Connexion Telematics Ltd
Directors' report
31 December 2019

The Directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the **consolidated entity**) consisting of Connexion Telematics Ltd (referred to hereafter as the **Company** or **parent entity**) and the entities it controlled at the end of, or during, the half-year ended 31 December 2019.

Directors

The following persons were Directors of the Company during the half year and up to the date of this report unless otherwise stated:

Mark Caruso (Non-Executive Chairman)
Robert Downey (Non-Executive Director)
Aaryn Nania (Non-Executive Director)
Guy Perkins (Managing Director and Chief Executive Officer) – *appointed 5 August 2019*

Principal activities

During the half-year the principal activities of the consolidated entity consisted of delivering Software as a Service (**SaaS**) revenue streams from its two core SaaS products, General Motors (**GM**) Courtesy Transportation Program (**CTP**)/OnTRAC and General Motors Commercial Link (**CL**) supported by consulting development services.

Review of operations

The profit for the consolidated entity after providing for income tax benefit amounted to \$1,571,021 (31 December 2018 loss: \$267,026).

Total revenues from ordinary activities for the period were \$4,311,227 (2018: \$524,822).

The net assets of the consolidated entity increased during the half-year by \$1,651,199 to a net asset surplus of \$3,393,093.

Operational update:

The Company has maintained a focus on GMs CTP/OnTRAC SaaS software program and delivering software functional updates requested by GM. The key achievements in the last six months have been optimising, maintaining and supporting GMs CTP/OnTRAC SaaS software, whilst increasing consulting revenues through change request enhancements from GMs dealer users. The revenues realised, with strict management cost oversight, maintained a reasonable operational cost in line with revenues expectations to deliver a sustainable profit.

General Motors OnTRAC

GM maintained the OnTRAC program for their 4,000 dealers across the USA using on board telemetric solution through Onstar to Track, Report, Analyse and manage Contracts (TRAC) for GMs CTP vehicles. The Company, through GMs CTP/OnTRAC program has consistently tracked and achieved over 70,000+ vehicles online per month over the last six months. GM's CTP/OnTRAC program, enables GM to manage dealer demonstrator vehicles to support their service and customer care processes under both the CTP and Cadillac Courtesy Transportation Alternative (**CTA**). The CTP and CTA delivers a range of benefits to 4,000 US based GM dealers. GMs CTP/OnTRAC program is a mandated program for GMs dealers to participate in.

From a product perspective, given GMs CTP/OnTRAC is an Amazon Cloud based SaaS software solution using the latest software and the Company's own unique innovative implementation and architecture, the Company will continue to improve and add more customer requested features in support of the 4,000+ dealer base with over 15,000 unique users. The user base provides a foundation for continuing to enhance CTP/OnTRAC functionality to meet growing dealer and customer needs.

Outlook

The Company anticipates revenue growth due to the increasing functionality requirements through the CTP/OnTRAC program contract and also increasing functionality development and recurring revenues additional to the original OnTRAC contract.

The Company will also seek to productise GMs CTP/OnTRAC program and offer the solutions to other Original Equipment Manufacturers (**OEM**) in the automotive Industry as a whitelisted product to reduce the amortised cost per enterprise.

Furthermore, the Company will continue to seek acquisition opportunities (companies or assets) to balance the revenue portfolio with GM's contract that falls into a Platform as a Service-operating model.

Connexion Telematics Ltd
Notes to the consolidated financial statements
31 December 2019

Note 1. General information

The financial statements cover Connexion Telematics Ltd (the **Company**) and the entities it controlled at the end of, or during, the period (the **consolidated entity**). The financial statements are presented in Australian dollars, which is the functional and presentation currency of all entities in this consolidated entity.

Connexion Telematics Ltd is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 8, 350 Collins Street
Melbourne, VIC 3000

A description of the nature of the consolidated entity's operations and its principal activities are included in the Directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on the date of signing the Directors' Declaration, which forms part of this report.

Note 2. Significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2019 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2019 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

New, revised or amending Accounting Standards and Interpretations adopted

AASB 16 Leases ('AASB 16')

AASB 16 replaces AASB 117 Leases. AASB 16 removes the classification of leases as either operating leases or finance leases for the lessee – effectively treating all leases as finance leases. AASB 16 is applicable to annual reporting periods beginning on or after 1 July 2019. However, the impact to the consolidated entity is immaterial as it only has one lease relating to its business premises in Melbourne, Australia. The lease is for a twelve-month term, with four months remaining as at 31 December 2019.

Note 3. Operating segments

Identification of reportable operating segments

During the period ended 31 December 2019 the consolidated entity operated in one segment, specialising in developing global information technology solutions for automotive industry.

Connexion Telematics Ltd
Notes to the consolidated financial statements
31 December 2019

Note 9. Share-based payments

During the period, the Company issued the following performance shares:

- 45,000,000 performance shares issued to Guy Perkins, as approved by the shareholders at 2019 Annual General Meeting.

For the performance shares issue during the current financial half-year, the valuation model inputs used to determine the fair value at the grant date, are as follows:

Tranche	Number of Rights	Grant date	Expiry date	Share price at grant date	Exercise price	Expected volatility	Dividend yield	Risk-free interest rate	Fair value at grant date
Tranche 1	15,000,000	11 Nov 2019	30 June 2020	\$0.025	\$0.030	153.5%	-	0.82%	\$0.0188
Tranche 2	15,000,000	11 Nov 2019	30 June 2021	\$0.025	\$0.040	143.9%	-	0.88%	\$0.0197
Tranche 3	15,000,000	11 Nov 2019	30 June 2022	\$0.025	\$0.060	140.8%	-	0.86%	\$0.0202

A total share-based payment expense of \$880,500 will be recognised in the consolidated statement of profit or loss and other comprehensive income over the maximum vesting period to 30 June 2022 in relation to the above performance shares issued. However, for the half-year ended 31 December 2019 a share-based payment expense of \$101,273 has been recognised.

Mr Perkins is also entitled to an annual bonus for the year ending 30 June 2020 of up to 5,000,000 (five million) Ordinary Shares, measured against the following criteria:

- i. Achieving revenue of AU\$10,000,000 (ten million) for the financial year ending 30 June 2020 (75% weighting); and
- ii. Achieving EBITDA against Budget taking into account uncontrollable variables, at the discretion of the Board (25% weighting).

The subsequent years following 30 June 2020 will be determined via KPIs set by the Board at the beginning of each year of subsequent employment.

No share-based payment expense has been recognised for the half-year ended 31 December 2019 in relation to short-term performance shares granted and described above. This is under the expectation that the shares are unlikely to vest.

Connexion Telematics Ltd
Directors' declaration
31 December 2019

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2019 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to section 303(5)(a) of the *Corporations Act 2001*.

As the auditor of Connexion Telematics Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
