

Shareholder Update on
proposal to acquire/merge with
 dataglobal GmbH

This presentation is the property of Covata Limited (Covata) and dataglobal GmbH (dataglobal). It is a presentation of non-specific background information about the current activities of both companies. It is information given in summary form and does not purport to be complete.

All persons should seek appropriate professional investment advice in reviewing or considering this presentation and all other information with respect to each of dataglobal and or Covata, its business, financial performance and operations. Neither the provision of this presentation nor the information contained therein, or any associated communication to any person should be taken as constituting financial advice regarding the purchase or dealing of shares in Covata. This presentation does not purport to provide all information that might reasonably be required to complete a detailed assessment of the merger proposal of dataglobal and Covata.

Individuals should conduct their own investigation of investment and financial parameters relevant to their personal requirements for investment purposes. The presentation may contain forward looking statements regarding the intentions of either Company, and these will be affected by many other factors beyond the control of either or both companies. Forward-looking statements include, but are not limited to, statements concerning dataglobal's and or Covata's planned strategies and programs and other

statements that are not historical facts. Although both believe that its expectations reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements. The presentation must be considered in the light of these uncertainties and investments in dataglobal and Covata should be considered as speculative in nature.

This presentation does not constitute an offer, invitation or recommendation to subscribe for, or purchase any security and neither this presentation nor anything contained in it shall form the basis of any contract or commitment. This presentation does not constitute an offer or invitation in any jurisdiction anywhere, or to any person to whom, such an offer would be unlawful.

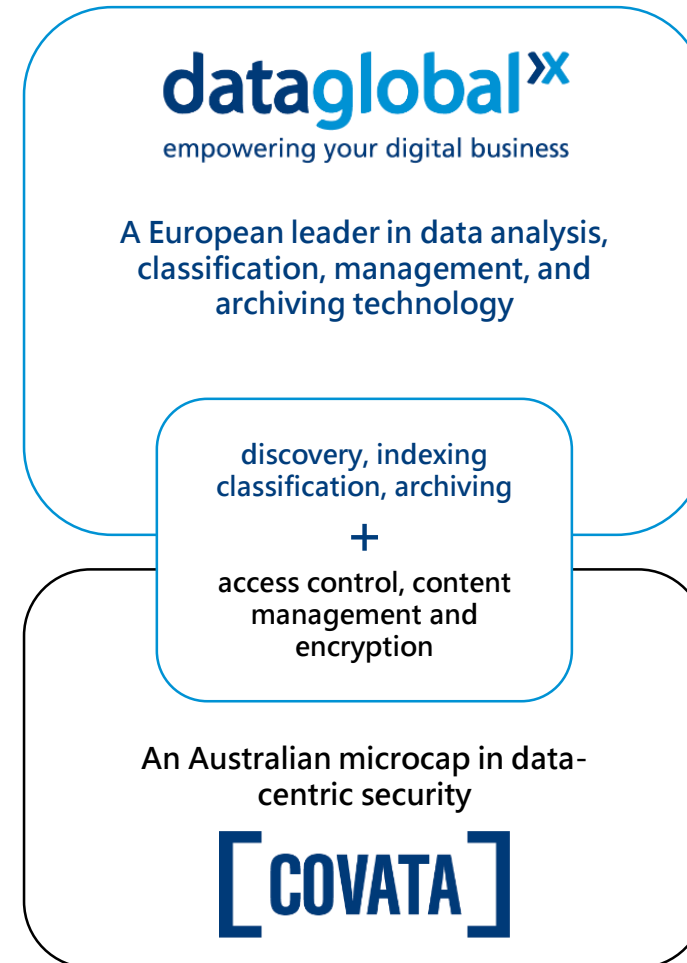

A prospectus for the offer of securities in connection with Covata's proposed acquisition of dataglobal GmbH will be made available when the securities are offered, and is expected to be available on Covata's website in, or about, June 2019. Potential investors should consider the prospectus in deciding whether to acquire securities in Covata. Anyone who wants to acquire securities will need to complete an application form that will be in, or will accompany, the prospectus.

»X Proposed merger

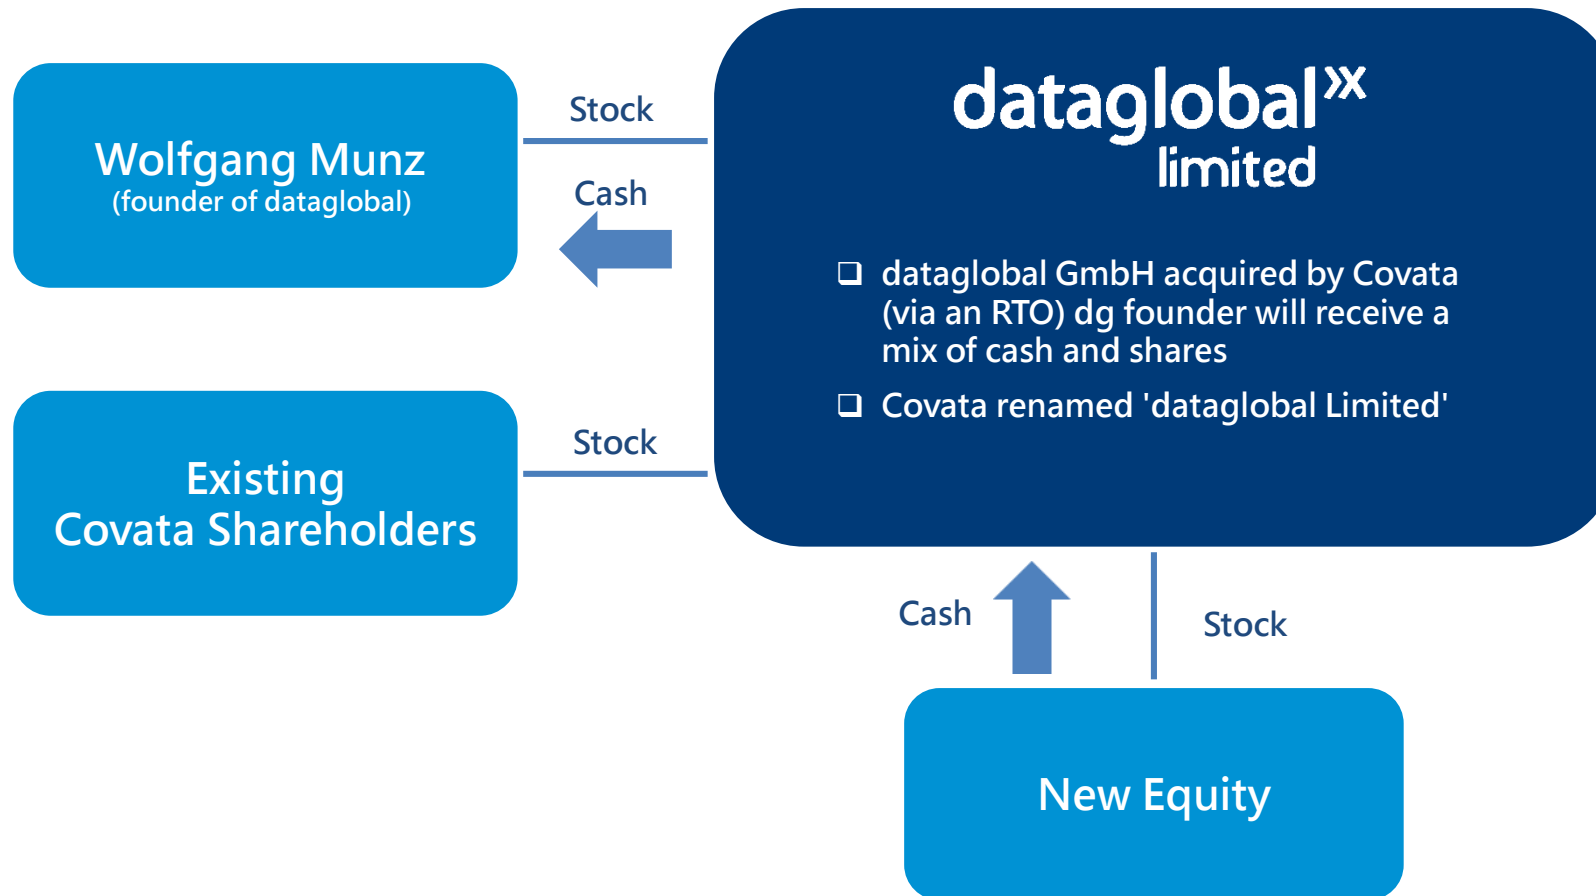

Proposed merger

Merging Covata with dataglobal creates an exciting Content Services business

- Covata is an Australian listed microcap stock which owns and licenses to users two key products
 - ❑ SafeShare - a secure file collaboration tool
 - ❑ Eclipse – a data security and compliance solution for SharePoint, Office 365 and file servers
- On 30 January 2019 Covata announced it had entered into a transaction to acquire dataglobal GmbH
- dataglobal is a European leader in data analysis, classification, management, and archiving technology
- The acquisition will propel Covata into the lucrative global market place for Content Services giving it greater financial scale and global reach
- Post acquisition it is proposed that Covata Limited will be renamed dataglobal Limited
