## INVITATION TO TEK INVESTOR WEBINAR

Dear fellow shareholder

I would like to extend to you a personal invitation to attend an investor briefing I will be hosting with representatives of two companies from the Thorney Technologies Ltd portfolio, on Wednesday 25 November 2020 at 9.00am.

I will be interviewing Ed Clarke, Founder and Managing Director, Yojee Limited and Dr Bayju Thakar, Founder, Doctor Care Anywhere PLC. Both Ed and Bayju will be providing an update on the strategic progress their companies are making, and I will provide some insight as to why I continue to support their ambitions. Doctor Care Anywhere will shortly be listing on the ASX.

### *Yojee Limited ('Yojee')*

Yojee is a cloud-based software as a service (SaaS) logistics platform that seamlessly and uniquely manages, tracks and optimizes freight movements along the entire logistics chain, from sender to end customer, across borders and between logistics providers (land, sea, air), with subcontractors and for multi-leg journeys.

### *Doctor Care Anywhere PLC ('Doctor Care Anywhere')*

Doctor Care Anywhere is a UK-based telehealth company, founded in 2013, and is committed to delivering high-quality, effective care to its patients, whilst reducing the overall cost of providing clinical services. The business utilises its technology platform and established relationships with health insurers, healthcare providers and corporate customers to connect with patients and deliver a range of telehealth services.

I will also be making some general remarks about the TEK portfolio, the recently announced capital raising, how we see the outlook for the economy and markets over 2020 and beyond.

Shareholders can submit questions in advance by emailing Craig Smith (craig.smith@thorney.com.au). We will try to cover as many of your questions as possible in the allotted time.

Date: Wednesday 25 November 2020

Time: 9.00-9.45am (commencing 9.00am sharp)

To attend the discussion please **[click here to register](#)**.

I look forward to your participation.

Best regards
