- Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

- Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Yes – the Company proposes to raise further cash to fund its operations. The steps it has taken include:

- refreshing the ability to raise capital under Listing Rules 7.1 and 7.1A (Approved in the AGM held on 2nd December 2020).
- confidential discussions with institutional investor to participate in a private placement. Further information will be released to the market in line with the Continuous Disclosure Requirements of Chapter 3 of the ASX Rules.

The Company has demonstrated the ability to raise capital. Recent activity includes 6 separate private placements in 2019 and 2020 and a successful Entitlement Offer.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes – the Company expects to continue its operations and meet its business objectives based on the following:

- The key driver of revenue growth is Funds Under Management (FUM) that has grown by 33% over the past 18 months.
- New products continue to be developed to drive future FUM growth. For example:
 - the recently introduced Rental Property Accelerator product (ASX announcement 9 July 2020) spans the investment/tenant gap enabling more tenants to escape the rental cycle.
 - DomaCom has entered an agreement with leading Australian Community Housing Provider BlueCHP Limited that will allow the Company to move to the syndication phase for the Essential Worker pilot. This product aims to leverage the Government's affordable housing lending facility to deliver an RPA product for essential workers with a 25% discounted rent (ASX announcement 9 November 2020).
 - The Equity Mortgage product is being developed to be Shariah compliant and targeting the Australian Islamic community and other communities that are prohibited from borrowing money (ASX announcement 18 December 2020).
 - Senior Equity Release is being rolled out that allows retirees to access equity within their home. Currently a program is being run to accredit financial advisers to allow them to use this innovative product (update provided in ASX announcement 2 December 2020).
