

## **ASX ANNOUNCEMENT**

21 August 2019

### **Investor Presentation - Correction to slide 23**

Kogan.com Limited (Kogan.com; ASX:KGN) yesterday lodged an ASX Announcement - Kogan.com FY19 Results Presentation, which contained a charting error with associated commentary on slide 23. The Inventory Turn calculation on slide 23 reflects Cost of Sales (excluding freight) divided by average monthly Inventory in Warehouse.

The Announcement correctly stated Inventory, Inventory in Warehouse, and Cost of Sales in respect of all periods throughout the Announcement, but the correct figure in the chart on slide 23 for FY19 should reflect 4.8, not 7.2.
