Dear Sir/Madam

Request for Trading Halt: Amaero International Limited (ASX:3DA)

In accordance with the requirements of Listing Rule 17.1, Amaero International Limited ("the Company") hereby requests an immediate trading halt of the Company's securities.

The Company is in the process of making and finalising arrangements in relation to a potential capital raising. The trading halt is requested until an announcement is made to the market in relation to the outcome of the proposed capital raising or the commencement of trading on Monday, 7 December 2020, whichever is earlier.

The Company is not aware of any reason why the Trading Halt should not be granted.

Yours faithfully,

Mark Licciardo
Company Secretary

About Amaero International Limited:

Amaero International Limited is an Australian-based company that manufactures large format complex components in metal with laser-based additive manufacturing processes, commonly known as 3D printing.

The principal activity of Amaero is the provision of end to end additive manufacturing solutions in terms of services, equipment and technology to its key clients in the Aviation Defence and Space sectors and the Tool and Die industry.

Amaero has worked with many of the world's leading manufacturers of aerospace and defence products in both an R&D and manufacturing capability and has a demonstrated ability to deliver aviation and military specification 3D printed alloy critical operation components.

Amaero was established with the support of Monash University in 2013 to take advantage of commercial opportunities identified by the Monash Centre for Additive Manufacturing (MCAM). Amaero is co-located with MCAM in Melbourne Australia. It operates two additional facilities, in Adelaide, South Australia, and El Segundo, California, USA.
