## PolyNovo appoints distributor for Finland

PolyNovo is excited to announce the appointment of Innova Medical Oy, in Helsinki, to sell NovoSorb® BTM in Finland.

Innova Medical Oy service a broad range of surgery; plastics, trauma, general and burns; already supplying a range of wound and second degree burn products.

There have already been four surgical applications of NovoSorb BTM with three surgeons on a chronic leg stump wound, burns and scar revision. The surgeons have reached skin graft closure stage on two of these with excellent results to date.

Managing Director, Paul Brennan said, *“The Innova Medical Oy team have been engaged with us for some time. The evaluation surgeries were completed with donated product, however we expect sales to commence shortly.”*

PolyNovo expects to announce further European market entries in the near term

This announcement has been authorised by PolyNovo Company Secretary Jan-Marcel Gielen.

### About NovoSorb®

NovoSorb® is a novel range of bio-resorbable polymers that can be produced in many formats including, film, fibre, foam, and coatings. NovoSorb's unique properties provide excellent biocompatibility, control over physical properties, and programmable bio-resorption profile. NovoSorb® BTM is a dermal scaffold for the regeneration of the dermis when lost through extensive surgery or burn.

### About PolyNovo®

PolyNovo is an Australian-based medical device company that designs, develops and manufactures dermal regeneration solutions (NovoSorb® BTM) using its patented NovoSorb® biodegradable polymer technology. Our development program covers Breast Sling, Hernia, and Orthopaedic applications. For further information and market presentations see [www.polyново.com](http://www.polyново.com)
