**Market Announcements Office
Australian Securities Exchange****31 May 2021****Glove production not affected by total lockdown**

The Malaysian Government has announced a total lockdown for the entire country for 14 days commencing 1 June to 14 June 2021 (Phase 1) following escalating Covid-19 cases reported in the past few weeks. During this period, and any subsequent extension thereof, all economic and social sectors are unable to operate with the exception of selected essential economic and service sectors approved by the Malaysian National Security Council.

VIP Gloves Limited (**VIP** or the **Company**) is pleased to inform that production of nitrile gloves will not be impacted by this lockdown as it is amongst the “essential sectors” allowed to continue operations under the new directive.

Nonetheless, management will adhere to strict Standard Operating Procedures (SOP) imposed by the Malaysian Ministry of Health, with certain non-essential office personnel practising ‘work from home’ directive. The health and welfare of staff and workers remain top priority for the Company.

“We would like to assure the investing public that our production remains unaffected during this period and we remain confident to meet our monthly production and sales targets” said Mr Jimmy Yang, the Group Managing Director.

“With sales orders continuing to rise, we are eagerly looking forward to the planned completion of Production Lines 7 & 8 in the next few months to meet the continued demand for our nitrile gloves,” he added.

This announcement has been approved by the Board of VIP Gloves Limited.

About VIP Gloves Limited

VIP Gloves Limited (VIP) is an Australian public company whose securities are listed for quotation on the Australian Securities Exchange (ASX code: VIP). VIP's Malaysian subsidiary companies manufacture nitrile disposable gloves from a plant located in Selangor, Malaysia. Nitrile gloves can be used in the medical, health, dental and numerous other industrial and commercial sectors. VIP currently produces and supplies gloves on an original equipment manufacturer (OEM) basis.

VIP's products:

- comply with International AQL Standards
- comply with CE Standard
- conforms to ASTM D6319 and EN455 Standards
- meet ISO 13485 and ISO 9001 Standards
