is 2,133,410 being equal to the actual subscription price paid in US\$ by the Noteholder rounded upwards to the nearest whole number. Each Convertible Note will be issued with a Face Value of US\$1.10. At the date of this Cleansing Notice, the total face value of the Convertible Securities will be [US\$ 2,346,751].

(c) **Subscription Price**

(e) **Interest**

No interest is payable on the Convertible Securities unless an Event of Default occurs, in which case interest is payable on the Convertible Securities at a rate of 10% per annum. Such interest shall accrue daily and shall be compounded monthly, from the date of the Event of Default until the Company remedies the Event of Default or discharges the amount outstanding in full.

(f) **Commitment Fee**

The Company must pay to the Noteholder a commitment fee equal to 5% of the Purchase Price under the Convertible Securities Agreement (**Commitment Fee**). (h) **Conversion by Investor**

Subject to the conversion restrictions noted below, the Noteholder may provide the Company with written notice of its election to convert Convertible Securities into Shares at any time. The number of Shares issued will be equal to the aggregate US\$ Face Value of the Convertible Securities converted into A\$ and divided by A\$0.65 per Share (**Fixed Conversion Price**).

The Noteholder may also accelerate up to three redemptions of the monthly

Redeemed Securities, as defined below, to be converted into Shares, provided that the Share price over the prior 15 trading days has closed at over \$0.30 per Share, at the lower of: (a) the Fixed Conversion price; or (b) a 10% discount from the lowest daily volume weighted average price over the 10 days prior to the conversion date (**Variable Conversion Price**).

The Noteholder cannot convert any Convertible Securities or receive Shares in satisfaction of the Commitment Fee which would result in the Noteholder's voting power in the Company exceeding 19.99%.

(i) **Protective Provisions**

Upon the occurrence of certain events, including a Share consolidation, subdivision, pro-rata cancellation of the Company's issued share capital, payment of a dividend to shareholders or a distribution of Shares to existing shareholders (other than by way of rights offering or a bonus issue), the Fixed Conversion Price will be reduced or, as the case may be, increased, in the same proportion as the issued capital of the Company is, consolidated, subdivided or cancelled.

- (ii) issues Options to any person with an exercise price which is less than the Fixed Conversion Price; or
- (iii) issues any debt, equity or equity-linked securities to any person which are convertible into, exchangeable or exercisable for, or include the right to receive Shares or other securities at a fixed price which is less than the Fixed Conversion Price,

(all of which prices will be a **Lesser Price**) then the Fixed Conversion Price will be reduced to the Lesser Price.

The Company may not give an Early Redemption Notice more than once in any period of 45 days. On or before the date which is 5 Business Days after the date of the Early Redemption Notice, the Company must pay the Noteholder (in US\$) an amount equal to 110% of the aggregate Face Value of the Convertible Securities being redeemed (the **Redemption Amount**).

(k) **Periodic Payment or Conversion**

On the date which is three months after the issue date of the Convertible Securities and every 30th day thereafter (the **Repayment Date**), the Company

Where:

PV = the Parity Value;
