## **GUIDANCE**

Vita Life Sciences (ASX: VLS) announces the following guidance for the full year (FY) ending 31 Dec 2021.

Several strategic initiatives initiated in 2020 are driving stronger domestic and Asian sales. The Group is benefiting from increased consumer interest and purchases across most categories in its major markets, Australia, Malaysia and Singapore.

The sales growth of 17% for the half year to 30 June 2021 (compared to the prior corresponding period) is expected to moderate slightly to around 15% for the year to December 2021. Full year sales are forecast to be in the range of \$51m to \$53m.

Continued financial discipline coupled with higher sales is expected to result in pre-tax profit increasing to around \$10m, an increase of approximately 20% on the prior year, FY 2020.
