### **About WHA**

Wattle Health aspires to become a company globally recognised for offering superior quality, organic and sustainable products which promote health and wellness at all stages of life.

Wattle Health uses natural ingredients derived from Australia's pure water, clean air and organically fertile soils. We carefully prepare and pack in ways designed to preserve nutrients. Wherever possible, we source certified organic ingredients which are totally free of fertiliser or pesticide residues. Our pristine Australian provenance and quality-assured supply chain guarantees the highest possible standards of purity.

We support Australian farmers who embrace these soil management practices. We translate consumer demand for pure organic nutrition into a reward for maintaining soil biodiversity, to produce naturally superior products that can be enjoyed for generations to come. Ultimately, our aim is to make the sustainable Australian goodness of certified organic health and wellness products widely available to families across the globe.
