RESULTS FOR ANNOUNCEMENT TO THE MARKET

for the half year ended 31 December 2021

Half year ended: 31 December 2021

Previous corresponding period: 31 December 2020

Result Summary

		%		\$'000
Consolidated Revenue from Operations	down	39.6	to	91,165
Underlying Net profit after tax attributable to shareholders	down	805.1	to	(3,437)
Net profit after tax attributable to shareholders	down	173.8	to	(3,645)

The Group's performance deteriorated due to ongoing COVID-19 induced supply chain disruption and power cuts in China that adversely affected pulp production and reduced demand for woodfibre by major customers.

Lower sales volumes, a lower dry fibre content and a higher currency compared to the previous corresponding period all contributed to a reduction in underlying EBITDA to \$1.0 million.

For a further explanation of the results above, refer to the Company's ASX/Media Announcement for the half year ended 31 December 2021.

Earnings summary

The Group's underlying EBITDA-S deteriorated by \$7.1M to \$1.0M for the six months ending 31 December 2021 compared to the prior corresponding period (pcp).

Ongoing COVID-19 induced supply chain disruption and power cuts in China that adversely affected pulp production and reduced demand for woodfibre by major customers.

Lower sales volumes, a lower dry fibre content and a higher currency all contributed to the reduction.

Sales volumes were predominately down at Midway Geelong, where there were four shipments less of E Globulus the highest margin product.

Major customers were also seeking lower quality woodfibre from Vietnam and Thailand in order to offset higher freight costs.

The Group has seen a positive start to the second half of the financial year whereby demand for woodfibre has improved.

1. Reporting Entity

Midway Limited (the Company) is a company domiciled in Australia. These consolidated half year financial statements as at and for the period ended 31 December 2021 are of Midway Limited and its subsidiaries (the Group). The Group is primarily involved in the production and export of wood fibre to producers of pulp, paper and associated products, forestry logistics and planation management.

The consolidated annual financial statements of the Group as at and for the year ended 30 June 2021 are available at http://www.midwaylimited.com.au/.

2. Basis of Preparation

These half year financial statements are prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001, and with IAS 34 Interim Financial Reporting.

They do not include all of the information required for a complete set of annual financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements as at and for the year ended 30 June 2021. As the half-year report does not include notes of the type normally included in an annual financial report, it should be read in conjunction with the most recent annual financial report.

These half year financial statements were authorised for issue by the Company's Board of Directors on 24 February 2022.

(a) Accounting policies

The same accounting policies and methods of computation have been applied by each entity in the consolidated Group and are consistent with those adopted and disclosed in the most recent Annual Report.

Use of Estimates and Judgements

In preparing these half year financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by Management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 30 June 2021.

COVID-19 continues to have an effect on the Group and can lead to volatility in certain assumptions such as forecast pricing and foreign exchange rates, which are key to the Group's estimates in impairment, biological assets and property, plant & equipment.

3. Segment Reporting

(a) Description of segments

The Group reports segment information based on the internal reporting used by management for making decisions and assessing performance. The operating segments are reported in a manner consistent with internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, is the Chief Executive Officer.

The segment reporting structure reflects the manner in which the Group manages each product/service offered.

Reportable Segments	Products / Services
Woodfibre	Includes primary operations whereby the Group purchases and sells both own and third party wood. SWF is also proportionally consolidated at 51% for segment reporting which reflects how management views and makes decisions of its operations.
Forestry Logistics	Forestry logistics provides support services to third parties engaged in growing woodfibre including harvest and haulage. Forestry logistics also provides harvesting, processing and delivery service to BioGrowth Partners (100% owned by Midway Ltd) which supplies biomass woodchips and sawdust to domestic customers in WA. Midway Limited acquired the remaining 60% in BioGrowth Partners on 30 July 2021 for a nominal amount. The buy-out provides Midway with total control over that business and its customers contracts in WA.
Plantation Management	Plantation management is the provision of silviculture services including on group owned trees. The segment also holds any group owned plantation land and trees.
Ancillary	Represents any one off, transactional and other non recurring costs.

The Group evaluates the performance of its operating segments based on net sales (net of insurance and freight costs). Net sales for Geographic segments are generally based on the location of customers earnings before interest, tax, depreciation and amortisation (EBITDA) for each segment includes net sales to third parties, related cost of sales and operating expenses directly attributable to the segment. EBITDA for each segment excludes other income and expense and certain expenses managed outside the operating segments.

Key adjustment items relate to the gross up of revenue and operating and other expenses to reflect cost, insurance and freight (CIF) sales and principal sales. Management accounts are prepared on a segment basis with 51% share of SWF joint venture included in Woodfibre processing. For statutory accounts SWF is equity accounted with revenue and expenses of SWF eliminated.

6. Seasonality of Operations

General

The Group traditionally has higher sales in the second half of the financial year than the first half. Winter conditions in South West Victoria constrain the ability to source woodfibre in some locations that contain difficult terrain having a flow on effect on the amount of processed woodfibre available for shipment.

As sales are made in bulk via shipping vessels with volumes of approximately 35,000 to 60,000 green metric tonnes per shipment, any movement in anticipated timing of shipments from one half to another can alter the half year financial performance.

7. Dividends

The following dividends were declared and paid during the period ending 31 December:

	2021 \$'000	2020 \$'000
Fully franked at 30% (2019: 30%)	-	-

No interim dividend has been declared in respect of the half year ending 31 December 2021.

Balance at 31 December 2021		47,347

The Group engaged an independent valuer to update the treecrop valuation prepared in the prior year for revised assumptions in accordance with AASB 13 Fair Value.

As noted in section 2.2 (d) of the Group's most recent Consolidated Financial Statements (as at 30 June 2021), a portion of the Group's treecrop was legally owned by Strategy Timber Pty Ltd, an investment trust managed by a third-party Timber Management Investment Organisation.

In FY20, Strategy Timber Pty Ltd, sold its investment in the treecrop to another third party, Hancock Natural Resource Group (HNRG), who acquired the Strategy hardwood plantation trees in Victoria on behalf of its investment clients. The existing agreements in place concerning Midway's commitment to repurchase the hardwood treecrop has been novated as a part of the sales process and as such does not have any ramifications for the group.

9. Net Debt

Excludes any liability relating to the Strategy arrangement as this is held on the balance sheet as a result of the adoption of AASB 15 and is not taken into account in the Group's debt covenant obligations.

i. Assets pledged as security

The Midway facilities are secured by the following:

• A fixed and floating charge granted by Midway Limited, Midway Plantations Pty Ltd.

A property mortgage over:

- the property situated at 150-190 Corio Quay Road, North Shore VIC, granted by Midway Limited
- the property situated at 10 The Esplanade, North Shore, VIC, granted by Midway Properties Pty Ltd; and the property situated at 1A The Esplanade, North Shore VIC, granted by Midway Limited
- A number of plantation land titles in South West Victoria

ii. Facilities

The Group has the ability to enter into purchase arrangements under the asset finance facility until it expires on 31-May-2022 (NAB) and 30-Sep-2022 (ANZ). Each outstanding finance arrangement will then be repaid within a five year period.

10. Impairment of non financial assets

Impairment tests for all assets are performed when there is an indicator of impairment, although goodwill is tested at least annually. If the carrying amount of the asset exceeds its recoverable amount, the asset is impaired, and an impairment loss is charged to the income statement.

The Groups' CGUs consist of individual business units at the lowest level at which cash inflows are made including:

- Midway Geelong
- Queensland Commodity Exports
- Midway Logistics
- Midway Tasmania
- Plantation Management Partners
- South West Fibre

Key assumptions and estimates

Key assumptions and estimates used in the impairment analysis consist of:

Projected cash flows

The recoverable amount of a CGU is based on value in use calculations that are based on detailed management prepared forecasts for five years through to FY 2025, unless the timing of tree crop rotation profiles justifies a longer period. In the case of Plantation Management Partners, the timeframes were modelled out to 2056, reflecting the likely timeframes for the next two rotations.

Long-term average growth rate

A terminal growth rate of 2.2% to 2.4% (2021: 2.2% to 2.4%) has been used and only applied to CGUs whereby it is likely they will exceed into perpetuity and there is a reasonable chance of sourcing woodfibre in each catchment whereby a CGU resides.

Discount rate

The Group used a pre-tax discount rate of between 11.9% and 15.2% (2021: 11.7% and 15.0%) for all CGUs.

Sensitivity analysis

The Group believes any reasonable possible change in the key assumptions would not cause the carrying value of the CGUs to exceed their recoverable amount, with the exception of Plantation Management Partners.

Projected cashflows for Plantation Management Partners include key assumptions such as a recovery in demand for lower quality Acacia and assumes the Group will manage logistics for the proposed rotation two on the Tiwi islands. In the event these key assumptions do not eventuate, this CGU is at risk of further impairment writedowns. Given the impacts of COVID-19 on global conditions any potential impacts cannot yet be quantified.

COVID-19

The impact of COVID-19 on the market recovery continues to be an area of uncertainty.

As a result of conducting the impairment tests as at 31 December 2021, no write-down's were required.

14. Commitments

The Group has entered into \$6.0M of commitments relating to capital expenditure as part of the Bell Bay woodfibre processing project during the six month period ending 31 December 2021.

15. Subsequent Events

There have been no matters or circumstances, which have arisen since 31 December 2021 that has significantly affected or may significantly affect:

- (a) The operations, in financial periods subsequent to 31 December 2021, of the Group, or
- (b) The results of those operations, or
- (c) The state of affairs, in financial periods subsequent to 31 December 2021 of the Group.

Directors Declaration

The Directors declare that the consolidated interim financial statements and notes set out on pages 13 to 21 in accordance with the Corporations Act 2001:

- a) Comply with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001; and
- b) Give a true and fair view of the financial position of the Group as at 31 December 2021 and of its performance for the half year ended on that date.

In the Directors' opinion there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Independent Auditor's Review Report

To the shareholders of Midway Limited

Report on the Interim Financial Report

Conclusion

We have reviewed the accompanying **Interim Financial Report** of Midway Limited.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Interim Financial Report of Midway Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the Interim Period ended on that date; and
- complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The *Interim Financial Report* comprises:

- Consolidated statement of financial position as at 31 December 2021
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity and Consolidated statement of cash flows for the Interim Period ended on that date
- Notes 1 to 15 comprising a summary of significant accounting policies and other explanatory information
- The Directors' Declaration.

The *Group* comprises Midway Limited (the Company) and the entities it controlled at the Interim Period's end or from time to time during the Interim Period.

The *Interim Period* is the 6 months ended on 31 December 2021.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Interim Financial Report

The Directors of the Company are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
