Director Resignation

Freehill Mining Limited (ASX: FHS 'Freehill' or 'the Company') advises that Mr. Sam Duddy has tendered his resignation as a Non-Executive Director.

Due to increased family commitments arising from the recent arrival of twin daughters and his growing executive commitments in Queensland, Mr. Duddy informed the Board that he will not have the necessary time to commit to Freehill.

The Board would like to thank Mr Duddy for his contribution to the Company during his time as a Director. As a major shareholder in Freehill, Mr. Duddy has an ongoing interest in the Company's activities.

Sam Duddy said: *"Freehill is a great company with a positive future. I originally joined the Company as a non-executive director to help the Company secure funding and ensure that a maiden Mineral Resource Estimate under the JORC Code was completed. Both these milestones have been achieved and I am leaving the Company in great shape. Freehill is entering a very exciting phase of growth and we remain committed shareholders."*

About Freehill Mining Limited

Freehill Mining Limited (ASX: FHS) is a mineral exploration company focused on the development of its 100%-owned Yervas Buenas magnetite project in Chile. Yervas Buenas has proven magnetite mineralisation as well as being prospective for both gold and copper mineralisation. Drilling results to date have so far demonstrated that magnetite mineralisation extends along at least a 2km contiguous corridor of what is shown by geophysics to be a 3km long structure extending from the northern boundary to southern boundary of the property. The company has also identified copper and gold mineralisation testing has commenced with diamond drilling on two IP anomalies highlighted in earlier exploration.
