Precious Metals Summit Beaver Creek

Rex Minerals Ltd (Rex or the Company) has been invited to participate in the Annual Beaver Creek Precious Metals Summit, which is taking place in Colorado USA over three days, starting Wednesday, 8 September and concluding Friday, 10 September 2021 (MDT). While the Summit is held annually, due to ongoing COVID-19 international travel restrictions, it is this year being held as a hybrid event, combining both physical and virtual participation.

The Summit is considered as a leading forum to discover emerging precious metals growth companies. It brings together the community of institutional investors, sell-side representatives and corporate executives from senior precious metals companies to meet and network with some of the most prospective producers, explorers and developers from around the globe. This year's virtual event will showcase over 190 corporate presentations and more than 250 companies.

Full details of this year's presenters and participating companies are available on the Precious Metals Summit website: [2021 Precious Metals Summit Beaver Creek \(Hybrid\) \(precioussummit.com\)](https://precioussummit.com).

Rex Minerals' CEO, Richard Laufmann, will present on Friday, 10 September at 8:30am MDT (Saturday, 11 September at 12:30am AEST) and investors can register to view the webcast at the following link: [2021 Precious Metals Summit Beaver Creek \(wsw.com\)](https://www.wsw.com). Investors can also view the recorded presentation on Rex's website at: www.rexminerals.com.

This announcement is authorised by the Company Secretary.
