SUSPENSION OF TRADING

American Patriot Oil and Gas Pty Ltd would like to request to go into voluntary suspension of trade commencing 14 March 2019.

The company is making this request due to the inability to produce audited accounts that the board are willing to sign off on in time for the March 15 deadline.

AOW expects the suspension to last 1 week and to come out of suspension as soon as the accounts are able to be produced to a satisfactory level, and released to market.

American Patriot Oils and Gas Pty Ltd is not aware of any reason that the shares in AOW should not be placed in suspension.

A full and detailed announcement will be made shortly to inform the market.

Kind Regards
