Dear Melissa

Re: Request for trading halt in the shares of Compumedics Limited (Compumedics) on the Australian Securities Exchange (ASX) [ASX Code: CMP]

Compumedics requests that trading in its shares on the Australian Securities Exchange (ASX) be halted, upon receipt of this request, with a resumption of trading on Wednesday morning, 12 January 2022.

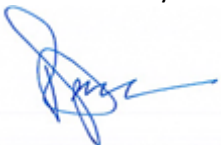

Compumedics requests the halt in the trading of its shares on the ASX as it has entered a material contract with a third party in China, in relation to its MEG business.

We have requested the shares be halted from now so we can clarify with each of the relevant parties to the sale the commercial details that can be released to ensure the market trading in shares in Compumedics can remain as fully informed as possible through this process. The trading halt allows for the fact the parties are in multiple time zones.

The company is not aware of any other reason why the trading halt should not be granted.

If you require any further information in relation to this request, please let me know otherwise I look forward to receiving confirmation of the request.

Yours sincerely

David Lawson
Director and Company Secretary
