Resolution 1: Remuneration Report

The Corporations Act requires that at a listed Company's annual general meeting, a resolution that the Remuneration Report be adopted must be put to the Shareholders. However, such a resolution is advisory only and does not bind the Directors of the Company.

The Remuneration Report sets out the Company's remuneration arrangements for Key Management Personnel of the Company. The Remuneration Report is part of the Directors' Report contained in the annual financial report of the Company for the financial year ending 30 June 2019. A copy is available on the Company's website.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Annual General Meeting.

Voting consequences

Under the Corporations Act, if at least 25% of the votes cast on a Remuneration Report resolution are voted against the adoption of the Remuneration Report in two consecutive annual general meetings, the Company will be required to put to Shareholders a resolution proposing the calling of an extraordinary general meeting to consider the appointment of Directors of the Company at the second annual general meeting (**Spill Resolution**).

If more than 50% of Shareholders vote in favour of the Spill Resolution, the Company must convene the extraordinary general meeting (**Spill Meeting**) within 90 days of the second annual general meeting, at which all of the Directors (other than the Executive Directors) of the Company, would need to stand for re-election.

Following the Spill Meeting those persons whose election or re-election as Directors of the Company is approved by the Shareholders will be the Directors of the Company.

As Shareholders voted in favour of the Company's Remuneration Report at its last Annual General Meeting, the Spill Resolution is not relevant for this Annual General Meeting.

Shareholders should be aware that any undirected proxies given to the Chairman will be cast by the Chairman and counted in favour of Resolution 1, subject to compliance with the Corporations Act.

Directors' recommendation

As the resolution relates to matters including the remuneration of the Directors, the Board, as a matter of corporate governance and in accordance with the spirit of section 250R(4) Corporations Act, makes no recommendation regarding this resolution.

Resolution 2: Re-election of Mark Stevens

Listing Rule 14.5 requires the Company to hold an election of directors at each annual general meeting.

The Directors to retire in each year are the Directors longest in office since last being elected or re-elected. Between Directors who were elected on the same day, the Director to retire, if they cannot otherwise agree, must be determined by ballot. In accordance with Clause 6.7 of the Constitution Mark Stevens retires and, being eligible, wishes to stand for re-election.

The Directors to retire in each year are the Directors longest in office since last being elected or re-elected. Between Directors who were elected on the same day, the Director to retire, if they cannot otherwise agree, must be determined by ballot. In accordance with Clause 6.7 of the Constitution Michael McGeever retires and, being eligible, wishes to stand for re-election.

The other general terms for the Performance Rights are outlined in the Annexure of this Explanatory Memorandum.

General Information

Consistent with the accounting standards, the Company discloses the following information concerning the value of the Performance Rights to be issued. A fair value for the Performance Rights to be issued has been calculated using the Black Scholes and Binomial methodologies and based on a number of assumptions, set out below, with an adjustment to the expected life of the Performance Rights to take account of limitations on transferability. This methodology is commonly used for valuing Performance Rights and is one of the permitted methodologies under ASIC Regulatory Guide 76. The Board believes this valuation model to be appropriate to the circumstances and has not used any other valuation or other models in proposing the terms of the Performance Rights.

The Board draws Shareholders' attention to the fact the stated valuation does not constitute, and should not be taken as, audited financial information. The reportable value of the employee benefit expense in subsequent financial periods may vary due to a range of timing and other factors. In particular, the figures were calculated effective as at 04 September 2019.

Rights issued					
Employee benefit expense	\$56,547	\$55,000	\$14,140	\$14,140	\$14,140

A significant factor in the determination of the final value of Performance Rights will be the ultimate share price at the date of final performance rights grant (this will be the date of approval by the Shareholders if such approval is obtained). The following table details total employee benefit expense based on the highest and lowest closing prices of the Shares traded on the ASX over the 12 months ending on 04 September 2019.

	Highest	Lowest Price
Closing Price (\$)	\$0.2350	\$0.1100

David Cronin	\$47,000	\$10,300
Mark Stevens	\$47,000	\$10,300
Michael McGeever	\$47,000	\$10,300

As such, if it is assumed all other factors are equal, where the share price increases above the \$0.2350 disclosed above the final value of performance rights granted will increase, and conversely where the share price reduces the final value of performance rights granted will also reduce.

Remuneration

Excluding the value of the proposed Performance Rights:

- (a) Mr Broomfield currently receives \$363,961 per annum for his position as Executive Director and Chief Operating Officer. The amount stated is per annum comprising salary, superannuation contributions and known short and long-term incentive payments;
- (b) Mr Basham currently receives \$352,917 per annum for his position as Executive Director and Chief Executive Officer. The amount stated is per annum comprising salary, superannuation contributions and known short and long-term incentive payments;

- (d) Mr Stevens currently receives \$78,439 per annum for his position as Non-Executive Director. The amount stated is per annum comprising salary, superannuation contributions and known short and long-term incentive payments;
- (e) Mr McGeever currently receives \$70,264 per annum for his position as Non-Executive Director. The amount stated is per annum comprising salary, superannuation contributions and known short and long-term incentive payments.

Financial Benefit – Details and reasons

Approval has been sought for the giving of a financial benefit to Mr Broomfield, Mr Basham, Mr Cronin, Mr Stevens and Mr McGeever, each as related parties, under section 208 of the Corporations Act.

The amount, terms and value (subject to the stated assumptions) of the Performance Rights are set out above.

The reasons for giving this financial benefit are:

- (a) the Company wishes to maximise the use of its cash resources towards other strategic initiatives and equity based incentives;
- (b) the total quantum of Performance Rights to be issued is reasonable in number, and will act as an incentive for future growth of the business;
- (c) Performance Rights are designed to incentivise employees, and in this case, to incentivise Directors of the Company. Performance Rights also act to provide a retention incentive for key employees, such as Mr Broomfield and Mr Basham, to facilitate long-term growth;
- (d) equity based incentives assist in the alignment of Shareholders and Directors' interests; and
- (e) the Company believes the associated expense is limited and the nature of the Performance Rights package proposed is commensurate with market practice.

On this basis the Company believes the giving of the financial benefit, as constituted by the issue of the Performance Rights to the applicable Directors is in the best interests of the Company and its Shareholders.

Existing interests and the dilutionary effect on other Shareholders' interests

The effect that the vesting of the Performance Rights will have on the interests of the applicable Directors relative to other Shareholders' interests is set out in the following table. The table assumes no further issues of shares in, or reconstruction of the capital of the Company during the time between issue and vesting of the Performance Rights.

	Mr Robert Broomfield	Mr Scott Basham	Mr David Cronin	Mr Mark Stevens	Mr Michael McGeever

Resolution 7: Approval of 10% Placement Facility

Listing Rule 7.1A enables an eligible entity to issue Equity Securities up to 10% of its issued share capital through placements over a 12 month period after the Annual General Meeting (10% Placement Facility). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity. The Company is now seeking Shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer below).

The Directors of the Company believe that Resolution 7 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this Resolution.

Description of Listing Rule 7.1A

a) Shareholder approval:

The ability to issue Equity Securities under the 10% Placement Facility is subject to Shareholder approval by way of a special resolution at an Annual General Meeting.

b) Equity Securities:

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company. The classes of quoted equity securities of the Company at the date of the Notice are ordinary Shares.

c) Formula for calculating 10% Placement Facility:

Listing Rule 7.1A.2 provides that eligible entities which have obtained Shareholder approval at an Annual General Meeting may issue or agree to issue, during the 12 month period after the date of the Annual General Meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) – E

A is the number of Shares on issue 12 months before the date of issue or agreement:

- plus the number of fully paid Shares issued in the 12 months under an exception in Listing Rule 7.2;
- plus the number of partly paid Shares that became fully paid in the 12 months;
- plus the number of fully paid Shares issued in the 12 months with approval of holders of Shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid Shares under the entity's 15% placement capacity without Shareholder approval; and
- less the number of fully paid Shares cancelled in the 12 months.

Note, that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of Shareholders under Listing Rule 7.1 or 7.4.

d) Listing Rule 7.1 and Listing Rule 7.1A:

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 234,115,568 Shares. At present, the Company has a capacity to issue a remaining 8,092,334 (plus a further 23,500,001 shares subject to approval of Resolution 6 Equity Securities under Listing Rule 7.1.

e) 10% Placement Period:

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the Annual General Meeting at which the approval is obtained and expires on the earlier to occur of:

- (a) the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained; or
- (b) the date of the approval by Shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking), or such longer period if allowed by ASX (10% Placement Period).

Listing Rule 7.1A

The effect of Resolution 7 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 7 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Equity Securities over the 15 Trading Days on which trades in the relevant class were recorded immediately before:
 - i. the date on which the price at which the Equity Securities are to be issued is agreed; or
 - ii. if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) If Resolution 7 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the table below. There is a risk that:
 - i. the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date Shareholders provide their approval at the Annual General Meeting; and
 - ii. the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date, which may have an effect on the amount of funds raised by the issue of the Equity Securities.

In accordance with Listing Rule 7.3A.2, the table below shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

The table also shows:

- (a) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue to all Shareholders) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' Meeting; and
- (b) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable A in Listing Rule 7.1.A.2		Dilution		
		\$0.055 50% decrease in Issue Price	\$0.11 Issue Price	\$0.22 100% increase in Issue Price
Current Variable A* 234,115,568 Shares	10% Voting Dilution	23,411,557	23,411,557	23,411,557

50% increase in current Variable A* 351,173,352 Shares	10% Voting Dilution	35,117,335	35,117,335	35,117,335
	Funds Raised	\$1,931,453	\$3,862,907	\$7,725,814
100% increase in current Variable A* 468,231,136 Shares	10% Voting Dilution	46,823,113	46,823,113	46,823,113
	Funds Raised	\$2,575,271	\$5,150,542	\$10,301,084

The table has been prepared on the following assumptions:

- (a) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- (b) None of the 10,469,296 unlisted Options and Performance Share Rights and that the Company currently has on issue are exercised into Shares before the date of the issue of the Equity Securities.
- (c) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (d) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Annual General Meeting.
- (e) The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% Placement capacity under Listing Rule 7.1.
- (f) The issue of Equity Securities under the 10% Placement Facility consists only of Shares.
- (g) The issue price is \$0.11 being the closing price of the Shares on ASX on 30 August 2019.
- (c) The Company will only issue and allot the Equity Securities during the 10% Placement period. The approval under Resolution 7 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).
- (d) The Company may seek to issue the Equity Securities for the following purposes:
 - i. non-cash consideration for the acquisition of the new business assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
 - ii. cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new business assets or investments (including expenses associated with such acquisition) and/or general working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.5A upon issue of any Equity Securities.

- (e) The Company's allocation policy will depend on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility.

The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to factors including, but not limited to, the following:

- i. the methods of raising funds that are available to the Company, including but not limited to, a rights issue or other issue in which existing Shareholders can participate;
- ii. the effect the issue of the Equity Securities might have on the control of the Company;
- iii. the financial situation and solvency of the Company; and
- iv. advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

If the Company were to acquire an asset or investment in exchange for Shares, it is likely that the allottee under the 10% Placement Facility would be the vendor of the asset or investment.

The Company has not previously sought and obtained approval from Shareholders under Listing Rule 7.1A.

At the date of the Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice.

Directors' recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 7.
