Dear Todd

REQUEST FOR TRADING HALT

Minerals explorer and developer **Nova Minerals Limited (ASX:NVA FSE:QM3) ('Nova' or 'the Company')** requests an immediate halt to the trading of the Company's quoted securities on the Australian Securities Exchange (**ASX**) in accordance with ASX Listing Rule 17.1.

The trading halt is requested pending the release of an announcement in relation to a release of a maiden JORC compliant Mineral Resource for the Estelle Gold Project ("purpose").

In accordance with Listing Rule 17.1, the Company provides the following information in relation to the request:

1. The trading halt is necessary to assist the Company in managing its continuous disclosure obligations as the Company expects to make a material announcement to the market for the stated purpose.
2. The Company requests that the trading halt remains in place until the earlier of commencement of normal trading on Monday 9 September 2019, or when the announcement regarding the purpose is released to the market.
3. The Company expects to make the announcement to the market before the commencement of normal trading on Monday 9 September 2019.
4. The Company is not aware of any reason why the trading halt should not be granted or of any further information necessary to inform the market about the trading halt.

Please contact me if you require any further information concerning this matter.

Yours sincerely

Adrien Wing
Company Secretary

About Nova

Nova Minerals Limited (ASX:NVA FSE:QM3) is a minerals explorer and developer focused on gold and lithium projects in North America.

Nova has a diversified portfolio of projects across the US, Canada, and Australia. Two of the key projects include Nova's Estelle Gold Project in Alaska, which holds some of North America's largest gold deposits, and the company's majority-owned Snow Lakes Resources, a lithium project in Canada. Nova aims to provide shareholders with diversification through exposure to base and precious metals and to capitalise on the growing demand for lithium-based energy storage.
