

ASX Release
26 June 2020

ASX Code: MEM

Virtual Conference Presentation

Australian-based bio-separations company Memphasys Limited (ASX: MEM) ("Memphasys" or "the Company") is pleased to announce Executive Chairman Ms Alison Coutts will be presenting in a live virtual conference to be held today, Friday 26th June.

The *Hidden Gems* virtual conference presented by ShareCafe will occur at 12:30pm AEST / 10:30pm AWST.

Attendees are required to register in advance for the webinar using the following link:
https://us02web.zoom.us/webinar/register/WN_QyDqOvS6RR-lvdndvTuLDw

After registering, attendees will receive an email with all login details (a website link or phone dial in details).

Ms Coutts will be providing an update of the Company's commercialisation efforts for the Felix device, a unique device for quickly separating high quality sperm from a semen sample for use in human IVF procedures.

A copy of the Company's latest investor presentation is attached.

This announcement has been approved for release by the board of Memphasys Limited.

About Memphasys:

Memphasys Limited (**ASX: MEM**) specialises in biological separations for high value commercial applications. The Company's patented membrane processes in combination with electrophoresis, the application of an electrical potential difference across a fluid, enable the separation of high value substances or contaminants from the fluid in which they are contained.

The main application of the technology is the separation of the most viable sperm cells for artificial reproduction, most particularly for human IVF.
