	¹ The Company has provided further commentary below.		
	1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?		
	Yes		
	2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?		
	As per the ASX announcement of 26 November 2018, Riva Group subsidiary, Riva Technology and Entertainment Limited (RTE) was due to repay the Company USD\$1.5M by 31 December 2019 in accordance with the terms and conditions of the loan note. Further, as per the ASX announcement of 15 July 2019, RTE was due to pay the Company the first instalment of the eSports and Gaming licence fee of US\$125k (of a US\$2M commitment over 4 years) by 31 December 2019. In February 2020, the Riva Group confirmed that they will be making the following payments to the Company by 21 March 2020 - the second instalment of the Megastar HoA (US\$100k) and US\$100k as the first repayment against the US\$1.5M loan note with regular quarterly repayments to follow. These funds have been delayed. However the Riva Group has confirmed its commitment to make these payments. The inflow of funds from the Riva Group is likely to meet the current level of net operating cash flows.		
	3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?		
	The Company expects it will continue to have negative net operating cash flows for the time being until and unless the RTE USD\$1.5M loan note is repaid and the US\$125k instalments of the RTE eSports and Gaming licence fee commitment of US\$2M over 4 years are met. The Company is not aware of any reason why it will not receive full repayment of the US\$1.5M loan note or the US\$2M eSports and Gaming licence fee commitment over a 4 year period. The Company has been highly focused upon ongoing cost reductions and is expected to manage these costs with consideration to its working capital position.
