

Delay in Half-Year Report

Melbourne, 14th October 2020: As announced on 28 August 2020, iSignthis Ltd (“the Company”) was seeking to utilise the ASIC relief and the corresponding ASX class waiver to extend the lodgment deadline for the half year reviewed accounts to ASIC from 75 days to 106 days for the half year end.

Due to the late appointment of the new auditors of the Company (appointed 25th August 2020), the new auditors have been unable to complete the half year audit review by the revised ASIC deadline. The Company has applied and been granted by ASIC a further 30 day extension to the half year reporting deadline, subject to the half year report being released on or before 11th November 2020.

The ASIC instrument number is 20-0946 dated 13th October 2020.

Unreviewed half year accounts for the Company were released on 28th August 2020. The Company will immediately make a further announcement to the market if there is a material difference between 30 June 2020 unreviewed accounts, published on 28th August 2020 and the reviewed accounts.

Notwithstanding the above, the Company expects to release its results in the next 24-48 hours.
