JLG enters into partnership with RACQ

Johns Lyng Group (ASX:JLG) has entered into a contract with major Queensland insurer RACQ, in what is another important milestone in the Group's national growth strategy.

The contract is for the provision of domestic property insurance repair work state-wide, including both business-as-usual claims, and claims made during peak weather events such as fires, storms and floods.

The Agreement took effect from December 1, 2020 and is for an initial one-year period.

CEO Scott Didier said that partnering with a major state-based insurer was an important step for the Group's growing Queensland operation.

"Our Queensland operation has seen significant growth since inception some 11 years ago, and we're pleased that our hard work has been acknowledged in the market as we continue focus on growth and providing exceptional solutions to our clients and mutual customers," Mr Didier said

"The region is strategically important for us, given it is prone to significant weather events, so this contract will help us leverage our market-leading capability to respond and support Queenslanders when these events occur."

"JLG is well positioned to respond across the state, with our network covering all postcodes on a "business as usual" basis supported by our national event response plan."

"We thank RACQ for their support and look forward to a long-standing working relationship."
