Okehampton Full Federal Court Judgement welcomed

Tassal has welcomed the Full Federal Court ruling in relation to the Federal Minister's decision under the Environmental Protection and Biodiversity Conservation (EPBC) Act regarding Okehampton Bay, with farming operations at the site already consistent with the ruling.

Tassal Managing Director and CEO, Mark Ryan, said KGrid nets have been used across Okehampton Bay operations since the farm's inception and the company already employed bundled feed servicing line technology.

"This ruling is simply in line with our current operational practices and provides certainty for Tassal's east coast-based employees and the continuing operations at Okehampton Bay," he said.

The initial case was dismissed by Justice Kerr in April 2018. This appeal was brought by Triabunna Investments and others challenging that judgement.
