Dear Dean

RESPONSE TO ASX APPENDIX 3Y QUERIES

Cirralto Limited ('**Company** or **CRO**') refers to your letter dated 17 March 2021 and responds to the queries raised as follows:

1. Did Mr Floate comply with section 5 (and in particular sections 5.5 and 5.6) of the Trading Policy and obtain the prior written approval of the Chairman to carry out the Floate Transactions? If not, why not?

On 18 January 2021, Mr Floate obtained prior written approval of the Chairman for the disposal of shares on-market for the purposes of providing Mr Floate with funds to exercise options that he held and to provide additional funding to the Company.

As set out in the Floate 3Y, 5,650,837 shares were issued to Mr Floate on exercise of options using the funds from the prior disposal of shares. Mr Floate intended to exercise more options, however, after disposing of the shares Mr Floate was informed that some of the options he wished to exercise were not capable of being exercised as they remained subject to vesting conditions. Accordingly, after discussions with the Chairman and Secretary, Mr Floate obtained verbal approval from the Chairman and Secretary to purchase an additional 620,000 shares and 1,500,000 options to correct this and ensure that his shareholdings would not decrease as a result of his trading activity. As announced to ASX on 25 January 2021, following the Floate Transactions, Mr Floate's shareholdings increased from 59,470,291 to 59,928,599 and CRO received \$141,270 from the exercise of options.

CRO notes that section 5 of the Trading Policy was not complied with as the closed period provided for prior to the AGM in the Trading Policy was inadvertently overlooked. The time period of the Floate Transactions in January has not previously been a restricted period under the Trading Policy prior to 2021.

2. Did the Chairman grant prior approval (written or otherwise) to Mr Floate to carry out the Floate Transactions that took place during a closed period? If so, on what basis did the Chairman do so? If not, why not?

As set out above, Mr Floate obtained prior approval to carry out the Floate Transactions and such approval was granted on the basis set out above. However, due to an administrative oversight, Mr Floate was advised that he was able to proceed with the Floate Transactions despite CRO being in a closed period.

3. Please explain why the Floate 3Y disclosed that the Floate Transactions did not occur during a closed period.

This was an unintentional error as the Secretary was not aware that the Floate Transaction occurred during a closed period.

4. On what date and for what time period did the CRO Board provide written clearance to Mr Richards to carry out the Richards Transaction?

The CRO Board granted Mr Richards approval to carry out the Richard Transaction at a Board meeting held on 27 January 2021 (as set out in the minutes for that Board meeting). Mr Richards advised the Board of his intention to dispose of shares on market for the purpose of funding the exercise of options held by Mr Richards which were due to expire on 3 May 2021.

It was discussed by the Board that CRO's ability to issue shares to Mr. Richards on exercise of these options would be limited to periods where CRO issued a cleansing prospectus (as CRO is precluded from issuing a simple cleansing notice for the purpose of removing secondary trading restrictions). Therefore, any exercise window for these options in the future would be limited and would require CRO to incur costs associated with preparing and lodging a cleansing prospectus. For these reasons, the Board approved the Richards Transaction, the time period was not specifically noted in writing in the Board minutes, the Richards Transaction was approved based on the understanding that the next cleansing prospectus would be lodged in February (a closed period) and the Richards Transaction would occur on or around the date of cleansing prospectus lodgement (so that any shares issued on exercise of options would be cleansed).

5. On what basis did the CRO Board grant approval to Mr Richards to carry out the Richards Transaction?

The CRO Board granted approval for Mr Richards to carry out the Richards Transaction on the basis set out in the response provided to question 4 above. The Board considered that the Richards Transaction was an exceptional circumstance and that Mr Richards could carry out the Richards Transaction despite CRO being in a closed period during February 2021.

CRO notes ASX Guidance Note 27 which states "ASX considers it acceptable for a trading policy to include a "catch-all" discretionary power for a senior officer of the entity to determine that there are exceptional circumstances that warrant the granting of approval to a KMP to trade during a prohibited period". Section 5.5 of the Trading Policy

provides for such discretionary powers as approved and determined by the Chairman (or in the case of the Chairman, the Board). CRO also notes the exception set out in section 7 of the Trading Policy applied, which permits the acquisition of shares on conversion of securities giving a right of conversion to ordinary shares during a closed period.

6. What disciplinary or remedial action is the Board of CRO proposing to take in relation to the apparent breaches of the Trading Policy?

CRO will undertake additional training in relation to the Trading Policy.

The Board also intends to undertake a review of the Trading Policy and consider what additional steps and processes can be implemented to ensure that trading occurs in strict compliance with the Trading Policy. It is the intention of the CRO Board to incorporate a “request for clearance to trade” form as an annexure to the Trading Policy which must be approved by the Board, Managing Director or Chairman (as applicable) and will include:

- (a) details of the securities proposed to be traded;
- (b) the reason for the request;
- (c) confirmation that that the Trading Policy has been read and understood;
- (d) confirmation that the proposed trade does not breach the Trading Policy; and
- (e) the time period that the approval (if granted) applies.

7. Please detail the arrangements that CRO has in place with its directors to ensure that it is able to meet its disclosure obligations under Listing Rule 3.19A.

CRO has in place a procedure whereby any intended change in Directors’ interest and transactions in CRO’s securities by the Directors are notified to the Chairman and Company Secretary prior to the change occurring and again immediately following the change, to ensure that CRO is able to meet its disclosure obligations under listing rule 3.19A. Further, at Board meetings, Directors are reminded of their obligations regarding disclosure when dealing in CRO’s securities and also must declare any change in interest at Board Meetings.

The inclusion of a “request for clearance to trade” form in the Trading Policy will also assist CRO with monitoring trading in CRO’s securities by its Directors and to ensure that non permitted trades do not occur during closed period and required information is clearly detailed in writing.

8. If the current arrangements in relation to the Trading Policy and/or CRO’s disclosure obligations under Listing Rule 3.19A are inadequate or not being enforced, what additional steps does CRO intend to take to ensure compliance with the Trading Policy?

Refer to the response provided to question 6 above. Additional steps CRO proposes to undertake to ensure compliance include circulating reminders to Directors and management by email of the start and finish dates of closed periods, and circulating a Board calendar which specifies all the closed periods.

9. Please confirm that CRO is complying with the Listing Rules and, in particular, Listing Rule 3.1.

CRO confirms that it is complying with the Listing Rules and, in particular, Listing Rule 3.1.

10. Please confirm that CRO's responses to the questions above have been authorised and approved under its published continuous disclosure policy or otherwise by its board or an officer of CRO with delegated authority from the board to respond to ASX on disclosure matters.

Confirmed. The above responses have been authorised and approved by the Board of Directors.

Yours sincerely
