The Company was not involved in the preparation of the Article, the Article was published without the knowledge of the Company.

The Company notes that, Canaccord Genuity (Australia) Limited, the lead manager to the equity capital raising being the subject of the Article and Announcement, commenced a process of wall-crossing certain institutional and sophisticated investors after the commencement of the trading halt on the Company's securities on Thursday, 12 August 2021, in line with industry standards. It may be that the information which appeared in the Article, was initially disclosed by such person with whom the deal term sheet was shared in the wall crossing process.

The Company had taken reasonable precautions to prevent the premature dissemination of sensitive information, including ensuring that investors who were wall crossed were bound by restrictions on disclosure of confidential information, and placing the Company in a trading halt while negotiating and finalising the equity capital raising.

2. What arrangements does DXB have in place to ensure compliance with Listing Rule 15.7?

The Company understands that Listing Rule 15.7 requires that the Company must not release information that is required to be given to ASX under Listing Rule 3.1 to anyone else, unless and until it has been given to ASX, and the Company has received an acknowledgement that the information has been released to the market.

The Company has in place a continuous disclosure policy (**Continuous Disclosure Policy**) which sets out the procedures the Company has in place to ensure that it complies with its continuous disclosure obligations. In accordance with the Continuous Disclosure Policy, any market sensitive information concerning the Company must not be released to the general public until the Company has received formal confirmation or lodgement by the ASX. Further, as set out in the Continuous Disclosure Policy, the Company's authorised spokespersons are the Chairman, Managing Director and Company Secretary. Employees and consultants are not permitted to comment publicly on matters which are confidential to the Company, and any information which is not public is required to be treated as confidential by employees and consultants until such information is publicly released. In cases where external parties, including the Company's advisors are made aware of market sensitive information prior to it being released to the market, the Company uses its best commercial efforts to ensure that those parties are bound by and subject to confidentiality agreements.

As stated in item 1 above, the Company was not involved in the preparation of the Article and is not aware of how the information in the Announcement appeared in the Article. The Company takes its continuous disclosure obligations seriously and is committed to ensuring that the market is immediately informed of any market sensitive information concerning the Company.

3. If the current arrangements are inadequate or not being enforced, what additional steps does DXB intend to take to ensure compliance with Listing Rule 15.7?

The Company considers that its current arrangements are adequate and are being enforced appropriately.
