

TYMLEZ Blockchain Solutions Platform now available in Australia

Melbourne-based MatrixThread appointed the first Australian Technology partner

Melbourne, Australia and Amsterdam, Netherlands, 25 September 2019: TYMLEZ Group Limited (ASX:TYM) (**TYMLEZ** or the **Company**), a leader in enterprise software and technology solutions utilising commercial grade blockchain technology, is pleased to announce the appointment of MatrixThread Pty Ltd (**MatrixThread**) as a technology partner for the Australian market.

MatrixThread is a Melbourne-based IT solution provider specialising in Distributed Ledger Technology (**DLT**), Artificial Intelligence (**AI**), Machine Learning and Cloud Infrastructure. The leadership team at MatrixThread have experience in enterprise resource planning (**ERP**) system implementation, enterprise program management and IT Architecture Design.

MatrixThread will leverage the TYMLEZ Blockchain Solutions Platform (TBSP) to help Australian enterprises to rapidly prototype blockchain solutions and seamlessly integrate with their legacy systems. MatrixThread has expertise in building scalable solutions for various industries using modern technology stack, as well as experience in developing applications for startups and larger enterprises.

Michael Reh, CEO of TYMLEZ, said:

"We are excited to appoint MatrixThread as our first partner in Australia and will work with them to expand our platform into Australia. We have a number of use cases that are very relevant for the Australian market and look forward to seeing those deployed."

Chandra Sivasubramaniam, CEO of MatrixThread, said:

"MatrixThread is excited to develop enterprise grade stable blockchain solutions with TYMLEZ and hear success stories from our customers in their blockchain journey. Our primary interest is to see blockchain widely adopted by enterprises, and be a part of the course that made it happen. Our partnership with TYMLEZ will enable us to stand on the shoulders of giants and increase the adoption of the platform in Australia and the region".

ABOUT TYMLEZ

TYMLEZ is an ASX listed enterprise software and technology company with a highly scalable, enterprise-grade solution, utilising the key features of the blockchain combined with open source software and TYMLEZ's proprietary intellectual property. The TYMLEZ technology enables smart contract blockchain platforms customised for businesses and which can be deployed in minutes and or implemented via partners within an enterprise or across a consortium. The TYMLEZ technology meets key enterprise requirements of scale, robustness and security and can retrieve data from the customer's legacy systems. This scalable platform which enables accelerated development, management, and deployment of enterprise blockchain applications.

TYMLEZ technology is currently deployed with a number of customers across Europe, Asia and Africa. There are also a growing number of highly credentialled industry partners working with TYMLEZ to drive sales and support the rollout, including Hewlett Packard enterprise; SUSE, the world's largest integrator of SAP solutions; Plantation, a Boston Consulting Group division.; and CGI. Today, TYMLEZ is building a number of use cases for customers to leverage across asset tracking, secure document handling, KYC and HR onboarding, Market Settlement, and Loyalty Programmes.
