¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

The Company supports the 4th Edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**Recommendations**).

The Company's practices since readmission on the ASX on 30 April 2020 are largely consistent with the Recommendations. The directors of the Company (**Directors**, being either Non-Executive Directors or Executive Directors) are responsible to the shareholders for the performance of the Company in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

As required by the ASX Listing Rules, the Company's main corporate governance policies and practices are summarised below, having regard to the Recommendations. Details of the Company's corporate governance plan and related documents are available online at www.purefoodstas.com.

The Managing Director (as a delegate of the Board) is responsible for the effective leadership and day-to-day operations and administration of the Company.

The responsibilities of the Board as a whole, the Chair, individual Directors and the functions delegated to Senior Management are set out in more detail in Part A of the Company's Board Charter, which is available on the Corporate Governance page of the Company's website www.purefoodstas.com.

The overriding objective of the Diversity Policy is to align the Company's business operations with the positive outcomes that can be achieved through a diverse workforce that recognises and utilises the contribution of its diverse skills and talent. The Diversity Policy also seeks to ensure that the Company has a properly functioning workplace where discrimination, harassment and victimisation are not tolerated.

The Board is tasked with responsibility for the Diversity Policy, including the responsibility to regularly review and monitor the effectiveness of the policy. The Board is also responsible, under the Diversity Policy, to annually set and review measurable objectives in relation to gender diversity (and where appropriate, other aspects of diversity including in respect of women in leadership, age diversity and cultural diversity), and annually assess the Company's progress in achieving these objectives.

Recommendation 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The Company's Board Charter and the Performance Evaluation Policy detail the process for evaluating the Board, its committees and individual Directors, which includes an annual review of the ongoing development and improvement of the Board's (and individual Director) performance by the Board or if established, the Remuneration and Nomination Committee (**REM Committee**). The Performance Evaluation Policy is available on the "Corporate Governance" page of the Company's website, www.purefoodstas.com.

No performance evaluation with respect to the Board and the individual Directors has been undertaken in respect of the financial year ending 30 June 2021. The Board will shortly undertake a performance evaluation for the financial year ending 30 June 2021.

The Board sets a number of expectations for its committees after an assessment of the Company's current and future needs, and a review of each committee's charter or purpose. As a result of a review, the Board may amend or revoke a committee's charter.

The Board will review the performance of the committees, and itself, against expectations. Based upon the review, individuals and groups will be provided with feedback on their performance. The results of the review will be a key input into the expectations set by the Board.

No performance evaluation with respect to Board committees has been undertaken in respect of the financial year ending 30 June 2021. The Board will shortly undertake a performance evaluation for the financial year ending 30 June 2021.

1.7 Senior executive performance review and evaluation

Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The Company's Board Charter and the Performance Evaluation Policy detail the process for evaluating the senior executives. All senior executives are subject to an annual performance evaluation. Each year, senior executives (including the Managing Director) will establish a set of performance targets. These targets are aligned to overall business goals and the Company's requirements of the position. In the case of the Managing Director, these targets are negotiated between the Managing Director and the Board and approved by the whole Board.

An informal assessment of progress is carried out throughout the year. A full evaluation of an executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year. As the Company is committed to continuous improvement and the development of its people, the results of the evaluation form the basis of the executive's development plan. Performance pay components of executives' packages are also dependent on the outcome of the evaluation.

The Board is currently in the process of completing a performance evaluation for the Managing Director for financial year ending 30 June 2021.

2. Principle 2: Structure the Board to be effective and add value

The Company recognises that Recommendation 2.1 of the Recommendations suggests the establishment of a Nomination Committee and associated Charter. However, the Company's Board determined before readmission to the ASX took the view that because of the small size of the Company's Board, the Board in its entirety (with abstentions from relevant Directors where there is a conflict of interest) acts effectively as Nomination Committee and there is no need to further subdivide it.

The Board as a whole reviewed the size, structure and composition of the Board including competencies and diversity, in addition to reviewing Board succession plans and continuing development up until the formal appointment of the Committee.

2.2 Skills, knowledge and experience

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

It seeks to achieve a Board composition with a balance of diverse attributes relevant to the Company's operations and markets, including skills sets, background, gender, geography and industry experience. In addition to those general skills expected for Board membership, the following skills have also been

identified as being necessary: experience in food and beverage manufacturing and production, operational management, exporting, corporate governance and equity capital markets. The Board is comfortable with the skills matrix represented by the current Board.

For the purposes of this policy, hedging includes the entry into any derivative transaction within the meaning given in section 761D of the Corporations Act (such as options, forward contracts, swaps, futures, warrants, caps and collars) and any other transaction in financial products which operate to limit (in any way) the economic risk associated with holding the relevant securities.

The Trading Policy is available on the "Corporate Governance" page of the Company's website, www.purefoodstas.com.
