- (a) take up all or part of your Entitlement (see **Section 4.8.1**);
- (b) take up all of your Entitlement and subscribe for Additional New Shares (see **Sections 4.8.1 and 4.10**) or
- (c) do nothing and let your Entitlement lapse (see **Section 4.8.2**).

4.8.1 If you wish to take up all or part of your Entitlement or wish to take up all of your Entitlement and subscribe for Additional New Shares

If you wish to take up all or part of your Entitlement, please pay your Application Monies via BPAY® by following the instructions set out on your personalised Entitlement and Acceptance Form. Payment is due by no later than 5pm (Sydney time) on 5:00 pm (Sydney time) Thursday 15 July 2021. If you are unable to pay by BPAY®, please refer to **Section 5.4** below.

PropTech Group will treat you as applying for as many New Shares as your payment will pay for in full up to your Entitlement. Amounts received by PropTech in excess of the Offer Price multiplied by your Entitlement will be treated as an Application to apply for as many Additional New Shares as your Application Monies will pay for in full (subject to the cap of 50% of the Eligible Retail Shareholder's Entitlement).

If you take up and pay for all or part of your Entitlement before the close of the Retail Entitlement Offer, it is expected that you will be issued New Shares on 12:00pm (Sydney time) Thursday 22 July 2021. PropTech Group's decision on the number of New Shares to be issued to you will be final.

Additional New Shares will only be allocated to Eligible Retail Shareholders if available. If you apply for Additional New Shares, there is no guarantee that you will be allocated any Additional New Shares. The Directors reserve their right to allot and issue Additional New Shares under the Shortfall Offer at their discretion.

PropTech Group also reserves the right (in its absolute discretion) to reduce the number of New Shares issued to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if PropTech Group believes their claims to be overstated or if they or their nominees fail to provide information to substantiate their claims to PropTech Group's satisfaction (see **Section 8.12**).

Refund amounts, if any, will be paid in Australian dollars. You will be paid either by direct credit to the nominated bank account as noted on the share register as at the Closing Date or by cheque sent by ordinary post to your address as recorded on the share register (the registered address of the first-named in the

case of joint holders). If you wish to advise or change your banking instructions with the Share Registry you may do so by going to www.investorserve.com.au and logging in before the Offer closes.

If you take no action you will not be allocated New Shares and your Entitlement will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable and will not be tradeable or otherwise transferable. Shareholders who do not take up their Entitlements in full will not receive any payment or value for those Entitlements they do not take up.

Eligible Retail Shareholders who do not participate fully in the Retail Offer will have their percentage holding in PropTech Group reduced. All shareholders, including those Eligible Retail Shareholders who participate in the Retail Entitlement Offer, will have their percentage holding in PropTech Group reduced by the Placement undertaken to partly fund the Acquisition.

See **Section 4.10** for further information about the Shortfall Offer and the allocation policy adopted by PropTech Group for Additional New Shares subscribed for pursuant to the Shortfall Offer.

Ineligible Retail Shareholders are retail shareholders as at the Record Date who are not Eligible Retail Shareholders. Refer Section 8.2 for more information.

Eligible Retail Shareholders who take up their Entitlement in full, may also apply for Additional New Shares in excess of their Entitlement under the Shortfall Offer, at the Offer Price of \$0.72 per New Share (being the same price as the Offer Price per New Share issued under the Entitlement Offer).

Eligible Retail Shareholders can apply for any Additional New Shares under the Shortfall Offer, capped at 50% of an Eligible Retail Shareholder's Entitlement, provided that the issue of those New Shares will not result in a breach of ASX Listing Rules or any applicable law. Under the Shortfall Offer, the maximum number of New Shares and Additional New Shares (in aggregate) you can apply for is one and a half times your Entitlement at the date of this Offer. Additional New Shares will only be available under the Shortfall Offer where there is a Shortfall Offer (that is, there is a shortfall between the number of New Shares applied for under the Retail Entitlement Offer and the number of New Shares offered to Eligible Retail Shareholders under the Retail Entitlement Offer). The total number of Additional New Shares available will be the amount of the Retail Entitlement Shortfall.

Where demand for Additional New Shares under the Shortfall Offer exceeds the number of Additional New Shares that are available, the number of Additional New Shares issued to Eligible Retail Shareholders under the Shortfall Offer will be scaled back at the absolute discretion of the Board which may include having regard to the pro rata entitlement of Eligible Retail Shareholders who subscribe under the Shortfall Facility.

Eligible Retail Shareholders who wish to apply for Additional New Shares under the Shortfall Offer must do so at the same time as they apply for New Shares under the Retail Entitlement Offer. For information on how to apply for Additional New Shares under the Shortfall Offer, please refer to **Section 4.8.1** of this Retail Offer Booklet.

Additional New Shares will be issued under the Shortfall Offer at the same time as New Shares are issued under the Retail Entitlement Offer.

Decisions regarding the operation of Shortfall Offer (including the issue of any Additional New Shares) and any necessary scale back will be made by the Directors in their absolute discretion.

Retail Offer Booklet - PropTech Group Limited

If scale back occurs, Application Monies in relation to Additional New Shares applied for but not issued will be refunded as soon as possible following the Closing Date, without interest.

There is no guarantee that Eligible Retail Shareholders will receive any or all of the Additional New Shares which they apply for under the Shortfall Offer.

6 Australian taxation considerations

6.1 Overview

This section provides a summary of the key Australian income tax, capital gains tax (**CGT**), goods and services tax (**GST**) and stamp duty implications of the Retail Entitlement Offer for certain Eligible Retail Shareholders. The comments in this section are general in nature and are based on the Australian taxation legislation and administrative practice in force as at the date of this Retail Offer Booklet.

Specifically, the comments only apply to Eligible Retail Shareholders who hold Shares (and will hold New Shares and Entitlements) on capital account for Australian income tax purposes. Accordingly, the comments do not apply to Eligible Retail Shareholders who hold Shares, New Shares or Entitlements on revenue account or as trading stock (for example, where the Shares are acquired in connection with a business of share trading). Additionally, the comments in this section do not apply to Eligible Retail Shareholders who acquired Shares pursuant to an employee share scheme or are, themselves, the trustees of an employee share scheme.

The Australian taxation implications of the Retail Entitlement Offer may differ depending on whether an Eligible Retail Shareholder is a resident of Australia for income tax purposes. For that reason, where relevant, the comments in this section consider separately the tax consequences arising to an Australian resident Eligible Retail Shareholder and a non-resident Eligible Retail Shareholder as a result of the Retail Entitlement Offer. Eligible Retail Shareholders may wish to seek independent taxation advice to confirm whether they are residents of Australia for income tax purposes.

It is also important to note that the Australian taxation implications of the Retail Entitlement Offer may vary depending upon an Eligible Retail Shareholder's individual facts and circumstances (aside from the tax residency status of the Eligible Retail Shareholder). As such, it is recommended that Eligible Retail Shareholders seek and rely upon independent taxation advice, which has regard to their particular facts and circumstances, before concluding on the Australian taxation treatment that may apply.

Neither PropTech Group nor any of its officers or employees, nor its taxation or other advisers, accepts any liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences themselves.

6.2 Grant of Entitlements

Australian Resident Eligible Retail Shareholders

The grant of an Entitlement should not of itself result in an amount being included in your assessable income on the basis that the Entitlement is granted because of your ownership of an existing Share.

For CGT purposes, the date on which the Entitlement is acquired should be the same as the date on which you acquired your existing Share.

Non-Resident Eligible Retail Shareholders

Ordinarily, the position described above with respect to Australian resident Eligible Retail Shareholders should equally apply to non-resident Eligible Retail Shareholders. However, independent taxation advice should be obtained as to the potential Australian income tax consequences that may arise to Non-Resident Eligible Retail Shareholders in respect of the grant of an Entitlement, and the taking up of an Entitlement.

6.3 Entitlements not taken up

As previously described in **Section 4.10**, any Entitlements not taken up by you will lapse and you will not receive any consideration for those Entitlements. In these circumstances, there should not be any tax implications for you.

6.4 Taking up of Entitlements

No income tax or CGT liability should arise to an Australian resident Eligible Retail Shareholder or non-resident Eligible Retail Shareholder on the taking up of the Entitlement.

If you take up all or part of your Entitlement you will acquire New Shares. The cost base of each New Share for CGT purposes should be equal to the Offer Price plus any non-deductible incidental costs you incur in acquiring each New Share.

New Shares should be taken to have been acquired on the day you exercise the Entitlement. This is relevant when determining whether the CGT discount may apply on the subsequent disposal of New Shares; refer to **Section 6.6** below.

6.5 Dividends on New Shares as a result of Entitlements taken up

Any future dividends or other distributions made in respect of New Shares should be subject to the same income taxation treatment as dividends or other distributions made on existing Shares held in the same circumstances.

6.6 Sale of New Shares

Australian Resident Eligible Retail Shareholders

If you sell your New Shares, you should derive a capital gain to the extent that the sale proceeds exceed the cost base of the New Shares (which should also include any non-deductible transaction costs associated with the sale).

Individuals, complying superannuation entities or trustees that have held the New Shares for at least 12 months (not including the date of acquisition or disposal), should be entitled to reduce the amount of a capital gain resulting from the sale of New Shares (following the application of any current year or carry forward capital losses) by the 'CGT discount'. The applicable discount factor is 50% for individuals and trustees, and 33¹/₃% for complying superannuation entities. The CGT discount is not available for companies (other than companies acting in the capacity of trustee). If you are a trustee, you should seek independent advice regarding the tax consequences arising to you (and your beneficiaries) as a result of the receipt of discount capital gains.

To the extent that the sale proceeds from the disposal of your New Shares are less than the reduced cost base of the New Shares (which should broadly be determined in a similar manner to its cost base), you may incur a capital loss. Any capital loss may be offset against capital gains you realise in the same income year or carried forward to be offset against future capital gains, subject to the satisfaction of applicable loss utilisation tests.

Non-Resident Eligible Retail Shareholders

If you sell your New Shares, you should not generally be subject to tax on any capital gain for CGT purposes unless:

- the New Shares are held by you in connection with an Australian permanent establishment; or
- You and/or your associates hold at least 10% of the Shares in PropTech Group and PropTech Group is "land rich" for Australian income tax purposes. PropTech Group would be considered land rich for Australian income tax purposes where more than 50% of the market value of its assets is comprised by Australian real property interests, which is not expected to be the case.

To the extent that the sale proceeds from the sale of your New Shares is less than the reduced cost base of the New Shares (which should broadly be determined in a similar manner to its cost base), you may incur a capital loss. However, any capital loss should generally be disregarded for Australian income tax purposes unless either of the above requirements are satisfied.

6.7 Taxation of Financial Arrangements (TOFA)

The TOFA provisions may apply to an Australian resident Eligible Retail Shareholder. If the TOFA provisions apply, it operates to make assessable or deductible, gains or losses

arising from certain 'financial arrangements'. Importantly, the CGT discount is not available for any gain that is subject to the TOFA provisions.

An entitlement or right to receive a share would be regarded as a 'financial arrangement' for the purpose of the TOFA provisions.

As the application of the TOFA provisions is dependent on the particular facts and circumstances of the taxpayer, you should obtain independent taxation advice in relation to the potential applicability of the TOFA provisions, in light of your own individual facts and circumstances.

6.8 Other Australian taxes

No Australian GST or stamp duty should generally be payable in respect of the issue or taking up of Entitlements, or the acquisition of New Shares.

- The transaction is expected to be EPS accretive on a pro forma FY21E basis, excluding any synergies, one-off costs and costs associated with undertaking the Acquisition and Offer.
- Eagle Software is expected to contribute incremental revenues of ~\$3.3 million and EBITDA of ~\$0.6 million in FY21E (increasing PropTech Group's combined pro forma revenue and EBITDA in FY21E by 30% and 33% respectively).
- The acquisition will be funded by an institutional placement of ~\$7.1 million and a 1-for 8.57 accelerated non-renounceable entitlement offer of up to ~\$10.4 million, together totalling up to \$17.5 million. The institutional component of the entitlement offer (totalling ~\$6.0 million) is fully underwritten.

Acquisition details

PropTech Group Limited (ASX: PTG) (**PropTech Group**) is pleased to announce that it has agreed to acquire Eagle Software Pty Ltd (**Eagle Software**), an innovative and modern real estate CRM, website and marketing solution provider focused on independent, boutique and small multi-office real estate agencies. Eagle Software will be acquired on a cash and debt free basis for \$7.5 million in upfront cash and scrip consideration, comprising approximately \$4.1 million in cash and \$3.4 million in scrip, and up to an additional \$7.5 million earn-out in cash based on achievement against annualised monthly recurring revenue growth hurdles assessed over the period to May 2022 (**Acquisition**). Payment of the earn-out, if any, is due following completion of the FY22 PropTech Group financial statement audit.

¹ Frost & Sullivan (2020) and management estimates

The Acquisition and associated transaction costs will be funded by a combination of:

- a fully underwritten institutional placement of ~\$7.1 million (**Placement**);
- a 1-for-8.57 accelerated non-renounceable entitlement offer of up to ~\$10.4 million (**Entitlement Offer**) comprising:
 - a fully underwritten institutional entitlement offer of ~\$6.0 million; and
 - a non-underwritten retail entitlement offer of up to ~\$4.4 million.
- scrip consideration² (an issue of PropTech Group shares) to Eagle Software's shareholders of approximately \$3.4 million at an implied value of \$0.753 per share based on PropTech Group's 30 trading day VWAP prior to the date of signing the definitive agreement for the Acquisition.

Transaction represents implied EV / FY21E revenue and EV / FY21E EBITDA multiples of 4.6x and 26.1x respectively if the full earn-out is payable, and 2.3x and 13.0x respectively if the earn-out is not payable (pre synergies).³

The Acquisition is expected to complete by late July 2021 and is subject to certain conditions precedent standard for transactions of this nature, including successful completion of the Placement and Institutional Entitlement Offer and no material adverse change to either party.

Overview of Eagle Software

Eagle Software was established in 2014 to provide the real estate industry with listing management, CRM and website solutions. Currently it is used by more than 800 agency offices across Australia and New Zealand.

Strategic rationale

The acquisition of Eagle Software advances PropTech Group's objective to own, operate and invest in high-quality property technology businesses that primarily focus on the Australian, New Zealand and United Kingdom residential and commercial real estate markets.

The Acquisition aligns with PropTech Group's growth strategy and complements its existing enterprise and franchise focused VaultRE platform:

- increasing PropTech Group's market share from 31% to 38%⁴ in the Australian and New Zealand (**ANZ**) real estate CRM market;
- strengthens PropTech Group's product offering by supplementing VaultRE with a market-leading independent agency focused product offering;
- provides PropTech Group's centralized account management team with a larger customer base to penetrate with more product offerings, while strengthening relationships and growing share of wallet; and

² Scrip consideration is subject to a 24-month escrow period from the date it is issued

³ Based on expected pro forma FY21E revenue of \$3.3 million and EBITDA of \$0.6 million for the 12 months ending 30 June 2021

⁴ Market share of agencies using PropTech Group CRM's, ANZ total market size is 12,200 per Frost & Sullivan market report (October 2020)

- strong financial contribution including increasing PropTech Group's revenue by ~30% and EBITDA by ~33% on a combined pro forma FY21E⁵ basis and driving an increase in ARPA via up sell and cross sell opportunities.

Equity raising

PropTech Group has today announced an equity raising of up to ~\$17.5 million comprising the Placement and Entitlement Offer.

The Placement and the Entitlement Offer will, if fully subscribed, result in the issue of up to ~24.3 million new fully paid ordinary shares in PropTech Group (**New Shares**), representing up to ~19.7% of current shares on issue. Each New Share issued under the Placement and Entitlement Offer will rank equally with existing shares on issue.

Ord Minnett Limited is acting as sole Lead Manager, Bookrunner and Underwriter to the Equity Raising.

Placement

The ~\$7.1 million Placement is fully underwritten and will be offered to institutional investors and sophisticated and professional investors at \$0.720 per share, representing a 13.8% discount to the last traded price of \$0.835 on Friday, 25 June 2021. The Placement is being conducted today, Monday, 28 June 2021.

In accordance with a waiver granted by ASX on 16 June 2021, the Placement is within PropTech Group's placement capacity calculated as if PropTech Group's placement capacity under Listing Rule 7.1 is expanded to include the number of PropTech Group shares that may be issued under the underwritten component of the Entitlement Offer, and accordingly no shareholder approval is required in connection with the Placement.

Entitlement Offer

The Entitlement Offer to raise up to ~\$10.4 million will consist of a 1-for-8.57 accelerated pro-rata non-renounceable entitlement offer, comprising:

- a fully underwritten institutional entitlement offer of ~\$6.0 million (**Institutional Entitlement Offer**); and
- a non-underwritten retail entitlement offer of up to ~\$4.4 million (**Retail Entitlement Offer**).

Under the Entitlement Offer, eligible shareholders are invited to subscribe for 1 PropTech Group share for every 8.57 shares they hold as at 7.00pm (Sydney time) on Wednesday, 30 June 2021 (the Record Date). All New Shares in the Entitlement Offer will be issued at a price of \$0.720 per New Share which represents:

- a 13.8% discount to the last close price of \$0.835 on Friday, 25 June 2021;
- a 10.3% discount to the 10-day volume weighted average price (**VWAP**) of \$0.802 on Friday, 25 June 2021; and
- a 11.8% discount to the theoretical ex-rights price (**TERP**)⁶ of \$0.816.

⁵ Combined FY21E post acquisition pro forma including PropTech Group and Eagle Software

⁶ TERP is the theoretical price that PropTech Group shares should trade at immediately after the ex rights date for the Entitlement Offer. It is a theoretical calculation only and the actual price at which PropTech Group shares trade immediately after the Entitlement Offer will depend on many factors and may not be equal to TERP. TERP

Entitlements cannot be traded on the ASX or transferred. Eligible shareholders who do not take up their entitlement under the Entitlement Offer in full or in part, will not receive any value in respect to those Entitlements not taken up. There is no minimum subscription amount to be raised under the Entitlement Offer.

PropTech Group's shares will remain in a trading halt pending completion of the Placement and the Institutional Entitlement Offer.

Institutional Entitlement Offer

Eligible institutional shareholders will be invited to participate in the Institutional Entitlement Offer, which is being conducted today, Monday, 28 June 2021. Eligible institutional shareholders can choose to take up all, part or none of their entitlements under the Entitlement Offer.

Entitlements not taken up by institutional shareholders cannot be traded on market or transferred. Entitlements not taken up by eligible institutional shareholders, and institutional entitlements that would otherwise have been offered to ineligible institutional shareholders, will be offered to new and existing institutional shareholders concurrently with the Institutional Entitlement Offer.

Retail Entitlement Offer

Eligible retail shareholders with a registered address in Australia or New Zealand will be invited to participate in the Retail Entitlement Offer. The Retail Entitlement Offer will open on Monday, 5 July 2021 and close at 5.00pm (Sydney time) on Thursday, 15 July 2021.

Under the Retail Entitlement Offer, eligible retail shareholders may apply for additional New Shares in excess of their entitlement up to a maximum of 50% of their entitlement under an oversubscription facility (**Oversubscription Facility**). Additional New Shares will only be available under the Oversubscription Facility to the extent that there are entitlements under the Retail Entitlement Offer that are not taken up by eligible retail shareholders. If applicable, the scaleback of applications for additional New Shares under the Oversubscription Facility will be subject to the terms set out in the retail offer booklet.

In the event of a shortfall, the directors of PropTech Group, in consultation with the Lead Manager, reserve the right to place the shortfall at their discretion. Acceptance of entitlements or the placement of any shortfall may result in existing shareholders or new investors increasing their interest in PropTech Group or obtaining a substantial interest in PropTech Group. However, the shortfall, if any, will only be placed to the extent that such placement is in compliance with the takeovers provisions of the Corporations Act 2001 (Cth), which restrict a person and their associates from having a relevant interest in the Company of not more than 20%, subject to a number of exceptions

Further details about the Retail Entitlement Offer will be set out in the retail offer booklet, which PropTech Group expects to lodge with the ASX and dispatch on Monday, 5 July 2021.

is calculated by reference to PropTech Group's closing share price of \$0.835 on 25 June 2021 and includes New Shares issued under the Entitlement Offer and Placement

Director Participation

Directors are expected to participate in the Retail Entitlement Offer component of the Equity Raising to the extent, if any, set out in the cleansing notice to be lodged with ASX at or about the same time as this announcement. Directors of PropTech Group will not participate in the Placement.

As a result of the equity raising and the issuance of scrip under the Acquisition, the relevant interests of each Director in PropTech Group shares will be diluted. Further details of this dilutionary effect will be contained in the Retail Offer Booklet.

"We are excited to welcome Eagle Software to the PropTech Group family. Together, we will be one of the leading real estate CRM companies in the Australian and New Zealand market, providing our clients with better functionality, more innovation and most importantly, better service and results."

The Eagle Software acquisition is an exciting opportunity for PropTech Group and delivers on our growth strategy. Eagle Software

Strategic Rationale

Compelling Strategic Acquisition Rationale

The Acquisition of Eagle Software strongly aligns with PropTech Group's growth strategy

1

Grow market share in ANZ

Increasing PropTech Group's market share in real estate CRM across ANZ from 31% to 38%

2

Diversifies product & customer mix

Strengthens PropTech Group's product offering by supplementing VaultRE with a market-leading independent agency focused platform

3

Accelerates Growth

Provides PropTech Group's centralized account management team with a larger customer base to penetrate with more product offerings, while strengthening relationships and growing share of wallet

Strong Financial Contribution

- The Acquisition is expected to be earnings accretive on a pro forma FY21E¹ basis.
- Eagle Software expected to contribute incremental revenues of ~\$3.3 million an increase of 30%², and EBITDA of ~\$0.6 million, an increase of 33%² on a combined pro forma basis in FY21E

1. Eagle Software's pro forma FY21E is based on 11 months of unaudited actuals and one month (June 2021) of management forecasts. EBITDA reflects normalised adjustments for Key Management Personnel ("KMP") salaries that are expected to be incurred post Acquisition

2. Illustrates the impact of the Acquisition as though it had occurred on 1 July 2020 on a combined basis

1. Grow Market Share in ANZ

Grow market leadership of real estate CRM in ANZ

- PropTech Group already has the largest CRM market share of agencies in ANZ with 31% share by number of offices (pre-acquisition and up from 26% at IPO Nov 20)¹
- Adding Eagle Software increases PropTech Group's CRM market share by a further 7%
- The number of unique real estate agencies (post Acquisition) paying for at least one of PropTech Group's products is higher than the combined market share of CRM (38%). The market share of agencies using at least one PropTech Group product totals 40%. This provides a solid foundation for upsell and cross sell opportunities to existing customers

ANZ CRM Addressable Market Share Movement¹

Unique PropTech Group Customers (Post Acquisition)

The number of real estate agencies that presently use non CRM products is low. This provides unique upsell and cross sell opportunities to sell the wider range of PropTech Group's suite of products to existing customers

There are still a number of agencies that do not use at least one PropTech Group product

1. The total ANZ market (12,200 agencies) and competitor percentages have been sourced from the Frost & Sullivan market report (October 2020). Only PropTech Group's share has been updated along with the inclusion of Eagle Software based on information provided by Eagle Software during the due diligence
2. None of Eagle Software's customers are current PropTech Group customers

2. Consolidate Leading Real Estate CRM Products PROPTech GROUP

Eagle Software helps PropTech Group capture a higher % of independent agencies

The Acquisition of Eagle Software will strengthen PropTech Group's product offering to real estate agencies by increasing the number of independent, boutique and small multi-office agency customers

VaultRE will continue to deliver an enterprise grade platform with a strong focus on franchise groups and Eagle Software will complement this with its independent, boutique and small multi-office focused offering

Diversifies PropTech Group's customer mix

PropTech Group's clients include large franchise groups

3. Accelerates Growth

PropTech Group's centralised sales and marketing team will extend the upsell and cross-sell activity to include Eagle Software customers and their suite of complementary products

Eagle Software will provide access to more profitable independent offices, who will benefit from PropTech Group's centralised account management expertise. This will improve agencies technology systems and reduce tech spend with other suppliers. All while using more PropTech Group products and increasing ARPA

Eagle Software's inclusion into PropTech Group's product suite, will further strengthen the ability of PropTech Group's centralised account management team to provide a more holistic solution to agencies while strengthening relationships and growing share of wallet

Source: Frost & Sullivan, 2020

The Acquisition of Eagle Software will accelerate growth:

- Leverage market leading CRM foundation to strengthen penetration of the Property Management ("PM") market through deep integration with VaultRE PM Module;
- Product and technology synergies from deep integration into existing PropTech Group assets and third-party integration agreements; and
- Fast track product innovation through centralised product strategy and development roadmap

Acquisition Accounting and Pro-Forma Basis of Preparation

On 19 November 2020, the PropTech Group completed the Acquisition of 100% of the shares in Real Estate CRM Pty Ltd ("RECRM") and its wholly owned subsidiaries

The acquisition of RECRM has been accounted for using the principles for reverse Acquisitions in AASB 3 Business Combinations, as a result of the acquisition of RECRM, the former shareholders of RECRM (the legal subsidiary entity) obtained accounting control of the Company (the legal parent entity)

Therefore, the consolidated financials of PropTech Group for the half year ended 31 December 2020 represents a continuation of the financial statements of RECRM (on the basis that RECRM is the deemed accounting acquirer), together with the results of PropTech Group from the RECRM Acquisition date of 19 November 2020

Key Risks

Key Risks

Overview:

This section discusses some of the key risks associated with any investment in PropTech Group, which may affect the value of PropTech Group shares. The risks set out below are not listed in order of importance and do not constitute an exhaustive list of all risks involved with an investment in PropTech Group. Before investing in PropTech Group, you should be aware that an investment in PropTech Group has a number of risks which are specific to PropTech Group and the Acquisition and some of which relate to listed securities generally, and all of which are beyond the control of PropTech Group. Before investing in New Shares, you should consider whether this investment is suitable for you. Potential investors should consider publicly available information on PropTech Group (such as that available on the websites of PropTech Group and ASX), carefully consider their personal circumstances and consult their stockbroker, solicitor, accountant or other professional adviser before making an investment decision. Many of the risks highlighted in this section may be heightened due to the current and potential future impacts of COVID-19.

Acquisition and Offer Risks

Topic	Summary
Completion Risk	<p>Completion of the Acquisition is conditional on various matters as set out in the definitive Share Sale and Purchase Agreement in respect of the Acquisition, including completion of the Placement and Institutional Entitlement Offer and other customary conditions. If any of the conditions are not satisfied or waived, completion of the Acquisition (Completion) may be deferred or may not occur on the current terms or at all. If Completion is delayed, PropTech Group may incur additional costs and it may take longer than anticipated for PropTech Group to realise the benefits of the Acquisition. Any failure to complete, or delay in completing the Acquisition and/or any action required to be taken to return capital may have a material adverse effect on PropTech Group's operational and financial performance and the price of its shares. Failure to raise sufficient funds under the Capital Raising (as a result of it not proceeding or otherwise) could affect PropTech Group's ability to pay the purchase price for the Acquisition. The Share Sale and Purchase Agreement may also be terminated if there is a material breach of a certain warranties, or a material adverse change occurs in relation to either Eagle Software or PropTech Group. If the Acquisition has not been completed but the Offer has been closed, PropTech Group will assess the most appropriate way to utilise the proceeds of the Offer, including whether there is an efficient manner of returning proceeds to shareholders.</p>
Acquisition and integration risk	<p>The Acquisition may consume a large amount of management time and attention during integration, and the Acquisition may fail to meet strategic objectives, or achieve expected financial performance (including unrealised synergies).</p>
Due diligence risk	<p>PropTech Group has performed certain due diligence on Eagle Software which relied in part on the review of financial and other information (including unaudited financial information) concerning the business and corporate structure of Eagle Software, which was provided to PropTech Group by the vendors of Eagle Software. Despite making reasonable efforts, PropTech Group has not been able to verify the accuracy, reliability or completeness of all the information which was provided to it. Similarly, PropTech Group has prepared (and made assumptions in the preparation of) the financial information relating to Eagle Software (on a standalone basis and also with PropTech Group post-Acquisition of Eagle Software) included in the Presentation from financial and other information (including unaudited financial information) provided by the vendors concerning the business and corporate structure of Eagle Software. PropTech Group has been unable to verify the accuracy, reliability and completeness of all this information. If any of the data or information provided to and relied upon by PropTech Group in its due diligence and preparation of this Presentation proves to be incomplete inaccurate or misleading there is a risk that the actual financial position and performance of Eagle Software and the combined group may be materially different to the financial position and performance expected by PropTech Group and reflected in this Presentation.</p> <p>There is a risk that due diligence conducted has not identified issues that would have been material to the decision to enter into the Acquisition. A material adverse issue which was not identified prior to completion of the Acquisitions could have an adverse impact on the financial performance or operations of PropTech Group. As is usual in the conduct of Acquisitions, the due diligence process undertaken by PropTech Group identified a number of risks associated with the Acquisitions, which the Company had to evaluate and manage. The mechanisms used by PropTech Group to manage these risks included in certain circumstances the acceptance of the risk as tolerable on commercial grounds such as materiality. There is a risk that the approach taken by PropTech Group may be insufficient to mitigate the risk, or that the materiality of these risks may have been underestimated, and hence they may have a material adverse impact on PropTech Group's earnings and financial position.</p>

Key Risks

Topic	Summary
Historical liabilities	<p>Since it is acquiring the shares in Eagle Software, PropTech Group will also indirectly assume any liabilities that Eagle Software has from their past operations, including any liabilities which were not identified during its due diligence or which are greater than expected, for which insurance may not be adequate or available, and for which PropTech Group will not have post-closing recourse under the Acquisition documentation. Such liabilities may adversely affect the financial performance or position of PropTech Group post-Acquisition.</p>
Future earnings	<p>PropTech Group has undertaken financial and business analysis of Eagle Software in order to determine their attractiveness to PropTech Group and whether to pursue the Acquisition. To the extent that the actual results achieved by Eagle Software are weaker than those anticipated, or any unforeseen difficulties emerge in integrating the operations of Eagle Software, there is a risk that the profitability and future earnings of the operations of PropTech Group may differ (including in a materially adverse way) from the pro forma performance as reflected in this presentation.</p>
Equity underwriting risk	<p>PropTech Group has entered into an underwriting agreement under which the Underwriter has agreed to underwrite the Placement and Institutional Entitlement Offer, subject to the terms and conditions of the underwriting agreement. Prior to settlement of the Institutional Entitlement Offer, there are certain events which, if they were to occur, may affect the Underwriter's obligation to underwrite the Entitlement Offer. If certain conditions are not satisfied or certain events occur under the underwriting agreement, the Underwriter may terminate the agreement which may require PropTech Group to search for alternative financing. The ability of the Underwriter to terminate the underwriting agreement in respect of some events (including breach of the underwriting agreement by PropTech Group, market disruption or regulatory action) will depend (amongst other things) on whether the event has or is likely to have a material adverse effect on the success, settlement or marketing of the Offer, or could reasonably be expected to give rise to a contravention by, or liability for, the Underwriter under applicable law. If the underwriting agreement is terminated for any reason, then PropTech Group may not receive the full amount of the proceeds expected under the Offer, its financial position might change and it might need to take other steps to raise capital or to fund the Acquisition.</p>
Risk of not taking up Entitlement Offer	<p>Entitlements cannot be traded on ASX or privately transferred. Investors who do not participate in the Capital Raising, or do not take up all of their entitlement under the Entitlement Offer, will have their percentage security holding in PropTech Group diluted (in addition to the dilution resulting from the Placement). Investors may also have their investment diluted by future capital raisings by PropTech Group. PropTech Group may issue new shares to finance Acquisitions or for capital expenditure which may, under certain circumstances, dilute the value of an investor's interest. PropTech Group will only raise equity if it believes that the benefit to investors of conducting the capital raising is greater than the short term detriment caused by the potential dilution associated with a capital raising.</p>
Acquisition accounting	<p>For the purposes of the pro forma combined group financial information set out in this presentation, no adjustments have been made in respect of potential purchase price allocation impacts on the balance sheet or income statement. PropTech Group will undertake a formal purchase price allocation exercise in respect of the acquired assets and liabilities of Eagle Software post-Acquisition, which may give rise to a materially different fair value allocation than that reflected, for illustrative purposes, in the pro forma combined group financial information. The formal purchase price allocation exercise may result in a reallocation of the fair value of assets and liabilities in the combined group's balance sheet and may also result in a materially different depreciation and amortisation profile in the combined group's income statement (and a respective increase or decrease in net profit after tax).</p>

Key Risks

Topic	Summary
Counterparty and contractual risk	<p>The ability of PropTech Group to achieve its stated objectives will depend on the performance by the parties of their obligations under the Acquisition agreement ("SPA") and other agreements related to the Acquisition. If any party defaults in the performance of their obligations, it may be necessary for PropTech Group to approach a court to seek a legal remedy, which can be costly.</p> <p>Furthermore, if a warranty, indemnity or other claim was made by PropTech Group against the vendors of Eagle Software under the SPA, there is a risk that such a claim may be contested or that funds may not be available to meet the claim in its entirety. Further, while part of the purchase consideration will be held in escrow in accordance with the terms of the SPA, and part of the purchase consideration is subject to an earn-out, there can be no guarantee as to the on-going financial capacity of the vendors of Eagle Software. Any inability to recover amounts claimed under the SPA could materially adversely affect PropTech Group's financial position and performance.</p>
Eagle Software specific risks	<p>Achievement of synergies – A key determinant of the long-term benefits PropTech Group expects to derive from the Acquisition is the achievement of expected synergies. There is a risk that the realisation of synergies or benefits described in this presentation may not be achieved in a timely manner, at all or to the extent envisaged, or that the costs associated with achieving them may be higher than anticipated. Potential issues and complications influencing the achievement of targeted benefits include experiencing lower than expected cost savings, experiencing lower than expected efficiency improvements, unintended losses of key employees, and changes in market conditions.</p>

Risks relating to an investment in PropTech Group

Topic	Summary
Competition	<p>PropTech Group operates in a competitive environment in which systems and practices are subject to continual development and improvement, and new or rival offerings. There is a risk that new CRM entrants or existing competitors may deliver a superior solution and customer experience offering to that currently offered by the Company, or, subject to competition law constraints, consolidate with other providers to deliver enhanced scale benefits with which PropTech Group the Company is unable to compete with effectively.</p>
Performance and reliability of website, databases, systems and risk of data security	<p>PropTech Group's websites, databases, IT and management systems are fundamental to its ability to conduct its business. There is a risk that if one or more of PropTech Group's critical operating systems do not function properly, there could be system disruptions, corruption of databases or other electronic information, website slowdown or unavailability, loss of data. Such disruption could materially adversely affect the PropTech Group's financial and operational performance.</p> <p>PropTech Group's financial and operational performance could be adversely affected by a system failure that causes prolonged disruption to its website. This could damage the reputation and brand of the platform and lead to a decrease in revenues.</p> <p>PropTech Group's websites, databases and systems are all hosted on platforms provided by third party providers. The Company is subject to the disaster planning contingencies of those third-party providers to deal with events that are beyond the control of those parties such as earthquakes, floods, power grid issues, network failures, terrorist attacks, computer viruses and other similar events. A failure in the systems of a third-party provider is likely to have a material impact on the PropTech Group's systems and operations. This may lead to claims from customers, customer disenchantment or reputational damage which in turn may adversely affect financial performance.</p> <p>Customer and third-party supplier databases and data analytics are critical to PropTech Group's continued success. There is a risk that computer viruses, theft, programming errors, operating system failures, third party provider failures and similar disruptions could lead to a loss of data. The Company would incur a financial cost to remedy the loss of data which may adversely affect its financial and/or operating performance and/or lead to reputational damage.</p>
Reliance on key management personnel	<p>PropTech Group's performance depends significantly on its key management personnel managing and growing its business.</p> <p>The unexpected loss of any key management personnel, or the inability on the part of PropTech Group to attract experienced personnel, may adversely affect its future financial performance</p>

Key Risks

Topic	Summary
Pricing competition	In order to stay competitive, the Company may need to lower its prices or invest significantly more in product innovation and development. Further, increases in costs (such as IT costs) may decrease the margin the Company can earn under its pricing models if it is unable to pass on those increases to its customers. In the event that fee changes are passed on, there is a risk that customer churn may increase. Any of these factors may lead to lower profitability
Brand and reputation damage	<p>The success of PropTech Group and Eagle Software are largely dependent on their reputation and branding.</p> <p>Maintaining the strength of the reputation and branding of the Company is integral to its ability to maintain relationships with existing customers, appeal to new customers, maintain sales growth and attract key employees. Factors which adversely affect PropTech Group's reputation may have a negative impact on its competitiveness, growth and profitability.</p>
Services Agreements may be terminated at will	The Company generally contracts with customers under relatively short-term arrangements on a non-exclusive basis, and customers are generally able to reduce or cancel their use of the PropTech Group products and terminate relevant contracts without penalty at relatively short notice. Factors that could potentially adversely impact the Company's relationships with customers include commercial disputes on the terms of its existing arrangements (including if those terms are not fully documented), actions of competitors (for example, improving their offering to customers), or under-performance of the Company's product against the customer's required key performance indicators over a period of time.
Breach of information security and data privacy	<p>The Company uses technology platforms to host a number of its key systems, processes and confidential information, including customer data and has people and processes in place to maintain the confidentiality and security of the personal and confidential data that it collects, and to ensure the integrity of its systems (including through third party service providers). Despite these efforts, there is a risk that the Company is exposed to an external or internal cyber security breach or failure, a successful cyber-attack, data theft or misplaced data, computer viruses, acts of vandalism and programming errors and similar events.</p> <p>Any of these individual events could result in a loss of confidence in the security of its systems, reduce its ability to retain existing customers and attract new customers, and may have an adverse impact on its business, financial performance and operations</p>
Business integration risks	<p>PropTech Group has historically grown its business by Acquisition (including the recent Acquisitions of Website Blue and H1), and growth through Acquisition is likely to remain an important part of PropTech Group's strategy in the future. This growth has placed, and will continue to place, significant demands on management, information and reporting resources and financial and internal controls and systems. Effective management of PropTech Group's growth will require continued development and appropriate resourcing of these controls and systems, failing which PropTech Group may not be able to take advantage of market opportunities, satisfy customer requirements, execute its business plan or respond to competitive threats.</p> <p>Although the general approach of PropTech Group is to acquire businesses and preserve a high degree of operating autonomy for an acquired business, there will be a certain level of integration risk (e.g., transition from being privately owned, implementing across the businesses financial reporting and systems, group purchasing for certain items and services, marketing and other potential shared services)</p> <p>Unexpected difficulties in integrating the Acquisitions may impact the future financial performance of the Company.</p>
Inability to meet forecast financial performance	The forward looking statements, opinions and estimates provided in this presentation rely on various assumptions. Various factors, both known and unknown, may impact upon the performance of PropTech Group and cause its actual performance to vary significantly from expected results. There can be no guarantee that PropTech Group will achieve its stated objectives or that any forward looking statement or forecast will eventuate. Investors should note that past performance is not a reliable indicator of future performance.

Key Risks

Topic	Summary
Future Acquisitions	<p>PropTech Group intends to selectively pursue Acquisitions to complement its organic growth. However, PropTech Group may not be able to identify suitable Acquisition candidates at acceptable prices or complete and integrate Acquisitions successfully.</p> <p>Even if successfully executed and integrated, there can be no guarantee of continued successful performance of those Acquisitions. To the extent that PropTech Group's Acquisition strategy is unsuccessful, its financial performance could be adversely impacted</p>
Customer relationships	<p>The Company's financial performance is dependent on its ability to retain existing customers and to attract new customers, along with its ability to cross-sell other products to these customers. This depends in part on: the functionality, reliability, pricing, client support and value that the Company's products deliver; its ability to deliver products as promised when compared to competing products; and its ability to adapt and respond to changes in the needs of customers.</p> <p>Potential new customers may be reluctant to switch to a new CRM provider. This may be driven by switching costs imposed by their existing provider, the time and resources needed to set up the new system, migrate data, or the work required to introduce new systems to their employees. Customers may cease their relationship with the Company for reasons within or outside of its control (for example, a number of agencies cease to trade every year). If the Company is unable to retain existing customers or attract new customers at the pricing, size, frequency, and with the costs it currently expects, its business, financial performance and operations may be adversely impacted.</p>
Liability risk	<p>PropTech Group has in place a level of insurance considered suitable for its current business undertakings and will increase that cover to include all of its operating companies. However, if PropTech Group's insurance arrangements are not adequate to protect it against liability for all losses (including but not limited to environmental losses, public liability, product liability or losses arising from business interruption) or should PropTech Group experience losses in excess of the scope of its insurance cover, PropTech Group's financial performance may be adversely affected</p>
Access to capital	<p>There is a risk that the Group may not be able to access equity or debt capital markets to support its business objectives. Continued and future disruptions in the global financial market, including the bankruptcy or restructuring of financial institutions, could make debt markets less accessible, and materially adversely affect the availability and cost of credit in the future</p>
Impairment of intangible assets	<p>PropTech Group has a material amount of intangible assets on its balance sheet relating to goodwill and identifiable intangible assets. Under Australian Accounting Standards, goodwill and indefinite life intangible assets must be regularly tested for impairment. If impaired, PropTech Group would need to write down the value of its intangible assets which would result in an expense in the income statement, thereby potentially materially impacting PropTech Group's financial condition and reported earnings.</p>

General market risks

Topic	Summary
Risks associated with investment in equity capital	<p>There are risks associated with any investment in a company listed on the ASX. The value of shares may rise above or below the current share price depending on the financial and operating performance of PropTech Group and external factors over which PropTech Group and the Directors have no control. These external factors include: the impact of COVID-19, including with respect to the health of the workforce, travel restrictions, consumer sentiment, and global supply chains, economic conditions in Australia and overseas which may have a negative impact on equity capital markets; changing investor sentiment in the local and international stock markets; changes in domestic or international fiscal, monetary, regulatory and other government policies and developments and general conditions in the markets in which PropTech Group proposes to operate and which may impact on the future value and pricing of shares. No assurances can be given that the New Shares will trade at or above the Offer Price. None of PropTech Group, its Board or any other person guarantees the market performance of the New Shares</p>

Key Risks

Topic	Summary
Liquidity and realisation risk	<p>There may be few or many potential buyers or sellers of PropTech Group Shares on the ASX at any time. This may affect the volatility of the market price of PropTech Group's shares. It may also affect the prevailing market price at which shareholders are able to sell their PropTech Group shares.</p> <p>Currently a significant number of PropTech Group's shares are subject to either mandatory or voluntary escrow arrangements. During the period in which these shares are prohibited from being transferred, trading in PropTech Group's shares may be less liquid which may impact on the ability of a shareholder to dispose of his or her Shares in a timely manner. This could affect the prevailing market price at which shareholders are able to sell their shares. Following the end of the relevant escrow period(s), a significant sale of Shares by the escrowed shareholder(s), or the perception that such a sale might occur, could also adversely affect the market price of PropTech Group's shares.</p>
Taxation	<p>Future changes in taxation law, including changes in interpretation or application of the law by the courts or taxation authorities, may affect taxation treatment of an investment in PropTech Group shares or the holding and disposal of those shares. Further, changes in tax law, or changes in the way tax law is expected to be interpreted, in the various jurisdictions in which PropTech Group operates, may impact the future tax liabilities and performance of PropTech Group. Any changes to the current rates of income tax applying to individuals and trusts will similarly impact on shareholder returns</p>
General economic conditions	<p>Adverse changes in economic conditions such as interest rates, exchange rates, inflation, government policy, national and international economic conditions and employment rates amongst others are outside PropTech Group's control and have the potential to have an adverse impact on PropTech Group and its operations.</p> <p>There is considerable and continued uncertainty as to the ongoing impact of COVID-19 on the Australian, global economy and share markets. It is also possible that new risks may emerge as a result of domestic or foreign markets experiencing extreme stress, or existing risks (including the impact of COVID-19) may evolve in ways that are not currently foreseeable.</p> <p>No assurance can be given that the New Shares will trade at or above the offer price. None of PropTech Group, its Board, the Underwriter, or any other person guarantees the market performance of the New Shares.</p>

Underwriting Agreement

Summary

PROPTech GROUP
ASX:PTG

Summary of Underwriting Agreement

PropTech Group has entered into an underwriting agreement with the Lead Manager, Ord Minnett Limited in respect of the Entitlement Offer and Placement on 28 June 2021 (“**Underwriting Agreement**”).

The Lead Manager’s obligations under the Underwriting Agreement, including to underwrite and manage the Entitlement Offer and Placement (together, “**Equity Raising**”), is conditional on certain customary matters, including the timely delivery of certain due diligence materials, sign-offs, opinions and shortfall certificates by PropTech Group. If certain conditions are not satisfied, or certain events occur, some of which are beyond the control of PropTech Group, the Lead Manager may terminate its obligations under the Underwriting Agreement.

Termination of the Underwriting Agreement may have an adverse impact on the ability of PropTech Group to proceed with the Equity Raising and the quantum of funds raised as part of the Equity Raising. If the Underwriting Agreement is terminated by the Lead Manager, there is no guarantee that the Equity Raising will continue in its current form or at all. Failure to raise sufficient funds under the Equity Raising (as a result of it not proceeding or otherwise) could affect PropTech Group’s ability to pay the purchase price for, or complete, the Acquisition and materially adversely affect PropTech Group’s business, cash flow, financial performance, financial condition and share price.

The events which may trigger termination of the Underwriting Agreement include the following:

- the conditions precedent in the Underwriting Agreement are not satisfied or waived by their respective deadlines;
- PropTech Group ceases to be admitted to the official list of ASX or PropTech Group shares are suspended from trading on, or cease to be quoted on, ASX after the date the Institutional Entitlement Offer and Placement opens;
- any of the following occurs in relation to the Acquisition: (i) the Acquisition Agreement is terminated or *(ii) is varied, altered, amended, breached or failed to be complied with the effect of which is material in the context of the Company or the Acquisition;
- a statement contained in any of the Equity Raising documents is or becomes misleading or deceptive or likely to mislead or deceive, or the Equity Raising documents omit any information they are required to contain (having regard to sections 708AA and 708A of the Corporations Act and any other applicable requirements of the Corporations Act);
- PropTech Group or a related body corporate becomes insolvent or there is an act or omission which, in the reasonable opinion of the Lead Manager, may result in PropTech Group or a related body corporate becoming insolvent;
- PropTech Group withdraws the Equity Raising (or any part of it);

Nominees with registered addresses in the eligible jurisdictions, irrespective of whether they participate under the Institutional Entitlement Offer, may also be able to participate in the Retail Entitlement Offer in respect of some or all of the beneficiaries on whose behalf they hold Existing Shares, provided that the applicable beneficiary would satisfy the criteria for an Eligible Retail Shareholder.

If PropTech Group believes you hold Shares as a nominee or custodian you will have received, or will shortly receive, a letter in respect of the Entitlement Offer. 8.11 Quotation and trading

PropTech Group has applied to the ASX for official quotation of the New Shares in accordance with the ASX Listing Rule requirements. If ASX does not grant quotation of the New Shares, PropTech Group will repay all Application Monies (without interest).

Trading of New Shares will, subject to ASX approval, occur shortly after allotment. It is expected that allotment of the New Shares under the Retail Entitlement Offer will take place on Thursday 22 July 2021. Application Monies will be held by PropTech Group on trust for Applicants until the New Shares are allotted. No interest will be paid on Application Monies. Subject to approval being granted, it is expected that the New Shares allotted under the Retail Entitlement Offer will commence trading on a normal basis on Friday 23 July 2021.

It is the responsibility of Applicants to determine the number of New Shares allotted and issued to them prior to trading in the New Shares. The sale by an Applicant of New Shares prior to receiving their holding statement is at the Applicant's own risk. PropTech Group and the Underwriter disclaims all liability whether in negligence or otherwise (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statements, whether on the basis of confirmation of the allocation provided by PropTech Group or the Share Registry or otherwise.

8.12 Reconciliation

The Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. These matters may result in a need for reconciliation. If reconciliation is required, it is possible that PropTech Group may need to issue additional New Shares (**Top-Up Shares**) to ensure that the relevant investors receive their appropriate allocation of New Shares. The price at which these Top-Up Shares would be issued is the Offer Price.

PropTech Group also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Institutional Shareholders or Eligible Retail Shareholders, or persons claiming to be Eligible Institutional Shareholders or Eligible Retail Shareholders or other applicable investors, if PropTech Group believes in its complete discretion that their claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, PropTech Group may, in its discretion, require the relevant shareholder to transfer excess New Shares to PropTech Group at the Offer Price per New Share. If necessary, the relevant shareholder may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The

relevant shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard. By applying under the Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by PropTech Group in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of PropTech Group or the Underwriter to require any of the actions set out above.

8.13 Underwriting

The Underwriter is acting as sole lead manager to, and Underwriter of, the Placement and the Institutional Entitlement Offer only. The Retail Entitlement Offer is not underwritten.

Additionally, the Underwriter may (in certain circumstances having regard to the materiality of the event) terminate the Underwriting Agreement and be released from its obligations under it on the occurrence of certain events.

The waiver is subject to certain standard conditions, including that the Entitlement Offer is underwritten. PropTech Group has relied on this waiver in conducting the Placement.
