

## Invitation to investor webinar on West Wits Mining

West Wits Mining Limited (WWI.ASX) is pleased to invite investors to a webinar briefing this **Thursday 10<sup>th</sup> September at 2:30pm (AEST)** to provide an overview of the Mining Right Application process and activities at the Witwatersrand Basin Project (South Africa) and Mt Cecelia project (Paterson Province, WA).

We are pleased to be hearing from **Hulme Scholes**, veteran South African lawyer, who will provide his overview on the Mining Right Application. Hulme's clients include South Africa's largest mining houses, southern Africa Governments and he has led numerous high-profile cases in South Africa's High Court. Hulme is a leader in South Africa's Mining Law and is a regular guest speaker at International forums such as Mining Indaba.

We will also hear from **Jac Van Heerden**, Managing Director of West Wits Mining, with an overview of operations in South Africa and Western Australia.

<https://us02web.zoom.us/meeting/register/tZYrc--rrT8iHtwk8upkGJ0RvVIqcQZRVc6W>

After registering, you will receive a confirmation email containing information about joining the meeting. Participants will be able to submit questions via the panel (chat) throughout the presentation, however we encourage shareholders and potential investors to send through questions via email before the webinar to [ryan@alces.com.au](mailto:ryan@alces.com.au).

### Company Highlights

- 3.65Moz JORC resource at 3.4g/t<sup>1</sup> on Witwatersrand Basin Project (WBP), South Africa with resource upgrade forecast for September 2020
- WWI aims to commence production in 2021 and build to 50,000 – 60,000oz Au per annum
- Environmental Authorisation approved by the DMR in June 2020<sup>2</sup>, final mining right granting expected in 4Q 2020

- Recently completed scoping study identifies five distinct mine targets with low CAPEX requirement due to historical mine works and planned toll treatment
- Bankable Feasibility Study work commissioned on Qala Shallows
- Strategic landholding in Paterson Province, adjacent to multiple RIO Tinto tenements, with SkyTEM aeromagnetic survey commencing in September 2020 at Mt Cecelia

Approved for release by the CFO and Company Secretary (Simon Whyte)
