About TALi Digital

TALi Digital Limited (ASX: TD1) is a digital health company delivering diagnostic and therapeutic solutions to enhance cognitive function and behaviour. The Company has built a patented platform technology with our first solution targeting cognitive attention skills during early childhood via the evidence-based screening (DETECT®) and training (TRAIN®) modules. This program is complementary to existing diagnosis and therapy, placing TALi at the forefront of improving early intervention for childhood attention and concentration performance. We believe in healthy, happier minds – our vision is to deliver a personalised digital experience to enhance cognitive care.
