Forbidden Foods Limited (**ASX: FFF, “Forbidden Foods” or the “Company”**), producer of healthy food products under the three primary brands – Forbidden, Sensory Mill and FUNCH – presents its Quarterly Activities Report and Appendix 4C for the quarter ended 30 September 2020 (the “Quarter”).

Commenting on the Quarterly Activities Report, Forbidden Foods co-founder and Chief Executive Officer, Marcus Brown said:

*“We are extremely pleased with the completion of the IPO which was heavily supported by a combination of institutional, sophisticated and retail investors, allowing us to close the offer earlier than anticipated. With the cash raised from the offer and the automatic conversion of the convertible notes, our balance sheet is strong to now confidently progress with our exciting growth initiatives over the coming months.*

*“We are now looking forward to deploying the funds which will enable us to grow existing channels whilst also expanding other strategic channels, including growing our e-commerce presence globally”*

*“We continue to monitor the impacts of COVID-19, in particular on the food service industry in Victoria. Victoria is showing positive signs with restrictions easing and we are working closely with key customers to plan for the coming season. Our supply chain continues to be unaffected by the impacts of COVID-19.*

*“Overall, we are very happy with the position of the business and the strategy and direction we are pursuing. We are confident with our product range and our ability to seize opportunities available to us.”*

## Business Activities

- Forbidden Foods successfully completed an Initial Public Offering (“IPO”) which raised \$6 million (before costs) and commenced trading as a listed company on the ASX on 31 August 2020. The offer was comprised exclusively of primary capital with the issue of 30 million shares at \$0.20, valuing the Company at a market capitalisation of \$15 million at the issue price. BW Equities acted as Lead Manager, Cadmon Advisory acted as Corporate Adviser and Clarendon Lawyers acted as legal adviser to Forbidden Foods for the IPO. With the IPO completed two months into the Quarter, the impact of having the funds available was minimal by the end of the Quarter.
- The Company is using proceeds of the IPO to accelerate its sales, marketing and brand development activities in Australia and internationally. Forbidden Foods’ sales team is focused on growing the business through new partnerships and building on existing customer relationships, with several negotiations progressing positively throughout the quarter.
- Forbidden Foods has continued to build out its executive team with the appointment of Sam Fraser as Chief Financial Officer during the Quarter. Sam commenced in that role on 1 October 2020, and over the past five years, Sam has acted as an advisor to the Company, most recently assisting with the Company’s successful ASX listing.
- Forbidden Foods is currently in the process of launching its new FUNCH range of 100% Australian sourced and manufactured baby food products, suitable for distribution both domestically and into Asia, UK and the US.
- After the end of the quarter, the Company secured ranging with FoodWorks / Australian United Retailers stores nationally for its FUNCH Baby Foods, FUNCH Health Snack Mixes, Sensory Mill Plant-Based Flours and Sensory Mill Organic Apple Cider Vinegar. FoodWorks / AUR is one of Australia’s largest independent retail groups with over 500 supermarkets across Australia and approximately \$2B in annual sales. The parties plan to launch the rollout in January 2021 and estimate initial revenue of \$1.8 million per annum across the ranged products.
- Forbidden Foods’ Annual General Meeting (AGM) of shareholders will be held on 26 November 2020 at 10am AEDT. Further information on how shareholders may participate in the AGM are included in the Notice of Meeting.
