12 Month Central Bank Contract and New Customer Wins in the Financial Institutions Sector

Ava Risk Group Limited (ASX: AVA) (Ava Group or Company) is pleased to provide the following market update with respect to its Services Division, Ava Global DMCC:

- Ava has been awarded a 12 month contract with a Central Bank for the secure transportation of banknotes which will generate estimated annual revenue of \$2.1m
- Additional new service agreements also executed with three (3) Commercial Banks, and one (1) other Central Bank
- These new agreements have helped increase Ava's total addressable client spend now in Q4 FY2020 to in excess of \$145m, an increase of 26% over the prior period.

It is estimated that the major buyers of secure logistics services spend in excess of \$1bn per annum. With the recent consolidation of service providers in the secure logistics sector, Ava is expecting to continue to add new customers, and further increase its share of addressable client spend.

Chris Fergus, CEO Services Division, Ava Global, commented *"Whilst the last few months have presented significant logistical challenges, Ava has been able to offer its existing clients a range of new and bespoke solutions ensuring their business continuity, whilst also continuing to increase our addressable market through new client agreements. During this period, our reputation as an innovative and leading service provider has continued"*.

Forward Looking Statements

Information in this release is for general information purposes only. Certain statements in this document regarding the Company's financial position, business strategy and objectives, contain forward-looking statements (rather than being based on historical or current facts) and as such, are not able to be verified.

All forward-looking statements are based on the current views of the Company's management as well as reasonable assumptions made by, and information currently available to the Company's management. Forward-looking statements are inherently uncertain and must be read accordingly. There can be no assurance that some or all of the underlying assumptions will prove to be valid. If assumptions are invalid this is likely to have an impact on the accuracy of the statement itself.

All data presented in this document reflects the current views of the Company with respect to future events. Forward-looking statements are subject to a variety of risks, uncertainties and assumptions relating to the operations, results of operations, growth strategy and liquidity of the Company. Forward looking statements are also subject to external matters outside the control of the Company.

To the maximum extent permitted by law, the Company, its officers, employees and agents do not assume any obligation to release any updates or revisions to the information (including any forward looking statements) in this presentation to reflect any change to expectations or assumptions; and disclaim all responsibility and liability for any loss arising from reliance on this presentation or its content.
