8.6 If Item 8.5 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

After the recent capital raising in February 2020, IODM had \$900K in liquid assets at the end of March 2020 and is comfortable with the current cash at bank balances versus cash flow budgets which take in to account the following:

- the company has ceased or reduced contractor payments where appropriate.
- cut overseas and interstate travel
- have negotiated with supplier contracts to better reflect the current outlook
- the company qualifies for the government support programs
- the increase in Revenue and Cash Receipts which is forecast to continue
- the launch and roll out of its product into overseas referral markets

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

The IOD Board will continue to manage capital in a prudent manner that benefits shareholders. The company completed a share placement on 5 February 2020 for \$1,355,011.

The directors will continue to run low cash liquidity levels for the next 12 months to ensure that shareholder value is protected.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

IOD expects to continue its operations and meet its business objectives as pursuant to the answers provided in Questions 1 and 2 of Section 8.6
