

GTG COVID-19 Risk Test launch update

Melbourne, Australia, 9 April 2021: Genetic Technologies Limited (ASX: GTG; NASDAQ: GENE, “Company”, “GTG”), a diversified Genomics and AI driven preventative health business provides an update to the market on the progress of the US commercial availability of the Company’s COVID-19 Serious Disease Risk Test (‘COVID-19 Risk Test’) via US Based Infinity BiologiX LLC (‘IBX’), (ref: ASX Announcement 3 March 2021).

Genetic Technologies advises that the Company has completed all validation and data-based analysis for the COVID-19 Risk Test. IBX, our US based distribution partner is currently completing the technical interface with their telehealth partner for the commercial availability of the COVID-19 Risk Test across the United States.

The technical interface is a requirement for the submission to Centres for Medicare and Medicaid Services (‘CMS’), with submission required prior to the commercial release of the COVID-19 Risk Test by IBX.

Further updates will be provided in due course.
