

### **ASX ANOUNCEMENT**

### **CPT GLOBAL LIMITED (ASX: CGO)**

### 22 March 2021

### Market Update

As stated at the 2020 AGM, extending the contracts with our two largest clients beyond 31 December 2020 was one of the 4 key risks and uncertainties that had reduced our visibility of future revenue for the 30 June 2021 financial year.

Further to our announcement of 27 January 2021, CPT is pleased to announce that the 2 streams of work at our largest North American client that were contracted until 31 March 2021, have been extended to 31 December 2021.

As a result of these contracts being extended:

- 1. 88% of forecast USA revenue to 30 June 2021 is contracted; and
- 2. 91% of forecast Australian revenue to 30 June 2021 is contracted.

Following is an updated investor presentation we will use in upcoming roadshows.

Authorised by the Chairman of the Board of Directors of CPT Global Limited

#### **CORE BUSINESS & STRENGTHS**

Our focus has been on our core business and strengths: helping clients solve their complex and technical challenges as they transform their IT environments. During Covid-19 it has been our core services that have been in demand.

#### COSTS HAVE TRENDED DOWN

The impact of lockdowns has been a net positive on the costs in the business. Travel and related costs and occupancy costs all decreased. As regions reopen, we will see some costs increase again, however, the way we work has changed and so has our clients' practices.

#### 71% GROWTH IN AUSTRALIAN REVENUE

Growth in the second half of FY20 at our largest client was locked in for the first half and has been extended to 30 June 2021.

New clients won in the second half of FY20 ramped up to full capacity.

#### MARGINS HAVE HELD UP DURING COVID

Contracts renewed at existing rates or with limited discounts (5% at most).

Significant risk/reward margin on approx. US\$1m in revenue.

Consultant travel has been reduced to zero.

#### **OUR CLIENT BASE IS UNPARALLELED**

Our clients are the largest and most recognised brands in the financial services, insurance and government sectors.
