#### **DIRECTORS**

The names of the Company's directors in office throughout and since the end of the last financial period are set out below.

Mr Henry G Townsing Chairman

Mr Andrew O'Keefe Managing Director

Mr Shane Teoh Non-Executive Director

Mr Gregory Ralph Non-Executive Director (appointed on 8 April 2021)

Mr Jonathan Tooth Non-Executive Director (retired on 28 May 2021)

All directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

#### **Principal Activities**

During the period in review, the principal continuing activities of the consolidated entity consisted of formulating, packaging, sales and distributing vitamins and supplements.

#### **OPERATING AND FINANCIAL REVIEW**

Directors report revenue for the six months to 30 June 2021 at \$25.7 million, up 17%, delivering a net profit after tax attributable to shareholders of \$3.7 million, up 20% compared to the previous corresponding period (PCP).

The result is particularly pleasing given the challenging retail conditions across the Company's markets due to Covid-19. The Group remains focused on delivering strong revenue growth through new customer acquisition strategies and increasing market share with existing customers. The first half result reflects the effectiveness of this strategy and the continued maintenance of strong financial disciplines.

First half performance was supported by increased demand for products across the broader vitamin and supplements category. Comprehensive brand and product offerings across all major e-commerce platforms in Southeast Asia continues to broaden consumer reach, whilst complementing traditional selling channels. Advertising and promotional activity increased by 47% on PCP with further ongoing activities planned for the remainder of the year, subject to positive market conditions.

The Group's balance sheet remains strong with equity of \$26.8 million including cash of \$15.7 million. Bank borrowings were fully repaid during the period. A fully franked interim dividend of 2.75 cents per share, up 83% on PCP has been declared for the financial period.

A summary of the Group's individual business units' performance follows.

#### **Australia**

Revenue in Australia was \$13.1 million, up 36% on the PCP of \$9.6 million. Strong sales contributions from health food and pharmacy channels, including export sales invoiced from Australia, contributed to the performance.

The expansion of the Herbs of Gold brand into the pharmacy channel has been successful, with more than 1,000 pharmacies now ranging the brand. The Australian business has implemented an education and training led marketing strategy to support the Group's product proposition. This strategy remains a key pillar in driving continued retailer and consumer engagement.

Revenue contributions from the export channel for the Herbs of Gold brand has accelerated and continues to perform above expectations. Increased presence and focus on major e-commerce trading platforms have broadened brand awareness and consumer sales across the region.

Australian EBIT was 14% higher than PCP on the back of higher sales and strong financial disciplines, partially offset by higher marketing activities.

#### **DIRECTORS' REPORT (CONTINUED)**

#### Malaysia

Malaysia revenue of \$8.5 million was higher than PCP by 8%. Strong performance of the VitaHealth brand from the traditional independent pharmacy channel was recorded during this period. The market experienced challenges for the best part of the period due to Government imposed movement control orders. The restrictions shifted the buying behaviour away from major shopping malls, back to local pharmacies and e-commerce platforms. The Herbs of Gold brand also performed well through its exclusive distribution agreement, through strong product and promotional activities.

Higher sales lead to EBIT increasing by 11% against PCP.

#### **Singapore**

Singapore revenue of \$2.6 million was higher against PCP by 7%. This market continues to be affected by restrictions imposed on consumer movements caused by Covid-19. Major retail stores remained closed during the 2nd quarter of this year and have only reopened in June. The Singapore market, which is highly dependent on the tourism, continues to shift towards stronger e-commerce activity and in turn, stimulated the brand VitaHealth performance during the 1st half.

#### Other Markets: Vietnam, Thailand, Indonesia

Other Markets generated revenue of \$1.4 million, lower against PCP by 30%.

The Vietnam market weakened marginally against PCP, on the back of softer retail conditions. Performance is expected to improve for the full year on the back of higher immunity product sales, combined with new customer acquisition strategy.

In Thailand, the Company has entered into a new distribution agreement with a local distributor to manage future sales and marketing activities. The Indonesian business will complete a strategic review by Q4 of 2021 to stimulate market performance.

#### **OUTLOOK**

The Board is pleased with the HY June 2021 results.

The Company will provide further outlook in the fourth quarter, due to the uncertainties from the prevailing Covid-19.

#### **ROUNDING OFF**

Vita Life Sciences is a company of the kind referred to in ASIC Legislative Instrument 2016/191 dated 24 March 2016 and, in accordance with that Instrument, amounts in the financial report and directors' report have been rounded off to the nearest thousand dollars, unless otherwise indicated.

### Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 30 June 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Yours sincerely,

**Nexia Sydney Audit Pty Limited**
