## INVITATION TO TEK INVESTOR WEBINAR

Dear fellow shareholder

I would like to extend to you a personal invitation to attend an investor briefing I will be hosting with representatives of two companies from the Thorney Technologies Ltd ('TEK') portfolio, on Thursday 4 March 2021 commencing at 8.45am.

In addition to providing some further insight into the recently announced half year results for TEK, I will be interviewing Domenic Carosa, Chairman, Banxa Holdings, Inc. and Phil Hodgson, Chief Executive Officer, Calix Limited. Both Domenic and Phil will be providing an update on the strategic progress their companies are making, and I will provide some insight as to why I continue to support their ambitions.

### *Banxa Holdings, Inc. ('Banxa')*

Banxa is a payments service provider for the digital asset space. The company's mission is to build the bridge between traditional financial systems and regulation and the digital asset space. The company's ambition is to onboard the general public to digital currency by building fully compliant payment infrastructure that enables simple and secure conversion of fiat currency to digital currency.

### *Calix Limited ('CXL')*

Calix is a team of dedicated people developing a unique, patented technology to provide industrial solutions that address global sustainability challenges.

The core technology is being used to develop more environmentally friendly solutions for advanced batteries, crop protection, aquaculture, wastewater and carbon reduction.

Calix develops its technology via a global network of research and development collaborations, including governments, research institutes and universities, some of world's largest companies, and a growing customer base and distributor network for its commercialised products and processes.

Shareholders can submit questions in advance by emailing Craig Smith ([craig.smith@thorney.com.au](mailto:craig.smith@thorney.com.au)). We will try to cover as many of your questions as possible in the allotted time.

**Date:** Thursday 4 March 2021

**Time:** 8.45-9.30am (commencing 8.45am sharp)

To attend the discussion please click the link:

I look forward to your participation.

Best regards
