

# ASX ANNOUNCEMENT

24 July 2019

Redflex Holdings Limited | ABN 96 069 306 216

The Redflex logo features the word "Redflex" in a white, sans-serif font. To the right of the text is a stylized green circular icon that resembles a lowercase 'r' or a similar shape, with a white outline and a green fill.

## Maintenance of Road Safety Camera Systems Agreement with the Department of Justice and Community Safety in Victoria, Australia

Redflex Holdings Limited (**ASX:RDF**) (**Company**) today announces that the Company's subsidiary, Redflex Traffic Systems Pty Ltd, has entered into a new agreement with the State of Victoria through the Department of Justice and Community Safety (**DJCS**) under which Redflex will provide maintenance services to the state for over 150 fixed automated traffic photo enforcement sites throughout Victoria.

Redflex's current maintenance services agreement with the State of Victoria is due to expire shortly and the new agreement will commence on 1 August 2019.

The initial term of this new agreement with the DJCS is three (3) years with two additional option periods (exercisable by the DJCS) for 12 months each. The anticipated revenue to Redflex over the initial three (3) year period of this new agreement is expected to be up to AUD15 million.

Redflex has been maintaining fixed automated traffic photo enforcement sites throughout Victoria for many years. This latest agreement with the Victorian Government demonstrates Redflex's continuing commitment to assisting the State to continue with its life saving road safety program.

The Department of Justice and Community Safety (formerly the Department of Justice and Regulation) (DJCS) is a department of the Victorian State Government in Australia that leads the delivery of justice and regulation services for the State.

### About Redflex

The Redflex Group has established itself as a world leader in developing and implementing intelligent traffic management products and services. Redflex develops, manufactures and operates a wide range of platformed based solutions including red light camera, speed camera, auto number plate recognition (ANPR) and school bus stop arm camera systems, all utilising advanced sensor and image capture technologies enabling active management of state and local motorways.

The Redflex Group runs its own systems engineering operations, system integration technologies and innovation centre for research and development. With our continuous development of new products, the Redflex Group has been helping to improve roadway safety, alleviate congestion and reduce the harmful impacts of vehicle emissions for more than 20 years.

Redflex Holdings Limited was listed on the Australian Securities Exchange in January 1997.
