Contingent Consideration

Lion's NTA excludes potential contingent consideration that may be payable if Lion sells its investment in either Celamin or Kasbah. Based on a theoretical sale of both investments at the date of the NTA, contingent consideration of \$2.3m would arise (October 2021, \$2.2m).

This obligation arises following Lion agreeing to purchase the shares it did not own in African Lion 3 Ltd (AFL3) to consolidate ownership (with the exception of Lion Manager Pty Ltd who opted to hold its investment). The transaction involved Lion agreeing to pay contingent consideration to be paid in certain circumstances for up to 5 years. The value of the contingent consideration depends on the ultimate exit price for Celamin and/or Kasbah, how long Lion holds the investments, and how much additional investment is required.
