PlaySide Studios Limited – December Quarterly 4C Review (Q2FY21)

PlaySide Studios Limited (ASX: PLY) (“PLY” or “PlaySide”), one of Australia’s largest publicly listed video game developers, is pleased to provide its Q2 FY21 Quarterly Activities Report and Appendix 4C.

KEY HIGHLIGHTS

- Commenced trading on ASX on December 17th 2020
- 66% increase in Revenues (unaudited) to \$3.13m over the previous quarter (Q1 FY21)
- 84% increase in Cash receipts to \$3.19m over the previous quarter (Q1 FY21)
- Animal Warfare, a PlaySide Original IP title, has achieved over 6 million downloads since its launch in August 2020
- Development commenced on PlaySide’s premiere “next generation” console title. This is a significant step for the company in the highly coveted console segment.

IPO

PlaySide listed on the ASX on December 17th, 2020 under the ASX code PLY after raising \$15 million at \$0.20 per share. The IPO closed oversubscribed with strong support received from institutional, sophisticated and retail investors.

PlaySide reported strong growth in both Q2 FY21 unaudited customer revenues of \$3.13m (+66% QoQ) and customer receipts of \$3.19m (+84% QoQ) with Animal Warfare being a key contributor. In addition, several work for hire mobile game development contracts contributed to the result.

PlaySide’s Average Daily Active Users (“DAU’s”) for Q2 FY21 on its Original IP titles grew to 237,000, up 249% on the previous quarter, while installs grew to 5.8 million up 241% on the previous quarter. In addition, average sessions per day increased to 1.75 million, up 365% on the previous quarter.

PlaySide's CEO, Gerry Sakkas noted:

"It was an extremely pleasing performance by PlaySide this quarter underpinned by the result in original IP. Our product-centric strategy of making world class titles and diversifying our portfolio beyond mobile is truly an exciting prospect for the Company. Our portfolio is rapidly expanding, and we look forward to releasing additional Original IP titles in the second half of FY21."

Original IP

One of the key objectives of the IPO was to provide the resources for PlaySide to expand into creating video games for the major console platforms. To that end, the Company is excited to announce that it has commenced work on a next generation console title planned for release at the end of 2021. This will be the Company's first title released on "next generation" consoles such as the PlayStation 5 and Xbox Series X.

PlaySide's Animal Warfare game launched in August 2020 has achieved 6.03m downloads as of 31st December 2020 which is well above the Company's initial expectations. The title has received a positive response from players, scoring an average rating of 4.7/5 from over 60,000 reviews on Apple iOS. It continues to generate strong daily downloads and is achieving target DAU and monetisation metrics.

Idle Area 51 was soft launched on the 19th of December. This is a PlaySide Original IP mobile casual title within the "clicker" genre. PlaySide identified this as an attractive niche genre and conceived the concept of a secret research recovery facility formed around a UFO crash site. The title was fully developed during the quarter with the soft launch period being used to refine retention and monetization metrics ahead of the planned global launch during Q3 FY21.

Partnerships

World of Pets (“WOP”), a game in partnership with Norris Nuts (10 million YouTube Subscribers across all channels), continued to progress well. WOP is a Massive Multiplayer Online (MMO) adventure game. The game was announced on the Norris Nuts YouTube channel on December 6th, 2020 with registrations for closed beta testing exceeding expectations. WOP is planned to open for pre orders in early February, 2021.

Operations

As part of its growth strategy, PlaySide commenced building scale into its business to support the increased pipeline of projects. During this quarter, PlaySide expanded the capacity and capability of its team. This included games specific resources such as Producers, Programmers, Artists, QA, User Acquisition and a Designer as well as other administration support staff including HR and Accounting. In addition, PlaySide has further invested in gaming hardware and software infrastructure.

In line with the increased revenue in its Original IP, PlaySide has scaled its user acquisition spend, predominantly on Animal Warfare, which is reflective of the robust quarterly internal metrics performance.

These ongoing investments position PlaySide well to be able to scale its growth aspirations while ensuring the process and systems to support our staff and quality delivery.

Quarterly Cashflow

As detailed in the Appendix 4C later in this document, PlaySide increased its Cash Reserves by \$12.46 million to \$16.07 million during the December quarter. The main components of this positive movement were:

(i) Net Cash Used in Operating Activities \$1.07m

Original IP Revenue, underpinned by the success of Animal Warfare, saw Cash Receipts from Customers rise by \$1.46m (84%) on the September Qtr. However, this positive trend was more than offset by increases in:

- Advertising & Marketing spend (up \$1.36m) – mainly User Acquisition spend;
- Staff Costs (up \$1.0m) – reflecting the increased average number of employees (Q1: 62, Q2: 77), mainly in the areas of Operations (Programming, Design & Producers) and Corporate Admin (COO/CFO/HR/Accounting). In addition, the Company converted its monthly payroll cycle from 4 weeks in arrears to two weeks in advance/two weeks in arrears; and
- General Administrative Overheads (up \$0.3m), mainly due to increases in Audit & Accounting Fees, Software Licence Fees and D&O Insurance costs.

(ii) Net Cash Generated from Financing Activities of \$13.53m, reflecting funds raised from pre-IPO Convertible Notes issue (\$3.05m), IPO (\$15.0m), less the costs associated with these capital raises (\$1.66m).

IPO Use of Funds Reconciliation

Pursuant to Listing Rule 4.7C2, the Company confirms that during the period since listing on the ASX on 17 December 2020, its expenditure incurred is in line with the Use of Funds as set out in its prospectus, with a summary as shown in the table below:

Use of Funds under Prospectus (\$'000)	Note	Funds allocated under the Prospectus	Funds expended to 31 December 2020
Expand Data & Analytics Team	1	1,000	-
Sales and Marketing (including User Acquisition)	1	4,000	-
