After registering, you will receive a confirmation email containing information about joining the webinar.

This ASX release has been approved for release to ASX by Steve McGovern, CEO & Managing Director.

About Dubber:

Dubber is unlocking the potential of voice data from any call or conversation. Dubber is the world's most scalable Unified Call Recording service and Voice Intelligence Cloud adopted as core network infrastructure by multiple global leading telecommunications carriers in North America, Europe, and Asia Pacific. Dubber allows service providers to offer call recording for compliance, business intelligence, sentiment analysis, AI and more on any phone. Dubber is a disruptive innovator in the multi-billion-dollar call recording industry, its Software as a Service offering removes the need for on-premise hardware, applications or costly and limited storage.
