Explanatory statement

1. General information

This explanatory statement is an important document and should be read carefully. It comprises part of, and should be read in conjunction with, the notice of annual general meeting of Byron Energy Limited (**Company**) to be held virtually on 29 November 2021.

If you do not understand its contents or are not sure what to do, you should consult your stockbroker or other professional adviser.

If you have any questions regarding the matters set out in this explanatory statement (or elsewhere in the notice of annual general meeting), you may contact the Company's share registrar, Boardroom Pty Limited, as follows:

Telephone: 1300 737 760 (within Australia)

+61 2 9290 9600 (outside Australia)

between 8:30 am and 5:00 pm (Sydney time) Monday to Friday (except public holidays).

2. Resolution 1 — Adoption of remuneration report

There will be an opportunity for shareholders at the annual general meeting (**Meeting**) to comment on and ask questions about the remuneration report, which appears on pages **41-46** of the Company's 2021 Annual Report.

The vote on the proposed resolution adopting the remuneration report is advisory only and will not bind the Company or its directors. However, the board will take the outcome of the vote into consideration when reviewing the Company's remuneration policy and practices.

The *Corporations Act 2001* (Cth) (**Corporations Act**) contains a 'two strikes' rule in relation to remuneration reports. Briefly, if at two consecutive AGMs of the Company 25% or more votes are cast against the resolution that the Company's remuneration report be adopted, a 'spill resolution' must be put to the vote at the second meeting. The spill resolution is that another meeting of the Company's members be held within 90 days to consider the appointment of new directors in place of those directors (other than the managing director) who were directors at the time the resolution was passed to make the directors' report (including the remuneration report).

At the Company's 2020 AGM, less than 25% of votes were cast against the resolution that the remuneration report be adopted. Accordingly, there is no requirement to allow for a possible spill resolution at this year's AGM.

Directors' recommendation

The directors recommend that shareholders entitled to vote, vote in favour of resolution 1.

3. Resolution 2 — Re-election of Doug Battersby

Clause 16.1 of the Company's constitution states that at each AGM of the Company one third of the directors or, if their number is not a multiple of 3, then the number nearest to but not less than one third must retire from office. A retiring director is eligible to stand for re-election.

In accordance with these requirements, Doug Battersby retires by rotation at this year's AGM and, being eligible, stands for re-election.

Doug Battersby has been a director of the Company since 18 March 2013.

Mr Battersby is a petroleum geologist with over forty years' technical and managerial experience in the Australian and international oil and gas industry. Between 1990 and 1999, Mr Battersby was Technical Director at Petsec Energy Limited, an ASX listed operator in the shallow waters of the Gulf of Mexico with production reaching 100 MMcf per day of gas and 9,000 barrels of oil per day in 1997.

Mr Battersby holds a Master of Science degree in Petroleum Geology and Geochemistry from Melbourne University.

Directors' recommendation

The directors (other than Doug Battersby) recommend that shareholders vote in favour of Resolution 2.

4. Resolution 3 — Re-election of Prent Kallenberger

Clause 16.1 of the Company's constitution states that at each AGM of the Company one third of the directors or, if their number is not a multiple of 3, then the number nearest to but not less than one third must retire from office. A retiring director is eligible to stand for re-election.

In accordance with these requirements, Prent Kallenberger retires by rotation at this year's AGM and, being eligible, stands for re-election.

Prent Kallenberger has been a director of the Company since 18 March 2013.

Prent Kallenberger is a geoscientist with over thirty years of experience in the oil and gas industry with extensive exploration and development experience in the Gulf of Mexico and California. He was Vice President of Exploration with Byron Energy (Australia) Pty Ltd until Byron Energy (Australia) Pty Ltd merged with Trojan Energy Limited to create Byron Energy Limited. He is currently the Company's Chief Operating Officer.

Mr Kallenberger holds a Bachelor of Science degree in Geology from Boise State University and a Master of Science degree in Geophysics from Colorado School of Mines.

Directors' recommendation

The directors (other than Prent Kallenberger) recommend that shareholders vote in favour of resolution 3.

5. Resolution 4 — Additional capacity to issue ordinary shares

Background

Rule 7.1A enables eligible entities to issue equity securities up to 10% of its issued share capital through placements over a 12 month period after the Meeting without further Shareholder approval (**10% Placement Capacity**).

The 10% Placement Capacity is in addition to the Company's 15% placement capacity under Rule 7.1.

Resolution 4 seeks Shareholder approval by way of Special Resolution for the Company to have the additional 10% capacity provided for in ASX Listing Rule (**Rule**) 7.1A to issue equity securities without Shareholder approval.

If Resolution 4 is passed, the Company will be able to issue equity securities up to the combined 25% limit in Rules 7.1 and 7.1A without any further Shareholder approval. If Resolution 4 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Rule 7.1.

15% capacity under Rule 7.1

Rule 7.1 of the ASX Listing Rules limits the number of equity securities that a company may issue without shareholder approval during any 12 month period to 15% of variable **A** in Rule 7.1, being:

- (a) the number of the company's fully paid ordinary securities on issue at the start of the relevant period; plus
- (b) the number of fully paid ordinary securities issued during the relevant period under an exception in Rule 7.2 (other than exceptions 9, 16 or 17); plus
- (c) the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within Rule 7.2 exception 9, where:
 - (1) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - (2) the issue of, or agreement to issue, the convertible securities was approved, or taken under the Rules to have been approved, under Rules 7.1 or 7.4; plus
- (d) the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within Rule 7.2 exception 16 where:
 - (1) the agreement was entered into before the commencement of the relevant period; or
 - (2) the agreement or issue was approved, or taken under the listing rules to have been approved, under Rule 7.1 or 7.4; plus
- (e) the number of any other fully paid ordinary securities issued in the relevant period with approval under Rules 7.1 or 7.4; plus
- (f) the number of partly paid ordinary securities that become fully paid during the relevant period; less
- (g) the number of fully paid ordinary securities cancelled during the relevant period.

The number of equity securities that the Company issues or agrees to issue without shareholder approval under Rule 7.1 (and which are not issued under an exception in Rule 7.2) during the period uses up the 15% capacity for that period and is subtracted from the above calculation.

Background to Rule 7.1A and eligibility

In August 2012, the ASX Listing Rules were amended to introduce a new Rule 7.1A which allows an 'eligible entity' to issue an additional 10% of its share capital above the 15% limit allowed under Rule 7.1, provided shareholders have approved in advance the additional capacity by special resolution passed at a meeting of shareholders.

An eligible entity includes a listed company which, as at the date of the special resolution, is not included in the S&P/ASX300 Index and has a market capitalisation no greater than the prescribed amount (currently \$300 million). At the date of this notice of meeting, the Company is an eligible

entity and is expected to remain so by the time of the Meeting. However, if it does not, Resolution 4 will be withdrawn.

Calculation under rule 7.1A

Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of equity securities calculated in accordance with the following formula:

$$(A \times D) - E$$

- A** has the same meaning as in Rule 7.1 (which is set out above)
- D** is 10%
- E** is the number of Equity Securities issued or agreed to be issued under Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under Rule 7.4.

The only equity securities in the Company that are currently quoted on ASX are fully paid ordinary shares. As at the date of this notice of Meeting, the Company has 1,040,295,102 Shares on issue.

Specific information required by Rule 7.3A

The following information is provided for the purposes of Rule 7.3A:-

- (a) The equity securities to be issued under the 10% Placement Capacity will be issued at an issue price of not less than 75% of the VWAP for the Company's equity securities over the 15 trading days on which trades in the relevant class of equity securities were recorded immediately before:
- (1) the date on which the price at which the equity securities are to be issued is agreed; or
 - (2) if the equity securities are not issued within ten trading days of the date in paragraph (a)(i) above, the date on which the equity securities are issued.

 - (2) the time and date of the Company next annual general meeting; or

(10% Placement Period).

Risk of voting dilution

There is a risk of economic and voting dilution to the shareholders of the Company were additional ordinary shares to be issued under Rule 7.1A.2, including the risk that:

- (a) the market price for the Company's equity securities may be significantly lower on the issue date than on the date of the approval under Rule 7.1A; and
- (b) the equity securities may be issued at a price that is at a discount to the market price for the Company's quoted equity securities on the issue date.

As required by Rule 7.3A.4, set out below is a table showing the potential dilution of shareholders if the Company issues fully paid ordinary shares up to the maximum additional capacity under rule 7.1A in the 12 months following the Meeting.

Variable A in Rule 7.1A.2		Issue price for each share		
		\$0.0725 (50% decrease in current market price)	\$0.145 (current market price)	\$0.29 (100% increase in current market price)
1,040,295,102 shares (current)	Shares issued	104,029,510 shares	104,029,510 shares	104,029,510 shares
	Funds raised	\$7,542,139	\$15,084,279	\$30,168,558

	Funds raised	\$11,313,209	\$22,626,418	\$45,252,837
2,080,590,204 shares (100% increase)	Shares issued	208,059,020 shares	208,059,020 shares	208,059,020 shares
	Funds raised	\$15,084,279	\$30,168,558	\$60,337,116

Note: The above table is based on the current issued share capital of the Company of 1,040,295,102 fully paid ordinary shares (at 12 October 2021), variable A currently being 1,040,295,102 and the price for the Company's shares being \$0.145 each (based on the closing sale price of the Company's shares on ASX on 12 October 2021), and assumes there is no change to the total issued share capital of, or shareholdings, in the Company from the date of the notice of meeting until 29 November 2022 (being the date which is 12 months after the date of the Meeting), other than as noted in the above table.

Proposed terms of loans

The directors (other than Messrs Smith, Kallenberger and Sack) propose, subject to shareholder approval, to make available to each of the Borrowers or their respective nominees a loan for the sole purpose of funding the exercise of the Options.

It is proposed that the loan will have the following terms:-

- (a) Principal Sum: Total exercise price of the Options each Borrower holds.
- (b) Interest Rate: Nil.
- (c) Term: 3 years.

Sums advanced under the loans may only be used for the purpose of exercising the Options and acquiring the shares issued as a consequence of the exercise of Options (**Loan Funded Shares**).

Section 259B(1) of the Corporations Act prohibits the Company from taking security over its own shares except as permitted by section 259B(2) or section 259(3). As neither of these exceptions apply, the loans cannot be secured by the Company taking security over the Loan Funded Shares.

At the end of the term, each Borrower is required to repay the amounts outstanding under the loans. If a Borrower does not repay a loan, the Company may demand that a Borrower dispose of sufficient Loan Funded Shares to satisfy up to the total amount owing under the loan. The Company's recourse against each Borrower for repayment of the Loans is limited to the proceeds of the disposal of the Loan Funded Shares. The Company may further request that each Borrower enter into voluntary escrow arrangements with respect to its Loan Funded Shares.

The loans will also be repayable in the following circumstances:

- where the Loan Funded Shares are disposed by a Borrower, the proceeds of that disposal (net of tax and brokerage) must be applied to the repayment of the loan;
- where any dividends, or other distributions, are payable to a Borrower, the Company may set off any such amounts against the loan;
- where a Borrower suffers and insolvency event, or is otherwise in default of the loan agreement, the Company can demand that the Borrower dispose of such number of Loan Funded Shares necessary to repay the loan, together with any accrued interest; and
- where a Borrower is in default of the loan agreement, any remuneration or bonuses payable to the Borrower may be set off by the Company against the outstanding loan.

However, in each instance, where the Borrower has disposed of the Loan Funded Shares, the recourse of the Company against the Borrower will be limited to the proceeds of the sale of those Loan Funded Shares (net of any tax or brokerage payable on the disposal of those Loan Funded Shares).

Rationale and advantages for the loans

The directors (other than Messrs Smith, Kallenberger and Sack) propose to make the loans for the following reasons:-

- (a) The loans may only be applied to exercising the Options.
- (b) As the loan funds are used for payment of the exercise price payable on exercise of the Options, the funds will be immediately returned to the Company in the form of subscription money. The granting of the loans will therefore involve no cash outflow (other than in respect of any costs associated with the granting of the loans which are not expected to be material).
- (c) The exercise of the Options will further promote the alignment of interests of the Borrowers and the Company via increased shareholdings.
- (d) The directors believe the commercial terms of the loans are reasonable in the circumstances.
- (e) Whilst the loans are not secured, the Company will have limited recourse to the proceeds of the sale of the Loan Funded Shares, and may request that the Borrowers enter into voluntary escrow arrangements.

Notice of annual general meeting

- (f) It is common for companies to grant loans to directors, senior managers and consultants for the acquisition of securities at the same time as the grant of the securities, on terms broadly similar than the proposed terms of the loans.
- (g) If the loans are not provided, the Borrowers may seek to fund the exercise of the Options via the sale of some or all of the Options, or the underlying shares. The directors (other than Messrs Smith, Kallenberger and Sack) believe that having the Options exercised, and the underlying shares held, by supportive and aligned directors, senior managers and consultants is in the interests of all shareholders.

Disadvantages of the loans

The directors (other than Messrs Smith, Kallenberger and Sack) believe that the key disadvantages of the loans is that:

- (a) providing the loans effectively deprives the Company of the A\$8.022 million of cash proceeds that it would have received had the Options been exercised for cash without the loans, until such time as the loans are repaid; and
- (b) given the Company has limited recourse to the proceeds of the sale of the Loan Funded Shares, where the proceeds of such sale are less than the loan, the Company would need to write off a portion of the loans.

Financial effect of making the loans

Upon issue of the Loan Funded Shares, the Company's books of account will reflect an increase in contributed equity and, until such time as the loans and any interest is repaid, an asset in the form of the loans.

Sections 260A and 260B of the Corporations Act

The provision of the loans to fund the exercise of the Options and consequent acquisition of the Loan Funded Shares will constitute 'financial assistance' for the purposes of Part 2J.3 of the Corporations Act.

Section 260A of the Corporations Act states that a company may financially assist a person to acquire shares in the company only if:

- (a) giving the assistance does not materially prejudice the interest of the company or its shareholders or the company's ability to pay its creditors;
- (b) the assistance is approved by the shareholders under section 260B; or
- (c) the assistance is exempt under section 260C.

Section 260B of the Corporations Act states that, for a company to financially assist a person to acquire shares in itself, the financial assistance must be approved by special resolution of the company's shareholders, with no votes being cast in favour of the resolution by the person acquiring the shares or their associates.

Accordingly, the Company seeks approval under section 260B of the Corporations Act for the financial assistance constituted by the loans.

Chapter 2E of the Corporations Act (Resolutions 5, 6 and 7 only)

Notice of annual general meeting

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, Chapter 2E (in particular section 208) of the Corporations Act requires that the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The provision of the loans to enable the exercise of the Options constitutes giving a financial benefit and Messrs Smith, Kallenberger and Sack are related parties of the Company by virtue of being directors.

As Messrs Smith, Kallenberger and Sack, their associates, or their nominees would be related parties who receive a financial benefit, Shareholder approval is sought pursuant to Chapter 2E of the Corporations Act.

Specific information required under section 219 of the Corporations Act

For the purpose of section 219 of the Corporations Act, information regarding the grant of the loans is provided as follows:

- (a) *The related party to whom the proposed resolution will permit a financial benefit to be given to:*

The proposed financial benefits given under Resolutions 5, 6 and 7 will be given to Messrs Smith, Kallenberger and Sack or their respective nominees. Maxwell Kallenberger, and Montgomery and Caitlin Gossen also deemed related parties of Mr Kallenberger under section 228 of the Corporations Act.

- (b) *The nature of the financial benefit:*

The nature of the financial benefit to be given is the grant of the loans on the terms set out in this Explanatory Statement, being the loans by the Company to each of Messrs Smith, Kallenberger and Sack, their associates, or their respective nominees, in an amount equal to the total exercise price of the Options each of them, and their nominees, holds.

- (c) *Director recommendations*

The directors, other than Messrs Smith, Kallenberger and Sack, recommend that Shareholders vote in favour of Resolutions 5, 6, 7 and 8.

Messrs Smith, Kallenberger and Sack do not make a recommendation with regards to resolutions 5, 6 and 7 as they have a material personal interest in the outcome of those resolutions.

- (d) *The directors' interests in the outcome of the resolution:*

Messrs Smith, Kallenberger and Sack have a material personal interest in the outcome of Resolutions 5, 6 and 7 respectively on the basis that they, their associates, or their

respective nominees, would be granted the loans in order to exercise the Options and acquire the Loan Funded Shares.

The remaining directors (i.e. other than Messrs Smith, Kallenberger and Sack) have no personal interest in the outcome of Resolutions 5, 6 and 7.

(e) *Other information:*

Save for the fact that making the loans will effectively deprive the Company of receipt of A\$8.022 million of cash proceeds on exercise of the Options until such time as the loans are repaid, the directors do not consider that there are any significant opportunity costs to the Company foregone by the Company granting the loans.

Neither the directors nor the Company are aware of any other information that would be reasonably required by Shareholders to make a decision in relation to the financial benefits contemplated by Resolutions 5, 6, 7 and 8.

The associated advantages, disadvantages and financial effect of making the loans are set out above in this Explanatory Statement.

(f) *Directors' recommendation*

Refer to paragraph (d) above.
