Corporate Governance Statement 2020

The Pact Group Holdings Ltd (the Company or Pact) Board recognises the importance of good corporate governance and its role in ensuring the accountability of the Board and management to shareholders.

The Board is concerned to ensure that the Company and its subsidiaries (Group) are properly managed to protect and enhance shareholder interests and that the Company, its Directors, officers and employees operate in an appropriate environment of corporate governance.

The Board has adopted a corporate governance framework comprising principles and policies that are consistent with the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (4th Edition) (ASX Recommendations).

This Corporate Governance Statement:

- outlines the key aspects of the Group's corporate governance framework;
- is structured and numbered in order of the principles set out in the ASX Recommendations;

- includes cross references to other relevant information in this Corporate Governance Statement on the Company's charters, policies and codes, details of which are available in the Corporate Governance section of the Company's website at <https://pactgroup.com.au/investor/corporate-governance/policies-and-standards/#corporateGovernance>; and
- should be read in conjunction with the Directors' Report and the Remuneration Report (contained in the Directors' Report) which is included in the 2020 Annual Report available at <https://pactgroup.com.au/investor/investor-communications/reports-and-presentations/> as those reports also contain information required to be included by the ASX Recommendations.

The Board has approved this Corporate Governance Statement and considers that the Company's corporate governance framework and practices have complied with the ASX Recommendations for the financial year, except as otherwise detailed in this Corporate Governance Statement.

Principle 1: Lay solid foundations for management and oversight

- set, review and ensure compliance with the Company's values and governance framework; and
- ensure shareholders are kept informed of the Company's performance and major developments affecting its state of affairs.

Corporate Governance Statement 2020

The Board's key responsibilities/functions include:

- defining the entity's purpose;
- approving the entity's statement of values and code of conduct to underpin the desired culture within the entity;
- overseeing management in its instilling of the entity's values;
- ensuring the entity has in place an appropriate risk management framework that covers both financial and non-financial risks;
- ensuring appropriate framework exists for relevant information to be reported by management to the Board;
- as and when required challenging management and holding it accountable;
- satisfying itself that the entity's remuneration policies are aligned with the entity's purpose, values, strategic objectives and risk appetite;
- selecting, appointing and evaluating the performance of, determining the remuneration of, and planning for succession of, the Chief Executive Officer (CEO);
- contributing to and approving management development of corporate strategy, including setting performance objectives and approving operating budgets;
- reviewing, ratifying and monitoring systems of risk management and internal control and ethical and legal compliance;
- monitoring corporate performance and implementation of strategy and policy; and
- approving major capital expenditure, acquisitions and divestitures, and monitoring capital management.

The Company has established the functions reserved for the Board and these are contained in the Board Charter and the Group's 'Delegated Authority Policy'. The CEO and senior executives, who are accountable to the Board, are responsible for matters that are not specifically reserved to the Board, primarily being the day-to-day operations and management of the Group.

Matters which are specifically reserved for the Board or its Committees include:

- appointment of a Chair;
- appointment and removal of the CEO, the Chief Financial Officer (CFO) and the Company Secretary;
- appointment of Directors to fill a vacancy or as an additional Director;
- establishment of Board committees, their membership and delegated authorities;
- approval of dividends;
- approval of major capital expenditure, acquisitions and divestitures in excess of authority levels delegated to management;
- calling of meetings of shareholders; and
- any other specific matters nominated by the Board from time to time.

Directors

The Board has adopted a Policy which applies to a person who will be appointed to a casual vacancy, as an addition to the Board or to a candidate for election as a Director for the first time. The Policy involves undertaking appropriate checks of the candidate including checks as to the person's character and experience, criminal and bankruptcy history and any other relevant matters.

The Board has also adopted a policy for the re-election of incumbent Directors. This includes the Nomination and Remuneration Committee considering the results of an individual Director's performance evaluation.

Material information in the possession of the Company which is relevant to a decision on whether or not to elect or re-elect a Director of the Company will be provided in the explanatory memorandum which accompanies the Notice of Annual General Meeting. Directors eligible for election or re-election are also invited to address the meeting and provide details of the relevant experience and skills they bring to the Board.

The Company has a written agreement with each Director and senior executive setting out the terms of their appointment. These agreements were put in place prior to the appointment of the Director or senior executive, other than in respect of the Chairman whose agreement was put in place during the 2014 financial year. The nature of the agreements differ between those for Non-executive Directors and those for the Executive Director and senior executives, recognising and reflecting that the latter are employees of the Company.

Corporate Governance Statement 2020

Company Secretary

The Company Secretary's employment agreement recognises that he is directly accountable to the Board through the Chairman on all matters to do with the proper functioning of the Board.

Diversity Policy

The Company recognises that people are its most important asset and is committed to the maintenance and promotion of workplace diversity to ensure a discrimination-free place of work. Encouraging diversity drives the Company's ability to attract, retain and develop the best talent. It also enables an engaged workforce, the delivery of the highest quality services to its customers and the continued growth of the business.

The Company's vision for diversity incorporates a number of different factors, including gender, ethnicity, disability, age and educational experience. The Company's Diversity Policy can be accessed in the Corporate Governance section at <https://pactgroup.com.au/investor/corporate-governance/policies-and-standards/#corporateGovernance>.

The Board set its measurable objectives as required by the Diversity Policy. Those measurable objectives are:

- Each monthly staff recruitment assignment requires at least one female candidate to be recommended for interview and / or job ready process.
- Ensure the annual salary review outcomes for female monthly employees are not less than the same percentage increase in remuneration as males across the Group.
- Include specific questions in the next Group employee engagement survey quantify gender as an issue in the workplace across the Group.
- Ensure pay equity by gender as each level of the organisation.
- Have 30% female in the executive levels of CEO-1 and CEO-2 populations.

The annual salary review includes gender detail to identify any gender pay equity imbalance. Active management of salary review with a "lens on gender" has helped to identify and take steps to reduce inequity. Commencement salaries are reviewed against peers to ensure that there is not a discrepancy where the requirements of the role and the capabilities and experience of the candidate are the same or similar.

The Group lodged its annual public report with the Workplace Gender Equality Agency (WGEA) including detail on gender pay equity. It has been confirmed by the WGEA that it achieved compliance status.

The following table shows the representation of men and women at various levels within the Group workforce as at 30 June 2020:

Level	Proportion of Women %	Proportion of Men %
Non-Executive Directors	33	67
Senior Executives*	20	80
Other Levels	36	64
Total	36	64

* Senior Executives are defined as the CEO and direct reports to the CEO.

Board and Committee Performance Evaluation

The evaluation of the Board, its Directors and Committees is assessed every second year.

Directors provided written feedback in relation to the performance of the Board against a set of agreed criteria. Each Director was also required to provide feedback on his or her own performance. Feedback was collected by the Chairman of the Board via the Company Secretary.

The results of the Board evaluations have been discussed by the Directors. The results concluded that the Board is functioning in an appropriate manner.

Senior Executive Performance Evaluation

The performance of senior executives is formally evaluated every six months by the CEO which also includes the establishment of their forward objectives. The CEO engages with each of his direct reports on an ongoing basis in relation to their performance and has regular discussions with each of them to facilitate a process of ongoing continuous improvement of their performance across technical, business and leadership criteria.

At the mid-year review a discussion takes place between each senior executive and the CEO. The key purpose of the mid-year review is to track progress against the objectives and to determine action plans to ensure achievement of objectives to the extent considered necessary.

The full year review, which occurs in July of each year, assesses the full year performance of the senior executives against their objectives as well as the corporate values of the Company.

Performance evaluations for senior executives, which accords with the process described above, took place in July 2020 for the 2020 financial year.

Corporate Governance Statement 2020

Principle 2: Structure the Board to be effective and add value

Board

Pact's Constitution provides that the Board does not comprise of more than seven Directors. During the 2020 financial year, the Board comprised of six Directors, being five Non-executive Directors and the CEO, to

21 April 2020. From 21 April to 30 June the Board comprised of seven Directors, being six Non-executive Directors and the CEO.

Board Committees

To assist the Board in meeting its responsibilities, the Board currently has established the following two committees:

- the Nomination and Remuneration Committee (NRC); and
- the Audit, Business Risk and Compliance Committee (ABRCC).

The members of these Committees as at 30 June are set out below:

	NRC	ABRCC
Chairman	Jonathan Ling	Jonathan Ling (since Peter Margin's retirement)
Members	Lyndsey Cattermole Raphael Geminder	Lyndsey Cattermole Ray Horsburgh Michael Wachtel

Each Committee is structured so that it:

- consists of a majority of independent Directors;
- is chaired by an independent Director; and
- has at least three members.

The ABRCC is also structured so that it consists only of Non-executive Directors.

The Charters for each of the NRC and ABRCC can be accessed in the Corporate Governance section at <https://pactgroup.com/investor/corporate-governance/board-and-committee-charters/>.

The responsibilities of the NRC are as follows:

As they relate to nomination matters:

- review, assess and make recommendations to the Board on the desirable size, composition, competencies and attributes of the Board;
- review and recommend to the Board succession plans regarding the Chairman and CEO;
- review and recommend to the Board membership of the Board including recommendations for the appointment and re-election of Directors;
- establish policies and procedures and make recommendations to the Board for the selection, appointment and removal of the CEO; and
- assist the Board to assess the performance of the Board, its Committees and its members.

As they relate to remuneration matters:

- review and recommend to the Board remuneration and contractual arrangements for the CEO and executives reporting to the CEO;
- review, at least annually, the performance of the CEO against individual and Company targets;
- review the senior executives' performance assessment processes and results and review and approve short term incentive strategy, performance targets and bonus payments;
- review and recommend to the Board the establishment of any employee equity incentive plan; and
- review and recommend to the Board remuneration arrangements for the Chairman and Non-executive Directors.

Board and Committee Meetings

Details of the number of Board and Committee meetings held during the 2020 financial year and the attendance of Directors and members of the Committees respectively are contained on page 35 of the 2020 Annual Report.

Board Skills Matrix

The Board considers it important to maintain an appropriate mix of skills, experience, expertise and diversity in its membership to ensure that it is able to meet the present and future needs of the Company. The Board has developed a Board Skills Matrix which sets out the mix of skills, experience and expertise that the Board considers relevant to the membership of the Pact Board.

Corporate Governance Statement 2020

The skills, experience and expertise and their relative importance to Pact are set out in the table below.

Skill/Experience/Expertise	Importance
Manufacturing industry, business/commercial, marketing, strategy development	Very important
Environment and social responsibility, governance and good judgement, strategy development, risk management, investment/capital management, corporate social responsibility	Important
Public relations/communication/investor relations, legal, finance/accounting, human resources, information technology	Relevant

Each member of the Board has undertaken a self-assessment against the skills, experience and expertise and rated themselves and this has then been reflected in the matrix and discussed with the rest of the Board.

The Board is of the view that collectively each of these areas is currently well represented on the Board. The Board benefits from the combination of Directors' individual skills, experience and expertise as well as the different perspectives and insights that each Director brings to the Board.

In respect of diversity, the Board recognises the benefit of having, and looks to achieve in its membership, varying backgrounds, attributes and gender representation.

Independence of Directors

It is the Board's policy that there should be a majority of independent, Non-executive Directors. A review of each Non-executive Directors' independence has been undertaken. The Board remains of the view that it has a majority of independent Directors, with five of the seven Directors (Ms Cattermole, Ms Chua, Mr Horsburgh, Mr Ling and Mr Wachtel) considered independent. For more information on each Director (including their experience, expertise, qualifications and term of office) see pages 31 to 34 of the 2020 Annual Report.

In general, Directors will be considered to be 'independent' if they are not members of management (a Non-executive Director) and they:

- do not receive performance-based remuneration (including options or performance rights) or participate in an employee incentive scheme;
- are not material shareholders of the Company, or officers of, or otherwise associated with, material shareholders of the Company;
- have not within the last three years been employed in an executive capacity by the Company or another Group member;
- are not and have not within the last three years, been in a material business relationship with the company, or is an officer of, or otherwise associated with someone with such a relationship;
- have not within the last three years been an officer, or employee of, or professional adviser to a substantial shareholder;
- are not, or have not within the last three years been a material supplier to, or customer of, the Company or other Group member or an officer of, or otherwise associated with, a material supplier or customer;
- have no material contractual relationship with the Company or another Group member, other than as a Director of the Company;
- have no close family ties with any person who falls within any of the categories described above;
- have not been a Director of the Company for such period that his or her independence may have been compromised; and
- are free from any interest, business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.

The Board considers the materiality of any given relationship on a case-by-case basis and has adopted materiality guidelines to assist in this regard which are set out in Attachment 1 to the Board Charter which can be accessed in the Corporate Governance section at <https://pactgroup.com.au/investor/corporate-governance/board-and-committee-charters/>.

Corporate Governance Statement 2020

In general, the Board will consider holding 5% or more of the Company's shares to be material. The Board will also consider an affiliation with a business which accounts for less than 5% of the relevant base to be immaterial for the purposes of determining independence. The Board views independence of each Director in light of interests disclosed to the Board from time to time.

The Chairman, Mr Raphael Geminder, holds approximately 42% of the issued capital of the Company. Accordingly, the Chairman is not an independent Director. As outlined in the Prospectus dated 27 November 2013 and the Company's previous Corporate Governance Statements, the Board believes that Mr Geminder is the most appropriate person to lead the Board as Chairman and that he is able to and does bring quality of judgement to all relevant issues falling within the scope of the role of Chairman and that the Group as a whole benefits from his long-standing experience of its operations and business relationships.

The Board is conscious that there are a number of related party dealings between the Group and interests associated with Mr Geminder. These related party transactions are disclosed in the Financial Statements for the relevant years. As a consequence, the Board has put in place a Related Party Protocol to monitor and govern these transactions and to ensure compliance with the Corporations Act.

Induction and Professional development

The Company has an induction program for new Directors. On an ongoing basis, the Company provides the Directors with information to ensure the Directors have knowledge of current business performance and major issues. In addition, this is supported by periodic site visits in conjunction with Board meetings as well as the opportunity to hear from senior executives on a regular basis.

The Directors are expected to undertake any necessary continuing professional education to enable them to discharge their duties. The Company has offered the Directors, through the Company Secretary, the opportunity to be advised of various professional development opportunities should they request it. In addition, relevant professional development opportunities are provided from time to time by the Company to the Board.

Principle 3: Instil a culture of acting lawfully, ethically and responsibly

Code of Conduct

The Company is committed to instilling a culture of ethical behaviour and operating with integrity in all business practices. All Group employees, Directors and contractors and suppliers and volunteers, when providing products or services to the Group, must comply with the obligations under the Code of Conduct (Code).

The Code is central to the framework of the Group's compliance program and is complemented by a suite of additional policies and procedures.

The Code addresses how the Group does business and focuses on ethics, integrity and reputation; compliance with laws and regulations; commitment to quality; conflicts of interest; bribes, gifts and commissions; privacy; and public communications and disclosures. It also focuses on how the Group behaves in the workplace and addresses matters such as equal opportunity and anti-discrimination; workplace health and safety; improper use or theft of Group property and securities trading.

Finally, it deals with how the Group interacts with the community and addresses the Group's contribution to the community, environment and outside activities and public office.

The Code encourages employees and others to report any behaviour or situation where there is a genuine belief that it may breach the Code, Group policies and procedures or the law. The Company is committed to ensuring that those who do so are not disadvantaged or discriminated against when making reports in good faith. The Company has a whistle blower policy which contains appropriate protections for those who report such behaviour and has established an externally facilitated hotline to enable employees and other stakeholders to report any concerns.

The Company's Code can be accessed in the Corporate Governance section at <https://pactgroup.com.au/investor/corporate-governance/policies-and-standards/#corporateGovernance>.

The responsibilities of the ABRCC are to:

Corporate Governance Statement 2020

Investor Relations

The Company communicates with its investors on three main occasions during the year. These are when its half-year results are released, its full year results are released and at the AGM. The Company holds a results briefing at the release of each of the half-year and full year results and those briefings are open to all investors, analysts and other interested stakeholders. Participants have the opportunity to ask questions of the Company.

In addition, each result briefing is recorded and placed on the Company's website for a period to enable those that were unable to attend to access the information.

The Company may also present at other forums during the year. Presentation materials are lodged with ASX and placed on the Company's website so that all investors have the benefit of knowing what the Company presents.

During the year, the Company also meets with investors and other market participants upon request within the parameters of its Continuous Disclosure Policy. This interaction with investors and other market participants allows the Company to obtain an understanding of their areas of interest or matters for concern. These are then considered by management and, where relevant, communicated to the Board.

The Company has also provided investors and other interested parties with the opportunity to register their email details on its database. Registrants receive via email a copy of all material ASX releases within 24 hours of release to ensure they are kept well informed and given access to the most recent information about the Company.

Shareholder participation at meetings

The Chairman, in a letter to shareholders, encourages online attendance at the AGM. There is an opportunity to ask questions on the business of the Company, its financial results and specific business of the meeting both through online participation at the meeting or by sending questions to the Company ahead of the AGM. The most commonly asked questions are responded to at the AGM.

The Company also has live audio webcasting at its AGM so that shareholders who are unable to attend the meeting online can hear the proceedings that are recorded.

Communications

The Company's website contains a facility for shareholders to direct enquiries to the Company and to elect to receive communications from the Company via email. Shareholders also have the option to receive communications from, and send communications to, the Company's share registry, Computershare Investor Services Pty Limited, electronically.

Principle 7: Recognise and manage risk

The Board has established the Audit, Business Risk and Compliance Committee which oversees the Group risk framework and periodically reviews the effectiveness of that framework. Further detail regarding the ABRCC can be found in the commentary under Principles 2 and 4.

Review of risk management framework

The Company promotes a risk-aware culture and is committed to managing all risks within the Group in a proactive and effective manner. This requires the identification and mitigation of risk in a way that protects business continuity and reputation, informs management decisions and drives competitive advantage.

The ABRCC has approved a Risk Management Policy (Policy) and Risk Management Framework (Framework) to oversee and manage risk.

The Policy provides that the Company's commitment is to promote a risk-aware culture in decision making and a commitment to manage all risks that may materially impact the business of the Group in a proactive and effective manner.

The principles and approach for recognising and managing risk are described in the Framework which is comprised of the practical process and tools to support consistent implementation of the Policy, including roles and responsibilities, and the approach for risk analysis, including identifying, assessing, responding to and monitoring risks. The Framework is based on AS ISO31000:2018 Risk Management Guidelines.

The reporting of newly identified risks that may impact the operations of the Group across all areas is encouraged. This includes, but is not limited to, operational, environmental, sustainability, compliance, strategic, ethical conduct, reputation or brand, technological product or service quality, human capital, financial reporting and market related risks.

Corporate Governance Statement 2020

Management has developed a process to ensure new risks are identified and existing risks remain relevant. All material risks are recorded on the Group Risk Register which is reviewed regularly by the ABRCC.

Mitigation Plans are reviewed and assessed regularly by management to ensure the processes and internal controls in place remain effective and to ensure identified improvement activities continue to be implemented. Updates are provided to the ABRCC on a regular basis.

During the financial year, the ABRCC reviewed the Group Risk Management Policy and Framework to satisfy itself that it continues to be sound.

The Company's Risk Management Policy can be accessed from the Corporate Governance section at <https://pactgroup.com.au/investor/corporate-governance/policies-and-standards/#corporateGovernance>.

Internal Audit Function

The function of Internal Audit is carried out by the internal audit function, which is independent from external audit and administratively reports to the CFO. This function provides management and the ABRCC assurances and evaluation of the effectiveness of our internal control processes, focusing on financial controls, accounting policies and supporting the management of key risks.

The annual Internal Audit program, including the scope and schedule of audits, is developed in consultation with management and approved by the ABRCC. The audit results are reviewed by management and provided to the ABRCC on a regular basis.

If the audit program identifies work where the internal audit function does not have the necessary expertise to carry out the required scope of work, the internal audit function is complemented by the engagement of external consultants who have that expertise. These engagements are scoped and managed by the Internal Audit Manager in consultation with the CFO.

The ABRCC reviews the results and effectiveness of the internal audit program and the performance and objectivity of the internal audit function. Additionally, the ABRCC evaluates and critiques management's responsiveness to internal audit's finding and recommendations, to ensure risks are being effectively managed.

The Company monitors the Group's exposure to risks including economic, environmental and social sustainability risks. The Company has published a Sustainability Report for the 2020 financial year. That report discloses the Group's material exposure to economic, environmental, social and governance sustainability risks and how they are managed. It can be located at <https://pactgroup.com/sustainability/>.

Principle 8: Remunerate fairly and responsibly

Nomination and Remuneration Committee

As described in the commentary under Principle 2, the Company has a Nomination and Remuneration Committee.

The Company does not have any scheme for retirement benefits, other than superannuation, for Non-executive Directors.

Following the approval of shareholders at Pact's 2016 and 2017 AGMs, the Company has implemented an equity based long term incentive plan (LTIP), which has taken effect for the CEO from December 2015 and for other senior executives from the 2018 financial year. Further information on the Company's LTIP is located at pages 43 to 44 of the 2020 Annual Report.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
