About RMA Global Limited

RMA is an online digital marketing business providing extensive data on for-sale and sold residential property, sale results for individual residential real estate agents and agencies, as well as reviews of agent performance from vendors and buyers of residential real estate. This data can be used by agents to build their profile to market themselves, or by vendors to compare agents and find an agent or agency to sell their property. The product offering has recently expanded to include leased properties and to mortgage broking.
