

## Imugene Receives \$6.54 million R&D Tax Incentive

---

**SYDNEY, Australia, 6 January 2022:** Imugene Limited (ASX:IMU), an immuno-oncology company is pleased to advise that it has received a research and development (R&D) tax refund of \$6,541,921 as part of the Australian government's R&D tax incentive. This incentive recognises the important immuno-oncology research activities undertaken by Imugene during the financial year ended 30 June 2021.

The receipt of the \$6.54 million in additional funding will further support our commercial and clinical milestones.

The Australian government's R&D tax incentive encourages companies to engage in R&D programs by providing a refundable tax offset of up to 43.5% for eligible activities.

**About Imugene (ASX:IMU)**

Imugene is a clinical stage immuno-oncology company developing a range of new and novel immunotherapies that seek to activate the immune system of cancer patients to treat and eradicate tumours. Our unique platform technologies seek to harness the body's immune system against tumours, potentially achieving a similar or greater effect than synthetically manufactured monoclonal antibody and other immunotherapies. Our product pipeline includes multiple immunotherapy B-cell vaccine candidates and an oncolytic virotherapy (CF33) aimed at treating a variety of cancers in combination with standard of care drugs and emerging immunotherapies such as CAR T's for solid tumours. We are supported by a leading team of international cancer experts

with extensive experience in developing new cancer therapies with many approved for sale and marketing for global markets.

Our vision is to help transform and improve the treatment of cancer and the lives of the millions of patients who need effective treatments. This vision is backed by a growing body of clinical evidence and peer-reviewed research. Imugene is well funded and resourced, to deliver on its commercial and clinical milestones. Together with leading specialists and medical professionals, we believe Imugene's immuno-oncology therapies will become foundation treatments for cancer. Our goal is to ensure that Imugene and its shareholders are at the forefront of this rapidly growing global market.
